

PRISONER LEADS THROUGH WINDOW

Riverside Sheriff Loses His Man While En Route to San Quentin.

(United Press Leased Wire.)
San Francisco, Cal., Feb. 17.—In view of scores of passengers a prisoner, Edward J. Ely, en route from Los Angeles to San Quentin to serve six months for robbing Southern Pacific boxcars, made a sensational escape from Sheriff Wilson of Riverside county yesterday by leaping head foremost through the window of a fast moving Southern Pacific train.
The escape was made near Lancaster in Los Angeles county. The prisoner was being led from one of the coaches to the diner. Before the sheriff could divine his purpose he suddenly stepped from the closed window and dived through an open window. The train was then running at a speed of 30 miles an hour. The man was seen to roll over and over on the turf but got up apparently unharmed. The train stopped at the next station and Sheriff Wilson returned in search of his escaped charge.

SPECIAL APPEAL CASE FOR ALASKA

Federal Hearings Will Take Place in Seattle Instead of San Francisco.

(Washington Bureau of The Journal.)
Washington, Feb. 17.—Probably cases on appeal from Alaska federal courts hereafter will be heard in Portland or Seattle, instead of in San Francisco. A favorable report has been returned by the house judiciary committee in which it sets forth that:
"At present practically all appeals from the district court of Alaska must be heard at San Francisco. There is no direct communication between San Francisco and Alaska, so that the litigant in Alaska, in order to attend the court of appeals in San Francisco, must pass through Seattle, both going and on his return, and travel at a considerable expense about 2,000 miles farther than if the cases were heard at Seattle."
"There is now annually held at Seattle a term of the circuit court, and to hear such appeals there, as the best interests of the Alaska litigants might require, would be of little inconvenience to the court. It is the desire of the members of the bar and of the business interests of Alaska that some provision be made so that Alaska appeals need not be heard in San Francisco, a place where the circumstances justify it."
"This desire of the people of Alaska was strongly urged before the committee from that territory. It is claimed by the attorneys of Alaska that if their appeals could be heard in Seattle it would enable them in many cases to attend to them in person, whereas at present they are compelled to employ San Francisco attorneys to represent them in the court of appeals."
"It is the opinion of your committee that great and unnecessary expense and inconvenience in many cases present imposed upon Alaska litigants that would be relieved by the passage of this bill."
Congressman Humphreys' bill, however, stipulates that at both Portland and Seattle cases may be heard.

BOOSTER BANDS MEET AT EUGENE

Home Folks Welcome Visitors From Four Neighboring Towns.

(Special Dispatch to The Journal.)
Eugene, Or., Feb. 17.—Today is a big boost day for Eugene. A large number of excursionists from Roseburg, Cottage Grove, Springfield and Junction City are here and are being entertained by the Eugene Commercial club. Perhaps 150 business men and citizens of Roseburg arrived on the noon train to inspect Eugene's system of street paving, with a view of adopting it for the former city. The citizens there have the paving fever and are determined to pave several blocks of their streets during the coming summer. Over 60 came down from Cottage Grove on the same train to repay a visit recently made to that city by a large number of the members of the Eugene Commercial club. Forty or fifty people came over from Springfield on the 11 o'clock train and about 20 from Junction City on the 2:18 train.
Each delegation was met by a large crowd of citizens and a brass band and escorted to the commercial club rooms, where receptions were held. The meeting was presided over by Dr. L. L. Whitson, president of the club and impromptu speeches were delivered by prominent visitors and several local men.
After the reception the visitors were given a trolley ride on the new electric railway and escorted to the University of Oregon, where they are spending the remainder of the afternoon looking over the campus and through the buildings of the institution.
Another meeting will be held at the club this evening and the visitors will leave for their respective cities on the night trains.

UNION PACIFIC'S STEEL CAR TEST

Company Believes It Has Finally Solved Problem of Safety for Passengers.

(Special Dispatch to The Journal.)
Omaha, Neb., Feb. 17.—Bearing no resemblance whatever to any of the types of cars which have been evolved in recent years, with the exception of its dimensions, the Union Pacific railroad has built a steel car, which promises wonders in improvements and in providing safety for the traveling public.
The new car is constructed entirely of metal, mostly steel. The four entrance steps and vestibules of the ordinary coach have been discarded and a single vestibule at the center of the car, with an entrance on each side, adopted. Both ends of the coach are rounded to lessen wind and air resistance. The windows are circular, 25 inches in diameter, and the car is lighted by means of a single lamp over each seat. The car weighs 89,300 pounds.

JUDGE BURNETT ON GOOD CITIZENSHIP

Incidentally Carries Back to Hungary Her Recently Acquired Count.

(Special Dispatch to The Journal.)
Salem, Or., Feb. 17.—Judge George H. Burnett of the circuit court in a stirring address to the members of the Young Men's Christian association in their lecture hall yesterday urged them to good citizenship.
Judge Burnett, in a preamble to his lecture, which was on Law Observance, stated that he wanted the audience, which consisted of about 100 men, to be good, not only on Sundays and when in their respective places of worship, but on the streets, at all times and everywhere.
Judge Burnett severely censured those men, whom he classed as "so-called respectable business men," who laughed and winked at violations of the liquor laws and thereby indirectly aided in the depravity of three young boys who were tried before the judge for breaking into a store and stealing bottles of beer and whiskey. Continuing, he said:
"I do not believe there is a man among you that would not rise up and avenge an insult to the flag of our country; there are men who would jump into the very thickest of the battle, right up to the cannon's mouth, unflinchingly, for the sake of the country; men who would make any sacrifice of that nature, but who are traitors in disobedience to the laws of the land. It is wrong to favor a jury duty, but so-called 'respectable citizens' do it. There are merchants who disobey the law in many small ways, but, as Mr. Henny sarcastically says, 'if they were to execute the laws.' That is good argument, when the dollar becomes the standard of the nation, not until then, and that will never be."
Judge Burnett devoted a considerable portion of his discourse to what is necessary to improve the condition of the government and asserted that no more legislation was needed; that there was too much legislation, and what was needed was men to carry out the laws.
The conclusion of the address was in substance as follows: "I pledge you, gentlemen, the flag of our country; do nothing that will stain it. Uphold the laws yourself; elect men who will uphold them and stand by them."
In conclusion, I say to you, God save the commonwealth of Oregon.
The address was heartily applauded.

GOOD COUNTY FAIR IN LANE ANYHOW

Despite Failure to Secure Meeting of Southern Oregon District—Proposition for Grounds.

(Special Dispatch to The Journal.)
Eugene, Or., Feb. 17.—Although Eugene was unable to secure the southern Oregon district fair for this year, a good county fair will be held here some time in September. The committee appointed some time ago to secure grounds for the fair have worked out a scheme whereby a 65 acre tract just beyond the western limits of the city can be obtained for nothing. The owners of the tract have submitted a proposition to the committee that if 10 lots in a tract adjoining are taken by the members of the fair association at \$300 each they will donate the 5 acres for the fair grounds. As the lots are very adjacent and located for home building there will be no trouble in disposing of them. In fact a number of those interested in the fair movement have taken a large number of the lots. The city is rapidly growing in that direction, and the property will rapidly increase in value. The street railway company is preparing to extend its lines to the proposed fair grounds during the coming year.

BROOKE WILL NOT SIGN NUMBER ONE

Republican, and Wants to Represent Malheur in the Legislature.

(Special Dispatch to The Journal.)
Vale, Or., Feb. 17.—The following petitions for nomination have been filed with the county clerk of Malheur county:
For reelection—B. C. Richardson, Democrat, for county judge; B. W. Mulkey, Democrat, for county clerk; B. L. Milligan, Democrat, for school superintendent; Robert Odell, Republican, for sheriff; S. L. Payne, Republican, for assessor.
For election—W. H. Brooke, Republican, for representative; Edwin R. Hamilton, Republican, for treasurer; J. H. Farley, Republican, for assessor; George W. Sayes, Republican, for county judge; G. H. A. Hurley, Republican, for county judge; A. A. Brown, Republican, for county judge; D. P. Dearborn, Democrat, for assessor; A. B. Macpherson, Democrat, for assessor.
W. H. Brooke, who is a candidate for representative on the Republican ticket from this district, has refused to sign Statement No. 1 or to make any statement or platform outlining his views on questions of interest. The people of this district are overwhelmingly in favor of the principle involved in Statement No. 1 and the outcome of his candidacy will be observed with interest by the people in this district.
B. W. Mulkey, Democrat, for county clerk, and Robert Odell, Republican, for sheriff, both up for reelection, occupy the unique position of being unopposed for either nomination or election. Both have made efficient and faithful records and the sentiment of the county is very general for retaining them.
Up to date the registration has been progressing slowly, only 246 being registered out of a total of 1,600 voters, divided as follows: Republicans, 123; Democrats, 94; Socialists, 11; Prohibitionists, 3; refused to state politics, 2; Independent, 1; "straddle the fence," 1. Figuring a total of 1,600 voters in the county this would give the Republicans a plurality of 254, which is a material gain for the Democrats over the vote cast two years ago, when the county was safely Republican by at least 350 votes.

GLADYS SAILS WITH TRUNKS

Incidentally Carries Back to Hungary Her Recently Acquired Count.

(Special Dispatch to The Journal.)
New York, Feb. 17.—Occupying the finest suite that money could buy, the Count and Countess Laszlo Szecseny, the latter formerly Miss Gladys Vanderbilt, sailed Saturday for France on the Kaiserin Auguste Victoria with 56 trunks.
On the ship, occupying the Imperial suite, a little party of four, the count and countess, was William K. Vanderbilt and his friend, William E. Hoyt (number of trunks unknown).
It is a merely a coincidence that the countess and her uncle should have engaged passage (and trunk space) on the same ship. Vanderbilt is going to the Mediterranean for a yachting tour and is in no way associated with the countess, her party or her trunks.
The count and countess are going straight to the former's home in Hungary, trunks and all.

McMinnville, Or., Feb. 17.—The first annual convention of the Yamhill county Y. M. C. A. opened at the association rooms here at 10 a. m. Saturday. The purpose of the convention is for the discussion of methods of carrying on the county work and the election of a permanent county committee to supervise the work. The principal speakers were: E. Ludwig, county secretary; Rev. E. M. Sharp of Portland; O. G. Johnson, I. B. Rhodes, H. A. Dalzell, University of Oregon, and J. C. Clark of the Portland Y. M. C. A.

CLIFFS REGISTERS FIRST ROBBERY

Cliffs, Wash., Feb. 17.—The first robbery at Cliffs has been committed. Edward Dorschheimer, a hard working laborer for W. Kerrick & Co., contractor, building the roundhouse, water tank, depot, 20 pocket coal bunker, section house and other buildings here, went to the camp bunkhouse to make some change in his wearing apparel at noon time. He had been wearing a belt that contained \$150, consisting principally of gold coin. The weight of the belt made it an incumbrance, and he removed it and placed it with the money in one of the bunks in the same room also disappeared and has not returned to claim the wages due him.

CAUGHT WITH LOTS OF PENNIES ON HIM

Cliffs, Wash., Feb. 17.—Special Deputy Sheriff Ira Henderson, accompanied by G. A. Warren of Cliffs, arrested a suspicious character, who had sought shelter there for the night. Both the sheriff and the special deputy had been scouring the country for several days making it apprehend a man who was trying to hide through this section and acting in a suspicious manner. They suspected he might be the person who robbed the postoffice and store of M. Robinson of Cliffs on Tuesday night. The man captured refused to give his name to the sheriff. On being searched it was found about 150 one cent pieces, some nickels and dimes, and several razors. He was taken to Goldendale and lodged in jail to await preliminary examination.

DRUNKENNESS AMONG STUDENTS MUST STOP

(United Press Leased Wire.)
Stanford University, Cal., Feb. 17.—Authorities of Stanford university face a crisis in dealing with the problem of drunkenness among the students. President Jordan admits the seriousness of the situation in these diplomatic words: "It seems that of late there has been an increase in drunkenness." The academic council in formal resolutions demands the necessity of "bringing the university from the burden and disgrace of student drunkenness."
The doctrine of entailing an inn or other place under the control of the authorities as a sort of qualified and obtainable reform is gaining headway. President Jordan says the present condition must be remedied first. After that he thinks the subject of an inn could be discussed with propriety. Residents of the campus driven to exasperation by the continued annoyance resulting from the uncurbed course of students who have been imbibing too freely have organized a civic federation or league for their own protection against disorder.
The crisis came 10 days ago with the accidental killing of Student Cooley as the conclusion of a caroual at Menlo park.

ABERDEEN'S LID TIGHTENED.

(Special Dispatch to The Journal.)
Aberdeen, Wash., Feb. 17.—It is expected that the conviction of O. C. Vammen on a charge of keeping his saloon open on Sunday will tend to close the lid tighter than ever, for a time at least, especially as Prosecuting Attorney Boser says he will prosecute every case that comes before him. A complaint had been made against the keepers of the Twin saloon on the same charge, but they forfeited their bonds by non-appearance.
