WRESTLER AFTER CHAMPIONSHIP. HEBREW BAT FIGHT IS CALLED DRAW

Featherweight Makes Chopping-Block of the Light-weight's Face.

San Francisco, April 1.—Abe Attell, featherweight champion, won a clean draw with Battling Nelson, ex-lightweight champion, here last night after 15 rounds of bloody fighting, during which there was hardly a minute's slowing down. Referee Smith based his decision on the wonderful fighting skill and staying qualities of the Hebrew and his pronounced superiority in the first nine rounds as against the aggressive finish and harder blows of the Dane in the four rounds of the closing six. Nelson weighed nearly eight pounds more than Attell.

Attell's great generalship, his rapid-fire blows his ability at feinting and his wonderful footwork gave him a big lead over the Hegewach demon. He raised blows as rapidly on Attell's face and with such stinging effect that the Battler's eyes, nose, mouth and cheeks were swollen and raw from the punishment.

The little Hebrew's guard was invulnerable until the ninth round, when the Battler drove a terrific right straight blow through the ropes. The blow landed full and the impact sent Attell back several feet, the feather bringing up against the ropes. Attell in a rage suddenly deserted his starting methods and loosened up, planted right and left swings on the Battler's face that rocked the big fellow's head.

After this round Nelson had a shade the better of the mill, although he could not land a decisive blow. His jab was Attell's defense. Nelson was a 10 to 1½ favorite at ringside. Both men were dissatisfied with the decision.

The Fight by Rounds.

Round 1—When the gong sounded Attell shot quickly to the center of the ring and commenced jabbing at Nelson's face, which he easily found. Nelson waded in right away and started but Abe could not be found. Abe peppered Batt with blows on the head, all of which were light. Abe kept covered during the round and showed no blow after blow on the Dane. Nelson shot a straight left as the bell clanged which brought the fight to a stop. Nelson waded in right away and started with left and right for jaw, but Attell gave a wonderful exhibition of sidestepping and dodging. He judged his distance and bombarded Nelson with left and right short arm to the face. Nelson sent his left to the jaw but Attell dodged. Nelson smothered his man with lightning-like left and right jabs to the head. Attell forced Nelson almost to swing his head and then swung his left and right to the face. Nelson retaliating with a left to the body as the round ended. Attell landed a right and left jab to the body, but Nelson evaded them. mouth as the gong rang. It was Attell's round.

Round 2—Nelson came up dancing and waded right in. Attell backing up a bit. Attell received a straight left to the face and Nelson put left to the kidneys. Attell clinched and Nelson sent in two lefts to the jaw. He followed Attell about, landing right and left to the head. Attell fought back like a demon, sending in rights and lefts to the jaw incessantly, and Nelson's face soon looked like a raw steak. Blood began to pour from his nose, which Attell kept pegging at with merciless precision. Nelson forced the fighting, but Attell fairly blinded him with a continuous fusillade of lefts and rights to the face. The bell rang and Nelson went to his seat bleeding freely. It was Attell's round.

Round 3—They closed in, fighting carefully. Attell showed equal cleverness at the mixing game and most of Nelson's efforts went for naught. Attell drove two rights and a left to the stomach and then swung a left to the face. Attell had the advantage, although Nelson appeared to be much stronger.

Round 4—They fought to close quarters, Nelson putting left to the body and right to the jaw. Nelson then wrestled Attell to the ropes and the latter worked to close quarters, where Nelson planted a stiff left to the face and Attell broke away and again began his bombardment of right and left swings on the Battler's jaw and face as the bell rang. Nelson had the advantage early in the round, but Attell reversed this and went to his corner with the honors.

Round 5—They continued to fight at

close range, Attell complaining about Nelson butting. Attell jarred Nelson with three left hooks to the jaw and a right every shot in two lefts and a hard left hook to the face and jaw. Nelson landed a straight right to the face. The bell sounded with the men fighting furiously at close range. Attell had a lead.

Round 6—After Attell had jarred Nelson with three terrific lefts to the jaw the Battler almost sent his man through the ropes with a straight right to the stomach. Nelson kept relentlessly after his man and forced Attell to cover. Attell, after stalling, suddenly loosened up and showered right and left swings with great force to the Battler's jaw and face. The bell found Attell hampered and Nelson nearly landed three rights to the jaw and three lefts to the face, what for a moment seemed defeat, into a drawn struggle for round honor. It was a wonderful round from all standpoints.

Round 7—After Attell had hooked a hard left to the jaw Nelson sent a straight left to the jaw and, closing in, received three left hooks on his bleeding face. Attell shook Nelson up with a right hook to the jaw and quickly followed it with three stinging lefts to the face. Nelson, however, fought back hard all the time and inflicted some punishment as the round ended. It was practically an even round.

Round 8—Attell gave a marvelous exhibition of side-stepping and ducking. Nelson twice hitting the ropes with his gloves. Nelson drove his right to the stomach and Attell swung three rights to the jaw with much force. Nelson exchanged fierce right and left swings to the jaw as the bell clanged, both men fighting every inch of the way. Attell had a shade.

Round 9—Nelson put three lefts to the jaw and fought Attell against the ropes. Attell stalled and the crowd yelled: "Nelson! Nelson!" Nelson forced Attell about and started the blood from his nose with three hard left swings. Nelson nearly floored Attell with left to the jaw. The latter fought back gamely and landed several rights and lefts to the face. Attell again cut loose and swung three lefts and a right swing to the jaw. It was a vicious round, Nelson enjoying the honors.

Round 10—Nelson started off with two lefts to the jaw and forced Nelson around the ring. Attell broke ground and finally they went to close quarters. Attell smothered Nelson's blows. Nelson drove a wicked right to the stomach and followed it with left and right swings to the face. Attell recovered and landed several left and right swings on the Battler's jaw. Attell hooked his right to the jaw and both men fought viciously at close quarters. Attell swung left and right to the jaw but could not stop the Battler's onslaughts. Attell hooked a fierce right to the jaw and they mixed it, exchanging punch for punch. Nelson bell rang. Nelson had more force to his blows and, if anything, had a lead.

Round 11—Nelson, in hooking a trio of rights to the face, Nelson whipped a fearful right to the stomach and sent in two lefts to the jaw. Nelson's nose was now spouting from that member. Nelson clouted Attell with right to the body and as they mixed it at close range, Nelson sent a powerful right to the jaw. He kept after his man relentlessly, and soon had Attell in distress. Nelson tried to land a knockout. They fought at almost superhuman pace and as the bell rang they almost fell through the ropes from the viciousness of their efforts. Nelson seemed to have a shade.

Round 12—With bleeding face and swollen eyes Nelson rushed into the fray determined to win. He fought like mad but could not land a vital blow. Attell was willing to mix and the men fought viciously with honors about even until the closing of the round. When the gong clanged the crowd began shouting the name of its favorite but referee Smith declared where one had the better of the fight and promptly declared it a draw.

NORTHWEST M. C. A. PEOPLE WIN BATTLE

Physical Directors Flatly Force Concessions From Athletic League.

"Quite the strongest conference we have ever been able to hold in the northwest," said Physical Director Grille yesterday evening, after his return from the Athletic League of North America conference held at Seattle.

Mr. Grille was very elated, as he felt that the recognition for which the M. C. A. had been fighting for at the hands of the A. N. A. had at last been granted. When the conference was announced, the various association physical directors of the northwest decided that this was the time to break with the league and start a separate league in the northwest. They felt that in the matter of matters held by the league and in the granting of permits for meets the major committee had not treated the Pacific associations with consideration. A separate organization was essential, they held, if fair treatment was to be received.

The discussion on this point was long and arduous, but the decision was made. The league directorate, was not inclined to give way at all, and it was only when it was finally moved that the western leagues withdraw that he agreed upon a compromise most favorable to the associations.

Dr. Fisher recognized that one great league was a far greater service than if split up and he therefore decided that if the associations of the northwest would decide to continue in their dues, he would guarantee the immediate formation of a separate branch for the west, electing its own officers and organizing it as a separate league. This decision will be confirmed at the A. N. A. conference to be held at Ocean View, New Jersey, this summer, when Mr. Grille will represent Portland and the west.

The formation of a summer school for physical directors and these thinking of making up their work as well as the attention of the conference. While a school on the ideas laid down at the Lake George summer school would have been desirable, the lack of money out this proposal down and the conference agreed to support a two weeks' training school at Grand Rapids, Mich., where men of an international reputation will address the members from day to day.

Of general importance to the associations was the formation of a physical directors' society. There was a general feeling that the western associations were being neglected by the A. N. A. and that if the "strong men" got together in union a strong would be made for a return to a more friendly spirit.

The recognition of his position as their leader as well as for the qualities fitting him for the position, the physical men elected A. M. Grille, president, and Dr. J. A. Anderson, B. C. and A. G. Dounitt of Seattle being elected vice-president and secretary, respectively. The immediate action was the formation of a monthly newsletter, to which each member promised to contribute one article a year on physical research work.

In discussing the conference, Mr. Grille said: "With the exception of but two men, every physical director in the northwest was at the conference. We felt the time had come to make a stand and while our discussions were somewhat heated, there was a general feeling of spirit which was a compromise possible. I have not the slightest doubt that the conference has stimulated broader ideas in the west and the heart to devote our time to an extension of our work."

FIGHTERS BATTERED BY GRUELLING SCRAP

(United Press Leased Wire.)
San Francisco, April 1.—Both Abe Attell and Battling Nelson are in a badly battered condition today as a result of their gruelling 15-round scrap last night, which ended in a draw.

As a result of his toe-to-toe tactics, Attell probably took more punishment last night than he has received in any fight in the past three years, and though he did not stop one fourth the time that Nelson did, the Dane evened things up today than the rugged Dane.

The draw decision is generally regarded as proper. Attell clearly outboxed his opponent, but the Dane evened things up with his aggressiveness.

ITALIAN RACER ZUST IS NEARING FRISCO

San Francisco, April 1.—Nine days behind the American car, the Thomas race, the Italian racer Zust is nearing San Francisco, having left Los Angeles at 8:30 p. m. yesterday. In the first race in the New York to Paris race, the Italian racer Zust is nearing San Francisco, having left Los Angeles at 8:30 p. m. yesterday. "FARMER" BURNS GOES DOWN UNDER BEEL

(United Press Leased Wire.)
Omaha, Neb., April 1.—"Farmer" Burns met defeat last night in his wrestling match with Fred Beel. It was the fiercest contest of its kind ever witnessed here.

The old warhorse was beaten in two straight falls.

The first bout lasted 40 minutes and the second 5 1/4 minutes. In the first Beel used the half Nelson hold and the toe hold and crossbar in the second bout.

PEARSONS' TRACKMEN SCHEDULING MEET

(Special Dispatch to The Journal.)
Whitman College, Walla Walla, Wash., April 1.—Manager Figenbaum of the academy track department has scheduled three meets for this month in which the Pearson's academy athletes will participate. The first is at Weston, Oregon, April 10, with Weston State normal; the second at Pendleton, Oregon, the following day with Pendleton High, and the third in Walla Walla, April 24. The meet in Walla Walla will be a triangular one between Walla Walla High, Walla Walla and Pearson's academy. Will Martin, Whitman's famous sprinter, is captain of the academy track team. The team is particularly strong in the sprints, mile run and broad jump.

WITH THE COASTERS

The two days intervening between now and the opening of the Pacific Coast league baseball games Saturday seem an interminable length of time to the chronic bug.

McCredie and his bunch of balltossers are getting used to the chilly winds blowing over the bay. By Saturday they will have become accustomed to the peculiar climate. Then look out.

Colly Drubhot, with Indianapolis this season was the first flogger to go through three innings this season on that team without giving his opponents a hit. His curves broke nicely, and he had some speed that was dazzling. The Portland job turned this trick against Connie Mack's Philadelphia Athletics, too.

Since purchasing Pat Donahue, the old Portland catcher, from Boston, President McCaffery of the Toronto club is able to complete his full lineup. Wonder how Pat feels to be finally relegated to the bushers?

Joe Tinker, who used to hold down the third bag for Portland years ago, is thrashed with blood-poisoning as the result of an injury to his hand.

Jake Atz, the former Portlander, has kept pace with the regular White Sox in all their exhibition games this spring. Conley is mighty fond of the big second-baseman and declares he is sure of a place on the team all season.

Jimmy McHale contributed the feature of the game between Boston and Memphis the other day in Memphis. McHale got in three drives, one for a triple. Each time a Red Sox was on second base. This is described as some of the sweetest hitting any of the Boston bunch has done this season.

Hirsch Buys High-Steppers.
Sanford Hirsch has recently purchased Bright Light and Star Light, a splendidly mated pair of high-stepping chestnuts. The horses were secured from W. B. Linn of Illinois for \$3,000. They will be entered in the coast horse show.

Ball Game Postponed.
The baseball game scheduled for today between East side and West Side High schools has been postponed till Friday. The grounds are in very poor shape and with little clear weather will be in good condition for the game Friday.

Jumping Ropes Free.
Forty labels of the Butter-Nut and Buster Brown bread will get the finest jumping rope that ever came to Portland. Trimmed with bells and made of spiral wire. Save the labels and get one for the little girl.

SHANKO SEES LID SETTLING DOWN

(Special Dispatch to The Journal.)
Shanko, Or., April 1.—It is quite evident from the action taken by the city council at its last regular meeting, that this city will for the first time in its history feel the effects of the moral wave. G. C. J. Schmidt's application for the renewal of his saloon license was rejected by unanimous vote of the council. It was stated that Schmidt had been repeatedly given notice to properly fence saloon property and in other ways comply with the city ordinances, but had failed to heed such orders.

The council also closed saloons at 12 o'clock midnight, to remain closed all day Sundays.
