Father of Initiative and Referendum Invites Eastern Oregon Jurist and Leader to Debate on Statement No. 1.

Gage Thrown Down in View of Recent Letter Assailing People's Right - Lowell Reminded of His Own Record.

Oregon City, Feb. 12 .- W. S. U'Ren, the father of the initiative and referendum, takes issue with the letter of Stephen A. Lowell of Pendleton, attacking Statement No. 1, which appeared a Portland newspaper of January and throws the gauntlet down to Mr. Lowell in the following open let-

Mr. Lowell in the following open letter:

Oregon City, Oregon, Debruary 12—Hon. Stephen A. Lowell, Pendleton, Oregon—Dear Sir: My attention was called a few days ago to your very interesting and somewhat personal letter of January 27, in the daily Oregonian attacking Statement No. 1, and its advocates. There are men in Oregon who might consistently criticise my party regularity, because I have not always voted the Republican ticket, but it comes with very bad grace from one who took as active a part as you did in 1962 in electing the present Democratic governor against the candidate of your own party.

But I know of no one in Oregon better able than yourself to present to the voters in plausible form any reasons there may be for returning to the old plan of electing the United States senators in the legislature. That the old plan means election by a few corruptible members of the legislature you surely ought to know by this time. I therefore challenge you now to a joint discussion of the issue in which I will take the position that it is the duty of every voter who would be true to the American ideal of government to refuse to yote for the nomination or election of any candidate for the legislature who does not promise, without any qualifications whatever, that as a member of the legislature he will obey the instructions of the people in choosing a United States senator. This means, of course, that I will uphold statement No. I and the people's right to instruct. I shall be pleased to arrange with you for this discussion at the earliest possible date, and for many such meetings, if you have the courage to defend your convictions on the stump. You will remember that in the campaign two years are senated to meet may in such discussion descent and not remember that in the campaign two years are senated to meet may in such discussion descent and not remember that in the campaign two years. convictions on the stump. You will re-member that in the campaign two years ago you refused to meet me in such dis-

### MILLION PEOPLE LIVE AT BUENOS AYRES

(Special Dispatch to The Journal.)
Buenos Ayres, Feb. 12.—The population of this city as shown by the late census is 1,114,458. The same returns show that in the month of last October there were 3,495 births, 1,673 deashs and \$55 marriages in the city. show that in the month of last October there were 3,495 births, 1,673 deaahs and 855 marriages in the city.

The value of crops for exportation will be \$200,000,000, of which there were of wheat 4,000,000 tons, of flaxseed 1,000,000 tons, of oats 400,000. No return has yet been made of maize, but it will be a full crop.

Radio-Telegraphy.

(Special Dispatch to The Journal.)
Rome, Feb. 12.—In Bracciano, the army experts have had perfect success in experiments with radio-telegraphy applied to aeronautics.

Mormons Deported. Leipsic, Feb. 12.—Four Mormon mis-sionaries have been expelled from Sax-ony as pernicious foreigners.

White and Perfect, Without a Flaw, Even in Old Age

Living Mear to Mature, His Digestion Is

Dr. Livingstone, and later, Henry Staniey, both of whom spent much time in the exploration of Africa, in their memoirs mention the fact that members of all the tribes that they came in contact with possessed beautiful, white, pearly, sound teeth, and that on investigation they found that this was due to the fact that the digestive organs of the negro had never been impaired, and that they were able at all times to take care of the coarse foods that were taken into the stomach.

The negroes' food is of the plainest kind and is seldom if ever cooked. It is eaten as it is found, with but little preparation.

Preparation.

The cause of unsound and imperfect teeth found among civilized people is due to two important facts—the pravalence of dyspepsia, indigestion and stomach troubles, and the food we eat. In the foods that we eat there is a lack of phosphates and other materials necessary to make repairs and supply the waste in the teeth.

Then again few people in civilized countries are free from dyspepsia, which interferes with the whole system and causes trouble everywhere.

To have sound teeth, cure your dyspepsia and eat proper foods, and you will have little trouble with them.

A package of Stuart's Dyspepsia Tablets should be kept in the house at all times. They cure dyspepsia, sour stomach, indigestion, and put the stomach and intestines in a healthy condition.

The Tablets contain a powerful ingredient which assists the stomach in the process of digestion, and puts it in a healthy condition.

There are many bodily ills due entirely to stomach troubles.

If you are ill ask yourself if your trouble may not be caused by indigestion, and the whole with the may be the cause of the whole.

Mr. M.

## PROTECT GIRLS

Council Considers Ordinance Creating New Department Under Chief of Poliec.

Members of the city council are considering the ordinance creating the bureau for the protection of young girls and women this afternoon, and friends of the measure believe the councilmen will act favorably and put it through to final passage. The ordinance carries an appropriation of \$3,000 for salaries and office allowances.

The bureau will be in charge of a woman, whose title will be city superintendent of protective work for girls The African Negro

The African N

ditional duties as the chief may see fit to impose.

It is said that there are a great number of candidates for the position, the most prominent being Mrs. Lola G. Baldwin, who has been at the head of the Travelers' Ald society for several years, in which time she has been very successful in aiding young girls.

The cause which led the councilment to bring up an ordinance placing a successful in alding young girls.

The cause which led the councilment to bring up an ordinance placing a woman in the police department has been the excellent work that has been done during the past three years by the Travelers' Ald, which has been in charge of Mrs. Lola G. Baldwin, in connection with the Y. W. C. A. It has been proven that there is an urgent need for protective work among women and young girls, and also that a woman of training and experience can handle these cases far better than a man.

Within the last six months eight serious cases have been brought to light, and during the year 1967 over 200 cases needing police protection were handled by this department. The new position is to be placed under civil service rules and administered from a place to be decided by the executive board.

The duties of the office shall be to advise and befriend minor girls and young working women, protect strangers and other girls in need of protection and assistance, to investigate conditions of employment, subsistence, housing and safety of girls with reference to their protection against fraud, deception and moral injury, and to give aid and counsel and to obtain information for criminal prosecution where girls are complainants, defendants or

the process of digestion, and puts it in a healthy condition.

There are many bodily ills due entirely to stomach troubles.

If you are ill ask yourself if your trouble may not be caused by indigestion.

This may be the cause of the whole difficulty, and to cure it means to have perfect health.

You can get Stuart's Dyspepsia Tablets at any druggists, for they are as staple as any drug in the store. They are 50 cents per package.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co. 150 Stuart Bidg., Marshall, Mich.

City Auditor Barbur has received a letter from A. J. McCabe in which the city is offered an opportunity to purchase a rock crusher with a capacity of the course of rock a day for \$1.250.

Mr. McCabe states that he also controls a quarry with an unlimited quantity of rock which he will either sell or lease to the city. He says the rock can be transported to the city's bunkand means committee of the council which recommended the other day that \$25,900 be appropriated for the purchase of rock to be used in improving city streets.

### FINE FOOD FOR FIRE

Blake, McFall Company Suffers Heavy Loss From Fierce Blaze.

Fire which started in the paper warehouse of the Blake, McFall company, 49 Front street, shortly after 5 o'clock yesterday afternoon, caused a property loss of approximately \$20,000.

The origin of the fire is unknown. By the time the department arrived on the scene the entire interior of the closed warehouse was filled with smoke, and flames had eaten their way for a considerable distance into the great piles of tarred building paper. As the greater part of the stock was of this coarse part of the stock was of this coarse building paper the fire made rapid head-way, and although a dozen streams of water were poured into the interior it was fully an hour before the firement felt confident that they had the fire under control. Building and stock were fully covered by insurance. The building is owned by the Failing estate.

ARTS AND CRAFTS

SOCIETY.MEETS

The Arts and Crafts society held an interesting meeting last night at the Art Museum, J. Nelson Wisner was the speaker and he gave a thorough and workmanlike exposition of methods in metal working with practical demonstration of the different stages of the work. He also spoke of the progress of the arts through history and pre-sented the comparison between the old craftsmen and the worker of today. Mr. Wisner stated as his belief that Mr. Wisner stated as his belief that the art of the future will surpass that of the past, basing his conviction on the perfection of tools, of methods and of mechanical appliances for the benfit of the worker, the experience of the past and the aspiration of the race. He also spoke of the work which lies before the society in cultivating the spirit of craftsmanship and of developing the art sense in the rising generation.

### FINE FOR COMPLEXION

Of all the marks of beauty a good complexion is the most desirable and yet the easiest to attain.

A sallow skin and dull eyes are the direct result of faulty digestion, on which subject we quote from an interview of a prominent metropolitan physician who has a practice among the nation's aristocracy. He says: "Dyspepsia, indigestion and defective bowel action probably cause more ills than many of the more serious diseases combined, and yet by a simple course of treatment this most undesirable condition can be relieved and cured. First of all, relieve the stomach of its burden by using a digestive that will give rest and restore its vitality. For this the following prescription will be found to work wonders: "Catandir Compound, one ounce; Essence of Pepsin, two ounces; syrup of ginger, three ounces; mix these in a six-ounce bottle and use in doses of from one to two teaspoonfuls after each meal and also at bedtime for the first few days." The ingredients can be secured at any good drug store. By following up this treatment the rose of health will soon be restored to the ballid oneek and glitter of happiness shine from the eyes."

Coming from such high authority, the above advice is well work following.

## INTO RAGING SEA

Mariner Tells of Peril and Death He Strove in Vain to Prevent.

(United Press Leased Wire.)

Vancouver, B. C., Feb. 12-News reached this city this morning of the drowning of one white man and six Indians on a reef off Queen Charlotte island. Captain Clarke of Vancouver. B. C., was an eye witness of the wreck but he could do nothing to assist the unfortunates. Clarke and another fisherman made a valiant attempt at rescue but failed, and their schooner disap-peared beneath the waves. The wouldpeared beneath the waves. The would-be rescuers were in a bad plight them-selves and suffered extreme pain for several hours. They visited the scene of the disaster the following day but nothing remained of the wreck, the schooner having slipped off the rest. The schooner was used for fishing pur-poses and the white man was in com-mand.

General Funston, and will be engaged
for 10 days, probably from October 5 to
October 15 in joint field maneuvers.

All three branches of the service—artillery, infantry and cavalry—both from
the regular army and from the Callfornia National Guard, will be represented.

The concourse and drill of armed men at the maneuvers will be the largest that has been seen in this country for a number of years,

### MAN ATTACKED BY HUNGRY DOGS IN PIT

Wilmington, Del., Feb. 12-In a pit 20 feet deep and dark as midnight, with only a small lantern to defend himself from the attacks of two dogs which had been made savage by starvation and solitary confinement, was the thrilling experience of Dog Catcher George Kopf

experience of Dog Catcher George Kopf yesterday afternoon.

The animals fell into a hole at the plant of the Seidel & Hastings company several days ago. Yesterday the dog catcher was asked to liberate them. Descending by means of a ladder, he was attacked as soon as he reached the bottom, and it was due to the fact that the dogs were too weak from starvation to inflict much damage that he escaped serious injury. After repeated attempts, he lassoed and removed them.

### WRECKS TRAINS FOR REVENGE ON FOREMAN

(United Press Leased Wire.) Butte, Feb. 12.—Patrick Gordon, who Butte, Feb. 12.—Patrick Gordon, who is employed on a ranch near Silver Bow, has confessed to the sheriff that he attempted to wreck three trains on the Oregon Short Line Monday night.

He says he first turned a switch, derailing a freight, but the wreck was not bad. He decided to wreck the south-bound passenger and piled ties on the track, but the train was running ton slow to do any damage. He piled more ties for the north-bound passenger and went home and was arrested the next day. He says he had quarreled with a section foreman on account of a dog which barked at the cows he tended.

### VANDERBILT PLANNING SEVEN-STORY GARAGE

New York, Feb. 12.—Plans have been filed for the new seven-story garage to be built for William K. Vanderbilt, at 47 and 49 East Fifty-second street, near Madison axenue, at a cost of \$150,000. The building is to be of the Italian renaissance type, with a pergola on the roof that may be made into a summer garden.

On the third and fifth floors will be separate dining rooms, with a grand and petite saloon adjoining on each floor. Part of the second floor will be furnished for sitting rooms. There will be a billiard room on the ground floor.
