# A SENSATIONAL PURCHASE!

4,000 Men's New Spring Suits—2,200 Pairs Men's Trousers  
IMPORTANT TO EVERY CLOTHING BUYER!

Our ability to quote the remarkably low prices that appear below is a result of the recent purchase made by our eastern buyer, Mr. James W. Shaw. We bought the entire output of the Arison System Guaranteed Clothing and Howard Trousers, the pants of quality, for cash at a big discount—all this season's 1908 Spring Styles. The times are very dull in the Eastern markets and the money market still more so. This is one of the greatest clothing purchases in years, not only because the values are the most extraordinary ever quoted in Portland, but because every suit of the entire four thousand is in a new 1908 style and thoroughly high class and desirable in every way. Values almost beyond belief.

## INTERESTS ISSUE KNOCK STORIES

Unfair Estimates Give Absurd Totals of Country's Unemployed.

(Special Dispatch to The Journal.)  
Chicago, March 25.—Much interest has been taken in determining the motive of a New York newspaper's efforts to show that there are thousands upon thousands of men out of employment in the United States. The story was sent out last Saturday night to various newspapers that make a habit of "standing by the interests" and it has now come to light that the figures were not authorized by the unions nor were they accurate in any respect.  
The supposition is that the facts were presented in the interests of the great railroad combinations with a view to lightening labor throughout the country. Persons representing vast combinations of capital are said to have been insidiously spreading stories of great surplus in the labor market for the purpose of sending wages downward.  
Misleading Figures.  
The totals for the country were not considered so extravagant but had the reports of all the states instead of a few been followed in the line of reasoning set forth in the inspired article the

total of 8,000,000, and not 1,200,000, as estimated by the railroads, would be more in accordance with the inspired estimates.  
The Illinois estimates were greatly in error, the New York estimates were entirely wrong and the Massachusetts estimates (the exception) below the mark by 200 per cent. In every state mentioned and in every city the figures were wrong. Locally the unemployed have been reduced in ranks until conditions are nearly normal. New York City reports that men are rapidly going back to work. Los Angeles reports that only 6,000 men are now out of work in southern California and the labor council of San Francisco reports that nearly all union men are back at work and that the unemployed there number 7,000, instead of 25,000 as reported.

**At New Orleans.**  
New Orleans reports that the outlook has improved and that estimates of unemployed there have been widely exaggerated. St. Louis says that there are about 15,000 out of employment there and not 34,000; further, that the situation is improving. All other estimates run contrary to the railroad reports.  
With a presidential election coming on the truss, aided by the tainted press, are attempting to put up a claim that will get workmen in line against trust-busting policies.

## KILLS HIS WIFE, HER SISTER AND HIMSELF

(United Press Leased Wire.)  
Globe, Ariz., March 26.—His mind deranged through excessive drinking, Jerry Enright, aged 34, early today shot and killed his wife and his young sister-in-law, Carrie Balson, and then set a bullet through his own head, dying almost instantly.

## HUGHES REFUSES TO SAVE YOUTH

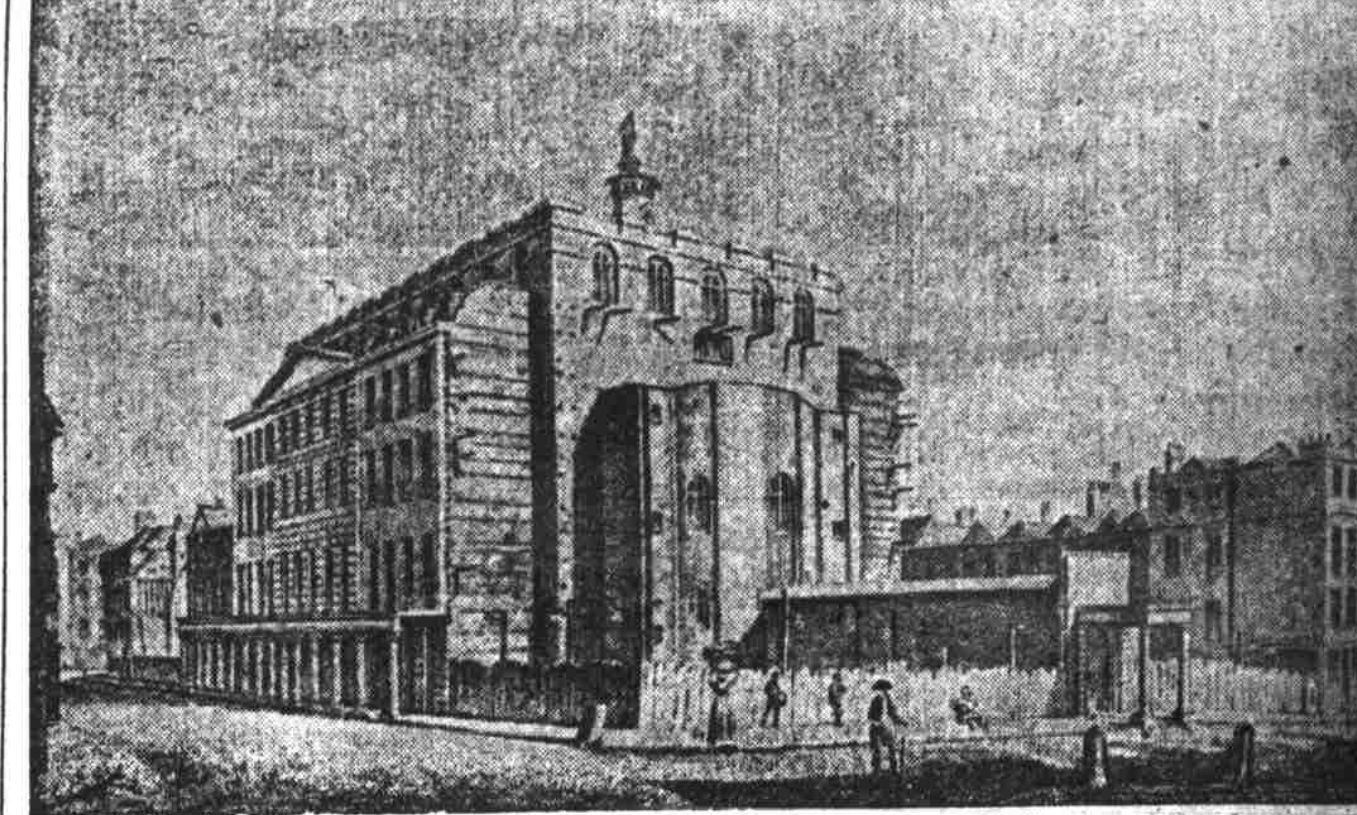

New York Governor Will Not Grant Gillette Stay of Execution.

(United Press Leased Wire.)  
Auburn, N. Y., March 26.—Mrs. Louise Gillette, mother of Chester Gillette, the youth sentenced to die in the electric chair next Monday morning for the murder of his sweetheart, Miss Grace Brown, today sent the following message to Governor Charles Evan Hughes: "Can you say before God that you have no doubt of my boy's guilt? Please telegraph reply. If you say you can not, his blood will be upon your head." (Signed, Louise Gillette.)  
Governor Hughes replied through his secretary that he did not feel justified in interfering with the action of the law.  
Mrs. Gillette, who is bearing herself like a Spartan mother, visited her son in the death cell at the prison today and sought to encourage the boy. He assured his mother he would die calmly and bravely, and that she would have no cause to feel ashamed of him.  
The execution will take place at 6 o'clock in the morning and following the autopsy the remains will be turned over to his mother.

## OREGON-IDAHO DEBATE TONIGHT

Eugene Orators Hope to Win but Expect Decision Will Be Very Close.

(Special Dispatch to The Journal.)  
University of Oregon, Eugene, March 26.—All preparations for the debate with the University of Idaho are completed and the indications are that Villard hall will be crowded tonight. The team arrived this morning and are all ready to face their opponents.  
The order in which the debaters will speak will be as follows: W. C. Nicholas of Oregon, B. J. Mudgett of Idaho, Walter M. Galton of Oregon, Jewett F. Matthews of Idaho, Jesse H. Bond of Oregon, R. O. Jones of Idaho and rebuttal by Jesse H. Bond of Oregon. Bond is the only member of last year's team who will debate against Idaho, but Galton and Nicholas are both good men and have made fine records in their society debates. While Oregon hopes to win the decision is expected to be very close.  
The Oregon team will defend the question while the Idaho team will have the negative side to argue for. The judges will be President Crooks of Albany college, Professor Prieaux of Willamette university and Judge Otto Kraemer of Portland. Attorney Bronner kindly consented to take his place. Manager Smith is to be congratulated on the selection of judges as they are all broad minded men.  
Carnival in Paris.  
(United Press Leased Wire.)  
Paris, March 26.—All Paris turned out today for the festivities in connection with the annual Mi-Careme carnival. The spectacular procession and the public decorations were fully as gorgeous

Rare Old Picture of Drury Lane Theatre, London, Which Burned to the Ground Tuesday.

as in any previous year. Mademoiselle Fernando Morin, the young market woman who was honored this year with the election of queen of the carnival, was received by President and Madame Fallieres at the Elysee with the customary elaborate ceremonies. It is no empty honor to be queen of the market women and laundresses. Mademoiselle Morin received from the president of the republic a handsome jeweled brooch and the Paris municipality presented her with a diamond bracelet. The various articles that went to make up her magnificent "coronation" costume were contributed by leading modistes and shopkeepers.

## SIDE TRACKS LAID BY GANG AT CLIFFS

(Special Dispatch to The Journal.)  
Cliffs, Wash., March 25.—The Spokane, Portland & Seattle railway steel gang are here laying the sidetracks in the company's yards. There are about 20 men at work and they will put in eight miles of track before leaving. The roundhouse turntable will also be completed and many other important improvements made. Engines can now

receive coal from both sides of the mammoth coal bunkers.  
New families are moving into Cliffs and residence property is in great demand. There is good money in the investment for some one to come here and erect a number of cheap and high-priced dwellings.

The Taft workers may make a new move for the delegates from Vermont, as a result of the death of Senator Proctor. It is probable that some applicants for the senatorship will seek the aid of the administration and of the secretary of war toward furthering their ambitions.

## JOHNSON AFTER RHODES PRIZE

University of Oregon Graduate to Contest for Scholarship This Year.

(Special Dispatch to The Journal.)  
University of Oregon, Eugene, March 26.—Walter W. Johnson, a member of last year's graduating class, and at present a student at the Massachusetts Institute of Technology, was the unanimous choice of the faculty for the Rhodes scholarship contest this year. Mr. Johnson took the examination last year, but as they year but was defeated by a Willamette university student. He is the youngest son of the first president of the University of Oregon and was popular while here.  
Besides Johnson Cecil Lyons and Bolton Hamble also passed the examination successfully last year, but as they will be eligible again next year it was thought only right to give Johnson another chance. No Oregon student will take the examination this year.

## ANOTHER MILESTONE FOR JUDGE WILLIAMS

Judge George H. Williams, the grand old man of Portland, celebrated his 85th birthday Monday. This evening a dinner will be given in his honor at the Arlington club by 55 of the prominent citizens and business men of the town who have been associated with him in the past years. A number of speeches will be given.

"Ring out the muzz, ring in the law;  
Ring out the lies, ring in the true."

**DR. BELL'S Pine-Tar-Honey**

Nature's most natural remedy, improved by science to a PLEASANT, PERMANENT, POSITIVE CURE for coughs, colds and all inflamed surfaces of the Lungs and Bronchial Tubes.

**WHY DO THE PEOPLE USE OVER 5,000,000 BOTTLES ANNUALLY?**  
Here is One of the Many Reasons Given by One of the Many:  
Just Four Dozes Stopped The Cough.

THE E. SUTHERLAND MEDICINE CO.,  
Gentlemen—I want to add my testimonial to those of your satisfied and benefited patients. About two weeks ago I contracted a very bad cold which settled on my lungs. It grew worse until I could barely whisper and was "all in" so to speak. Tried many of the remedies but they didn't help me. My wife went to the drugstore and purchased a box of Dr. Bell's Pine-Tar-Honey, and four dozes stopped the cough and I had the first good night's sleep in two weeks. Anybody who doubts it let them write me or write about it. Respectfully,  
GEO. ULRICH,
