No young woman in Portland need | Would you kindly send me full informawish in vain for a desirable husband so long as the Portland chamber of commerce continues the good work it is engaged in. Scarcely a day passes that does not bring letters of inquiry from young men of eastern or southern states who want to know all about the country and its attractions. Secretary E. C. Giltner of the chamber is in a position to assist in various ways, and to arrange for exchange of photos and references.

A letter yesterday to the chamber offers an opportunity that seems to be especially worthy of attention. The young man is good looking, a civil engineer, and only 22. He has traveled considerably, is evidently well educated, and writes a good hand. For fear the young man might take offense at the publication of his full name, only his initials are given. His letter follows:

# **PUMPS VIM INTO WORN-OUT MEN**

If you feel tired and stupid, | with no ambition to get out and hustle; if you have spells of despondency and a desire to give up the fight, you need new energy. The race is to the strong. Show me a failure and I'll show yau a weakling, lacking in courege, strength and ambition, three essentials to the makeup of a successful man.

I can take a man like that and pump new energy into his body while he sleeps, and in a few weeks' time transform him into a giant in strength and courage. is proven that energy and electricity are one and the same thing. If you lack this energy, you can get it only by filling your nerves with electricity. Electro-Vigor does this. Wear it while you sleep. Feel its invigorating stream of electric life in your nerves, its vitalizing spark in your blood. You wake up in the morning full of new life, new energy, and courage enough to tackle anything.

Electro-Vigor is an electric body battery which sends a steady current of electricity into steady current of electricity into the nerves and vitals, building up vitality and strength and remov-ing the cause of disease. No pain can exist in a body charged with electric life. You can have no rheumatism, no weakness, no in-active parts, for the life gener-sted by this appliance gives

Electro-Vigor is not an electric belt. It never needs charging, for it makes its own power constant-ly.

During the past month the change in my condition has been wonderful. The varicocele has disappeared, my digestion is better and I feel better than I have for years.

I Treat Only Cases I KNOW I Can Cure

When, therefore, I accept your case for treatment, you may confidently expect to be cured. There is no guesswork or experimenting about my methods. They are certain, safe

and thorough. I treat for real and lasting cures. Every remedy I employ has its part in bringing positive and permanent results. Under my treatment the patient who notes improvement in his condition can feel assured that real benefit and not a temporary drug effect has been obtained, and can continue with confidence that a thorough cure is being accomplished. My success as a specialist is due to the fact that I accept no incurable disease and always treat with a cure in view, never resorting to the use of a remedy that brings out temporary encouragement to the patient.

knife, ligature por caustic i treatmen Varicocele positively curdisorder by absolutel painless meth detaining the treatmen for Specific Blood Poiso

I have conclusively demonstrated the fact that derangement of the mascurine functions is a curable aliment. That there has been considerable diversity of opinion upon this point among the profession is but an evidence that functional weakness has not been thoroughly understood and has been unscientifically treated. Though commonly regarded as a servous disorder, it has never yielded when treated upon this theory, i have ascertained by the closest observation in thousands of cases that only in rare instances is the general constitution or nervous system involved to any noticeable degree whatever, and that "weakness" in all its phase's is merely a symptom of nervous disorder. In by far the greater number of cases the functional derangement is due to a single case, a chronically inflamed condition of the prostate gland, brought on by early dissipation or lingering as a result of some improperly treated contracted disorder. Such cases may show temporary improvement under stimulating processes of treatment, but ultimate relapse is certain to follow all such methods. The only radical cure is the absolute removal of the abnormal condition responsible for the functional disorder, and this I positively accomplish through carefully directed local measures. My treatment is entirely distinctive and original. No other physician employs like methods or approaches my success in curing. The results I obtain are thorough and lasting and strength and vigor are restored in the full and normal degree.
