Spring Needs Supplied and Savings Shown

Adjusto Dowager Model the Royal Worcester Corsets

The ideal corset for the full figure. Can be instantly adjusted by pulling the straps firmly to the sides. A smaller hip measure and flatter abdomen can be obtained by wearing the Adjusto Dowager. They are made from very durable coutille or batiste, double-boned throughout and practically unbreakable. Superfluous flesh can be molded into graceful lines without the sacrifice of comfort which usually accompanies the wearing of "self-reducing" corsets. Stout women all over the land are indorsing the Adjusto Dowager models. They are made by the Royal Worcester Corset Company, the best corset-makers in the land, and we are the Portland agents. Special attention will be given this week to demonstrating and fitting Adjusto Dowager models. Price..... **\$3.00**

New Spring Models in Coats and Suits

One of the most popular garments for this spring's wear will be the natty Covert Jacket. Distinctively different models are shown this spring. They are fashioned on decidedly pleasing lines. The jaunty short jackets or the dignified and graceful long-skirted, close-fitting styles. Of course, they are in strictly tailored effects, strapped and trimmed with buttons to match. One striking novelty in Covert Coats is modeled in a pleasing shade of tan, with a fancy striped silk lining. They are the most modish wraps to be had for early spring wear. We earnestly advise an early inspection. To select now will mean to find your size and be the first to wear one of the most fetching styles that has been brought forward in many seasons.

Don't Forget Our Suits

Strictly tailored effects. Demi-costumes for calling and afternoon wear; elaborately trimmed shirtwaist costumes. In no season has the diversity of styles been more marked than those offered for present selling. For the well-developed figure, the plain tailored models will be decidedly in vogue, and for ultra-fashionable street wear. For the more slender figures and for those who prefer more of a general utility costume there are many attractive suits in tastefully trimmed effects. Decidedly new styles are featured for this spring's wear; the butterfly sleeve—all in one piece with the body of the jacket, being the most pronounced innovation. They are constructed of materials in plain colors or invisible plaids and stripes—solid colors decidedly in the lead.

Newest Wash Goods

Spring, 1908. Wash Tailored Suits will be more in demand for the coming spring and summer than ever before. Materials of suitable weight for the construction of such garments will have large sale. The smartest launderable costumes in Portland will be made from Olds, Wortman & King fabrics. Pay heed to these prophecies, my lady, for to act on them now will mean to be among the smartly gowned women of 1908.

Spring Dress Goods

Very tasteful selection, very wide range of choice, very late and authentic styles, and very splendid values. This spring's stock of Dress Goods deserves special praise. No want has been overlooked. From the plain weaves at 50¢ the yard to exclusive novelty dress patterns at \$40 each, we show a complete line in all prices.

Plain colors are more in demand than fancy effects. However, checks and stripes in self-tones will be worn. The weaves most called for will be serges, chevots, batistes, voiles, poplins, prunellas, satin liberties, French serges, herringbone weaves, etc.

Choose your materials right now and consult with your dressmaker about your Easter gown. Be sure of having it on time. Come to the best possible source of supply—the Olds, Wortman & King fabric shops.

THE SILK STOCK GROWS MORE COMPLETE EACH DAY. Oriental Silks and Shower-Proof Foulards have sold wonderfully well, and indications are that these weaves will lead all others, but fancy taffetas and softer weaves are also being called for, and we are showing them in great varieties. The present season will add to the laurels of this store as Portland's best supply center for Silk and Dress Fabrics. We cordially invite your inspection and admiration.
