Vale Children Who Won Prizes

From left to right-Bessie Hope, Earl Pollock, Nellie Bradley. At Ontario, Oregon, in an interscholastic declamation contest they won the loving cup, the chief prize, for the Vale school, also two of the medals. Miss Bradley represented the sixth grade, Miss Hope the seventh and Master Pollock the eighth. The cup is shown in the foreground.

MADAME BLAUVELT CHARMS AN APPRECIATIVE AUDIENCE

By G. I. W.

Personality is a great thing on the stage and without any voice at all Madame Lillian Blauvelt could have tripped out on the Heilig stage last night and won her way with the audience. But after all she did not have to depend on her personality for she has a good voice of rich quality pure tone, flexibility, power and range, and withal temperament, musical feeling, good looks and a charming, ingratiating manner.

Another quality Madame Blauvelt has that is worthy of mention. A poorly arranged program she succeeded in making interesting instead of a bore. As to he cellist, that amusing young and she was recalled again and again to bow her thanks to the delighted audience, loth to see her go. But though they wished to be sparing of her voice loth to see her go. But though they wished to be sparing of her voice loth to see her go. But though they wished to be sparing of her voice loth to see her go. But though they wished to be sparing of her voice loth to see her go. But though they wished to be sparing of her voice in the Rye," made the most of that song and she was recalled again and again to bow her thanks to the delighted audience to say was not at all her all they wished to be sparing of her voice. Her encore "Comin" Thro' the Rye," made the most of that song and she was recalled again and again to bow her thanks to the delighted audience to see her go. But though they wished to be sparing of her voice. Her coming and she was recalled again and again to bow her thanks to the delighted audience at sparing of her voice. Her collegation and spain and sparing of her voice the Rye," made the most of that song and she was recalled again and again to bow her thanks to the delighted audience to see her go. But though they wished to be sparing of her voice the sudience at one control and she was recalled again and again to and she was recalled again and again to see her go. MUSEMENTS

As to her 'cellist, that amusing young Albert Rosenthal, so very young and so very inexperienced, he won the hearts of his audience at once. One forgot his boyish awkwardness as soon as he began to draw that hig bow over his inmaking interesting instead of a bore. The life she imparted to her numbers made one forget the faults of arrangement.

All her numbers were well sung. The opening Schubert number aung with cello obligate served more to show her abilities than to please the audience, but her individuality and vivacity were apparent from the first. The "Rodelinds" aris showed her trange pretty well. Of her other numbers, "Cherry Ripe" (Horn) was bewitching with a fascinating, musical rolling of the r's. "Pourquoi" (Delibes) was sung with a wealth of musical feeling. "Voce de Primavera" (Strauss) was one of the best sung numbers of the program and the trills were beautifully managed. Her encore was a fetching little German lilt by Hildach.

Her last group of English songs was

To Owners of Bad Breath-

Foul Odor of Indigestion, Smoking, Eating or Drinking Stopped at Once With Stuart's Charcoal Lozenges.

Bilious breathers, onion eaters, indigestion victims, cabbage consumers, smokers, drinkers and those with gas on the stomach are in a class all by themselves, distinguished by a powerful bad breath.

They all breathe, and as they breathe, they whiff out odor which makes those standing near turn their heads away in disgust. The pitiable part of it is that these victims do not realize what a sickening thing a bad, offensive breath is to others.

Charcoal is a wonderful absorber of gases and odors. It absorbs 100 times its own volume of gas.

Stuart's Charcoal Lozenges will put a stop to your bad, offensive breath, and to your belchings, whatever the cause or source, because the charcoal quickly absorbs all noxious, unnetural odors and gases. Trial Package To Prove It Sent Pres

Charcoal is also the best laxative known. You can take a whole boxful and no harm will result. It is a wonderfully easy regulator.

And then, too, it filters your blood—every particle of poison and impurity in your blood is destroyed, and you begin to notice the difference in your face first thing—your clear complexion. Stuart's Charcoal hozenges are madefrom pure willow charcoal, and just a little honey is put in to make them paistable, but not too sweet.

They will work wonders in your stomach, and make you feel fine and fresh. Your blood and breath will be purified. You will feel clean inside.

We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a 25c bax of these Stuart's Charcoal Lozenges.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 200 Stuart Bidg., Marshall, Mich.

Victor Herbert is responsible for the music. A big, bright and beautiful pro-duction is promised.

Last of Moving Pictures.

Today will be the last of the moving pictures at the Marquam. The performances are continuous from 2 until 10:30 p. m. The three films shown are "The Butterflies," "The Two Orphans" and "The Merry Widow." These are all new and all interesting. "The Butterflies" represents a Japanese dance and every inch of the film has been decorated by hand.

Friends of Popular Principle in Umatilla Organizing

Her encore was a fetching little German lilit by Hildach.

Her last group of English songs was charming and probably the most popular was "When Celia Sings" (Moir), that quaint, dainty thing sung here by Madame Maconda. It was full to overflowing of expression.

Two Kate Vannah songs proved less popular but the "Spinning Song" by Liza Lehmann was beautiful and showed the full richness and depth of marked by accuracy.

THE TRUTH ABOUT KIDNEY TROUBLE

(URAEMIC HEADACHES)

There is a class of headaches that are very persistent and very painful, that are to be suspected where there appears to be no cause for them, especially in those cases in which there are decreased or scanty eliminations.

These are usually ugly symptoms and mean that the kidneys are not eliminating the toxing or polygons and that nating the toxins or poisons, and that they are retained in the circulation. It is in such cases that apoplectic symptoms or drowsiness and convul-

symptoms or urowshess and convensions follow.

The central difficulty is again inflammation of the kidneys that has to an
extent closed the kidney functions, and
it is apparent that a reduction of the
inflammation will re-open the tubules
with gradual restoration.

As the direct effect of Fulton's Renal
Compound is to abate inflammation in
the kidney tissues, it is seen why it is
the first thing to be effective in these
cases and why fallure has been the
rule under the old indirect treatment.

The symptoms under the above heading are urgent and permit of no delay,
for before this Compound was discovered they were nearly always fatal and ered they were nearly always fatal and generally in a few months.

(In such cases hot baths will aid the Renai Compound, as sweating helps to relieve the graemic condition.)

The ABC and XYZ of

ADVERTISING

A SERIES OF TEN TALKS ON AD-VERTISING written by Seymour Eaton of No. 4 Philadelphia for the readers of The Journal

Don't let newspapers fool you. Don't skip around from one newspaper to another. Success in advertising comes from hammering away at the same crowd.

Pick out the newspaper which has the kind of readers you want for customers and then stick. When you get things going keep your head. A line-up of canvassers from competitive newspapers will call on you immediately and show you by a process of arithmetic, or it may be of geography, that they can give you twice the circulation at half the price; that whoever advised you didn't know what he was talking about; that if the paper your advertisement is in actually pays you, their newspapers will certainly make you a millionaire.

They are all nice fellows and put up good lunches and you like to meet them. Each will tell you that your advertisement is the prettiest thing he ever saw and that your store is a perfect gem. But don't! You can't afford it; at least not unless you have sufficient advertising appropriation to keep copy in all the newspapers continuously.

An eight-inch advertisement in one newspaper frequently will bring much bigger results than a two-inch advertisement in four newspapers.

If you advertise your store to a hundred and fifty thousand people you can safely bank on the fact that in due time everybody will hear about you. People have a way of passing along good

The fact that your advertisement appears continuously in a reputable newspaper stimulates public confidence. Your shop advances step by step in the estimation of tens of thousands of people who may be months getting around to make their first purchase.

You can talk to a hundred and fifty thousand people any day of the week through a metropolitan newspaper and make your talk as personal as you wish. You need not employ an interpreter or use a megaphone. Simply talk. That's all. Be sincere about it. Let your words ring true. The people will listen. They like it.

Spend thousands a year on rent and electric light and experienced salesmen and then squeeze out a niggardly hundred or two on advertising; on telling the people that you have the store and the goods and the salesmen, all hanging around waiting. A retail shop that spends \$5,000 a year on rent ought at the very lowest estimate spend from \$5,000 to \$10,000 a year on advertising.

Your advertising is not a thing apart from your enterprise. It is your enterprise; a contagion which you yourself create and which, if thoroughly spread, is as enduring as the everlasting hills.

WHEN YOU CATCH COLD

Do not take chances on it wearing away or experiment with some unknown preparation which may leave the bronchial tubes and lungs weakened and susceptible to attack from the germs of Pneumonia or Consumption.

FOLEY'S HONEY

not only stops the cough but heals and strengthens the lungs and prevents serious results from a cold. Contains no opiates.

Be Sure You Get Foley's

There are substitutes made to sell on the good name of Foley's Honey and Tar. Beware of them. You should have confidence in a cough cure that has been sold with universal satisfaction for thirty-five years. The genuine Foley's Honey and Tar is in a yellow Package. See that you get it.

A Mother Testifies

This is to certify that my daughter was down for almost one year with a cold. The doctors finally pronounced it consumption. We had given up hope for her recovery. I was given a sample bottle of Foley's Honey and Tar. I gave it all to her in about three hours. It stopped the cough, and gave her rest. I sent next day and bought a soc. bottle and began giving it. In three menth's time she was well. There can not be too much said in favor of Foley's Honey and Tar. It saved my child's life.

REPUBLICAN CANDIDATE FOR DISTRICT ATTORNEY.

My name will appear upon the Re publican primary election ballot for the nomination to the important office of district attorney for Multnomah county. To obtain this nomination is equivalent to election. The practice of using this office for

political purposes by making it serve as a vehicle to continue the incumbent in power, has attracted public attention. There are so many Davises who are taking, or who have taken, part in public affairs in Portland, that I find necessary to explain that I am the person who from 1892 to 1901 was associated in the practice of the law with C. U. Gantenbein, now judge, and Arthur L. Veasie, and since then have had no associate in practice of law, and have had my office at No. 7, First street, until recently I have occupied

offices in the Abington building. If nominated and elected I shall give all my attention to the duties of the office, give to the public the best possible service, and a proper administration of public affairs.

IMPROVEMENT ON

Judge Cleland has refused an injunction to prevent the city from improving Belmont street, between Tenth and Twentieth streets. A restraining order was sought by William Donovan and others, who alleged that the Pacific Bridge company had been given a monopoly by the decision of the city to use a patented process, the Warren bithulitic pavement. They also charged that the cost is excessive.

A stipulation was presented by Warren Bros. agreeing to furnish the ingredients of the pavement to all contractors at the same price, and Judge Cleland said that this made competition possible, and did not establish a monopoly. The improvement of the street will therefore be proceeded with, as directed by the city council.

FOR CHIEF CAMPBELL
