### Discredit Report Sent Out by London News Agency—England Believes Information Authentic—Note to Hayashi.

### War Preparations Continue at Tokio, Where Impression Exists China Must Be Made to Apologize for Alleged Insult.

(United Press Leased Wire.)  
Tokio, March 9.—No news of a peaceful settlement of the Tatsu Maru controversy with China has been received here. Secretaries are busy in the offices of the state and foreign secretaries but no official statements are available. A story given wide publicity in London by a prominent news agency and stating unqualifiedly that a settlement had been effected, is discredited here. An aggressive policy is being advocated unanimously by the press and the general impression here tonight is that a demonstration against China is but a few hours off unless the Pekin government tenders a speedy apology. The activity of the navy department is probably responsible for a rumor here that this demonstration will take the form of a forcible recovery of the Tatsu Maru.

London, March 9.—The Chinese-Japanese war cloud has been scattered. China has capitulated diplomatically. Japan, after standing out determinedly as an unconditional victor, has graciously made concessions which will allow China a settlement with honor. Through the final details of the adjustment of the diplomatic tangle have not been worked out, the crisis is over.

The general conditions of the adjustment are outlined here today, and are as follows:  
China releases the steamer Tatsu Maru, and restores the Japanese flag to her commander; an official note of regret from the Chinese state department is forwarded to the Japanese foreign minister; Japan promises a speedy trial and punishment of the officers guilty of seizing the Japanese boat.  
What disposition has been made of the cargo which the Chinese claim consisted of contraband arms and ammunition for the Chinese rebels has not been made public, nor has the future policy of China in dealing with these expeditions. It is believed, however, that it is the intention of the Chinese government to take steps to suppress the traffic between Japanese contrabandists and the Chinese rebels.  
The full conditions of the settlement of the situation probably will not be made public until after the receipt by the Japanese officials of China's apology for the incident.

### JAPAN ARMS REBELS.

#### Revolution Against Present Dynasty Fathered by Brown Men.

(United Press Leased Wire.)  
Tokio, March 9.—A full-fledged revolution against the present dynasty has broken out and threatens to sweep across the entire south of China, according to dispatches received here today.  
The Kwangsi province is the storm center and already the revolutionaries have carried everything before them there, seizing both the provincial government and all of the local departments. In each place where they have succeeded in ousting the imperial officials the revolutionaries have set up a new civil government.  
A number of desperate fights between the rebels and the imperial troops are reported with the rebels coming out nearly every instance. A number of the imperial officers who have refused to surrender have been taken and beheaded according to reports.  
The rebels are well supplied with arms of the latest pattern, said to have been furnished by Japanese contrabandists, and have made splendid showing in all their fights. Their officers have the rebels well in hand and so far there have been no reports of looting or pillaging. It is said here that the imperial government is preparing to rush a strong army from the north into the southern provinces at once and serious fighting is expected in the next few days.

### STRIKE OF TYPOS AT WALLA WALLA

#### Publishers Assume to Shape Printers Office Organizations.

(Special Dispatch to The Journal.)  
Walla Walla, Wash., March 9.—Friction between the management of the Walla Walla Printing and Book Manufacturing company, doing the mechanical work for the Morning Union and the Evening Statesman, and several of the union printers, culminated yesterday afternoon in the Walla Walla Typographical union's calling a strike against the printing company.  
The trouble arose over the printing company organizing a technical force into one department in charge of a foreman who is a union printer and a member of the one-department union. Heretofore there have been three departments under its foreman. This, the management of the printing company claims, produced disharmony and the force was organized in one department. The printers working on the night force questioned the right of the management to make the change under International rules and put it up to the management to rectify the one-department order. This the management declined and at a meeting of the union yesterday it was voted to declare a strike. The matter of a dispute over wages or hours, the sole grievance being the one-department order.

### Turn Your Face Into Dollars

#### Many a Man Has Failed Because His Face Was a Picture of Calamity.

It takes sunshine to produce a rose, a perfect rose. And so man, to be successful, must have sunshine inside. The life which has it, not which he has, health and no happiness, is sour, surly, pessimistic, and a failure. The world already has too many vinegar faces that breathe ill-will and strife. The world wants joy, comfort, sunshine, and will cling to the man who has it, who radiates gladness and joy, wherever he is, and under all circumstances.  
Some people have a genius for seeking out the disagreeable, the crooked, the bad and the ugly. These are the destroyers; they travel in schools, they head together for they love the world which has nothing to do with them.  
And why is it that so many people disaster knowing at the same time that if they do, their lives will be ruined? Some people cannot help it, for pessimism usually comes from a lack of energy, and cannot always be prevented. The stomach, for instance, is the most common cause of discontent, sour face, recklessness, disgust and lack of ambition. A bad stomach—there is the secret of many a failure. Anyone can have a good stomach, a strong stomach, a stomach that can take care of anything and everything that is put into it, no matter whether it is a very bad stomach now or not. Then why not have it?  
Stuart's Dyspepsia Tablets do this very thing. One ingests 2,000 grains of food, and no matter how bad is your dyspepsia or indigestion, these tablets will digest everything your stomach cannot thoroughly and completely, and better and quicker than a healthy stomach can do the same thing. Stuart's Dyspepsia Tablets will cure quickly loss of appetite, brash, irritation, burning sensations, nausea, heartburn, eructations, loss of vim and spirit, bad memory, and dyspepsia and indigestion in their very worst forms.  
No other like tablets in the world can do so much. You should carry Stuart's Dyspepsia Tablets around with you wherever you go and take them after meals. They not only will realize what it is to enjoy a meal, and what perfect digestion means. Your whole body and your mind will feel the effects; your vim will increase, you will be more satisfied with what the world does, you will think happier and be happier and your face will be one of supreme contentment. That will bring you success and then more success. Your face will bring you dollars. Try it. It will cost you just 50c for a package of these wonderful Stuart's Dyspepsia Tablets at any drug store on earth.  
Send us your name and address today and we will at once send you by mail a sample package of Stuart's Dyspepsia Tablets. Stuart Co., 150 Stuart Bldg., Marshall, Mich.
