## ANNEX MOUNT SCOTT IN JUNE

### Suburb Will Soon Be Tied to Mother Portland's Apron Strings.

Annexationists in the Mount Scott district have been working quietly but effectively for the annexation of a large district to Portland at the approaching June election. C. Ben Riedland, O. N. Ford, Green C. Lewis, W. Dunlap and W. A. Schooler, leaders in the movement, feel much encouraged at the new turn things have taken, and these men assert that there is small doubt any longer that the district will be voted in by the people next June.

At first the opposition to the proposal to annex this desirable district was strong. The feeling aroused was bitter, but the bitterness has receded and the fight is no longer so sharp and vindictive in character as during the first few weeks of the battle.

At a largely-attended meeting Wednesday evening at Kert Park, held under the auspices of the Annexation club, O. N. Ford, presiding, the sentiment was much more favorable to annexation than formerly. E. S. J. McAlister talked for nearly an hour on the subject and was followed by members of the Annexation club.

Friday, April 2, a big closing rally will be held at Woodmere by the Annexation club. At this meeting it is proposed to close the campaign for annexation. Special attractions will be billed by the annexationists and an effort will be made to draw out a large attendance.

The petitions circulated by the club have been largely signed up and will be presented to the council soon. The council will be required to pass upon the proposal so that it may be placed on the ballots for the June election, which must be done 30 days before the election to be valid.

## NEW RAILROADS AND MAEGLEY JUNCTION

### Commercial Club Takes Steps to Insure Upbuilding of Suburb.

One of the peninsula districts that will profit most during the next few years is that section known as Maegley Junction, through which passes the new North Bank road and also through which will pass the new Harrison line that is proposed to tunnel under the peninsula. Already the Portland Railway company is grading its new track to St. Johns which leaves Dawson street at Hamilton Hall to a point near Maegley Junction where it will cross the cut of the North Bank road and follow the track again through East St. Johns to St. Johns proper.

The members of the Maegley Junction Commercial club for the week are taking steps to insure the upbuilding of the new suburb along proper lines. The new organization has for its officers the following: President, R. G. Brand; vice-president, W. J. Peddico; secretary, J. D. Merritt; treasurer, Mr. Cobb; delegate to the Peninsula federation, M. C. Van Tyn; alternate delegate, R. G. Brand.

## WILLAMETTE CLUB TO DISCUSS STREETS

### The Willamette Push club will meet this evening in the hall near Willamette station on the St. Johns line. Street improvement will demand the attention of the members as well as some other matters that may come up for discussion.

## SUPREME COURT MAY SWAT PRIMARY LAW

(Special Dispatch to The Journal.) Tacoma, March 27.—Attorneys of both this city and Spokane declare that the state primary law as it relates to the election of judges is unconstitutional. The law virtually elects the judges at the primaries, leaving no choice at the November election, when the constitution provides the judges shall be elected. The law provides that only names in number equal to the number of judges to be elected shall be placed on the Democratic and Republican tickets by the county clerk when he certifies the returns of the primary, the candidates getting the highest number of votes being placed on both tickets agreeable to the stipulation compelling a non-partisan bench. Objections to the voters of the November election of choice.

The legislature will not meet before the campaign to remedy the law, but a movement has been started here to have the supreme court pass upon the matter.

## FOUND TRUE REMEDY

### Woodard, Clarke & Co. Are Sure Mi-o-na Will Cure All Stomach Troubles.

The incalculable amount of good that Mi-o-na stomach tablets are doing in Portland is making a name for itself among despairing people well should command the attention of every judicious person who is out of health with stomach troubles.

The underlying cause of nervous debility, headache, sleeplessness and melancholy is faulty nutrition, the result of a weakened stomach and inactive bowels.

So long as the stomach is weak the tissues cannot assimilate proper nourishment, no matter how much food is and activity of the muscular walls of the stomach regulates the bowels and makes the tissues capable of conveying nutrition to all the vital organs.

The use of Mi-o-na stomach tablets makes all the difference between a weak, nervous, sluggish condition, of weakened stomach, and a healthy, energetic bodily condition.

In no other way can you so quickly, so readily and so positively stimulate the stomach to good health as by using Mi-o-na. The fact that this remedy is sold by Woodard, Clarke & Co. under a guarantee to refund the money unless it cures, shows conclusively its superiority over ordinary old-fashioned laxatives.

A recent box of Mi-o-na lists in outline all the ailments and ailments of down attacks of indigestion and bring the weakest stomach into a state of strength and good health.

## GLADSTONE AVENUE WILL SOON BE OPENED

### Improvement to Thoroughfare of Great Benefit to Suburban Residents.

The improvement of Gladstone avenue in the southeastern part of the city is one of the most important street improvements that has been made in the city for several years. The thoroughfare is practically the only outlet for Woodstock, Ivanhoe and a large part of Kenilworth.

Gladstone avenue, when completed, will be an 80-foot street. The improvements now underway extend for a mile into the Woodstock district. It is expected also that a double track carline will be put on the street by the street railway company when the street is complete. Thousands of yards of dirt are being taken from the street.

Like many other suburbs about Portland, Woodstock is almost completely shut off from any communication with the city other than by the streetcar line. The improvements of Gladstone avenue therefore was essential.

## SOUND ADVICE FROM THE POPE

(United Press Leased Wire.) Rome, March 27.—Ill-feeling has arisen between Pope Pius and the members of his family because the latter wish to give up the small paternal inn which they kept for many years at Riese, the pope's native village.

The pope's sister, brother-in-law and nephews run the inn, and they assert that not only have they made enough money to retire, but it is not decorous for the pope's relatives to provide food and wines for peasants. His holiness has replied to their complaint by saying that it is never indecorous to work, even if one does not need to do so, and even if one's relative is the pope.

## Tuberculosis Delegate.

(Special Dispatch to The Journal.) Olympia, Wash., March 27.—The governor has designated Dr. E. B. Nelson of the veterinarian department of the Washington State college to represent Oregon at the International Congress on Tuberculosis to be held in Washington City next September.

## Sore Throat Quickly Cured.

From the London P. M. O. An interesting anecdote has come to hand about an encounter between the singer, Marie Frausch, who lived in the time of Frederick the Great, and the officers of that emperor's household. Whenever anything or anybody displeased the haughty Frausch, she, after the manner of prima donnas in general, would suddenly become too hoarse to sing. One evening there was to be sung an opera in her repertoire, and it was expected that the king would attend. At the appointed hour the manager came forward and announced that, owing to a sore throat, Frausch was unable to appear. The people were preparing to leave the house, but his majesty's order commanded them to keep their seats. A few moments afterward an officer and four dragoons entered the capricious singer's room. "Frausch," said the officer, "the king is very good," said Frausch, with a pout, "but I have a sore throat." "His majesty is aware of the fact, and has charged me to take you to the military hospital to be cured." Frausch, turning very pale, suggested that they were joking, but was told that Prussian officers never indulge in perillous jokes. Soon she found herself in a coach with four men, "a little better now," Frausch faltered, "and I will try to sing." "Back to the theatre!" said the officer to the coachman. "The Prussian began to think she had yielded too easily. 'I shall not be able to sing my best,' she interposed. 'Fraidon't you have orders to carry you off to the military hospital at the least cough.' Frausch never sang better than she did that night."

James H. Higgins, the Democratic governor of Rhode Island, says that in his opinion the Republic of Hawaii are inclined to favor Hughes for the presidency.

(United Press Leased Wire.) Honolulu, March 27.—Mrs. Ella Wheeler Wilcox, the American author, and Alexander Hume Ford will shortly collaborate on a play which will tell the story of Hawaii on the stage. This much has been decided upon by them at a conference held here recently.

Some of the broader outlines of the plot have already been planned. The working out of the scenario and the writing of the play as a prose composition is to be undertaken by Ford. Mrs. Wilcox will then put it into poetry. The Hawaiian characters will speak in rhymed verse, and the white characters in blank verse.

## A Reliable Remedy for the Whiskey and Beer Habit

Very few men become drunkards because they like liquor. It is frequently the moderate drinker, who before he realizes his condition has become a drunkard. The nervous system, having become accustomed to stimulants, is unable to do the same amount or quality of work without liquor, hence the victim drinks more and more. This is a state of disease and should be treated by Orin. It destroys the desire for liquor, so that the drink is not missed. There is no loss of time or detention from work when it is used.

Orin is prepared in two forms: No. 1, the secret remedy, which can be used in food, or drunk without the knowledge of the patient; No. 2, for those who take the remedy of their own free will. Both forms are guaranteed. A registered guarantee is every box.

Orin is how to cure drunkenness free on request. The Orin Co., Washington, D. C. The price of either form is \$1 a box, making the cost of the complete cure less than one tenth what it is usually charged at sanitariums, with a guarantee that the expense will be nothing unless a cure is gained. Mail orders filled in plain sealed packages on receipt of price.

Orin is for sale by Clarke-Woodward Drug Co., and nearly all druggists in Portland.
