The Hamilton club also has arranged a banquet, at which the guest of honor and chief speaker will be Secretary of the Interior James R. Garfield.

Grand Rapids, Mich., Feb. 12.—This was a big day for the Republicans of Michigan in general and of Grand Rapids in particular. The presence of Secretary Taft, a meeting of the state committee to arrange for the coming state convention, and the annual gathering of the State League of Republican clubs have combined to attract to the city the largest number of party leaders ever seen here, except on the occasions of the state nominating conventions. Of the three events public interest centers chiefly in the Lincoln banquet tonight under the auspices of the State League of Republican clubs, at which Secretary Taft is to be the guest of honor and principal speaker. The secretary of war reached the city today and was given a rousing reception. For the mean of the day to held an Broucht, E. A. Session, C. H. Woodward. and was given a rousing reception. PLAN TO FIGHT DISEASE

Druggists Will Battle Stomach Troubles in Portland.

The increase of stomach troubles in Portland has led them to take effective measures to combat the disease. Woodard Clarke & Co. have the local agency for Mi-o-na stomach tablets, and in order to induce people suffering with weak stomach or Indigestion to use the remedy, offer to supply it with the distinct understanding that money will be refunded in every case where it does not cure.

Mi-o-na is not a mere digestive, but an absolute strengthener and builder-up of the whole digestive tract. If you suffer with headaches, giddiness, palpitation, bad taste in the mouth, nervousness, coated tongue, distress after eating, use Mi-o-na and see how quickly these symptoms of a weak stomach will disappear.

The remedy strengthens the muscular walls of the stomach and increases the flow of gastric juices so that nourishment is extracted from the food and the refuse is expelled without the nid of purgative or laxative medicines.

Strengthen the stomach and make it do its own work by using Mi-o-na. Do not fuss and nurse it along by digestive tablets that do no lasting good. Make a complete cure of your stomach troubles and replace weakness with strength by using Mi-o-na.

Remember that Woodard Clarke & Co. give a guarantee to refund the money unless it cures. They take all the risk, and there is no danger of you losing anything except indigestion when you buy a 50-cent box of Mi-o-na.

IRRIGATIONISTS MEET AT TAMPA, FLORIDA

(United Press Leased Wire.) Tampa, Fla., Feb. 12.-Several hunstates faced Governor N. P. Broward today when he called to order the southern immigration conference. Many men of prominence, including foreign ambassadors, governors of states, mayors of cities and representatives of numerous commercial organizations, were included in the attendance. The convention auditorium was handsomely decorated with the national colors and presented a most attractive appearance. Governor Broward, in calling the convention to order, explained the object of the gathering to be to discuss ways and means to attract a desirable class of immigrants to the south, to prevent the coming of the pauper and criminal classes from Europe which have flooded other sections of the country, and to correct the alleged discrimination against the south in immigration matters by the national government.

Many notable men have been secured to address the convention. Among them are the German, Italian and Spanish ambassadors, Henry Wattersen of Louisville, E. J. Watson, commissioner of agriculture of South Carolina, and Governor Hoke Smith of Georgia, who recently made a tour of Europe to study the immigration question. today when he called to order the

Grand Campaign of Advertising Resources About to Be Opened.

(Special Dispatch to The Journal.) Baker City, Or., Feb. 12.-A number of Baker City's prominent business men, realizing that the wonderful resources and wealth of the surrounding country are not known as well as they should be to the outside world, have decided to inaugurate an advertising campaign, which will open in a few days. An advertising committee was appointed by the Business Men's association and the Citizens' league months ago to raise funds, with the result that \$2,600 was subscribed within a few days. This subscription is met by the business men in monthly installments, and it is a fact that those who pledged support are with but few exceptions meeting their payments promptly.

As a result of preliminary efforts there have been received over 400 letters of inquiry from all parts of the United States, expressing the desire on the part of the writers to know more about Baker City and the surrounding country. decided to inaugurate an advertising

A vigorous campaign is now planned, and it is the intention of the advertising committee to raise the subscription fund to \$500 per month. One object in view is the putting out of a new 24-page booklet. The committee has already secured new photographs of the prominent business blocks, dwellings and school and church buildings, together with farm, mine and city views which will make the booklet very interesting. An order will soon be placed for 10,000 of these booklets at an estimated cost of \$600. It is the plan to distribute this and other literature through the eastern and middle states to spread exilightenment among thousands of people as, to the vast resources and undeveloped wealth of the territory tributary to Baker City.

The advertising committee has placed an order with an advertising firm whereby news of Baker City and vicinity will be sent into over 40,000 homes of the east and middle west every month through the medium of newspapers and magazines.

Rosland in southern Crook county, is preventing settlement through the hold it has on a large tract on the upper Deschutes river. These lands are sub-Irrigated and would make fine farms without surface Irrigation, although they would doubtless do better with it. But the difficulties of obtaining the needed capital to improve lands so far from transportation are so great that no progress is apparent, thus far.

A five-year limit was originally placed upon the concession during which to make satisfactory progress towards irrigation. The greater part of this time having elapsed with nothing doing, an extension of time was applied for and five more years granted the promoters. In the meantime a few squatters have taken places expecting to see favorable results before the first five years were exhausted, or hoping to have the land reopened for settlement, when they could file and obtain patent. The second extension, however, has made their situation hopeless, so far as any favorable results to them are concerned, and prospective settlers are shunning that section as another result.
