Jewel Steel Range

AN ELEGANT RANGE WITH NO EQUAL

The Jewel Steel Range is most attractive in design and ornamentation; compactly built and operated entirely from the front. Body is made of heavy blue planished steel which will not chip, peel, rust or turn white when heated. Rivets are cone-headed, driven cold, by hand. The walls are lined with asbestos to prevent radiation of heat into the kitchen, and to economize fuel.

Jewel Steel Range The Most Attractive Range on the Market

Has a large quick-baking oven, heated evenly with smallest possible amount of fuel and well protected by cast plates. Will bake perfectly on the rack as well as on the oven bottom. Oven is of wrought steel, full size, broad, deep and high. Bottom made in sections to prevent warping—15-YEAR GUARANTEE.
