DR. TAYLOR, The Leading Specialist

BIG COLLEGE IN BOAT SQUABBLE

Stanford and California Fence on Rowing Date—Amendments Made Rules

(Special Dispatch to The Journal.)
Stanford University, Cal., March 6.—As over 30 days have elapsed since the last meeting of the intercollegiate agreement committee, which was held in San Francisco last in January, and as no notice has been received from California relative to the various amendments passed at that time, it is assumed here that no objection has been made to them, for each university has only one month in which to refuse ratification.

Stanford has refused to adopt the provision concerning the intercollegiate freshmen baseball game, so that only two amendments remain to be adopted by the Cardinal and the Blue and Gold.

The first of these refers to the place of the third varsity baseball match, provided that when one is necessary it shall be played alternately on the campuses of the two universities. The other clause that has been mutually agreed upon makes seven the maximum number of men that may be entered by either college in any event of the intercollegiate rowing.

No agreement has been reached for the date of the intercollegiate regatta, Manager Snediger of California, when he left the conference last Friday, gave the impression that he would try to have California agree to row Stanford on the date of the regatta. But Captain Witter of the California crew has informed Manager Knapp that the California men would row on April 11 or not at all.

The whole trouble has arisen since California's refusal to rent Stanford a boat when the time came to do so, though an agreement had been entered into. Should Stanford get a shell she would be able to row at an earlier date, but that now seems improbable. Any date later than April 21 would interfere with the examination at the state university.

Coach Turner visited Coach Murphy in San Francisco yesterday and found him improving his recovery is slow, so that the date of his coming to the campus is uncertain, but it is expected to be in the near future.

AMOTORISTS BRACKET AND TALK GOOD ROADS

Automobile Club's Annual Affair Serves to Start Improved Roads Campaign.

(Special Dispatch to The Journal.)
Portland, Ore., March 6.—The annual banquet of the organization last night. Good roads was the principal topic of the evening. President Lewis Russell presided at the meeting, and among those who spoke were Charles F. Swigert, Dr. Andrew Smith, County Assessor B. D. Sigler, R. L. Sablin of the city executive board and Chester A. Whitmore of the Rose Festival committee.

Mr. Swigert advanced the argument that automobilists should be taxed from \$100 each, according to the car owners, and that the fund accruing therefrom should be set aside for road improvement. He was a strong advocate of the proposed improvement, and believed that in time it will become a fact.

Dr. Smith was in favor of the Pacific coast auto course, but believed that the autoists should not be taxed for the building of such a road. He said he believed the legislature should be covering the proposed improvement, and suggested that an effort be made by the club to encourage interest and present the matter to the state legislature at its next session.

A vote of thanks was tendered the committee in charge of the banquet, which was composed of Sol Blumauer, Will F. Lipman and Henry Wempe. The commercial club dining room was appropriately decorated for the occasion.

OREGON BEGINS HER TRACK WORK TONIGHT

State Varsity Classes Will Compete in Indoor Athletic Game Events.

(Special Dispatch to The Journal.)
University of Oregon, Eugene, March 6.—The track season will be officially opened here tonight with a big indoor meet, between the classes. About 40 men will take part. Track events, wrestling and tug-of-war contests will be featured.

A 300-yard and a 25-yard dash, a 1,000-yard run, high jump, shot put, broad jump and pole vault will be the chief events. The Eugene High school men will compete in two events, among themselves.

Prizes are offered by the merchants to the winners of the various events. The idea of the management is to give an impetus to early spring work. A number of new men will make their initial appearance tonight.

ABERDEEN MANAGER NEEDS ABOUT \$5,000

Business Men See Value of Black Cats and Will Give Support.

(Special Dispatch to The Journal.)
Aberdeen, Wash., March 6.—The victorious pennant-winning Black Cat baseball team was considered such a good advertisement for this section of western Washington that President Macfarlane of the baseball association anticipates but little trouble in raising the necessary cash to keep the team in the field this season.

By many the Cats were considered the most valuable asset in the advertising line that was ever put out from Gray's Harbor, taking the name into sections where it had never been heard before and would not have been published if it had not been for the team. The sum of \$5,000 was collected to keep the team going during the winter. It is thought \$5,000 will probably be sufficient this year.

There is every reason to believe the team will be fully as good, this season as last, as Manager Brown has succeeded in securing most of the good players he could get. The team was led by J. E. Thompson of Omaha, whom Brown considers as good as Higginbotham. The fans in this section are looking forward eagerly to the opening of the season.

REMARKABLE CONVICT WHO PUT PRISON ON BUSINESS BASIS HAS SERVED TIME.

(United Press Leased Wire.)
Washington, March 6.—Augustus W. Machen, one of the ringleaders in the postoffice graft cases, and whose trials established a record for hard-fought criminal cases in which the federal government has been interested, is about to become a free man again. Machen was sentenced to serve two terms of two years each in the West Virginia penitentiary at Moundsville. His good behavior has had the effect of reducing the time to three years and at midnight tonight his sentence expires. He is expected to join his family in this city tomorrow morning.

The officials at the Moundsville prison say Machen proved himself to be the most capable prisoner who has ever been incarcerated there. His work has had the effect of placing the prison on a business basis equal to that of any establishment—prison or otherwise—in the country. So important were the reforms instituted at his suggestion and so valuable were the changes made, that the committee of the state legislature wanted to compliment him in their report of an investigation made of the prison, but he objected to receiving the compliment.

Machen's work in prison has been of such an important character and his conduct so exemplary that he has been granted many extra privileges during his confinement. He has never spent a night in a cell, has had his own quarters in a large room on the given floor of the prison. His work required his presence in the main office of the prison at all hours, but he has been nothing unusual for him to start on his work as early as 6 o'clock and to remain up until midnight. During such times as he is not working he does not require his attention he has been studying French and German and is said to have become proficient in both languages. He was not required to wear the stripes of a convict, and persons having business with the prison transacted it with him without being the slightest idea from his appearance that they were dealing with other than a paid officer of the institution.

Machen is said to be in the picture of health, his condition being much better than it was when he entered the prison. He is said to be a white and bright man, and is said to be in better physical condition than when he was committed, but he is in splendid physical condition. During the three years that he has been deprived of his liberty he has not been a member of his family, but a photograph of all of them has formed a part of a glass paper weight on his desk. It was his wish that the members of his family should not see him in prison, and his wish was respected.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

My Fee for \$10 In Any Simple Ailment

Pay Me After I Have Cured You

In the first place, this man was of strong and healthy appearance, and began by telling me he was never sick in bed for a single day as far back as he could remember. His symptoms were lack of ambition, vim, energy and power to concentrate his mind.

Questioning him as to what he thought caused his trouble, he admitted excesses in early life, and confessed to a slight disorder contracted some five years past. By advice of well-meaning friends he tried prescriptions, which helped to a certain point, but failed to go beyond that. His next step was to consult a doctor, and he sought out one with a large general practice and good reputation. The doctor cheered him with the assurance that he would undertake the treatment of his case, asked him a few questions and prescribed medicine, both for local and internal use. For the first few weeks he improved so much that he discontinued his visits to the doctor to stop the drain on his purse. A little later he had a relapse which was very discouraging, especially as he felt the weakness coming on, which caused pains in the back, sleeplessness and general lassitude. He sought help from a specialist for disorders like his own, but soon realized that he was in incompetent hands. The specialist, who had been in business but a short time, closed his offices and went away. Following this the sufferer was attracted by the claims of a doctor who told him that he must get next to Nature, and that Nature was sewed up just inside of his electric belt. It cost him about \$100 to find out that electricity would not help a bit.

In a very skeptical and hopeless frame of mind this man came to me. I examined him in a manner that he admitted he was never examined before. I found the exact cause of the whole trouble, explained it fully to him, together with my plan of treatment, and guaranteed him a perfect and permanent cure, and offered to let him PAY WHEN CURED. Last week he said he felt as good, sound and healthy, as strong in vigor, as he ever had in his life.

I proved to this man that the whole secret of my success in curing WEAKNESS, VARICOCELE, HYDROCELE, CONTRACTED DISEASES, CONTAGIOUS BLOOD POISON was knowing definitely what treatment was indicated and how to give it. There is no mystery about my methods or medicines. My knowledge of Men's Ailments is superior because I have devoted all my time for the past twenty years to this one branch of the human machinery.

I Cure All Diseases of Men

My experience along this one path qualifies me to say positively that such troubles as Spermatorrhea, Varicocele, Hydrocele, Contracted Disorders, Contagious Blood Poison, Stricture and "Weakness" can be cured perfectly—so as to stay cured. Of course I use different methods than the ordinary physician. Most of those are original with me and were devised for just such cases as the ordinary courses of treatment fail to reach.

I Have the Help You Need

I find the cause of the trouble first, and direct treatment to that always. My aim is never to hide the symptoms, but to cure the ailment completely and thoroughly. My success is based on these methods which must sooner or later be applied to your case.

Consultation and Examination Free

If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 9 p. m., and Sundays from 10 to 1.

WITH THE COASTERS

Portland has made an auspicious start toward the 1908 pennant. Of course the team played with an inferior lot but it was the first time the team had lined up together and their showing is a creditable one. Nine to three is a pretty good score to start with. An organized team in the first game, especially when that team holds the championship of the Pacific coast fleet.

MUSCATINES PLAY Y. M. C. A. TONIGHT

Crack Iowa Basketball Team Will Line Up Against Portland Stars.

There will be two big games at the Y. M. C. A. tonight, when the long-awaited engagement between the famed Muscatine champion basketball team of Iowa and the local association team will be fulfilled. That the Muscatines possess a strong team is undoubted. Their defeat of the Dallas collegians speaks volumes for this, but nevertheless the Y. M. C. A. ventures to hold some hopes. Captain Hartman anyway, has no doubts and while sure the game will be hot is confident that the Portlanders will pull it out.

Prior to the big game Columbia High school will play the Y. M. C. A. second team at 7:30. The Columbia team will show some form but they will not be tonight for the schoolboys, who hold the intercollegiate championship, are determined to take one from them. The first team will line up: Hartman, C. Gordon, forwards; Young, center; L. Gordon, Pugh, guards.

BENEFIT MATCHES AT MERRILL'S TONIGHT

Molders' union No. 132 will give a benefit boxing and wrestling tourney to-night in Merrill's hall, five ring and ten mat bouts being scheduled for the entertainment of the guests. Following are those who will take part in the entertainment:

Frank Saxe vs. Tom Corbett, at 145 pounds; Charles Bangell vs. Frank Rodgers, at 145; Fred Saxe vs. unknown, at 145; Bert Bailey vs. Ed Anderson, at 130; and James Donauke vs. Sam Algers, at 135. The wrestling bout will feature Charles E. Snaffer and Walter Delberg, at 170 pounds.

Willie Lewis Going Abroad.

New York, March 6.—Willie Lewis, who has been working his way toward the front in the middleweight division at a fast clip lately, has decided to take a try at the boxing game abroad. He has engaged manager A. S. Hickey, and manager and intends to sail for France tomorrow. He has completed partial arrangements for several fights in Paris, where pugilism is just now enjoying more favor than was ever the case before in the French capital. His first match will probably be with Marc Gauthier, the French champion.

Cricket Club Elects.

The following officers were elected at a meeting of the Portland cricket club to-night:

President, Paul Henderson; vice-presidents, S. L. N. Gilman, A. M. Crocker, C. Blakely; secretary, J. C. Cummins; treasurer, A. S. Hickey; captain, E. Fenwick; vice-captain, P. Chaplain; committee, R. R. Ryland, W. A. Smith, S. Mills, J. Leigh, W. Shipley.

PIMPLES

"I tried all kinds of blood remedies which failed to do me any good but I have found the right thing. After using Doan's Pills my face is clear and my head is clear. I feel like a new man. I am glad to see the use of them and recommend them to my friends. I feel like a new man. I am glad to see the use of them and recommend them to my friends. I feel like a new man. I am glad to see the use of them and recommend them to my friends."

Annual Sale, Ten Million Boxes

BEAVERS WIN FIRST GAME OF 1908 SEASON

With Pernoll in Box Portland Defeats Jackies From Tennessee.

(United Press Leased Wire.)
Santa Barbara, Cal., March 6.—The Portland baseball team of the Pacific Coast league played its first game of the season of 1908 yesterday. Seven members of that organization now here enlisted the services of two local players and defeated the nine of the United States cruiser Tennessee in a good game by the score of 9 to 3.

Pernoll and West composed the battery for the Beavers, while Blaylock and Gorsch acted likewise for the Jackies. The Jackies played a good brand of ball, but the Portland men went them some better and showed surprising strength for the first game.

DENVER SAYS ENGLE IS ASKING MAC FOR TRIAL

Denver papers are saying that George Engle, the old pitcher who helped win the Northwest league pennant for Portland in 1907, will probably be a member of the Beavers again this year. Engle belongs to the Denver club but is anxious to make a change, it is said.

Just what he is doing in the matter that Mac and Engle are in correspondence is not certain. However, it is not believed that Mac will take the trouble to trade for his young slabs for the old veteran.

Engle has served his time in the minor leagues and whether or not he could hold his own in the Coast league is a problem that few care to discuss. More than likely the company would prove too fast for the former star.

WASHINGTON INVITES TO TENNIS TOURNAMENT

(Special Dispatch to The Journal.)
University of Oregon, Eugene, March 6.—A letter has been received from the University of Washington asking the tennis tournament be held at Seattle at the time of the triangular track meet. June 1, Washington has invited four colleges, Idaho, Oregon, W. S. C. and Whitman. Tennis couples are expected to pay their own carfare. The tournament will be held in the morning and the track and field meet in the afternoon.

Detroit Champions Start South.

Detroit, Mich., March 6.—Manager Jennings, with a majority of the players of the champion Detroit team of the American league, starts south today for the spring practice trip. The team will make its headquarters at Hot Springs, Arkansas, for about a week and will then play a number of exhibition games in other parts of the South and neighboring states. Pine Bluff, Little Rock and Memphis will be the scenes of several practice games, and then the start northward will be made. The itinerary arranged for the trip home provides for games at Louisville, Terre Haute, Indianapolis, Toledo and Cincinnati.

Thompson and Murphy Ready.

San Francisco, March 6.—"Cyclone" Johnny Thompson and Johnny Murphy have finished their training and appear to be in fine fettle for their contest tomorrow. The contest will be for 25 rounds and will be pulled off under the auspices of Croft's club here. Billy Roche has been decided upon as referee.

Thompson and Murphy are regarded as two of the best fighters who have come to the front in the Coast during the past year or so. They are evenly matched and are counted upon to furnish one of the liveliest contests that has been seen here in some time.

This Day in Sport Annals.

1883—At Coney Island, Jack Dempsey defeated Billy Dacey in nine rounds for \$40 purse and lightweight championship.

1886—The Northwestern League of Baseball clubs organized at Eau Claire, Wisconsin. Captain A. H. Bogardus, champion wing shot, announced his retirement from championship contests.

1891—Captain Andrew Manning, "the father of yachting," died at Clinton, Massachusetts, aged 88 years.

1907—At Peoria, Bill Papke defeated Billy Rhodes in 10 rounds.

Interest in Pool Tourney.

Much interest is being shown in the billiard and pool tournaments in progress at the Commercial club. There are something like 50 contestants in the billiard play and about half as many in the 16-ball and bottle pool matches. The tourney closes on March 25 and the finals will be played off after that date.

Makes New Auto Record.

Ormond, Fla., March 6.—Emmanuel Cedrino, driving a two-horsepower Italian car, covered 300 miles yesterday in 3 hours and 58 minutes and 44 seconds, establishing a new record.

Handy Makes New Record.

(United Press Leased Wire.)
New York, March 6.—H. J. Handy of the Illinois Athletic club of Chicago last night broke the world 100-yard breast stroke swimming record. His record was 1:17 3/5.

SWANN AND BILYEU AID IN BEATING MUSCATINE

(Special Dispatch to The Journal.)
Corvallis, Or., March 6.—Oregon Agricultural college, returning to Swann and Bilyeu, the two crack collegian members of the famous Alaskan basketball team, which recently toured the coast, administered a telling defeat to the champion Muscatine team last evening. The score was 34 to 28.

Without doubt the greatest basketball ever seen on the local court. This is the first defeat of the tourists in Oregon and the tenth on their trip, which has comprised 80 games.

ALBANY ORGANIZES A BIBLE SCHOOL

To Be Made an Annual Event, to Employ High Talent and Draw From Everywhere.

(Special Dispatch to The Journal.)
Albany, Or., March 6.—The conference will be held here in July, continuing probably two weeks. It is proposed to open the sessions to the state at large and make this an annual event. The best of talent will be obtained and regular daily classes conducted according to schedule. The matter is being promoted by president Harry M. Crooks of Albany college, and by Superintendent Sanders of the public schools. An organization has been effected and committee appointed to make of this coast talent.

The evening sessions of this conference will be public and addressed by men of eminence from all sections. A specialty is to be made of Pacific coast talent.

The Bible school will give an opportunity to combine an outing and a profitable course of training under the best instructors.

Oregon City and Ashland have their churches and societies endorsing the school. Albany college and the next general election preceding the election of a senator, without regard to his individual preference.

LANE MAN MODIFIES STATEMENT NO. 1

(Special Dispatch to The Journal.)
Eugene, Or., March 6.—Augustus C. Jennings, who has previously represented Lane county in the legislature, has had county clerk and has and several other public offices, has filed his petition for the nomination of representative on the Republican ticket. It is his platform he states that if nominated and elected he will give attention to each and all bills and resolutions proposed and earnestly endeavor to secure their passage. He will also endeavor to secure economical, equitable and just legislation and to graft money from the state treasury. He further states that he will vote for that candidate for United States senator who has received the highest number of Republican votes in that position at the next general election preceding the election of a senator, without regard to his individual preference.

Logger Fatally Hurt.

(Special Dispatch to The Journal.)
Hoquiam, Wash., March 6.—John Strum, 24 years old, a logger employed by the Hoquiam logging company, received fatal injuries, being crushed between two logs, while loading cars.

Eye glasses \$1.00 at Metzger's.
