Throughout the country there stand magnificent buildings designed by the firm of which he is the head. The recent alterations to the White House, at Washington, were designed under his direction.

The old Villard house, home of White-lane Reid, also was designed by his firm, and among the other buildings of note are Madison Square Garden, the Century club, the Metropolitan club, the University club, the University of New York, the University of Virginia and Washington arch.

The new Girard Trust building, in Philadelphia, was planned in part by Mr. McKim.

THEATRES WANT OPEN SUNDAYS

Managers Appeal to Washington Supreme Court for Relief.
(Special Dispatch to The Journal.)
Olympia, Wash., Feb. 29.—The legal action in which the leading theaters of the state have combined to defeat, if possible, the Sunday closing act passed by the legislature of 1891 was argued before the supreme court yesterday afternoon.

The issue is presented in an application for a writ of habeas corpus for Frank H. Donnellan, manager of a Seattle theater who was arrested for violating the law.

In a recent case in which Charles Horvath was the defendant the supreme court upheld the constitutionality of the act in an opinion. A motion for a rehearing was filed and final judgment has been withheld. The attorneys for Donnellan are asking the court to modify this opinion only to the extent of holding that the law is unconstitutional in the particular of forbidding the conducting on Sunday of business not dangerous to the public health, morals or safety.

IDAHO PEOPLE PLAN BIG COYOTE HUNT
(Special Dispatch to The Journal.)
Bayview, Ida., Feb. 29.—What promises to break the monotony and create some excitement at the same time for the ranchers just prior to the opening of spring work here is a big coyote roundup planned for next week.

Albert Blackney of this place has a number of imported foxhounds, the originator of the plan for a quick riddance of the coyote pest for a time at least.

Several days will be spent in the chase and it is hoped by the farmers that a great number of these animals will be destroyed, for their depredations of late have become numerous, the killing of small farm animals, and especially towards the chicken roosts.

SENTENCE TOO LIGHT, COMPLAINS PRISONER
(Special Dispatch to The Journal.)
Los Angeles, Feb. 29.—The district court of appeals today established a precedent by denying the prisoner's request ever made for a new trial. The appellant was Harrison Oliver, a convicted criminal, who urged as his reason for the denial of his sentence of five years grand larceny after having once served time for burglary was less than the minimum provided by statute. His attorney advanced the argument that this made the judgment of the convicting court void.

A higher court holds that it is not the policy of the law to allow a defendant to complain of error in his own favor, and that the mistake he complains of will not be corrected to his own detriment. He will have to be satisfied with a seven-year term.

PENDLETON MEN TO ORGANIZE NEW CLUB
(Special Dispatch to The Journal.)
Pendleton, Or., Feb. 29.—A private club will be formed in Pendleton with commodious quarters and with all the accommodations of an up-to-date institution of the kind. This statement is made by prominent men who are behind a movement that has been on foot for several months, and its success seems assured. Pendleton lacks a place where business men may congregate at leisure hours and where visitors in the city may be entertained. The Commercial club does not fully meet the requirements.

KNAPTON MILLS TO RUN AGAIN.
(Special Dispatch to The Journal.)
Astoria, Feb. 29.—The Columbia mills at Knappton, Washington, operated by the Simpson Lumber company, will open March 2. They have been closed since the financial stringency set in last October. With the opening of this mill all mills on the lower Columbia river will be in operation again. The Clatsop mill, which has been closed for two months, will open Monday.

EASILY PROVEN
There Is Not the Slightest Necessity for Leaving Portland to Look for Proof
The experience given below by this well-known citizen of Portland is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting reader of Portland cannot ask for any better authority on this point than that given by D. D. Coffey, general delivery clerk at the Portland postoffice, and living at 423 East Morrison street, Portland, Oregon, who says: "When I used Doan's Kidney Pills three years ago it was for a disorder that seemed to indicate poisoning of the blood, and I believed it would be a good plan to treat the kidneys, for my physicians had been unable to give me any permanent relief. I found that the use of Doan's Kidney Pills proved my theory, for within a month I felt relief and continued their use until the trouble disappeared. Since then I have been entirely free from it."

JOHN DAY HARDWARE FIRM IN BANKRUPTCY
(Special Dispatch to The Journal.)
Baker City, Or., Feb. 29.—French Brothers at John Day have gone into bankruptcy. W. G. Drowley, referee in bankruptcy, yesterday evening received from A. D. Leedy, attorney for the firm, a petition setting forth the liabilities and assets of the company. In their petition the liabilities are listed at \$25,793.86 and the assets at \$11,209.84, showing a deficit of \$14,584.02 which the firm is unable to pay.

Pay When I Cure You
I want to impress it upon every weak man that I can make him strong, vigorous, healthy, alert and free from every taint of disease and weakness. I have limited my specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this line of practice for twenty years qualifies me to say positively that such troubles as Spermatorrhoea, Lost Vigor, Varicocele, Hydrocele, Gonorrhoea, Syphilis, Stricture and "Weakness" can be cured perfectly—so as to stay cured.

MY TREATMENT FOR WEAKNESS
Functional derangement, such as premature loss of power, etc., in the case of men, is not a disease. It is a symptom of prostatic disorder. To stimulate activity by the use of powerful tonics is an easy matter, but such results are merely temporary drug effects. Most doctors treat "weakness" in this manner; because they do not know how to cure the real cause of the derangement. I am the only physician employing scientific and successful methods. My treatment is a local one entirely and corrects every abnormal condition of that vital center, the prostate gland. My cures are real cures and are permanent.

CONSULTATION FREE—MY HONEST AND CANDID ADVICE COSTS YOU NOTHING. I cheerfully give you my best opinion from years of successful practice. Men out of town, in trouble, write if you cannot call, as many cases yield readily to proper home treatment and cure. My offices are open all day from 9 a. m. to 9 p. m.; and Sundays from 10 to 1.

OUR CHARGES
You can pay by the week or month, as you prefer. We will give you the best of our test we give you that you are absolutely cured and will stay cured, and you will also find every claim we make to be exactly as we represent. See me first and you will not have so many specialists to see before you get cured.

Years of study and special work have placed me at the top of the medical profession of those who treat and cure diseases of men. I guarantee you a cure for a reasonable fee, which you may pay when cured.
