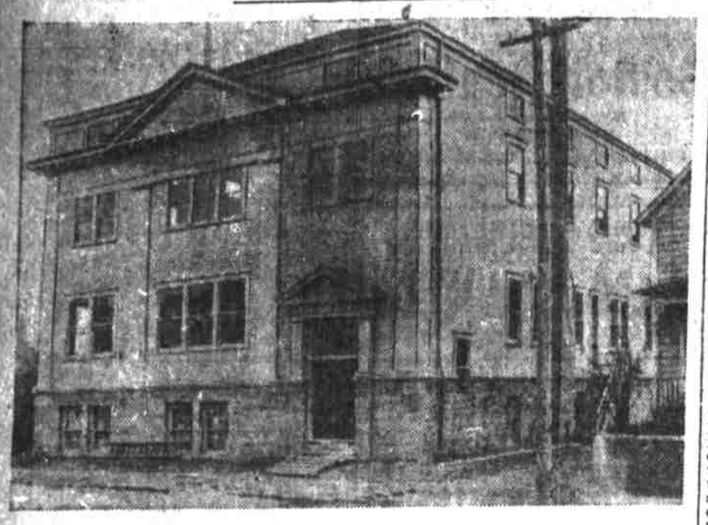
EAST SIDE NEWS

PLANS WELL UNDER WAY FOR CATHOLIC YOUNG MEN'S CLUB FAIR



Home of the Catholic Young Men's Club.

Plans for the carnival and street fair to be held by the Catholic Young Men's club in Albina are progressing. Joseph Meier has been made manager and will have general supervision of the work. The committees were appointed some time ago and, operations have begun.

A long time lease has been acquired on the property between Stanton street, Vancouver avenue, Morris street and Williams avenue. The block is one of the largest in the city, and is located near the clubhouse just east of Williams avenue on Morris street. Workmen are engaged in leveling the plot so that it will be suitable for the carnival purposes.

After the fair the block will be converted into an athletic field where baseball, football and other athletic sports will be carried on in connection with the clubhouse.

It is hoped to make the Catholic club one of the most active and successful athletic clubs in the west, Multnomah club not expected. The fair itself is given partly to defray the expenses of equipping the club. Work of enclosing the field will begin soon. The fair will be held during the last week in May immediately preceding the rose show.

BOISE CHOSEN TO LEAD CLUBS

Federated Association Honors Chief Booster for East Side.

Whitney L. Boise was unanimously reelected president of the United East Side clubs at the regular meeting of the federated association in the quarters of the East Side club last night. The election assumed the character of an ovation for Mr. Boise, who was given credit for having inspired the new spirit that has made the east side the greater part of Portland today.

Joseph Buchtel, a pioneer and associate of W. L. Boise in his work for the east side, was made first vice-president. M. G. Griffin of the Brooklyn Republican and Improvement club was made second vice-president and M. G. Munly, president of the North East Side Improvement association, was chosen third vice-president. L. H. Wells was elected secretary and Dr. William DeVeny of the Montavilla board of trade and Dr. L. M. Davis of the Multnomah Improvement association were chosen executive committeemen to serve on the executive board with the other officers. Mr. Boise, Mr. Buchtel and Mr. Wells are members of the East Side Improvement association.

Mr. Boise congratulated the east side on the gains it had made during the year. He said he was glad to see the spirit that had been built up on the east side through the organization of the 25 or more clubs that were now working harmoniously for a "greater east side and a great Portland."

Make 'Em All Sit Up.

The organization of clubs is the only way to make the city officials take notice of the east side, he said, and it has been learned that there must be organization in order to get satisfaction from the officials.

"I believe there is sufficient energy, ability and intelligence on the east side," said Mr. Boise, "to go ahead with these great things we have launched, including the building of the two bridges across the river, the installation of a new pipe line from Bull Run, this matter of permanent street improvement, the closing of the draws at regular hours throughout the day and a great many other important things that I could name."

It is the general opinion among the members of east side civic bodies that Mr. Boise is deserving of much credit for the rapid progress made on the east side during the past 12 months. He has worked hard, and if there was nobody else at the meetings of the clubs Mr. Boise was.

Mr. Griffin made an enthusiastic speech, in which he said that although he was well along past his sixties, he expected to see Portland a city of 1,000,000 inhabitants before he died, and the greater part of the 1,000,000 by far on the east side.

SUNNYSIDE CLUB TO MEET TONIGHT

A number of important matters are to come before the Sunnyside Improvement association at its regular meeting this evening in the Sunnyside public school building. The citizens of Sunnyside are asked to attend—this includes women, for the Sunnyside club is coeducational.

The Montana 16-hour law for railroad employes in the train service has been declared by the state supreme court to be valid and constitutional.

WHAT IS POWER

Nature supplies force. Wind turns the wind-mill. The brook turns the water-wheel. Coal runs the engine and food runs the man. Some things contain little force, some things much.

One substance full of power is

SCOTT'S EMULSION

Nature put the power there. It is a wonderful flesh-producer. This is not only a matter of nourishment but of new vigor and activity in the tissues.

All Druggists; 50c. and $1.00.

INFESTED TREES UNDER THE BAN

Greater Care Will be Taken to Protect City Foliage from Scale.

Richard Deich, county fruit inspector, appeared before the associated east side clubs last night and made a plea for the cooperation of the different clubs in the work of ridding the city of its infested trees before the Rose Festival in June. Mr. Deich answered many questions relative to the attention and care of fruit and shade trees.

The clubs favorably received the suggestions of the fruit inspector and it is expected that action will be taken soon toward advising the city to authorize the park board to employ inspectors for the care of shade trees and other trees in the streets. The trees are neglected and are a menace to horticulture of all kinds and better fruit in Oregon. The following communication was presented by Mr. Deich:

"The attention of the federated push clubs is called to the great need of having all pest-infested fruit trees in the city destroyed or sprayed before the date of the Rose Festival. No other one thing so unfavorably impresses the visitor from the east as the spectacle of trees, along the streets and on vacant lots and blocks in the city, which are unsightly or dying as a result of neglect.

"The united push clubs can do most valuable work for the abatement of this nuisance by creating a public sentiment against all such neglected and pest-ridden trees which are a disgrace both to their owners and the city.

"The members can individually help along in the good work by reporting to the county fruit inspector the exact location, by lot, block and addition, of such neglected and pest-infested trees and the name and address of the owner of each of such lots.

"Mail all reports to Richard Deich, county fruit inspector, Multnomah county, 65 East Twenty-sixth street."

BRANNICK'S DEATH KEENLY FELT BY CLUBS

Organizations Pass Resolutions Commending Manager's Character.

At a recent meeting of the United East Side clubs a committee was appointed to draw up a suitable resolution pertaining to the death of the late Colonel E. M. Brannick. The resolution was submitted last night and unanimously adopted. The resolution follows:

"Whereas, In the death of E. M. Brannick, the whole northwest, and the city of Portland in particular, has suffered the irreparable loss of a man who, during his entire life among us, was beloved and respected by all for his sterling character and honest and charitable nature. He was a man who, in his life as a citizen, could always be counted upon to lend his aid on any matter of public or civic good, in which matters his ripe wisdom, able counsel and energetic work were of incalculable value. One of his chief aims was the upbuilding and bettering of business and civic conditions on the east side, and whatever has been done in this respect may be considered to a great extent a monument of his work in these directions.

"His private and business life were above reproach; therefore, be it

"Resolved, That we take this opportunity of deploring his death, and hereby extend to his family our sincere condolence in their bereavement."

LATOURELL FUNERAL HELD TOMORROW

Funeral services over the remains of Richard J. Latourell, who died yesterday at his city home, 1501 Belmont street, Mount Tabor, will be held at Troutdale tomorrow morning at 11 o'clock. Mr. Latourell was one of the founders of the little town of Latourell near Latourell falls, known far and wide for their beauty.

Mr. Latourell's home was at Troutdale but his health being poor he moved to Portland in order to secure medical aid some months ago. He was 44 years old and is survived by a father and mother, Mr. and Mrs. Joseph Latourell, the pioneers after whom Latourelle falls is named, a wife, four brothers and two sisters.

The employes of all the railroads in Uruguay have gone on strike. There are about 1,200 miles of road in Uruguay, which are controlled by British capitalists.

Turn Your Face Into Dollars

Many a Man Has Failed Because His Face Was a Picture of Calamity.

It takes sunshine to produce a rose, a perfect rose. And so man, to be successful, must have sunshine inside. The life which has it not, which has no health and no happiness, is sour, surly, pessimistic, and a failure. The world already has too many vinegar faces that breathe ill-will and strife. The world wants joy, comfort, sunshine, and will cling to the man who has it, who radiates gladness and triumph wherever he is and under all circumstances.

Some people have a genius for seeking out the disagreeable, the crooked, the bad and the ugly. These are the destroyers; they travel in schools, they head together for they love their kind, and the cheerful part of the world will have nothing to do with them.

And why is it that so many peddle disaster knowing at the same time that if they do, their lives will be ruined? Some people cannot help it, for pessimism usually comes from bodily disorders, and this cannot always be prevented. The stomach, for instance, is the most common cause of discontent, sour face, recklessness, disgust and lack of ambition. A bad stomach—there is the secret of many a failure. Anyone can have a good stomach, a strong stomach, a stomach that can take care of anything and everything that is put into it, no matter whether it is a very bad stomach now or not. Then why not have it?

Stuart's Dyspepsia Tablets do this very thing. One ingredient of these little tablets digests 3,000 grains of food, and no matter how bad is your dyspepsia or indigestion, these tablets will digest everything in your stomach, thoroughly and completely, and better and quicker than a healthy stomach can do the same thing. Stuart's Dyspepsia Tablets will cure quickly loss of appetite, brash, irritation, burning sensations, nausea, heartburn, eructations, loss of vim and spirit, bad memory, and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should carry Stuart's Dyspepsia Tablets around with you wherever you go and take them after meals. Then only will you realize what it is to enjoy a meal, and what perfect digestion means. Your whole body and your mind will feel the effects; your vim will increase, you will be more satisfied with what the world does, you will think happier and be happier and your face will be one of supreme contentment. That will bring you success and then more success. Your face will bring you dollars. Try it. It will cost you just 50c for a package of these wonderful Stuart's Dyspepsia Tablets at any drug store on earth.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

LANGTON'S NAME ECHO OF ENGLISH LIBERTY

Rev. Edwin O'Hara Gives Interesting Address at Sellwood Church.

Rev. Edwin N. O'Hara of St. Mary's cathedral gave an address before the Sellwood Reading circle at the Sellwood Baptist church last night. He talked on "Stephen Langton and His Times." Father O'Hara quoted the Anglican Bishop Stubbs as saying that more important ideas originated in the thirteenth century than in any other century in history, and urged a study of the spirit of that period. Father O'Hara said in part:

"Stephen Langton's name is associated in the popular mind chiefly with the great triumph of English liberties at Runnymede—the wresting of the great charter from King John. Langton rose to the position of archbishop of Canterbury by reason of his great abilities as a statesman and scholar. That historic see had been the home of a long list of distinguished archbishops, beginning with Augustine and including Saint Anselm and Saint Thomas a Becket. Langton was an Englishman by birth, educated at the University of Paris. It was in time of great men and great deeds. The foundations of modern classic literature were being laid; universities were springing up all over Europe, Pope Innocent III had just established the first city hospital, the age of cathdral building had begun.

"Langton was destined to lay the foundation of English liberties. Innocent III had been elected to the archbishopric of Canterbury and compelled the unwilling English king, John Lockland, to receive him. The English nation rallied under the leadership of Langton against the despotism of John. The Magna Charta, which the king was forced to sign, is memorable, not so much for anything original in its contents as for the method in which it was drawn up. It was a contract between the people and the king—a definite recognition of the rights of the nation in affairs of government."

Principal Herchman of the East Side high school will give the next literary, April 14.

EAST SIDE CLUBS TO GATHER AT BANQUET

The United East Side clubs will close a profitable year's work appropriately with a banquet to be held in the Hotel Sargent in the very near future. The plans were laid last night and a committee appointed to arrange details. The date of the banquet has not been set but the event will be held as soon as possible.

Lewis M. Head, F. Heyck, Dr. William DeVeny, J. F. Kertchem and A. B. Manly were appointed by President Boise to arrange for the banquet. The committee will report progress at the next meeting, March 24, when it is expected the date can be announced.

WILL DISCUSS MUNICIPAL ART

The meeting at Piedmont Presbyterian church tonight will be held under the auspices of the Piedmont Improvement association. All citizens are invited to be present. W. Wynne Johnson will discuss "Municipal Art."

BAUER SEAT SALE OPENS SATURDAY

The Heilig box office on Saturday morning at 10 o'clock will offer the seats for the joint recital of those two great artists, Fritz Kreisler and Harold Bauer which will take place there the following Tuesday evening, under the direction of Lois Steers-Wynn Coman. There has never been in the musical history of Portland so famous a pair of renowned artists, and the musical public has been aroused to the most unusual enthusiasm over this eagerly anticipated treat. Bauer is an established favorite here and Kreisler left so tremendously pleasant an impression with music lovers that everyone is anxious to hear him again. Both artists, being of the younger generation, have grown enormously in artistry and worth since their last appearances here and their joint recital will be the event par excellence of the season.

THE FAMOUS QUICK MEAL STEEL RANGES

TRADE ON THE EAST SIDE—IT WILL PAY YOU

OREGON AGAINST ALL OTHER STATES

"Oregon is all right," says A. J. Kyes, a merchant of Battle Creek, Michigan, who is visiting his mother, Mrs. Parmelee, and his sister, Dr. Ella K. Dearborn, of 800 Union avenue. Having left four feet of snow and finding spring flowers in bloom in Oregon, and the weather clerk on his good behavior generally, Mr. Kyes is loth to return to his snow-banks. Battle Creek is having a flood, but a telegram informs Mr. Kyes that everything is all right. The lure of Oregon's climate is reinforced by the rigors, heat and unpleasant features of other states, he says.
