

**DEMONSTRATION TRAIN AT THE DEPOT AT FARMINGTON**

The O. R. & N. Co. has under consideration a request from Pendleton men for the running of a demonstration train for farmers through the eastern Oregon wheat belt, similar to the excursion given by the railroad company for the Palouse farmers. The Palouse excursion is reported to have been a great success. The demonstration train left Pullman Wednesday morning and ended its trip Friday night. It carried a force of lecturers

from the Washington State Agricultural college, who lectured to the farmers gathered at every point where stops were made. The purpose of the lectures was to convince the farmers that the practice of permitting wheat lands to lie fallow every alternate year is a wanton waste of productive lands, and that by diversifying the crops these lands can be made to yield enormous increase of wealth annually, as well as being made more fertile by such diversification.

**Asylum Superintendent Then Calls for Sunday Service Volunteers.**

(Special Dispatch to The Journal.)  
Salem, Or., March 10.—Superintendent Steiner at the state insane asylum has restored the religious service in the chapel. For the past two Sundays there have been sermons in English and German and singing of hymns at 2 o'clock in the afternoon. The exercises are very much enjoyed by the patients. Some time ago the Ministerial association of this city demanded an increase in the compensation allowed for Sunday services. This was \$3. They wanted \$5, which was refused by the state board, in charge of that institution. Superintendent Steiner has called for volunteers and has had no trouble in getting them. It is his plan to have Sunday chapel services, as long as he can get ministers to come without pay, as there is at present no appropriation for that purpose.

**Cachoo! Cachoo! Blow Your Head Off and Then Smile**

"It's harmless, it only makes you sneeze."  
This is the description printed on the label of the tiny bottles of "cachoo," the sneezing powder invented by some unscrupulous individual for the amusement of youngsters and the discomfort of all who come within the circle of influence.  
"Cachoo" has attained a considerable sale in the Portland market, and has already caused much annoyance in public places. Now Judge Gantenbein and the officers of the juvenile court are after cachoo with a sharp stick. The proprietor of a nickelodeon complained to the court last week that some one drove his audience away by turning loose a quantity of the obnoxious powder, and other complaints have come in concerning annoyance to passengers on streetcars and to persons in other public places. Some one

puffs a pinch or two of cachoo into the air and the fine particles at once seek the nostrils of all within sniffing distance.  
Acting under instructions of Judge Gantenbein, Chief Probation Officer Hadley traced the sale of cachoo and discovered that it was being sold at the cigar store of A. Stipe, at the corner of Twelfth and Washington streets. This was the only place at which he was able to learn that the powder was sold, but there may be many others. The clerk in Stipe's place was inclined to be indignant and refused to tell who manufactures cachoo. He said it was not made in Portland. Hadley warned against the further sale of the powder under penalty of prosecution in the juvenile court.  
The officers of the court are determined to stamp out the cachoo nuisance and those who sell or turn loose the pestiferous sneeze-maker will have trouble ahead of them.

**COMMERCIAL CLUB AT LA GRANDE REVIVED**

(Special Dispatch to The Journal.)  
La Grande, Or., March 10.—Plans for the rescue of the La Grande Commercial club from financial disaster were set on foot in this city when it was decided to sell \$3,000 worth of stock for the immediate relief of the club, with

further plans to refund and sell \$10,000 worth of stock as a final solution of the difficulty. Shares are being sold at \$10 each and many business men are taking a number of shares, while each member will be required to purchase at least one share at \$10. The entire indebtedness of the club is \$8,300. It is intended to use about \$1,000 from the proceeds of the first stock sale to repair, repaint and more fully equip the institution and make it first-class in every particular.

**WHO SHALL COME AFTER VAN DUSEN**

**State Board Members Discuss Warden Only as a Man Who Must Go.**

Salem, Or., March 10.—The political rays are turning on the office of master fish warden. The present holder of the position, H. G. Van Dusen, is slated almost without doubt to lose his official head because of alleged partiality toward upper Columbia river fishermen.

Van Dusen arrived in this city yesterday and under the protection of a consort of lower Columbia river fishermen, who are ready to use every effort to have him retained in his position, went direct to the governor's office to find out what was stirring. Van Dusen's retinue consisted of Ed Rosenberg, secretary of the Fishermen's union of the Pacific, H. M. Lorntsen, and L. J. Kern, all of Astoria.

**One-Sided Hearing Denied.**  
If they thought they would overwhelm the governor and the remainder of the board of fish commissioners into agreeing to retain Van Dusen they were mistaken. The board, which consists of Governor Chamberlain and Secretary of State Benson, and State Treasurer Steel, refused to hear any arguments until representatives of the upper river men could be present. Consequently F. A. Sufert and F. N. Warren were communicated with and agreed to come here today.

**No Successor Yet Named.**  
Regarding a successor for Van Dusen for it is the unanimous opinion of the board that he should go, the names of those generally selected, though Charles Babcock of Oregon City, is the strongest candidate at the present time, he practically has already been endorsed by Treasurer Steel. This endorsement is more than has been offered by either Chamberlain or Benson, and of whom has as yet advanced a name.  
It is the unanimous opinion of the board that neither an upper, or lower river resident be selected.

**Among Those Considered.**  
The following names have been handed in to the board with recommendation for appointment: J. U. Campbell of Oregon City, Herman J. Webster of Oregon City, Charles Babcock of Oregon City, H. C. McAllister of Portland, and W. A. Mack of Portland. Both Governor Chamberlain and Secretary Benson remain noncommittal, refusing to express their stand, but Treasurer Steel asserts he will uphold an Oregon City candidate against all others, and as Campbell has retired from the fight in favor of Babcock, the latter has become the strongest candidate. Babcock is not chosen, that he still be considered an applicant.  
Next to Babcock, H. C. McAllister appears to be the strongest candidate, standing well in the opinion of Benson. The latter, however, has not decided upon anyone's successor. Van Dusen states that he will vote with the remainder of the board, if possible, so as to make the appointment a unanimous one.

**RAILWAY COMMISSION MUST REDUCE FORCE**

(Special Dispatch to The Journal.)  
Olympia, Wash., March 10.—A shortage of funds will handicap the railroad commission after the first of June. The last legislature provided \$50,000 for the commission, but the commissioners and three specified employees and \$42,000 for contingent expenses. The valuation hearings and investigations have cost the commission much more than expected and with other incidental work have reduced the contingent fund to \$8,000 within 13 months of the fiscal period unexpired. It is expected this \$8,000 will be practically exhausted with the completion of the valuation hearings and the determination of the reasonableness of rates about June 1. Thereafter the commission's labors will necessarily be only what can be accomplished by the commissioners and the three employees specifically mentioned in the appropriation bill.

**New Notaries.**  
(Special Dispatch to The Journal.)  
Salem, Or., March 10.—Notarial commissions have been issued to the following: C. Schuebel, Oregon City; Ray Goodrich, Eugene; Ernest Purvance, Diston; Pingal S. Hinds, Cottage Grove; D. C. Pitzer, Myrtle Creek; J. F. Daly, L. J. Ferris, Charles N. Scott, W. H. Guild, Lydell Baker, P. G. Herner, John Van Zante and E. E. Howard, all of Portland.

**One of the Important Duties of Physicians and the Well-Informed of the World**

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

**TRUTH AND QUALITY**

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
