

STRANGE PHOTO OF TRAIN WRECK.

Here is the strangest photograph of a railroad wreck ever taken. The two engines shown in the picture crashed into each other on the Northwestern railway of India, on December 27, and 20 persons were killed. The locomotives reared upright, forming an arch, while the debris of tenders and passenger coaches was piled high on all sides.

COTTAGE GROVE MILL MAKES PAINT FROM SIENNA FOUND IN WELL

Ellis Simmons of Cottage Grove, Oregon, who has made several valuable mineral finds in the mountains of Lane county, is in Portland with samples of sienna mineral paint, the product of a Cottage Grove mill, that gets its supply of raw material from a vein located by Mr. Simmons in that vicinity some years ago. While digging a well near Cottage Grove, 1/2 year ago Mr. Simmons discovered the deposit of sienna, which is now being converted into merchantable mineral paint by the mills of the Sienna Mineral Paint company. The company manufactures half a dozen different shades of yellow sienna paint, all of which are said to be equal to the

best grade of sienna imported from southern Europe. Mr. Simmons has made other mineral finds in that portion of Oregon which promise to become, when developed, important features of the mineral resources of Oregon. Among his discoveries is a fire brick clay which has been tested in Portland by chemists and pronounced to be equal to the best clay for making fire brick in the country. Mr. Simmons discovered an immense deposit of this clay which he will proceed to develop as soon as the title to the land on which it is located is secured. He also has samples of gray ochre and coal which he uncovered in Lane county.

LUMBERMEN MAD AT G. N. ROAD

Whatcom Falls Mills Declare Railway Charges Too Much for Freight.

(United Press Leased Wire.) Bellingham, Wash., March 3.—Alleging that the Great Northern Railroad company has made overcharges on shipments of lumber and shingles to the aggregate amount of \$2,813, the Whatcom Falls Mill company has begun an action in the superior court to recover this sum, and incidentally to stop a practice which it is claimed has been going for years and which is still continued. The result of the action will be far reaching on account of the fact that the decision will be precedent by which other companies dealing with the railroads will be guided in the future. The contention of the plaintiff company is that the bill of lading made out at the time of shipment specify the weight and freight charge on each car and that this should rule when delivery is made. Instead, it is claimed in the complaint that in the cases of the cars mentioned the road refused to make delivery to the plaintiff company at the eastern end of the line until the additional freight charges had been paid.

(Special Dispatch to The Journal.) Eugene, Or., March 3.—The regular March term of circuit court convened in Eugene yesterday. Judge Harris presiding. Simultaneously with their entrance at the latter place they were met by a colored man in livery, who rolled his eyes around in their direction until they (the eyes) looked like a pair of poached eggs on a Delft plate, and handed them a white-cloth-in-our-cup stare. "Musicians are supposed to come in at the other door," announced the colored man, pointing in the direction of the rear entrance. Meade ignored the suggestion, inasmuch as he was already in, and went over to check his coat. In the meantime the negro had noticed that Gilkey didn't seem to have any musical instruments with him. He wondered what license he had to get in. He walked over to Meade and drew him aside softly. "Who's your friend?" "Oh," says Meade, "he's all right. He just came along to carry water to the other musicians." **Confesses Forgery.** (Special Dispatch to The Journal.) Boise, Ida., March 3.—Charles Burgess is under arrest on the charge of attempting to pass a check on the Idaho Implement company to which the name of D. W. Ross, chief engineer of the reclamation service in Idaho, was forged. Burgess confessed to the crime that he forged the name of Mr. Ross. He came here last week from Falls. He is now in the city jail. Watch for it. Advertisement at Franklin-Barnes market on corner
