

# Hood's Sarsaparilla

For More Than Thirty Years

THE GREAT MARCH—APRIL—MAY REMEDY

In thousands of homes, for more than thirty years, Hood's Sarsaparilla has been taken, as a Spring Medicine, by practically every member of the family.

**Peculiar to Itself** in what it is and what it does, it combines the best blood purifiers, appetizers and tonics, and effects complete and permanent cures of

**Spring Ailments**—blood diseases, stomach, liver and kidney complaints, loss of appetite, that tired feeling, and all low or run-down conditions of the system.

**This Spring**—owing to the uncommonly unhealthful conditions that have prevailed during the winter, Hood's Sarsaparilla is more than ever needed to purify, enrich and revitalize the blood and restore health and strength.

**Take Hood's**—it will make you feel better, look better, eat and sleep better. It succeeds where others fail. It makes the sick well; the weak, strong.

**Under the Pure Food and Drugs Law**, no change was necessary in this successful medicine, to conform to the law or to public sentiment. It is perfectly pure, genuine and reliable.

**Run Down**—"I was in the civil war and my exposures at that time cause me to run down easily. Hood's Sarsaparilla hits my needs exactly, as it gives me a thrill of new life and builds me up each season." CAPT. J. P. THOMPSON, Registrar of Deeds, Lowell, Mass.

**An Excellent Medicine**—"My father has taken Hood's Sarsaparilla as a blood purifier and tonic in the spring, and other members of the family have also used it when run down and out of order generally. It soon makes them feel all right again, and they regard it as an excellent medicine." MRS. RILLA HISCOX, Toulon, Ills.

**Be Sure to get Hood's Sarsaparilla and only Hood's.**

Hood's Sarsaparilla is sold in usual liquid form or in the new form of chocolate-coated tablets called **Sarsatabs**, prepared from Hood's Sarsaparilla by a process of distillation and evaporation, and having identically the same curative properties. 100 Doses One Dollar. ## TAFI COSES HIS CONCH

### Fat Secretary's Strength Being Undermined—Even Roosevelt's Assistance May Not Be Enough to Nominate Him.

Washington, March 7.—Total number of delegates, 950; necessary to nominate, 491. Delegates thus far elected: For Taft, 64; for Fairbanks, 27; for Cannon, 1; uninstrued, 8; contested, 16; total, 116.

(United Press Leased Wire.)  
Washington, March 7.—The spirited contest for the Republican presidential nomination is moving by leaps and bounds to an intensely interesting stage. While the last week greatly augmented the number of delegates thus far elected for Taft, it also disclosed that the "allies" were making headway in their efforts to send an uninstrued delegation from Taft states and contesting delegates from the Taft forces are fighting fire with fire. In southern states the county and central committees are being composed of so-called "regulars" who have also presented resolutions indorsing Secretary Taft. As if to meet the charge that Taft delegations in many states would desert after a few ballots his managers have in several instances succeeded in their desire to secure ironclad instructions. This was the case in the Kansas state convention, and in Ohio, where the delegates were instructed to vote for Taft "until he is nominated."  
With today's endorsement of Hughes by the New York state convention, the "allies" hope to meet with better success in undermining the Taft strength in New England and the Empire state. They expect Senator Crane to utilize this indorsement in the present fight to prevent an instrued delegation from Massachusetts. Taft gained 30 votes in the last week, making his actual strength 84. The enemy scored against him in several places. The ninth congressional district of Missouri, seventh district of Alabama and the Memphis district are reported as sending contesting delegations.  
The old Republicans at their Louisiana state convention selected four uninstrued delegates, but the Republican state central committee has indorsed Taft, and will call a state convention.  
The state executive committee has appointed county committees in North Carolina. The county committees of Illinois are hard at work for Cannon.  
The indorsement of Governor Johnson of Minnesota by the state central committee promises to give greater zest to the Democratic contest. Although party leaders believe that Bryan will win by overwhelming strength, they are watching the outcome of the fight of the Minnesota delegation. Bryan, with the vote of Nebraska back of him, will soon eliminate Johnson. He expects the indorsement of Rhode Island March 21, and Indiana March 25.

### TAFI CONFIDENT.

#### Secretary of War Believes He Will Carry Chicago Pretexts.

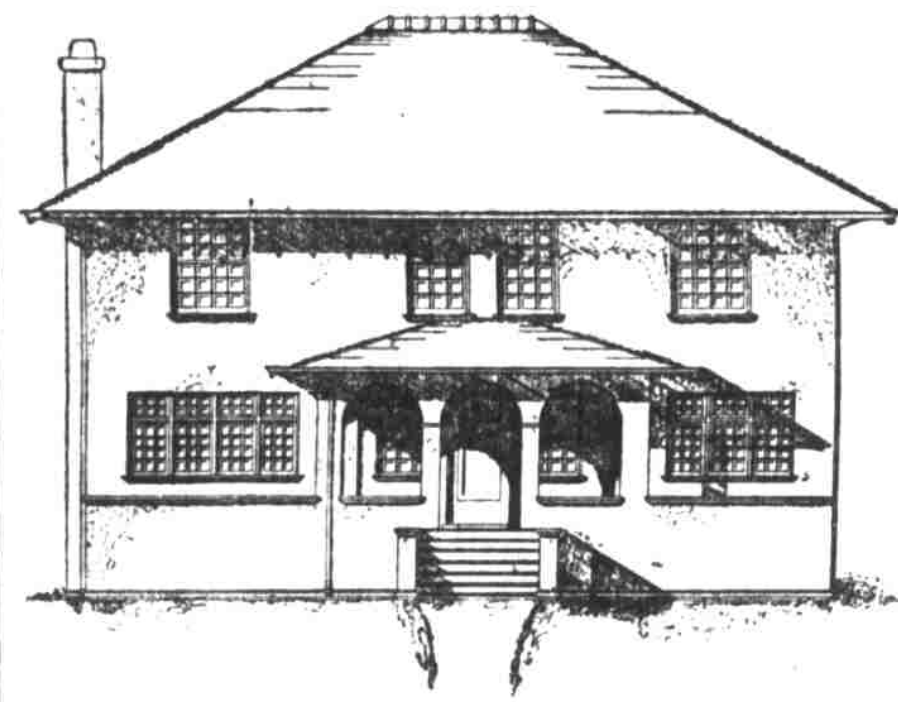

(United Press Leased Wire.)  
Columbus, Ohio, March 7.—The statement was issued from Secretary Taft's headquarters tonight that out of 148 delegates so far selected to the national convention in Chicago 116 are pledged and instructed for the secretary of war. The secretary also says that with the acquisition of 27 delegates for Fairbanks in Indiana the other delegates are open to change by a convention which will be for Taft.  
The declaration is made that Nebraska and Iowa will give Taft almost a solid delegation.

### POWERS IS HINGE.

#### Prisoner's Candidacy to Determine Course of Kentucky Voters.

(United Press by Special Leased Wire.)  
Lexington, Ky., March 7.—Whether Taft's victory in the Chicago convention promises to hinge upon the candidacy of Caleb Powers, now awaiting a new trial on the charge of complicity in the assassination of Governor William E. Goebel for the Republican nomination for the Eleventh district.  
Taft and Fairbanks supporters have split definitely over the question. Taft people are shouting for Powers, and Fairbanks supporters are relying upon Congressman Edwards, who is a candidate for renomination. As Powers still is in jail, he is handicapped in the race with the Fairbanks men are calling for victory.  
Bitter feeling was shown tonight at a meeting of the Eleventh district Republicans held at Corbin to consider the time and place for holding the state convention.  
The Taft and Fairbanks men were

about evenly divided, and a deadlock was feared. Up to a late hour no news of the outcome had been received. The Powers men urged a late convention, as Powers wanted a date in the fall, arguing that by that time he would be out of jail. The Edwards and Fairbanks allies were determined to secure an early convention.

## MORE KICKS FOR MORSE

#### Receiver of National Bank of North America Brings Suit Against Ice King Alleging Deals Cost Stockholders Large Sums.

(United Press Leased Wire.)  
New York, March 7.—Further trouble developed for Charles W. Morse in the fight he is making to rehabilitate his fortune, when suit was brought in the United States circuit court by Charles A. Banna, receiver of the National Bank of North America, to recover enormous sums alleged to have been lost through certain Morse transactions.  
In addition to Morse, John N. Flagler, William T. Havemeyer, Alfred H. Curtis, John W. Gates, Charles M. Schwab, Henry Chapin Jr., Morgan J. O'Brien and James W. Maginnis, as executors of the late Charles T. Barney, former president of the Knickerbocker Trust company, are made defendants. All these men are, or were, directors of the National Bank of North America.  
Banna's complaint goes into detail regarding transactions on which it is charged the bank lost heavily. It is charged that on May 1, 1906, the bank purchased from Morse 4,000 shares of stock of the American Ice company, the ice trust organized by Morse, paying \$236,000. This purchase, it is charged, was entered as a "loan" to Leslie E. Whiting, for which the stock was given as security.  
Two thousand shares of this stock, it is alleged, were transferred to another loan later, entered upon the books in the name of William M. Oler, president of the ice company, in the sum of \$142,000, of which \$118,250 was credited to the loan in Whiting's name, \$19,256 to the bank's commission account as a "profit" on a stock sale, and \$4,493 credited as interest to the bank on the loan.  
It is alleged that the whole transaction caused the bank to lose \$26,699, less the "value, if any," of 2,000 shares of stock. The exact loss, it is said, cannot be determined.  
Other purchases of stock, by the bank, from Morse, it is alleged, include one on October 1, 1906, of 2,000 shares of American Ice stock for \$180,000. On this item a loss of \$105,000 is charged. On October 25, 1906, it is alleged, the bank bought 8,000 shares of Mallory steamship stock at \$25 a share for a total of \$200,000. All except 2,000 of these shares were sold without loss. C. W. Banna purchased the 2,000 shares at \$35 a share, giving his note, which it is alleged, is now overdue. A loss of \$30,000 is estimated on this transaction.  
It is further alleged that another loss of \$25,000 to the bank resulted from the purchase of Delaware & Hudson railroad and other stock, and \$200,000 on a purchase of lands and produce company stock.  
A full accounting is asked to determine the exact amount of losses sustained and judgment is sought for the full amount.

## SAVAGES EAT WOMEN AND MEN IN AFRICA

St. Louis, March 7.—The Rev. Father E. X. Lichtenberg, for eight years a missionary among the savages of Nigeria, central Africa, and who is visiting friends in this city, relates tales of cannibalism and savagery which many perhaps would not credit were it not for photographic evidence, together with the priest's high character.  
That he has been able to return to civilization to relate his experiences the priest attributes to providence. He said that four of the band that accompanied him from Faria became food for the savages. Father Lichtenberg saw feasts on human beings with his own eyes. Men and women, he said, were fattened before being killed and eaten.  
Women captured from other tribes were marched from hut to hut and various portions of their bodies were marked off with colored clay, and these "choice bits" were sent to the purchasers after the victim had been slaughtered.  
"Old men and women," said Father Lichtenberg, "are softened for the feast just as we might celery. When the supply of girls gave out they placed the old men in a river or in some kind of water up to their necks and kept them there for two or three days, all the time feeding them liberally. The idea was to fatten and at the same time soften them."  
The justice then said to the jurors that they had violated their oaths and committed contempt of court. He imposed the fine and ordered their names stricken from the jury list.  
One of the jurors, explaining the jury's action, said that the jury was hopelessly divided and that one of its members had \$5,000 in his pocket to close a business deal and was anxious to attend to his business.  
Tomorrow and Tuesday will positively be the last days for discount on west side gas bills. Portland Gas company,
