

SOMETACOMA GOLFERS WHO COMPETED AGAINST PORTLAND PLAYERS

TRI-CITY CLUBS SIGN MANY STARS

Wick Whitehead Has Constellation Which He Is Sure Will Win.

Barring one or two teams, the Tri-city league clubs have made great strides in signing players for the season. In several cases but one or two battions remain to be filled, and this in many cases is done with the material at hand. This activity, of course, is on the part of the six clubs which hold franchises in the league. Salem and Astoria will probably increase the list to eight teams, and the capital city is almost a complete team on paper. Astoria seems to have nothing in view, and if nothing is done soon the directors will be looking around for another club to offset Salem's entrance. For the first time since the league was organized, the directors of the West Side team, of which Archie Parrott is captain and Wick Whitehead manager, has leased an extremely reticent concerning their stable lineup. However, the majority of the Frakes team of last year has signed along with some crack players whose identity is still veiled. The secrecy which has been so prominent heretofore is at an end. Now that Charlie Moore has decided to report at Aberdeen in April "Chub" Philbrick will have charge of the "Chub" second only to Moore in the estimation of the Saints, and he has all the qualifications of a good manager. He is assisted in the signing of the players and given his valuable services to the club in singling out likely candidates. With the possible exception of the West Side and Woodburn, none of the teams will bear any resemblance in make-up to last year's. The West Side still has a number of the old Brainard Cub players, but not enough to give it disposition as a successor to that team. So far as signatories have been secured, the teams will be about as follows:

- West Portland.**
Catcher, Antone; pitchers, Kotterman and Johnson; shortstop, Newell; first base, Archie Parrott; second base, Ash; third base, Anderson; outfielders, Joe Fay, Joe Fay's outfield, Rich Parrott, and Johnson and Northrup.
- East Portland.**
Catcher, Emerick and Thomas; pitcher, H. Gardner; second base, Barrell; shortstop, Troy Myers; third base, open; outfielders, Magnus, Tauscher and Lerch.
- Vancouver.**
Catcher, McBride; pitcher, Jack O'Leary; first base, Pender and Tim Concanon; second base, open; third base, open; outfielders, Ahern, Benny Briggs and Jack Blaser.
- Woodburn.**
Catcher, Huddleston and Nathan; first base, Lavier; second base, Coleman; shortstop, Shorey; third base, Hunt; outfielders, James Hunt, Chad and White. No pitchers signed. Hookouts for Callif and Jarmen, of Lem.
- St. Johns.**
Catcher, Otto Moore and Brock; second base, Gordon Brown; third base, Blbrick; outfielders, Ray Hinkle and ex. Oliver; pitcher, shortstop and centerfielders, already signed.
- Oregon City.**
Pitchers, Habernicht, Kelt and Lardner; infielders, Kruger, Day, Locke and Griffith; outfielder, Rummell.

WITH THE COASTERS

Ed Kennedy of the Beavers, who has been coaching the Columbia university during the late winter months, said to have developed a pretty fast bunch of youngsters at the big Catholic school. Kennedy, incidentally, has been getting into pretty good trim himself and thinks he will be able to bat the sphere from the start this year. Jack Bliss, who caught with Oakland last season, has come to terms with the St. Louis Nationals. Bliss is at first offered only \$1,800, and refused to sign for that amount, but has now come to an agreement with St. Louis that he says is satisfactory. Harry Walters may stay on the coast and wear a San Jose uniform this season. He was sold to Toledo, but traded to St. Louis. Walters not only cut his promised salary, but he refused to own transportation, which has made others threaten to join the outlaws. Heimuller has at last come to terms with Ed Walter of the Oakland club. He has signed a contract that means he will be with the Oaks the coming season. Heimuller did great work last season, his fielding being consistent, and his batting making him a favorite. The Oakland line is about complete. An additional catcher is needed. Dashwood is the only backstop now secured. Schentzel, of the Texas league, may come to terms and if he does, Walters has his hooks out for an easterner who is ranked very high. Under an arrangement that has just been completed Berry will have seven games in Los Angeles with the Los Angeles Americans. Team No. 1 has more time on its hands than was expected and the Los Angeles manager will fill in the vacant dates. Berry has another game with team No. 2 on March 11, and will have six games with the second team from March 17 to 21 inclusive. Team No. 1 will play at San Diego March 9 and 10, and team No. 2 will meet the Comstockers March 14.

PENTATHLON MEET IS PLANNED FOR MARCH 9

Y. M. C. A. Juniors Will Have a Chance to Show All-Round Skill.

Larry Larimore, the genial physical director of the Y. M. C. A. boys' department, is planning on holding a Big Junior pentathlon meet Monday, March 9. This meet was originally to have been held Friday, but the big game with the Muscatines has caused this event to be postponed a few days. Mr. Larimore has been spending a lot of time getting his boys in training trim for the contest and he has every hope that some of the previous junior standing records will be broken. Of a necessity the races are mainly against time, and however fast a runner may be he can never catch up with his invisible opponent. To avoid monotony an endeavor will be made to run one contestant against another in the distance runs, while the dashes will probably be run in heats. Although the program has not yet been definitely decided the following events will take place: Twenty-yard dash. Standing broad jump. Two hundred-yard run. Dips on the parallel bars. Running high dive. In the races one and three fifths seconds are allowed for the circular track. The percentage on the races are worked out on the basis of Spalding's Athletic guide, which enables the judge to comparatively place the positions of the men. Prizes there will be handsomely medals of gold, silver and bronze according to the points each contestant earns. No charge will be made for admission, as it is felt that this is one of the occasions on which the boys are entitled to bring their friends.

WEST PORTLAND HAS SOME SPEEDY TOSSERS

In Archie Parrott, Andy Anderson, Joe Fay and Northrup, West Portland will have four of the best men in the Tri-city league. Not only are they fast men but they are thinkers and know the game all the way through. Archie Parrott is the oldest player of the bunch. He has been playing baseball in Portland for the last 10 years and has always been a star. Andy Anderson rightfully belongs to Aberdeen, but as he has entered into a business venture which demands his entire attention, he has decided to give up professional baseball and devote all his time to his business. Joe Fay, too, has been playing baseball here for quite a while and last year played a number of games for the Portland Beavers at shortstop. His stick work has always been a little light for the Coast league but in the minor games he is a star hitter. Joe played a good game at short for Tacoma in the Northwest league in 1907, but the next year gave up professional baseball and played in Portland. Joe is one of the best little fielders in this part of the country and with a little more success with the willow would be a star in big company. Northrup, the outfielder, signed with the West side team, belongs to Spokane, but is not satisfied with his chances there and has decided to cast his lot with the Tri-city league. He is one of the fastest outfielders in the league and is said to be a fine stickler.

PORTLAND GOLFERS CAPTURE THE SERIES

Locals Win Eight Matches Out of Ten From Tacoma Players.

In the match played on the links of the Waverly Golf club yesterday afternoon between Portland and Tacoma the 10 Waverly players representing Portland came off with flying colors. The Portland golfers won every one of their matches except two, and one of these was in doubt until the end of the nineteenth hole, when Kershaw of Tacoma beat A. A. Wright of Portland. The only other Tacoma man to win his game was A. Bailey, president of the Tacoma club. He defeated Walter Bird 2 up and 1 to play. Although the total result was rather one-sided, most of the individual contests were very close and intensely exciting throughout. A considerable number of the club members were present as non-participants and followed the play with much enthusiasm. The day was damp and rainy, but the green was in excellent condition and the weather in no way interfered with the playing. The complete score of the Portland-Tacoma match, with the local players' names first, is as follows: J. Wesley Ladd won from C. H. Harley 4 up, 2 to play. A. A. Wright lost to Kershaw, 1 up, 2 to play. Parson's won from Parson's, 3 up, 2 to play. Murphy won from H. F. Griggs, 4 up, 2 to play. Young won from Fransola, 6 up, 5 to play. Gilbert won from Thompson, 6 up, 4 to play. Minor won from Stebbins, 7 up, 2 to play. Webb won from Smith, 2 up, 1 to play. Ayer won from Simpson, 6 up, 2 to play. Cuttingham won from Brown, 6 up, 2 to play. Bird lost to A. Bailey, 2 up, 1 to play. Last night a banquet was tendered the players and visiting Tacoma guests at the clubhouse.

CHICAGO UNIVERSITY PLAYS SEVEN GAMES

(United Press Leased Wire.) Chicago, Feb. 29.—The University of Chicago today decided upon a seven-game football schedule. This is a settlement on this question and makes a favorable majority of the conference in favor of seven games. This, however, is with the understanding that the schedule reverts to five-games to be decided, the opposing eleven for 1908 will be Minnesota, Illinois, Northwestern, Wisconsin, Indiana and some eastern team, probably Cornell.

REED AND HOLMAN WINNERS IN HUNDRED

(Hearst News by Longest Leased Wire.) Stanford University, Cal., Feb. 29.—A track meet was held at the university this morning for tryouts to determine the men eligible for the southern trip, which begins during the spring recess. In the hundred yard dash H. E. Reed of Portland was first and Holman, Portland, second. Time, :10 1/2.

COMISKEY SAYS HE'S TAKING CHAMPIONS

Chicago Americans Off for West, Accompanied by McCredie's Youngest Beaver.

(United Press Leased Wire.) Chicago, Feb. 29.—"I am taking the next world's champions on a trip to California tonight. That's the way the trip looks to me." That was the prediction of the "Old Roman," Charles Comiskey, Jr., before starting west with the coming season's White Sox. Comiskey, 24 of his ball-players, some wives, and a bunch of good friends, started at 9 o'clock tonight for California from the Rock Island station. There was noise and enthusiasm as the White Sox special pulled out of the depot. "The White Sox give promise of being the best team I ever had," declared Comiskey. "It may be a little early to make such a strong prediction, but that is the way they size up. They are veterans with much experience and good records ought to develop first-class players, good enough for any company. If we have no hard luck during the season, I think we will land the American league pennant, then the world's championship. I have always maintained that winning the American league championship is a big job."

DALLAS CLAIMS TITLE FOR COAST

Oregon College Challenges Snohomish for Championship Basketball Contest.

(Special Dispatch to The Journal.) Dallas, Or., Feb. 29.—The Dallas college basketball team is practicing faithfully for its game with the strong team from Muscatine, Iowa, in the college "gym" on Wednesday and Friday nights, March 4 and 5. The Iowa boys are known as a fast aggregation of basketball tossers, and the collegians are going to take no chances of dropping a game to them if it can be avoided. Dallas colleges has so far played 14 contested games, winning every one by scores of at least 2 and 4 to 1. A challenge has been sent to the Snohomish (Washington) basketball team to play for the coast championship. Snohomish claims to have defeated the team from Nome, Alaska, by two points, while the boys from Nome state that the game was a tie. Dallas defeated the Alaskans 33 to 23, and unless a game can be arranged with Snohomish will claim the championship of the coast, inasmuch as the Berkeley team, champions of California, were defeated by the Nome aggregation after the latter team was beaten by Dallas. No definite arrangement has been made yet for the game with Multnomah to decide the State league championship. Two games will be played—one at Dallas and one at Portland—and if the teams each win a game the deciding game will be played on neutral ground. Blemishes, pimples, eruptions, rashes, medicated by Satin skin cream soon disappear.

Y. M. C. A. BOYS WILL SETTLE CHAMPIONSHIP

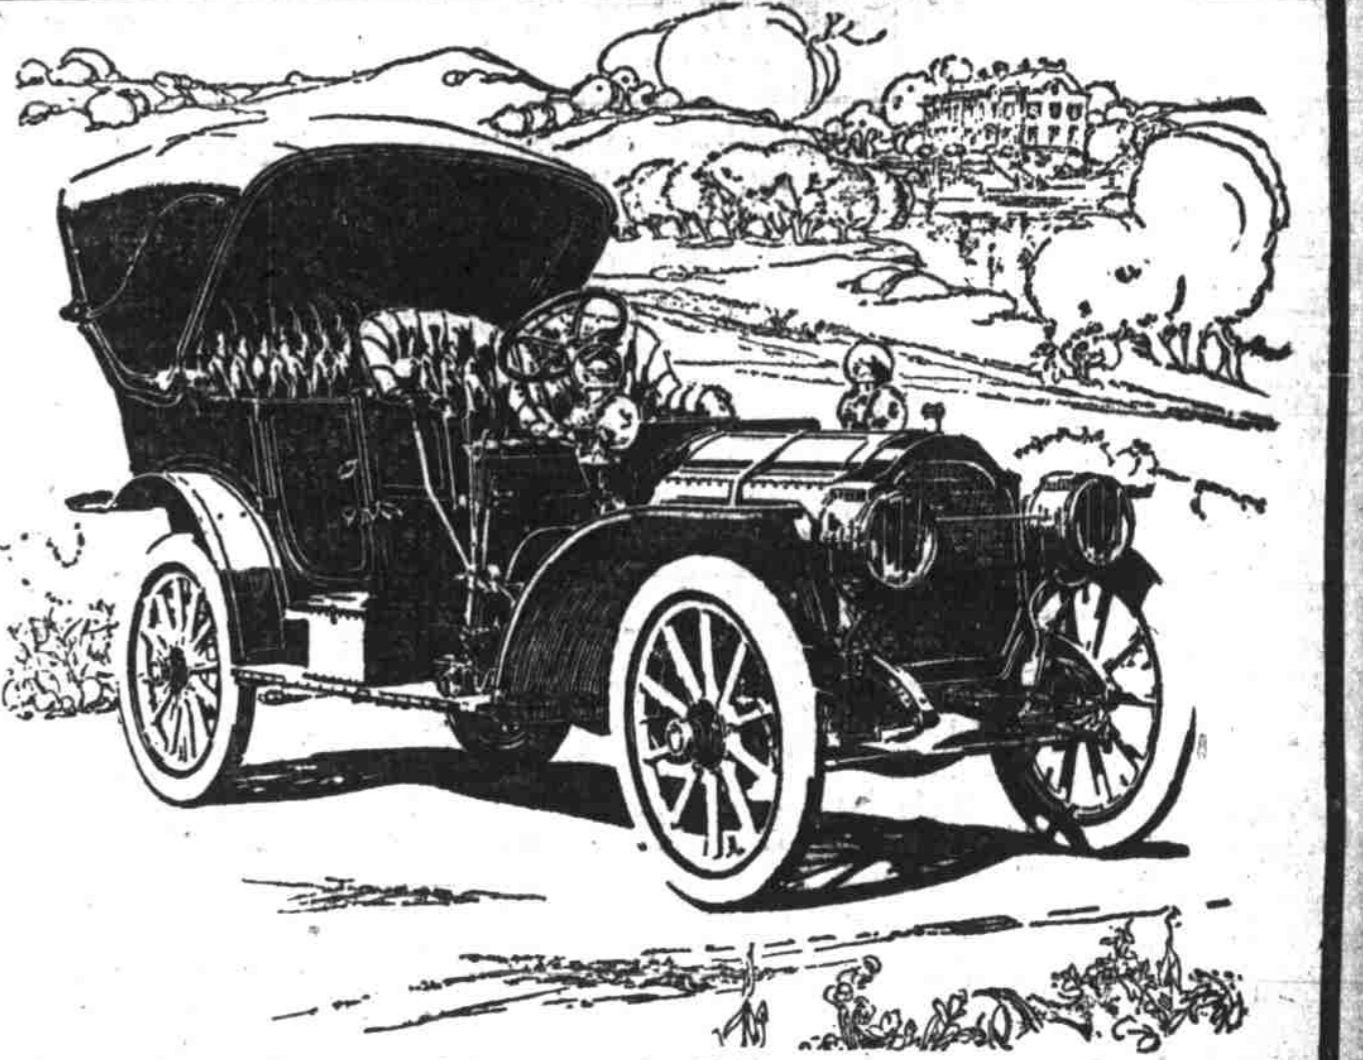

The physical director of the boys' department at the Y. M. C. A. is now arranging for the annual championship contest between the various classes. Each class has one and sometimes two basketball teams and it is the idea of the boys' physical director to let the classes fight the contest on the principle of the "Kilkenny Cats." The games will be run on the "double header" (two games a night) system till the champions can be acclaimed. The series will likely run on till the beginning of April, as the boys have some difficulty in getting vacant nights at the association. Mr. Larimore expects to enter three teams each from the business boys and intermediate classes, while likely the student or high school class will put two more in the field.
