RULE OF PEOPLE AND FREE LABOR

Walter Winslow, Candidate in Marion, Issues Public Appeal.

(Special Dispatch to The Journal.) Salem, Or., March 30.—Walter C. Winslow, a graduate of the State university, a law student and debater of great ability, who is one of the five Statement No. 1 candidates for the legislature in Marion county, has issued the following challenge to the opponents of the statement, and is preparing to debate the issue with them in every precinct of the county:

"I am in favor of Statement No. 1. because it is sound in principle. It is the old principle of government of the people extended just one step farther. It has extended to the election of United States senators, where we have long needed it. When President Lincoln described our government he did not say: 'A government of the Republican party,' by the Republican party and for the Republican party. He said: 'A government of the people, by the people and for the people.' Any statement contrary to that principle, any attempt to give a minority the power to select United States senators is contrary to the principle of good government, and a step backward. The Republican voters' choice means the ousting of the Republican party from power. It is plain to see that if the majority of the people of this state want anything, and the Republican party will not give it to them, they will put the party in power in 1909. I am just as much in favor of a Republican for United States senator as any candidate who signs the Republican voters' choice pledge.

"But my style of accomplishing that end is not by breaking principle and electing a man whether the people want him or not. If the Republicans want a Republican in the United States senate, let them take off their coats, go into the campaign and elect one of the boys we want our congressmen. We are 49,000 in the majority, and to say that we can't succeed is cowardice. We wish also to say that if nominated and elected I will put the party in power to secure laws that will keep convict labor from coming into open competition with free labor. I think the labor organizations in our neighborhood have been convicted of felonies, and who are state convicts, to replace our honest free laborers. I think the labor organizations in our neighborhood have been convicted of felonies, and who are state convicts, to replace our honest free laborers. WELCOME TO CAKE IN EASTERN OREGON Friends of Statement No. 1 Will Demonstrate for That Principle.

(Special Dispatch to The Journal.) Pendleton, Or., March 30.—Friends of popular election of United States senators and Statement No. 1 are elated with the prospect for the success of that principle in the eastern Oregon counties. The success of the statement candidate in Union and Walla counties is pledged to Statement No. 1 and in Umatilla and Baker county the candidates are evenly divided on the question.

Sell Kennedy and Bascy. Says the San Francisco Chronicle: McCreedy, who has been named as the successor of Kennedy at Salinas, writes that he is anxious to dispose of Kennedy, his big first baseman, who was with the team last season. Kennedy has been offered to one of the clubs in the Western league. There is also a chance that Outfielder Brown will be disposed of. The Portland manager thinks he has the strongest kind of a team this year.

Brown's "Cats" Leave for Camp. (Special Dispatch to The Journal.) Aberdeen, Wash., March 30.—"Dad" Brown and his bunch of "Cats" will leave for Lewiston, Idaho, today to begin the season's practice in baseball. Nineteen men will be on hand to be tried out. STANFORD USES ROWING SPORT

Crew Disbands but Track Team and Baseball Squad Keep Together.

(Special Dispatch to The Journal.) Stanford University, Palo Alto, Cal., March 30.—Following Stanford's victory over Pomona last Friday afternoon the track men decided to keep the team together and this afternoon the whole squad, excepting Miller and Reed, who are suffering from slight injuries, are working under the trainer himself. This week a Easter vacation week and the campus is largely deserted.

One of the most lamentable events of the past week was the disbandment of the rowing squad. Rowing is only a new sport at Stanford and it has taken years and a great deal of money to develop it. Those who entered the sport have been waging an uphill battle for years and this year has been a struggle along with only one shell.

East Side has seven of last season's regulars in its lineup and these men, together with a new pitcher, Houck, and Morrow on second, Cornell on short, and Morrow on center, make up a strong team in every department. The outfielders, Hedges, Stannard and Briggs make up a feature of the practice all along and it is expected to nip a number of West side's baserunners should they attempt to take any liberties with him.

The infield, Graham on first, Hewitt or Landfare on second, Cornell on short, and Morrow on center, shows up exceedingly well for this time of the year. The men are speeding the ball around the diamond in practice in such a way that Cornell's hitting will prove a factor in all the games.

Houck and Thoburn will hold down the points for the east siders. Houck is a new man from Hammond university in Minnesota, and he has made a fine showing in practice. Thoburn, his battery partner, plays a snappy game and although he is inclined to be somewhat erratic, is a good thrower to bases. He has a snap throw to first which when used well is a dandy.

Little is known to what west side will do in a hard-fought game. With the exception of the short stop and center fielder the team is new at intercollegiate ball. In practice the boys have been showing up well, especially in fielding, but other does not seem to be a hard hitter in the bunch.

Pattison and either Pugh, Anthony or Hickson will be the battery for the opening day. Pattison played with the Davis team in the grammar school league last year and he has a beautiful arm. He is heavily built and while not fast on his feet is a reliable backstop.

Pugh and Hickson are fast pitchers, while Anthony uses curve balls almost all the time. Thoburn is a reliable regular pitcher will not be decided until just before the game.

The infield is made up of McKinley, Word, Sutton, Jamison and Vosper, while Bruce, McAlpin and Wang are the outfielders. This will be the way the team will probably line up Wednesday.

ORCHARD'S ATTORNEY TO ASK COMMUTATION (Special Dispatch to The Journal.) Boise, Idaho, March 30.—The state board of pardons will meet Tuesday and the recommendation of Judge Orchard of the district court that Harry Orchard's sentence of death be committed to life imprisonment will come before it for consideration. To date there has been no definite intimation as to what the action of the board will be, but it is believed by many that it will act favorably upon the suggestion of the court. It is the opinion of attorneys, however, that the board cannot act alone upon the recommendation of the judge. The law requires a certain procedure, that of publication of an application for pardon, and Frank W. Wyman, Orchard's attorney, has not yet made an application to the board, he would do so.
