## INSTRUCTORS ORDER FIRE DRILL

(United Press Leased Wire.)  
New York, March 6.—With a mind picture of the awful disaster at Collinwood before their eyes, 2,000 pupils of the Dewitt Clinton school rushed from their seats and sprang for exits today when an alarm of fire was given.

In less than two minutes every one of them was safely on the street and no panic had occurred. The teacher in each room held the situation well in hand by organizing fire drills. The fire was not serious.

# TOBACCO WAR NEARING END

## Growers Win From Trust and Will Sell Last Year's Crop at Profit.

(United Press Leased Wire.)  
Lexington, Ky., March 6.—The negotiations have progressed nearly to the point where it can be stated as a certainty that the tobacco war in Kentucky, which has been fought vigorously for the past three years and which has been attended by rioting and incendiarism, will be settled immediately. Negotiations are now in progress between the American Society of Equity, the organization of the growers, and the American Tobacco company, commonly known as the trust. The company, it is stated, has agreed to buy of the society its 1906 crop held in pool and amounting to more than \$6,000,000 pounds. The agreed price is 15 cents per pound.

The three years' conflict which thus will be brought to a close in victory for the growers has cost millions in property, destroyed by "night riders," several murders, the extension of feuds and the apprehension of still greater trouble.

half of Nobusuro Hamaguchi, a Japanese arrested for entering the United States without inspection at the hands of immigration officials.

Hamaguchi claims to have had a passport to Hawaii. This, however, he says he lost at Vancouver, while on his way to the United States.

Mr. Veazie's contention is, in short, that there is no provision in the ruling of the department of commerce and immigration which makes it legal for the immigration authorities to deport a Japanese to Japan when the alien in question comes in by way of British Columbia and having come to that country from Hawaii as did Hamaguchi.

Passed by Vancouver Officials.  
Counsel for the Japanese now in custody claims that at Vancouver, British Columbia, the immigration department has inspectors whose duty it is to investigate all aliens and at that point they are granted the right to enter this country, providing they are not violating the contract labor or other well defined laws.

Mr. Veazie contends that while the department of commerce and labor has the right to make rulings with reference to immigrants, the questions of the deportability of the subjects taken in charge by the immigration officials under this law.

Hamaguchi came into the United States at the international boundary line between this country and Canada near Blaine, Washington. This was last fall. He was arrested in East Portland, having come here by way of Spokane.

United States District Attorney W. C. Bristol appeared for the government this morning and in arguing his side of the case referred to the Williamson case which was reversed by the United States supreme court. Incidentally he took occasion to mention the "great prosecutor" again in referring to Francis J. Heney. Mr. Bristol and Mr. Heney were both interested in the Williamson case and as the district attorney.

# REMOVE THE CAUSE

How to Remedy Much of the Suffering in Portland.

There is hardly a family in Portland where there are not one or more members who suffer at times from the effects of a weak stomach.

It may be that this occurs only after eating some food that does not agree, or because of a supper late at night, or it may be that the stomach is so weak that scarcely any food can be eaten without pain and distress.

The only way to treat a condition of this kind successfully is with Mi-o-na. It removes the cause of indigestion, weakness, flatulence, sleeplessness and many other disagreeable symptoms. The remedy that can be absolutely relied upon to cure this condition is Mi-o-na, for this removes the cause of the suffering, the weakness of the stomach and intestinal tract and restores health so that all food is easily digested without pain or suffering.

Get well and strong by using Mi-o-na tablets. Take the remedy at the first symptom of indigestion, when you can be cured easily with a few doses. However, no case of stomach trouble is too severe or chronic for Mi-o-na to overcome.

Woodard, Clarke & Co. sell it under an absolute guarantee to refund the money unless the cure. A 50-cent course lasts for a couple of weeks, and will do more real good than a dozen boxes of the ordinary digestive tablets.

# EVANGELIST COBURN TALKS ON REPENTANCE

"Repentance" was the subject of Evangelist Coburn's sermon at Taylor Street church last night. Repentance, said Dr. Coburn, "is taking God's way of thinking instead of man's way of thinking concerning himself, concerning his son Jesus, concerning the Holy Ghost and concerning the church, which is a divine institution."

Dr. Coburn placed great stress upon church affiliation and living the life which the church recognizes as the Christian life.
