EAST ST. JOHNS
Do you realize that the GREAT SWIFT PACKING COMPANY, the largest concern of its kind in the world, has now under way the building near St. Johns of one of the biggest plants in the country, that will cost \$3,000,000—that will employ several thousand men and form the nucleus of a city of 20,000 people? Do you realize what this means to the entire Lower Peninsula district? It means a solidly built up city of 50,000 people within the next few years. It means that real estate values will multiply many times over, and that fortunes will be made by those who have the foresight to secure a little real estate in this section. We offer for sale some choice lots in

EAST ST. JOHNS

Right in the heart of this section at

\$350

and upwards. Only 10 per cent down and \$10 monthly.

REMEMBER

That this property is located at the junction of the Columbia boulevard with the St. Johns electric carline, and within two blocks of Meagy Junction, where the Hill railroads intersect the Harriman railroads, only two blocks from the depot grounds, where the future immense freight and passenger traffic of the entire Peninsula district must center, and near the great Swift Packing company. That this will be the only railway stop between Vancouver and Portland; that the Swift Packing Company will alone create a city of 20,000 people; that the future of this locality is not dependent on suburban homes, but is certain to result from local industries, which are assured.

Keep these facts in mind.

Investigate this property. Look it over. Take a St. Johns car, fare 5 cents; get off at Columbia boulevard, East St. Johns station (formerly Smith's Crossing), and you are there.

Office Open All Day.
