NEW SADDLE STAR SHINES IN SOUTH

Buddy Gilbert Promises to Eclipse "Marvelous" Miller—Walter Is Wealthy.

By J. S. A. Macdonald. (Best News by Longest Leased Wire.) San Francisco, March 8.—While the winter's grind at Oakland never fails to develop a star of the saddle perhaps the most brilliant orb in the history of the track, not barring "Marvelous" Miller, will go east this spring looking for fame and fortune. This is Jockey "Buddy" Gilbert, an 87-pound youngster who gives promise of really great things. He and Miller are now trying for popular favor.

Most important of all he is the only boy here who can coax his horse and work the starter's eye at the barrier. He is every bit as good a post rider as Miller. No one could say more. F. Clifford held the papers on Gilbert last week. President "Tom" Williams stated \$10,000 cash for a first call on the boy. Dr. Rowell will take Gilbert along east with the big Williams string in June. Incidentally the Williams stable will ride Miller a whole lot, too. Asked as to why he took on Gilbert, Williams explained that Miller had told him he (Miller) did not believe he could or would make light weight next summer.

During Miller's recent visit to Los Angeles he filled out and grew up in a remarkable way. It will be surprising to eastern racegoers who remember Miller as he appeared on the back of Collins last summer. He has lengthened a foot. Of course that's not possible, but he can be said to have gained 105 pounds several times last August after reducing from 111 pounds at Benning, Washington, D. C., but it was sold at the show and will be contended for a week prior to the opening on March 19.

A number of the Portland society people who attended the show, leaving here next Monday or Tuesday evening.

Bad Breath. For months I had great trouble with my stomach and a kind of indigestion. My tongue has been actually as green as grass, my breath having a most offensive odor. I tried many remedies and after using them I can willingly and heartily say that they have entirely cured me. I therefore let you know that all remedies are not to be used until you have tried Dr. Williams' Pink Pills. H. H. Halpern, 114 E. 7th St., New York, N. Y.

It begins to look as though Arthur Johnson, the big Texas negro fighter, is at last to have a chance to win the heavyweight championship. Tommy Burns declares that he is willing to meet him. Current report has it that the San Francisco fighting club has offered \$25,000 for the match and that an English club has offered \$6,000. Cartoonist Tad here shows the state of mind in which Arthur Johnson finds himself.

The horses will leave together with some to be sold at the show and will be contended for a week prior to the opening on March 19.

WITH THE COASTERS

The Bostonians evidently do not appreciate the value of Barney Joy, as Manager Long has received a letter from the "Beany City" stating that they would be glad to dispose of his valuable services to the benefit of a prospective purchaser. Long is unable to oblige.

John Sibley, one of the Seals' new pitchers, has reported for duty. He is a tall, athletic-looking youth and comes highly recommended from his home city. Sibley, whose father is a physician in Brooklyn, pitched with great success for the Brooklyn High school for two years, and since his graduation from that institution has been playing around New York in semi-professional company.

Ed Walter is very well pleased with all his new men. Cook is rated as a first-class utility man, being capable of filling any position, either in the outfield or the infield. McFarland comes from Team Temple, Texas, and comes highly recommended from the Texas league. Carl Lewis, the new catcher, was with Hutchinson in the Western League last season, and comes with the best backstop in the league. Scruggs of Napa is to be tried at third, and if he lives up to his reputation, will make Oakland glad of the loss of the gangly Deversaux.

Manager Lou Schroeder of the Alameda State league baseball team announces that he has contracts for the following players, who will constitute the Alameda team this coming season: Catcher, Harry J. Teal, formerly with Connecticut State league; shortstop, Eloy Broadbent, from Yuma; pitchers, Harry Nelson and J. Johnson; outfielders, James Dewey of Fort Worth, Shorty Parker and George Lewis; first base, "Dice" Peterson, Chester Rodgers; second base, Cy Russell; third base, Rodgers or Johnson. Johnson is a local amateur who pitched good ball for the Zingers last year. Schroeder will take his colts to Modesto for a week before opening the season at Fresno with the Kaitan Batters.

Seals Take Two Games. San Francisco, March 8.—Two straight games were taken by the Seals yesterday from team No. 2 of the Chicago White Sox, the scores being 8 to 3 in the morning and 3 to 2 in the afternoon. Scores: Morning game—R.H.E. Chicago... 3 11 2 San Fran... 8 8 1 Batteries—Manuel and Armbruster and Weaver; Gaddy, Sibley, Skagg and Esco. Afternoon game—R.H.E. Chicago... 3 11 2 San Fran... 3 8 4 Batteries—Flene, Freeman, Most, Weaver and Armbruster; Henley, Skillman, Jones and Berry and Esola.

Angels Beat Chicago No. 1. Los Angeles, March 8.—Seven thousand people saw Los Angeles of the Pacific Coast league beat the Chicago American team No. 1 yesterday afternoon, 11 to 3. The Chicago pitchers were hit freely, while Los Angeles put up an errorless game. Score: R.H.E. Chicago... 3 11 2 San Fran... 3 8 4 Batteries—Grey, Hosp and Easterly and Hogan; White, Owen, F. Smith, Sullivan and Shaw.

Russellville Loses Out. The Russellville baseball team was defeated in a loosely played game yesterday by the Holladay nine, the score being 13 to 8. Holladay outplayed the ville boys in every department of the game, taking the lead in the second inning and maintaining it. The Lewis family of Russellville was represented by the five Lewis brothers, all of whom are good ball players.

North Portland Challenges. The North Portland baseball team wishes to challenge any team in the city composed of players not over 17 years of age for games after April 1. Address Rudolph Kallio, 412 North Twenty-ninth street, or phone Main 9214.

PORTLAND TIES IN LONG GAME

Deavers Play Eleven Innings With Santa Barbara Team of State League.

(Special Dispatch to The Journal.) Santa Barbara, Cal., March 8.—The Portland team of the Pacific Coast league played a game yesterday with the Santa Barbara baseball team. The score was 10 to 10 at the end of the eleventh inning, when darkness caused the captains of the opposing teams to call off the swiftest. A large crowd of winter fans was on hand and applauded vociferously.

Taken altogether the game was a snappy one and the Portland players showed up in satisfactory form. Casey was the brightest star, and is in good enough shape right now to go into a league game. The other batters showed more or less inaccuracy in throwing on account of sore arms and general nervousness.

Peterson and Bloomfield pitched for Portland. They only allowed eight hits but they were all made to count. Charlie Hall of the American association pitched for Santa Barbara. At three pitchers were batted all around the field and the fielders were not playing baseball any of the time. Groom, pitcher; Cooney, shortstop, and Olsen are expected today and others perhaps before the end of the week. McCredie is anxious to get some of the more or less inaccuracy in throwing on account of sore arms and general nervousness.

WITH THE NOR'WESTER

It is reported that Russ Hall has landed Denny Shay to catch for him this year. This Mick is a cousin of Danny Shay, the Tacoma catcher. He is a boy-leader, Turk who can line the ball down to second about two feet high with the speed of a bullet. He played out on the coast several years ago, but of late he has been kicking around down south. Shay is a good catcher and he will give Russ better shape than Jack Meyers, the big Indian, did last year.

Frank Allen, the sad-faced Missourian, who pitched good ball for Seattle during the hot weather last summer, is again in Seattle. Frank spent the winter hunting in California and says he feels stronger now than he has for the last two years. He went to Seattle last year from Little Rock, Arkansas, and like Ed Hickey, he could not get right. He thinks he will play better ball this year than last, for he has been working. Allen has not yet signed, but he and Dugdale will talk business this week.

Bob Brown, the pink-haired manager of the Aberdeen team, is lining up a strong bunch for the start of the Northwest league race. He has lost more, like botham and Tomneson, two of his crack pitchers, and predictions were made that the champions would have their troubles this year. But he has landed, Calif., one of the steadiest and best pitchers in the Coast league, and his team deal brings him big Thompson, who was the running mate, Jimmie Wiggs in Helena in 1922. Thompson belonged to Omaha and when he was in Seattle a few weeks ago he told Dugdale he would like to get back on the coast. Manager Brown traded Eddie Householder and \$700 for Thompson, which shows that he wanted him pretty badly.

WABASH WINS FIRST BASEBALL CONTEST

Crack Independent Team Beats Holladay Maroons—Play St. Johns Next.

The Wabash White Sox and the Holladay Maroons opened the baseball season in Portland yesterday, the first named team winning by the good score of 8 to 2. Millie, the pitcher for the veteran Wabash team, had it put all over the Holladay youngsters, allowing but two scattered hits and retiring 16 batters by the strikeout route. Adams, Jaaman and McKinley of the east side independents clouted the sphere for keeps.

Very likely an exhibition game will be played next Sunday at St. Johns between the Wabash bunch and the Apostles of the Tri-City league. The Wabashers line up as follows: Catcher, Pembroke; pitcher, Millie; first base, Jasman; second base, Adams; third base, McKinley; shortstop, McBride; left field, Hoffman and Kockey; center field, Tulrich; right field, Taylor.

ALBINA BASKETBALL TEAM BACK WINNERS

Albina Athletic club's baseball team, one of the fastest junior teams in the valley, returned yesterday from a tour up the valley, winning a majority of the games. Albina defeated Woodburn High school 34 to 23, Mount Angel college 12 to 15, and Chemawa Indians 13 to 11. The locals were beaten by the Dallas college second team reinforced by Shaw of the first team, and Independence Athletic club.

CHEMAWA GIRLS CLAIM STATE CHAMPIONSHIP

(Special Dispatch to The Journal.) The Indian girls have played fast, clean ball all through the season and their honor is a deserved one. The team is composed of the following: Misses Souvignier, Henry, N. and H. Mann and Edwards.

MAJORITY STRONG FOR STATEMENT

Friendly for Pledge Is Shown in Attitude of Leaders.

(Special Dispatch to The Journal.) Salem, Or., March 8.—The political situation in Marion county has been seriously complicated for the Republicans of Marion county as a result of the primaries Saturday. While they were mass primaries, open to any one, whether registered or not, the managers did not intend to have any of the precincts carried by Statement No. 1 Republicans. But the result shows a large attendance of that faction, and in some instances there are instructed delegations composed of none other than that kind. The precincts where no primaries were held are in some instances preparing remonstrances against the proposed convention taking any action in the way of putting up a ticket, while the convention was called on the following resolution introduced by the county central committee, February 8: "Resolved, That at said conference there be selected or recommended as candidates of the Republican party of Marion county, Oregon, for the legislature, members of said party who are unalterably opposed to statement No. 1, and who will not take or subscribe thereto in seeking nomination under the provisions of the direct primary law."

Trying to Hedge. Some of the leaders are trying to hedge on the above program, and in the Second ward Saturday night Mayor Rodgers offered a resolution to instruct the delegates from that ward that they oppose any statement on the part of the mass convention to be held here March 14 to put up any ticket or endorse any candidate for the legislature. This was voted down. He then moved that it be the sense of the mass primary that the convention make no nominations, but adopt a platform and program. This was also rejected. The mayor then moved that the delegation go to the convention uninstructed, which carried, as it meant nothing. The Second ward is the largest Republican precinct in the county, and the political leaders of the anti-statement No. 1 movement reside there and were out in full force. Mayor Rodgers is not a delegate and regards the action proposed of putting up a legislative ticket in violation of the direct primary law as unwise from a party standpoint.

Statement No. 1 Growing. Sentiment in favor of Statement No. 1 is steadily growing, and it is conceded that Hal D. Patton of Salem and Henry Miller of Aurora, who have signed Statement No. 1, are today practically as good as nominated and would win over any ticket the convention might endorse Saturday. Statement No. 1 ticket backed by the machine could only win in case there are a dozen or 20 Statement No. 1 candidates running. A mass meeting, possibly appears in the person of Dr. H. C. Epley of the famous Stalwart quarter of Salem. His friends are urging him to enter the race. His price is \$500. He will be unequivocally for Statement No. 1. He states his position thus: "My party has 20,000 to 30,000 majority in Marion county. If I charge Republican majority see fit to vote for a Democrat for United States senator it would not look well for me to vote for a Republican senator. I must deliberate judgment, and I could not be expected to do so. I believe in maintaining the principle of the direct primary, and when we say the people should elect the United States senators let us stand by that proposition. If the legislature were Democratic and we carried the state for a Republican senator, we would expect them to do the same thing. The law must be made supreme."

Excell, editor of the Sunday school hymnbook, will lead the singing. He has already forwarded the song books that will be used and a chorus is now being organized to assist him. Many speakers prominent in Sunday school work appear on the program. Marion Lawrence, the national secretary, will have general oversight of the meetings.

COLONISTS COME HERE FROM EASTERN CITIES

(Special Dispatch to The Journal.) Baker City, Or., March 8.—The west-bound trains are beginning to be heavily loaded with colonists traveling from the middle states and the east. The Indian trains are unable to carry the loads and extra sections are run. It is not uncommon to see a train comprising 18 coaches to pull through Baker on its way to the coast. This section is getting its share of the homeseekers, it is thought, but the railroads have taken Portland and other coast points the same rate that Baker and eastern Oregon points receive, and this of itself has a tendency to make the colonist through to the coast because it costs no more.
