

McCOURT COMING TO LOOK OVER

Pendleton Man Selected for Federal Attorney Due in Portland Today.

John McCourt, of Pendleton, who has been chosen by the Oregon delegation in congress to succeed W. C. Bristol as United States attorney for Oregon, will reach Portland today from Pendleton for a visit of several days. While it is not known what brings Mr. McCourt to Portland at this time it is believed that he is coming to acquaint himself with the conditions surrounding the district attorney's office and to look over the field of what appears to be his future duties. No word has come from Washington regarding the appointment of Mr. McCourt since the announcement was made that the delegation had united on him and sent his name to the president. It is believed, however, that President Roosevelt will send the name to the senate tomorrow, or early in the week and that the senate will take immediate action upon the recommendation. It is certain that as soon as Mr. McCourt's name is sent to the senate, Senator Fulton will urge that immediate action be taken and that the choice of the delegation be confirmed and Mr. McCourt allowed to assume charge of the office in Portland. As Senator Fulton is the chairman of the Judiciary committee, which will have the matter in hand once it is sent to the senate, it would appear almost certain that the confirmation of the Pendleton appointee will follow close on the heels of the nomination by the president.

GAS USERS ON EAST SIDE PREFER TO WALK

Company Receives Little Encouragement in Support of Branch Offices.

(Journal East Side office, 860 East Morrison street. Telephone—Pacific, East 8293; Home, B-2444.) L. A. Klein, manager of the Portland Gas company, says little encouragement is being received from east side consumers relative to the establishment of sub pay stations at different points on the east side. A circular has been sent out accompanied with a postal card for reply purposes, but less than 100 replies had been received Saturday afternoon. "Should the stations be established," said Mr. Klein, "it will be optional with the east side patrons whether they wish on that side of the river or the west side. The matter is for their convenience alone and it depends upon the east side residents' expectations and the step is taken. Of course if the east side consumers do not want these pay stations on the east side we would be foolish to go to the extra expense of establishing them." The business men in the different parts of the east side are strongly urging the consumers of gas to reply to the courteous request of the gas company as it will be a means of retaining much cash on the east side. It will save in many instances trips to the west side to pay bills. The gas company expects to place stations at several central points, Sunnyside, Albina and every place where enough consumers wish it. The step was taken by the management of the gas company as the result of a request by the East Side Business Men's club. As a result of that movement started by the club the street railway company has taken steps to pay off a large number of its employees at East Morrison and Grand avenues and other corporations are expected to assist the east side business men in retaining as large a per cent of cash on the east side as possible.

CHICKENS THAT COME HOME TO THEIR ROOST

Dr. William Coburn Will Address Y. M. C. A. This Afternoon.

Dr. William Coburn of New York, the evangelist who is holding meetings at the Taylor Street M. E. church, will address the Y. M. C. A. this afternoon at 3:00 o'clock, on the subject, "Chickens that Come Home to Roost." Preceding the address a double quartet from the Taylor Street church, under the direction of Professor Boyer, will sing the following selections: "Anthem—'The Heavenly Message,'" by Whitney Combs; quartet—"Master, What Shall I Do?" by C. B. Bowen; double quartet—"Anthem, In Dreams I Heard the Seraphim," by Faure. After the address there will be a number of features, including the discussion group, which will discuss the subject, "Men's Conversation," and a debating club which will debate the question, "Resolved, That the Y. M. C. A. should be more aggressive in its slum work." Leaders have been chosen for the affirmative and negative on this debate and everyone will have an opportunity to speak for one minute. The fellowship lunch and social will be the closing feature of the afternoon. All men, whether strangers or residents of the city, are invited to attend this afternoon's pleasant program.

CURES ECZEMA QUICKLY

New Drug, Poslam, Now Obtainable in Small Quantities. Since its discovery one year ago, the new drug, poslam, has successfully cured the most obstinate cases of eczema and other distressing skin affections. Heretofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this, and in response to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar packages, a special fifty-cent size, which in future may be found on sale at the Skidmore Drug Company and other leading drug stores, or may be ordered direct from the Emergency Laboratories, No. 22 West 25th street, New York City. In all eczema cases poslam stops itching with first application and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application. Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them. Tomorrow and Tuesday will positively be the last days for discount on west side gas bills. Portland Gas company.

FOR the purpose of encouraging the investment in lots in "Beautiful Waverleigh Heights" at this time in order to benefit in the great advance that is sure to be derived from property surrounded by so many splendid advantages and situated so close to the center of the city, and for the additional purpose of encouraging the investment of savings in desirable real estate where they are always safe and secure, we have determined upon the following remarkable offer:

We are going to make this beautiful tract a household word, and in order to do so we have inaugurated an

Educational Word Contest

which will prove both interesting and valuable to you. The contest is to see how many words you can make out of the thirteen different letters in the words "Beautiful Waverleigh." You can use a letter only once in a word, and you must confine yourself to the letters in "Beautiful Waverleigh," using no others.

Remember These Instructions

See how many words you can make out of the thirteen different letters in "Beautiful Waverleigh," not using the same letter more than once in any word. Therefore the letters you can use are B, T, F, U, W, A, V, R, L, E, I, G, H.

A word cannot be used more than once, even though it has different meanings.

You cannot use plurals or the names of persons or places.

Any word now in use in the English language (Webster is our authority) will be counted, but not obsolete words.

Add your list when completed and state number of words. Sign your full name and give postoffice address.

The contest will close April 1st, 1908, and all answers should be marked on the outside, "Word Contest," and mailed or delivered to our address, John P. Sharkey Company, 122 1/2 Sixth St., by that date. Each list will be carefully examined, and the successful contestants notified as soon as possible, which will be about 10 days later.
