DAPHNE COMES BACK AND BRINGS SMILE WITH HER

Daphne Pollard, the little leading lady with "The Toy Maker," is back in Portland, smiling and tripping saucily down the street and gushing girlishly over the delights and funny experiences of her trip.

"One-night stands and towns with only a depot and a hotel! Oh, they were so funny, especially when 25 of us had to scramble for rooms in a hotel made for 10. But I'm the baby, and so they always looked out for me. That is, I am the baby of the company, but I am not really a baby for I am quite grown up now."

Little Miss Pollard has very decided ideas about many things in life and one of them is about her own grown-upness. She will not travel without a chaperone, and she is eager for the time to come when she will be 18.

always at her side taking her to and from rehearsals and attending her in her dressing room. Another sister, Ivy, who is 21, was married in Salt Lake city last week. She will be remembered as the girl who for several years played boy leads with the Pollard company.

"The people in Portland were perfectly crazy about her," said Daphne, "and she used to get more funny love letters from the girls here who really thought she was a boy."

Daphne is enamored of the stage on which she has been for the past 10 years. All her life it has been her ambition to be a star and now she feels that at 18 she has acquired her ambition. The only desire that supercedes this is to be an American citizen, and she is eager for the time to come when she will be 18.

"The first thing I will do," she said, "is to take out naturalization papers, for I love America best of all the countries I have been in. My father and mother are coming here in May to live in Seattle and I am so crazy for it I can hardly wait. They have never seen me on the stage and our company will be in the midst of its 11-week engagement there when they come."

Little Daphne, whose real name is Daphne Troit, was born in Australia and first attended a rehearsal there with her sister Ivy. One child could not do her part and Daphne said she could and tried it for fun. She was immediately engaged and in three days was playing leading parts with the juveniles. She has since traveled all over Africa, Canada, China, Japan, India and most of the states.

In China a wealthy merchant who saw her play in "The Geisha" insisted on buying her and it was with difficulty that the manager restrained him from carrying her off bodily. She is fond of animals and spends much time riding horseback. She is devoted to her little dog, a fox terrier for which she made a little trunk furnished with water and eating trough and bed that he might be as comfortable as possible in traveling.

"But poor little thing, he had to stay in that trunk three days coming up from Los Angeles and he must be so tired," she said.

The Ohio Socialist party has put a state ticket in the field, headed by Robert Bandow of Cleveland as the candidate for governor.

RESIDENTS WANT BROADWAY EXTENDED

Property owners on Broadway are preparing a petition and resolution to be introduced in the council asking for the extension of the street from Union avenue to the river. There are several extensive fills to be made in the thoroughfare and opposition to the project may develop.

Councilman Cellars, who has been asked by the property owners to draw up the necessary papers in the matter stated today that the residents would like to have the extension made to the river, but if they cannot get this at the present time would be satisfied if the

street were filled in as far as Williams avenue.

Cat Starts a Fire.

A box of matches which had been ignited by being knocked from a shelf by a predatory cat started a fire in the grocery store of Edward Hall, 408 First street, at 8:30 o'clock last night. An alarm was given and the fire department arrived on the scene in time to extinguish the blaze before much damage had been done. The cat escaped. Mr. Hall estimates his loss at \$300.
