## Nobby Footwear Styles

The shoe stock carried in this store is especially selected to meet the demands of those who seek shoes that are bargain values more than shoes at bargain prices. High-class footery is not expensive here; it is, indeed, modestly priced when compared with the figures asked by "exclusive" shoe stores. In selling a pair of shoes here we have more to think of than pleasing a customer on shoes alone, for we know that to have them dissatisfied with the shoes is to risk losing their trade in other departments, therefore the most expert fitters possible to obtain are employed. We believe that more careful attention is given to selecting a perfect-fitting shoe in this store than in any other store in Portland. The low shoes in which customers find it most difficult to obtain satisfaction are the "Garden Tie" and the "Colonial." We fit these here so that they do not bag at the ankle or slip at the heels. The Colonials come in patent leather, gunmetal calf and brown suede; the Garden Ties in bright or dull calf, tan calf or brown suede. The Suede shoes are \$5.00 the pair, all other styles **\$4.00**
