Coal Carrier Affected by Scarcity of Sailors in Newcastle.

Henry Aldridge, American Member of Crew, Tramps Through Japan and Finds Natives Hospitable and Anxious to Learn English.

When the British ship Largiemore FOSTEL & KLEISER, SIGNS, THE largest sign makers in the northwest. 5th and Everett sts. Phone Priv. Ex. 66. was ready to leave Newcastle, N. S. The Largiemore arrived in the harbor yesterday afternoon and berthed at the bunkers of the Pacific Coast company. bunkers of the Pacific Coast company, She discharged about 1,600 tons of her cargo at Astoria and has about that much to discharge here. What she will do after that is not known as she is still on the disengaged list.

Captain Spencer reports having en-joyed an ideal voyage, except for a few days when in a storm off the mouth of the Columbia. The weather was so fine and the wind so favorable most of the time that for days not a yard had to be touched. The vessel would have made better time had her bottom not been foul with seaweed and barnacles. The parasites formed a drag that even the fine weather failed to overcome and whereas other vessels made the run in 60 days, it took the Largiemore 70.

ing Signed for Voyage.

Having an idea that things would not go right. August Ffitzner, a sailor on the British ship Largiemore, refused to go on board the British ship Castle Rock when she was to leave Newcastle, N. S. W., for Puget sound, although he had signed for the voyage. Instead he went over to the Largiemore, bound for this port.

Pfitzner told his story this morning when preparing to go ashore to get his money for the run to Portland. He said he considered himself a lucky tar because there is practically no longer any doubt of the Castle Rock having gone to the bottom. She left Australia more than 150 days ago and not a sign has been seen of her since. The 'Largiemore arrived here yesterday afternoon, after having been three weks at Astoria discharging a part of the cargo.

"I was ready to board the Castle Rock," said Pfitzner, "but somehow I got to thinking that the ship didn't look good and so finally concluded to remain ashore a while longer. Sailors were in big demand and I had no fear of getting another ship.

ASK S. P. TO RESUME OPERATION TO SCIO

Valley Town Anxious to Secure Road to Keep New Industry.

Six citizens of Scio are meeting with officials of the Southern Pacific today with the hopes of having railroad connection with the main line, which was abandoned by the company several years ago, resumed as soon as possible. In addition the Scio men are consulting with a condensing company to lo-cate a plant there. In case the factory is located the Scio people guarantee 48,7 800 pounds of milk from within a ra-dius of 10 miles, which may be in-creased from time to time.

Those who are in the city are Dr. A. G. Prill, mayor of Scio; E. E. Peery, a druggist; T. L. Dugger of the News; L. T. Parker, representing the lumber interests, and Father Henry, also for the lumber business. All are members also of the Scio Commercial club and are making their headquarters in Portland at the Oregon hotel.

The railroad now runs to Crabtree. It is the desire of the committee to induce the railroad officials to relay a mile and a half of track from Shelburn and resume train service into Scio.

MARQUAM TO SHOW MOVING PICTURES

For an indefinite period, the management of the Marquam will present moving pictures at this popular house, beginning with March 29. During the season of motion pictures, the management will offer the greatest variety of these films obtainable and the entertainment will be given at bed rock prices. The performances will be continuous, beginning dally at 2 o'clock and continuing without intermission until 10 p. m. Patrons can come in and remain as long as they desire. In addition to the moving pictures there and remain as long as they desire. In addition to the moving pictures there will be illustrated songs. Moving pictures are popular and when the Marquam flashed them recently for a week the entertainments were attended by thousands of people. All the best many thousands of people. All the best and most up to date films will be pro-sented, some being imported from Parin, where the best films are manufactured.

Cure Men

"I claim to know a great deal about a few allments, rather than a little of all human ills"

THE WORK OF A SPECIALIST IS THE DOING OF A FRW THINGS BEST

There is not a physician living who can claim to be proficient in the treatment of all human allments and diseases. To attain the higest possible degree of proficiency in all departments of medical science would require half a dozen lifetimes of study and as many more of practical experience. The regular practitioner is proficient in a large number of the commonest and most easily conquered liseases. The specialist must first become proficient for general practice, and must then so on to proficiency in a few of those conditions and diseases more difficult to understand and more difficult to cure.

DR. TAYLOR The Leading Specialist

YOU

PAY WHEN

VARICOCELE

My Fee for a Cure Is

In Uncomplicated Cases

I Cure It

What Weakness is and How

A thorough cure without pain or cutting. Every case of Varicocele I treat proves the superiority of my mild and harmless method, and the folly of resorting to surgery. In most instances it is even unnecessary to detain the patient a single day from his business. The treatment I employ is distinctively my own, and can be had at my office only. Do not submit to the kulfe and hospital expenses, when a complete and permanent cure can be had without the loss of time, and without pain or cutting. "Weakness" is merely a symptom of chronic inflammation in the prostate gland, brought on by the improper treatment of some contracted disease. A complete and radical cure is, therefore, a question of restoring the prostate gland to its normal state, and this I accomplish promptly and completely without the use of internal remedies. My treatment is a local one entirely, It is original and scientific and has been proven absolutely
