

### CHICAGO FACES MILK FAMINE

#### Ten Thousand Babies Will Suffer as Result of the Drivers' Strike.

(United Press Leased Wire.) Chicago, March 27.—Chicago will confront a milk famine on April 1. By a vote of 97 to 57 the Milk Drivers' union has decided to go on strike because the milk dealers have refused an increase of \$5 a week in their pay. Tonight the strikers' joint council is expected to ratify the strike order and the milk dealers already have begun plans to fight the union. The battle promises to be bitterly fought. The union numbers 2,400 drivers, who handle 50 per cent of the city's milk supply. The worst sufferers by the promised famine will be the city's 10,000 babies.

### PAVE AND PURIFY AND THEN BEAUTIFY

#### Albany's Home Boosting Will Put City in Shape to Delight the Incoming Boostee.

(Special Dispatch to The Journal.) Albany, Or., March 27.—The city council has passed a resolution providing for the paving of First street. April 14 has been set as the date for all remonstrances to be heard. The district to be covered incorporates all of the principal business streets leading from Washington to Lyons street. This will give the city four blocks of paved streets and with this beginning it is thought Albany will soon be as enthusiastic over paved streets as she is and has been over the enforced beautifying of the city. She boasts of a greater area covered with these walks than any other city in the northwest of like size and population. The spirit of boost that is being engendered a general movement for the beautifying of the streets of the city will doubtless be inaugurated. A plan has been suggested to give more attention to work that will show results. Some advocates expending 75 per cent for actual improvement and the other 25 per cent for publicity and advertising. Trees are to be planted along the curbs, fences torn down and green lawns encouraged. Ponds and other lodging places of filth and debris are to be removed and grasses sown and trees planted. A special effort to beautify that portion of the city lying adjacent to the depot will be made.

### IMPORTANT ACTION BY STATE NORMAL BOARD

(Special Dispatch to The Journal.) Salem, Or., March 27.—The state normal school board has reports from Weston and Monmouth for the month ending March 20, making the following statement: Weston, 138 students, fees remitted \$2,046; Monmouth, 156 students, fees remitted \$2,865. The board adopted a uniform diploma for graduates of all four schools, to be signed by the faculty of each school and the president and secretary of the board. These diplomas in the past have cost as high as \$1.50 for each graduate, but under more democratic policies the state printer will print 480 diplomas for about \$10, enough for all four schools for two years. Ashland and Monmouth were authorized to have summer normals under the direction of the president of each school, to be named by faculty. President E. D. Kessler of Monmouth has given six weeks' leave of absence to visit the New York state normal school and similar institutions in several eastern states.

#### Souvenirs for the Ladies.

The Big East Side Store, East Burnside and Union avenue, will hold their first annual spring opening on next Saturday evening, 7 o'clock. They have on display one of the finest stocks in the city, consisting of furniture, housefurnishings, carpets, rugs, ladies' and men's clothing, etc., which must be of interest to all boosters for east side enterprises. Free souvenirs have been provided for lady visitors.

#### New Notaries.

(Special Dispatch to The Journal.) Salem, Or., March 27.—Notarial commissions have been issued to the following: Oswald Gustafson, Astoria; H. Massey, Portland; Frank S. Ball, Sumpter; Oscar Middlekauff, Yacolt; John E. Matthews, Newport; John R. White, Mount Angel.

(Special Dispatch to The Journal.) Pendleton, Or., March 27.—With one child dead from diphtheria and four others now in the family of August Kupers, a few miles from the city, has been sorely stricken. For the children who have the disease the physicians have hope. No additional cases have been reported in Pendleton for nearly a week, and the epidemic is believed to be about over.

There is an attraction in quality. It is the magnet that draws. When you buy quality you get your money's worth and that's what we all want. We have low-priced suits and expensive suits, but they all have quality and here's a quantity to select from. Everything for men and boys to wear.

### LARGEST CLOCK IN THE WORLD

#### Dial of Soap Plant's Time-piece Will Be 28 Feet in Diameter.

(United Press Leased Wire.) Jersey City, March 27.—The largest clock in the world is being built in this city. It will grace the roof of a big soapmaking plant, where a frame work has already been put in place for it, so that it will face the North river and upper New York bay. The dial will be 28 feet in diameter and will have an area of over 1,100 square feet. It will weigh about six tons. The minute hand will be eighteen and a quarter feet long, and with its counterpoise weighs one-third of a ton. It will travel 24 inches every minute, which would be at the rate of half a mile per day. Incandescent lights will outline the hands and numerals on the face of the clock. This will enable people miles away to tell the time at night.

### FRANCHISE WAR TO RAGE IN ALBANY

#### Rival Franchise Holders Promise Service in a Matter of Months, and Clashes Are Predicted.

(Special Dispatch to The Journal.) Albany, Or., March 27.—Albany seems assured of electric car service in the very near future. Mr. Herschberg, owner of the old system, and A. Welch, owner of the new franchise, have promised active operations within the next three months. In fact, Mr. Herschberg promises car service within that time. It is said the big generator is already in the power-house ready for installation. Some interesting developments are expected when both undertake operations. A fight for the rights will result and the matter may be carried into the courts for final disposition. Time and again the city council has ordered the city attorney to prepare papers to annul the franchise. A. Welch, who controls the new franchise, has his ties cut and on the streets. A right of way has been granted him. Now Mr. Herschberg appears and declares he will resist any attempt by the new company to occupy his territory and enjoy rights that are also given the original franchise holders.

### CLUB TO BRING MEN INTO CHURCH LIFE

(Special Dispatch to The Journal.) Forest Grove, Or., March 27.—The male members of the Congregational church of this city have formed an association to be known as the Congregational Brotherhood. The object of the association is to hold monthly meetings for the discussion of religious topics and for debates and literary programs. It is felt that by means of these gatherings the men of the church will be brought into closer fellowship, and those outside of the church might be attracted. Officers have been elected as follows: President, Walter Hoque; vice-president, Professor Ben Kori; secretary, V. S. Abraham; treasurer, Professor Joseph Marsh; committee on membership, D. Stauer; on programs, Rev. H. W. Boyd.

### EXCURSION RATES

#### Via Oregon Electric Railway Company for Horse Shows at Woodburn, Oregon, March 28, and Salem, Oregon, April 4, 1908.

For the above excursions this company will make round trip rate of \$1 from Portland to West Woodburn, and round trip rate of \$1.50 from Portland to Salem. Tickets on sale March 28 and April 4, good going and returning on date of sale. Depot and ticket office Front and Jefferson streets.

### Asylum Buildings Inspected.

(Special Dispatch to The Journal.) Salem, March 27.—Governor Chamberlain, Treasurer Steele and Secretary of State Benson, constituting the asylum board, have made a thorough investigation of the buildings connected with that institution and found them all in good condition with the exception of those at the Cottage farm. The main building at Cottage farm is badly in need of repairs, but it is doubtful if they can be made until the next meeting of the legislature, owing to a shortage of funds.

### WILL PROCURE CLEARING OF A RIVER'S CHANNEL AND RAISE BANKS TO CHECK OVERFLOW.

(Special Dispatch to The Journal.) Freewater, Or., March 27.—Over \$1,000 has been subscribed by the ranchers living along the Walla Walla river in this vicinity for the purpose of repairing the banks of the river to keep future spring freshets from washing the lands out, as has been done the past few seasons. It will require about \$5,000 to have the work properly done and it is understood the money can be raised in this vicinity. The river is gradually raising its bottom by the accumulation of boulders and other debris brought down from the mountains, and it is now higher than the surrounding land. The river bottom will be cleared out for a distance of about a mile and a quarter and a high bank will be made on the sides of the river for protection.

### FIVE DIPHTHERIA CASES IN FAMILY

(Special Dispatch to The Journal.) Pendleton, Or., March 27.—With one child dead from diphtheria and four others now in the family of August Kupers, a few miles from the city, has been sorely stricken. For the children who have the disease the physicians have hope. No additional cases have been reported in Pendleton for nearly a week, and the epidemic is believed to be about over.

### U'REN WILL SPEAK AT BAKER MONDAY

(Special Dispatch to The Journal.) Baker City, Or., March 27.—Announcement of the coming of W. S. U'ren of Oregon City on Monday, March 30, to discuss the political issues has been met with a keen interest and from indications there will be a large turnout to hear what the well-known law-builder has to say. While many may not like U'ren, and it is pretty well established that old-time politicians are in that class, the people want to hear what he has to say.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound. Spectacles \$1.00 at Maloney's.

### Poor Pussy

The great fortunes and the great enterprises of this country result largely from the discoveries of certain nameless men. They have been the cats' paws which other men, with less brains, but more shrewdness, have used to get the chestnuts from the fire.

If you read "The Man Behind the Millionaire," by Henry M. Hyde, in this week's issue of THE SATURDAY EVENING POST, you will learn a good many obscure facts about American industrial history. The names won't be familiar to you, but you will easily comprehend the men for whom they pulled the chestnuts from the fire.

This and a good deal more in this week's issue of THE SATURDAY EVENING POST.

At the News-stands, 5 cents. \$1.50 the year by mail. THE CURTIS PUBLISHING COMPANY PHILADELPHIA

Our Boys Are Everywhere James C. Havely Jr. 715 EAST 11TH ST., PORTLAND.

### EAST SIDE RECOGNIZED

### E. E. ERICSON

ERICSON UNDERTAKING CO. 409 and 411 Alder St., K. of P. Bldg. Republican Candidate for Nomination County Coroner

"If elected to this most responsible office by the voters of Multnomah county, I propose to recognize the east side. When a coroner is called an inquest will be held on that side of the river and the body will be left with the nearest east side undertaker. I will also appoint a deputy to act on the east side of the river. The time has come when the east side people should be recognized."

### FREEWATER FARMERS TO TURN ENGINEERS

Will Procure Clearing of a River's Channel and Raise Banks to Check Overflow.

(Special Dispatch to The Journal.) Freewater, Or., March 27.—Over \$1,000 has been subscribed by the ranchers living along the Walla Walla river in this vicinity for the purpose of repairing the banks of the river to keep future spring freshets from washing the lands out, as has been done the past few seasons.
