

# DYING IS DELIGHTFUL

### Man Pronounced Dead by Physicians Comes to Life and Says He Enjoyed Brief Rest From the Cares of the World.

(Called Press Leased Wire.)  
Minneapolis, Feb. 29.—A special to The Journal from Albert Lea, Minnesota, says:  
"Dying is simply delightful," O. N. Olberg, of Albert Lea, says so and he ought to know for he has had the unique experience of being pronounced dead by physicians. Twenty-six minutes afterward he astonished the surgeons by coming to life again, and he is now apparently as well as ever.  
"It is a strangely pleasant experience," said Olberg today. "If really feels like that to die, one might wish for nine lives, like a cat. Dying would be as pleasant a sensation as one could know. I felt no pain at all. It seemed much like the sensation I experienced once when I took ether."  
The feeling when his heart stopped beating, as the physicians testify, it actually did for 26 minutes, is difficult for Olberg to describe, but he says it is a delightful sense of relaxation, as if the soul were leaving the body.  
The physicians said death was caused by rheumatism of the heart.

## LOS ANGELES WANTS INSURANCE AGENTS

### People Indignant Because President Edwards Slighted City on Pacific.

San Francisco, Feb. 29.—Los Angeles and San Francisco life insurance agents strongly resent the efforts being made by President Edwards of the National Association of Life Underwriters to change the meeting place of the 1908 convention from Los Angeles to some eastern city.  
The action of the president of the national body is taken as an affront to the whole western group, and the raising of the question of changing the meeting place is accepted as evidence that the whole agitation is simply a preconcerted effort to divert the convention from Los Angeles.  
A committee of the Los Angeles association, composed of T. J. Numa, C. S. Montgomery, J. W. Whittington and F. N. Coffin, is sending out a letter to the presidents of the association throughout the country, calling for the exercise of influence to leave the meeting place unchanged and arguing strongly the need of the far west in the matter of life insurance organization.  
After the lapse of five months, when nearly all of the most important features of the gathering have been arranged for, to withdraw at this time, they claim, even if it were feasible, would work irreparable injury to the prestige of the association in its home community.  
But further than that, it is felt that the sole reason advanced, namely, "hard times," is not made wholly in good faith.

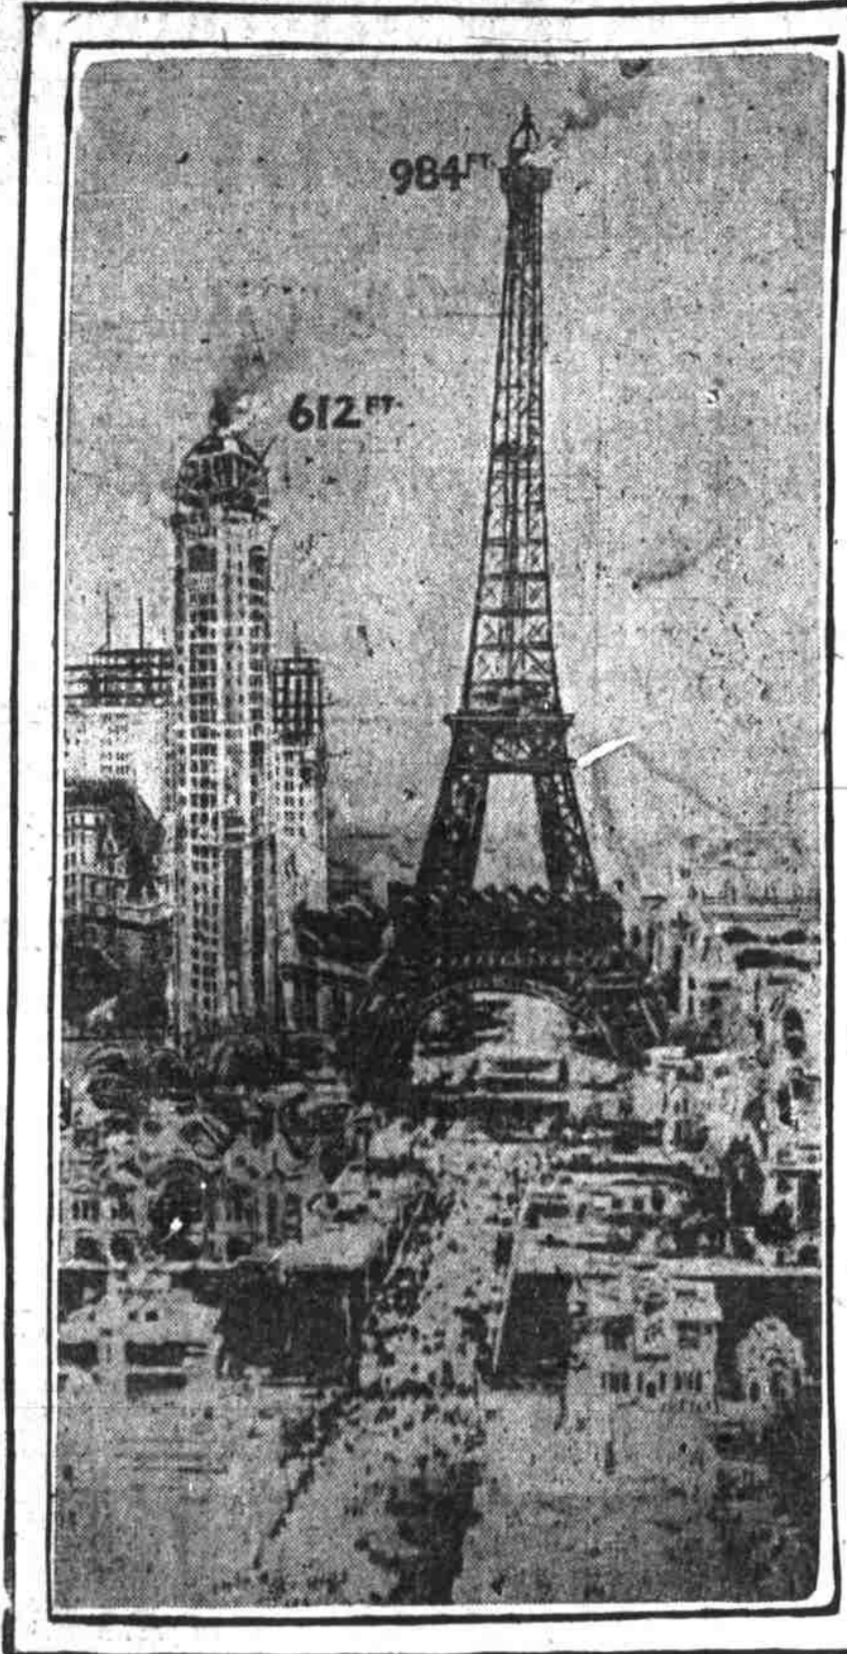

## RECORD IS MADE BY AMERICAN GUNNERS

(Special News by Longest Leased Wire.)  
Washington, D. C., Feb. 29.—  
• Everyone in the navy department congratulated everyone else today when a report was received of the target practice of the Pennsylvania on January 21 in Magdalena bay, which shows that the eight-inch guns of the turret made a record of 25 hits out of 25 shots at 1,600 to 2,000 yards. The rate of firing was 2.8 minutes per gun.

## WEALTHY MEXICAN MYSTERIOUSLY KILLED

Clayton, N. M., Feb. 29.—Caldo Garcia, one of the wealthiest Mexican stock growers in this section of the southwest, was shot and almost instantly killed from ambush yesterday afternoon at 2:30 o'clock. The body was discovered on the public road. An attempt, however, was made to hide the body.  
Luis Sanchez, a neighbor of Garcia, has been taken into custody on suspicion. There is said to have been an old feud between the Sanchez and Garcia families. Sanchez has not satisfactorily explained his whereabouts at the time of the murder. Garcia was very popular, and there are threats of lynching.

## FIRE IN TOP OF EIFFEL TOWER

Fire in the wireless telegraph plant in the top of the Eiffel Tower, Paris, recently, made the small blaze in the fortieth story of the Singer building a few days ago an insignificant affair. The New York skyscraper is 612 feet high, while the Eiffel Tower is 984 feet high. There was little in the top of the tower to burn, however, and the flames were quickly and easily extinguished by the attendants.

## COURT BATTLE FOR MILLIONS

### Oriental Bank Magnates Oppose Plan for Permanent Receivership.

(United Press Leased Wire.)  
New York, Feb. 29.—A red-hot court battle, with millions involved, is to be the result of Attorney-General Jackson's attempt to throw into the hands of permanent receivers the Oriental and Merchants & Traders banks, as indicated by today's proceedings. Powerful financiers are interested in the banks and are opposing the receiverships. Jackson says their plans for liquidation are neither legal nor satisfactory and will press the receivership.  
First blood was scored for the financiers late this afternoon when an order was secured from Justice Pitkin directing Jackson to show cause before Justice Gorman on Tuesday why the Oriental receivership should not be vacated on representations of attorneys of the Metropolitan Trust company, which has arranged to take over the Oriental's affairs.  
The attorney-general, however, instituted proceedings resulting in the appointment of James B. Ford and Henry Haggerty as receivers of the Merchants & Traders bank.

### Leap Year at Hood River.

(Special Dispatch to The Journal.)  
Hood River, Or., Feb. 29.—A large number of Hood River's young ladies gave a leap year dance last night at the opera house. The ballroom was handsomely decorated. About 40 couples were present.

A constitutional amendment designed to disfranchise the colored voters has been passed by the Maryland legislature and will be submitted to the people for ratification at the general election next year. The amendment provides for an educational or property qualification.

## HONOR MEMORY OF DEAD PRIEST

### People of Paterson Turn Out in Force at Funeral of Father Heinrichs.

(United Press Leased Wire.)  
Paterson, N. J., Feb. 29.—To show their horror at the killing of Father Heinrichs at the altar of his Denver church by an anarchist, the people of Paterson today turned out in great numbers to meet the body of the slain priest. So large was the crowd that the police were called in from their posts and massed about the railroad station and along the streets through which the body was carried to an undertaker's.  
The monks intended to hold a service on the arrival of the body, but the tremendous crowd turned the affair into a great public demonstration. Father Heinrichs had lived in Paterson.

## MINE MEN INJURED IN BROOKLYN PLANT

(United Press by Special Leased Wire.)  
New York, Feb. 29.—In an explosion in the National Sulphur company's mill in Brooklyn, nine employees were terribly burned and lacerated. A driver of a passing truck was struck and his skull was fractured by a section of the roof which was blown off the building. The factory was burned, with a loss of about \$100,000.  
The employees were at work in the milling section grinding the sulphur when it is supposed a spark from one of the grinding machines ignited the powder sulphur, causing a series of heavy explosions.  
The men—Thomas Hogarty, Thomas Smith, Alfred Moore, William McCullough, Robert Kerr, William Diechend, Jeremiah Egan and Thomas Wilger—were found unconscious by the other mill employees, who rushed into the milling room after the explosion.

## THREE MEN ARE KILLED IN FIGHT

### Kentuckians Battle Over Quarrel Which Started Among Children.

(United Press Leased Wire.)  
Evelyn, Ky., Feb. 29.—Three men were killed and a fourth mortally wounded in a battle with six-shooters, following a quarrel in the lumber camp of Congleton and Williams, on Ross creek, near here.  
John Hamilton, James Bowles, Richard Spicer and George L. Frazer had been working with about 70 men hauling lumber.  
Bowles and Spicer children had fallen out and the men came to blows. The men quarreled later over the matter as they worked. Finally Bowles picked out a pistol and began firing. He killed Hamilton instantly and shot Spicer in the leg. By this time Spicer had out his pistol and was firing at Bowles. Frazer joined in the shooting. When the smoke of battle cleared away it was found that Spicer was dead and Bowles had been killed by bullet through the heart. Frazer was shot through the lower abdomen and will die.

## CATHOLIC PRIEST IS THREATENED

### Cincinnati Clergyman Notified That He Will Be Killed at Church Today.

(United Press Leased Wire.)  
Cincinnati, Feb. 29.—The threat of meeting the fate of Father Leo Heinrichs, the Catholic priest killed at Denver last Sunday, if he appears in his church tomorrow, has been made against Father Mulvihill, pastor of the largest Catholic church in Cincinnati. The threat came in a letter to the priest today signed "Ryan." It declared Father Mulvihill will be killed if he tries to officiate at the Sunday services.  
A guard was at once placed over St. Paul's cathedral, of which Father Mulvihill is in charge, by the police, to whom the letter was given. As a result, about a dozen strangers who entered the cathedral and acted suspiciously were arrested tonight. All were foreigners. They, however, were released.

## MOTHER VISITS YOUNG GILLETTE

### Will Appeal to Authorities for Clemency for Boy Condemned to Death.

(United Press Leased Wire.)  
Auburn, N. Y., Feb. 29.—With iron bars intervening to prevent them from ever shaking the hand of the son they had traveled so far to greet and a sudden shutting off of all view of their loved one, Mr. and Mrs. Frank Gillette, of Denver, Colorado, paid a pathetic visit this afternoon to Chester E. Gillette, condemned to die during the week of March 30 for the murder of his sweethearts, Grace Brown.  
On its conclusion Mrs. Gillette, who is leading the fight for her son's freedom, announced that an appeal for executive clemency in Chester's behalf will be made. The legal fight has practically been abandoned.  
Although the elder Gillette is in poor health, he insisted on making the trip from Colorado to visit his son and to assist his wife in seeking clemency for the condemned youth.

## PORTLAND MAN HURT JUMPING OFF TRAIN

(Special Dispatch to The Journal.)  
Hood River, Or., Feb. 29.—Arthur McHenry of Portland is a patient in the Cottage hospital here as the result of an attempt to alight from a moving passenger train while it was passing over the bridge across the Hood River yesterday. McHenry jumped from the train when it was near one of the abutments to the bridge and fell 40 feet to the ground. In the fall one of his legs was badly fractured, his head cut and several teeth knocked out. It is feared he may also have sustained internal injuries.

# Opening Display of New SPRING WOOLENS

### The Columbia Woolen Mills Store invites the men of Portland to inspect the largest and finest line of high class fabrics in the west. All the New Season's Nobbiest Effects—the pick and the best of them.

Men who appreciate exclusiveness, style and character in their attire, will find everything that is commendable in the splendid gathering of new Spring Woolens, now ready for their selection at this store. We have outdone all previous efforts, for we have a larger line than ever before—the largest in the West, we are confident—and we believe it is beyond comparison and the finest ever assembled on the North Pacific Coast. The new novelties, new grays, blues, browns and green mixtures are all shown in bewildering array. The staple lines, as heretofore, are complete in every weave and shade. Columbia Tailoring means more this spring than before. It has established itself by reason of high quality of fabrics, splendid workmanship, invariably perfect fit, satisfactory wear and all 'round superiority. Last, but not least, the popular prices of Columbia Tailoring have had much to do with attaining its position of supremacy.
