

ROAD ABUSES TRAIN CREW

O. R. & N. Keeps Men Away From Home to Kill Ef- fect of New Law.

(Special Dispatch to The Journal.)
Pendleton, Or., March 26.—Two representatives of the order of railway trainmen and the conductors leave here tonight for Chicago where they will represent the employees of the O. R. & N. system in a hearing before Harriman railroad officials on the subject of holding train crews away from terminal stations.

Since the 10-hour law went into effect by Oregon and other states, employees allege that the companies "keep up, as it is termed, away from the terminal, thus working a hardship on the crews by keeping them away from home when they should be taking their rest period at home. The matter has become aggravated and employees charge that the companies are doing this more than is necessary in order to prejudice the men against the short day law. A hearing has been set for April 1 in Chicago and representatives of all western roads will be present to discuss the matter with Harriman officials. The matter has assumed a serious aspect and unless a settlement is effected at Chicago, it is believed that it will cause trouble on the railroads of the northwest.

SAY ROOSEVELT IS FRIEND OF LIQUOR

(Special Dispatch to The Journal.)
Astoria, Or., March 26.—Sometime last night vandals forced the entrance into Suomi hall in Uniontown and removed President Roosevelt's portrait from the wall, which was recently ordered replaced by the Suomi Temperance society, the vote of the conservative members prevailing over the opposition of the radical Socialists. No clue has been secured which would attach the crime upon any person, but suspicion rests with those who opposed the presence on the wall of the president's picture.

They had advanced the argument that President Roosevelt represents the "liquor party," and therefore his picture was out of place on the wall of a temperance organization's meeting room. The opinion prevails that this is the direct outcome of the mass meeting held by the Socialists in Uniontown last Sunday afternoon, when one of the speakers referred to the president in uncomplimentary language.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Portland women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Portland woman's words:

Mrs. A. S. Cummings of 244 Clackamas street, Portland, Oregon, says: "Kidney complaint and backache have clung to me for a long time and often I suffered severe attacks of it. Sometimes it was a dull, heavy aching over the kidneys and again sharp, acute pain in the small of the back. The kidney secretions passed too frequently and often with pain. I had tried several remedies with poor results and was finally induced to use Doan's Kidney Pills. They helped me very quickly and, continuing their use, I soon found relief from the aches and pains and the action of the kidney secretions was also strengthened to a great extent. I recommended Doan's Kidney Pills in our papers three years ago. I am always pleased to say a good word for this remedy and am glad of this opportunity to confirm my former testimony."
