## FIRE FIRST GUN IN NEW EMPIRE STATE

### First Action Baseball Picture of the Season That Has Been Snapped Anywhere

Three Yankee stars in training at Hot Springs. Keeler is bunting, with Kleinow behind the bat. On the right is Happy Jack Chesbro. This is the first snapshot of any ballplayers in action taken in 1908, and serves to remind the fan that the time for play is not far off and that scores of actual battles will soon take the place of winter dope.

### Republican Committee Is Holding Session Behind Closed Doors Today.

(United Press Leased Wire)

New York, March 7.—The meeting of the Republican state committee in this city today marks the real opening of the presidential campaign in the Empire state. Pursuant to the call of Chairman Timothy L. Woodruff the committee went into session behind closed doors this afternoon to decide the time and place for holding the state convention. The state convention, in addition to naming four delegates-at-large to the national convention, will choose a new state committee which will conduct the fall campaign.

Now that the general assembly at Albany meeting the close of its session there is nothing to prevent an early convention, and it has been practically decided upon to hold the convention the second week in April. The convention will probably be held in this city. The primary to elect delegates to the assembly district conventions for the purpose of sending delegates to the state convention, which in turn is to elect the delegates-at-large, are by law to be held the last Tuesday of March, which this year will be March 31. The same primaries will elect delegates to the congressional district conventions.

The congress districts are autonomous when it comes to choosing delegates, so that the state convention will not be able to instruct more than the four delegates-at-large. Whether or not the delegates will be instructed is said to rest entirely with Governor Hughes. If the governor and his friends want them instructed they will undoubtedly be sent to Chicago pledged to vote for the "big four" and other matters pertaining to Republican politics in New York.

The candidacy of Hughes for the presidential nomination seems to be about the only point on which the rival factions are able to agree. On all other matters the rival factions are determined to fight it out to the bitter end. Chairman Woodruff and his friends, who are in close touch with President Roosevelt, declare there will be no compromise with the "big four" delegates-at-large to be among the four delegates-at-large to the Chicago convention. If their plans go through, Chairman Woodruff and Secretary Root will be two of the "big four." The other two have not been decided upon, though Secretary Cortelyou, President Schurman of Cornell university and ex-Mayor Seth Low were considered.

It seems to be accepted as a foregone conclusion that the two national convention veterans, Senators Platt and Dileweg, are to be left outside the breach works. While the 10 or 12 men who control the Republican organization in New York are chary about expressing themselves plainly in the matter, they have allowed the impression to become current that neither of the senators is likely to go to Chicago as delegate-at-large.

The explanation is that a new political generation is in control of this state, a new page has been turned, and many "old, familiar faces" will not be seen as often as formerly in high places in Republican national conventions.

## LOCAL HORSES AT VANCOUVER SHOW

Portland Fanciers Will Ship Thoroughbreds Monday for Canadian City.

Vancouver's first annual horse show will be brightened by the presence of a carload or more of the classiest show horses in Portland, which will be shipped to the British Columbia city next Monday night. Local Hunt club members are taking an early start for the north so that the horses will have a week to be toned up and accustomed to the ring, the show being held March 29, 20 and 21.

Portland will also be honored socially by Vancouver society, a supper being one of the means of providing entertainment for the Oregon visitors. At this affair only Oregonians will be present outside of the hosts, several of whom belong to the British peerage. The distinction is one that is seldom accorded and is done in view of the interest taken in the Rose City over the enterprise of the neighboring town.

In addition to the show a big paper chase has been prepared for the visitors from the states. While Mr. Tongue, owner and rider of the famous Oregon Kid, has not given a definite answer as to whether or not he will go along, it is believed that Portland would carry off the honors in this event. Another horse that is expected to win honors is Frank, the crack jumper owned by Otto Breyman. Frank was a winner in the Portland and Seattle horse shows last winter and is one of the best on the coast at this interesting event of the show ring.

Owing to the fact that it was impossible to call a meeting of the club between now and the time to ship the horses out of Portland, the names of those intended to enter the animals may be left with A. M. Cronin, 129 First street, who will make reservations in the car for the horses.

## MUSCATINES CINCH ANOTHER CONTEST

Iowa Players Capture Fast Basketball Game From Y. M. C. A. Quintet.

The Muscatines, the Iowa basketball team touring the west, added another victory to their long list when they defeated the local Y. M. C. A. by a score of 31 to 26. Continued wrangling took away a great deal of interest, which otherwise should have been attached to the contest. Basketball is on its first legs in Portland and no good is done the sport by the ragging that has characterized many local games.

The Muscatines showed their superiority over the locals more from the fact that they kept their heads and played ball all the time and allowed their opponents to do all the hard work and kicking. They played as clean a game as one could wish to see and for fast work and accurate passing had the local team beaten greatly. Fuller, a very small man, was especially fast, and the win in which he raced away from his opponent was a sight worth seeing. Williams, the center, was an exceptionally fast man, too, and played all over very good. Kautz' foul throwing was very good, too.

For the locals, Hartman and Russell showed best, and scored most of the points for the home team. Hartman was in good form in throwing baskets from fouls, while Russell made some pretty long shots and his passing was very good.

Mr. Fisher of Muscatine handled the whistle, and did very well, despite the opinions of a very partisan audience.

The lineup was as follows:  
Portland. Position. Muscatine.  
Russell. Forward. Kautz.  
Hartman. Forward. Fuller.  
Gordon. Center. Williams.  
Pugh. Guard. Hayes.  
Morgan. Guard. Morgan.

## OREGON ATHLETES IN INDOOR GAMES

Moullen Wins Greatest Number of Points and New Men Show.

(Special Dispatch to The Journal.)  
University of Oregon, Eugene, March 7.—The indoor track meet held at the Armory last night was a complete success. Moullen was winner by points, making 15, and was presented with a handsome bathrobe, donated by S. H. Friendly. He also won other prizes for each separate event. The prizes were donated by local merchants and the winner of each event was awarded one Herr Prescott, president of the student body, made the presentations and also awarded the two beautiful cups which were won by the Freshmen in the inter-class relay and cross-country runs held a few weeks ago. Besides these each member of the Freshman relay team was given his gold medal and Slivers, '11, Wood, '09, and Downs, '1, were given gold, silver and bronze medals for their places in the cross-country races.

The events and winners last night were:  
Forty yard dash—Bristow, first, Moore, Kuykendall, 300 yard dash, Moore, first, Kitz, Rice, 300 yard dash for High school, Kuykendall, first, Ellmaker, high jump, Moullen, first, Taylor and McIntyre, tied second; pole vault, Moullen, first, Roberts, Robinson, broad jump, Kuykendall, first, Bristow, 1,000 yard run, Woods, first, Slivers, Hoover, 12-pound shot, Moullen, first, Voltz, McIntyre, 40-yard dash for High school, Krierer, first, Ellmaker, Kay.

The scores were broken and little can be gained as to the team from this meet, owing to the crowded quarters. Besides the track events there were wrestling, which means that the 160-pound class, and Ramp defeated Welterberg in the finals. Ramp easily defeated Morgan, the 145-pound class May and Lyman were very evenly matched, Lyman outweighting May, yet with difficulty. Green, as May showed great science. In the 165-pound class Taylor defeated Sweek and the heavy-weight bout between Zacharius and Moullen was declared a draw.

The sophomore team in the tug-of-war contest consisting of Clarke, Scott, Storee, Voltz and Neal defeated the Freshman, and the senior team, Gardner, Zacharius, Stevens, Rockford, and McArthur defeated the juniors.

Ed Smith's Eugene team, composed of White, Haggard, Gross, McCorrick and Simpson, was awarded the decision by a few inches over a picked varsity team.

## Columbia Wins Preliminary.

The second Y. M. C. A. team lost to Columbia university as a preliminary to the bigger game and furnished one of the cleanest and fastest games ever played on the association floor. Columbia went into the game without practicing and, with a lead of 13 to 3 against her after the first 10 minutes of play, she struck her stride again and finished the game five points to the good.

The lineup was as follows:  
Y. M. C. A. Position. Columbia.  
Pauch. Forward. F. G. Gleson.  
Sill. Forward. F. G. Gleson.  
Sheets. Center. Quinn.  
Roberts. Guard. Macdonald.  
Yosper. Guard. Walker.

San Francisco, Cal., March 7.—Johnny Murphy and "Cyclone" Thompson weighed in at 10 o'clock this morning as a preliminary to their 25 round fight, which is slated for this afternoon in the Mission arena. Murphy's pugilistic stock has gone up several notches since his recent good showing against "Kid" Scaler, and considerable money is being wagered on his ability to receive the decision in his go with Thompson.

## OREGON COACHES PAID BY STUDENTS

Not One Cent Goes to Athletics From State Appropriation Fund.

(Special Dispatch to The Journal.)  
University of Oregon, Eugene, March 7.—An article criticizing the employment of Coach Forbes by the football management comments on it as an outrageous expenditure of money for a university, evidently under the impression that the university foots the bill. This, however, is not the case, as all expenses connected with the football team are paid from the proceeds of games.

Last season Oregon's share of the net proceeds of the Idaho game was approximately \$1,000, of the Corvallis game, \$1,000, and of the Multnomah game, \$2,000. It was from this money that Coach Frost was paid and all other expenses met.

The entire management of student affairs is left in the hands of the student body and the university merely subsidizes the management. Every cent of expense of the various teams is paid by the students and does not come out of the university appropriation made by the state legislature.

## BREWERS TO FIGHT PROHIBITION WAVE

Chicago, March 7.—Leading brewers from all parts of the country, at a meeting held here, have taken steps to counteract the effects of the wave of prohibition now sweeping over the country. They will conduct a campaign of publicity and one of their first acts will be to investigate conditions all over the country with reference to the liquor business, in both "wet" and "dry" towns and to publish the results of this investigation.

The number and variety of exhibits in the show this year is also a record breaker. Practically all of the leading models seen at the recent shows in New York, Chicago and other cities are to be displayed. The whole of the first floor and basement have been filled with cars, while the second floor has been given over to the display of motor cycles and automobile accessories. The exhibition will continue through the whole of the week, and the dealers are expecting a large attendance and numerous sales.

## BOSTON'S AUTO SHOW WILL OPEN TONIGHT

Boston, Mass., March 7.—The sixth annual Boston automobile show, which opens in Mechanics' building tonight, promises to eclipse all former exhibitions of the kind held here. The entire building has been given over to the exhibition, which means that more than 100,000 square feet of floor space will be filled with motor cars, sundries and accessories.

The decorative scheme has been carried out on a scale of great magnificence. The main hall has been converted into a Japanese flower garden, with fountains, royal palms, Japanese hedges and pergolas, and the exhibition booths separated by lattice work covered with flowering wisteria. Japanese gateways, with beautiful pedestals and lanterns, and a profuse display of the Japanese
