

### UNITED RAILWAYS HURRIES TRACK WORK

Section Gang at Work Double-Tracking Stark Street.

Stark street from Third to Twelfth is being double-tracked by the United Railways company. This work will be completed within the next two weeks and the company's west side route to Mount Calvary cemetery will have been completed and ready for operation as far as Twenty-sixth street. The Mount Calvary extension will then be continued from that point.

The company has on hand the steel necessary for the road to Mount Calvary. It is expected that the line will be in operation for passengers to the cemetery some time during the summer. The company's franchise precludes operation of any of its lines in the city for passenger traffic until the Mount Calvary extension is completed. The line on Standers street and on

Twelfth street has been in operation for freight traffic for some time. The company has been making car deliveries at the Weinhard brewery and other concerns. A number of applications for sidings to warehouses and industries in North Portland have been received by the company, but no sidetracks have yet been built. The work will be taken up soon.

### WHITNEY'S HEAD IS UNDER PLUM

Candidate From First District Has Good Chances of Winning.

Judge J. J. Whitney of Albany, who has been prevailed upon by the Democrats of the First congressional district to become a candidate for the Democratic nomination for congress, is planning to make a short campaign in order to bring himself clearly before the voters of that district. Judge Whitney entered the campaign only after he had been urged to do so by many friends throughout the district. He is in the lists not because of his desire to make the race but because he did not wish to see the nomination go by default and through it the party lose its power to take part in the primary elections of the state. It is now planned by the Democrats of the First district to write Judge Whitney's name in on the ballot at the primaries and in this manner give him the congressional nomination. Following the primaries Judge Whitney will take off his coat and go into the battle in earnest. It now being planned to make a thorough campaign of the district in the interests of his candidacy. It is expected that Judge Whitney will poll a large vote throughout the district. He is a man who has been prominent in the life and politics of the section for many years and is well-known and highly respected.

### CHICKENS IN GARDEN INSTEAD OF IN SOUP

A flower garden at 1706 Clarendon street and a chicken ranch at No. 1728 in the same block have given rise to a controversy that will in all likelihood be adjudicated in the police court within the next few days. A warrant has been issued for the arrest of T. E. Moore, who lives at the number last named, on a charge of allowing chickens to run at large. The complainant in the case is Mrs. S. E. Smith, owner of the flower garden alluded to. She alleges that her neighbor is the owner of about 200 chickens of both sexes and various ancestral strains. These fowls, she says, are permitted to run at large and as a consequence her flower garden suffers. She promises to come into court and tell all about it as soon as her neighbor is arrested.

### MISINFORMED WOULD-BE CITIZEN THINKS PEOPLE RUN COUNTRY

Various ideas as to who made the laws of this country were expressed in the United States court this morning when six of eight applicants for final hearing to become citizens of the United States were before Judge Wolverton. Six of these were admitted. One man thought the senators ran the country. Another showed his ignorance by saying that he thought the people were the principals and had everything in their power. Several of the others were aware that there was congress at Washington, but they were not sure as to the operations of the body.

"Who is the czar of Russia?" Judge Wolverton asked Johan Naster Lunden, a native of the land of the Muscovite. "Nicholas, the second," was the reply. "Who is president of the United States?" the judge questioned further. "Rosenfeldt," replied the applicant. "Who?" asked the court again. "Mr. Rosenfeldt," Mr. Lunden replied. Lunden was admitted. The other five who are now citizens of the United States by right of the law are Victor Anderson, formerly of Sweden; James Muldoon, born in Ireland; Joseph Sadwost, a native of Russia; Stanley Turel of England and Stephen Richards of Great Britain and Ireland.

### ROSE FESTIVAL REX BALL TO BE SOCIAL EVENT OF SUMMER SEASON

It is planned to have every prominent citizen of the northwest at the Rex ball which will be the crowning event of the Rose Festival next June and the Rose Festival association is preparing invitations for the affair which will be sent out in the near future. It is proposed to have it the most elaborate social event of the festival.

Another point will be placed in the Armory, one for dancing and another for promenaders and the other arrangements will be equally elaborate. The committee in charge of the ball is composed of S. G. Reed, General Charles Beebe, and James McI. Wood. Contracts for the remaining floats for the parade will have to be closed within a few days if floats are to be made by the festival association. About 15 or 20 districts in all will be represented in the parade. Three thousand inserts of the festival week programs were sent today to Eugene to be used by the Eugene Commercial club and the Southern Pacific has taken 10,000 inserts. Large quantities have been sent to Los Angeles and other coast cities.

### MINE WORKERS TO END TROUBLE

Operators and Union Leaders Say Prospects for Settlement Are Good.

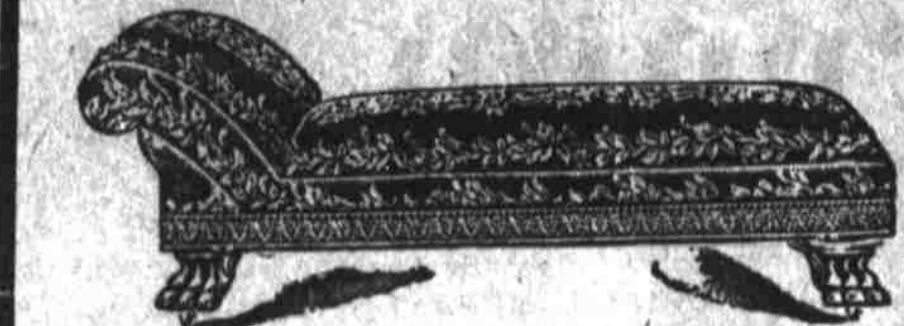

(United Press Leased Wire.)  
Indianapolis, Ind., April 8.—Prospects of a speedy settlement of the wage troubles between the United Mine Workers of America and the coal operators were pronounced splendid by the leaders on both sides today. Operators from Ohio, western Pennsylvania, Illinois and Indiana are in secret session here today discussing the advisability of an interstate conference with the miners to discuss the plans presented by President Lewis of the Mine Workers. It is believed that the miner here plans are acceptable to the operators. Their adoption would put an end to the trouble which at present is keeping about 150,000 men out of work.

### WILL OVERLOOK PERJURY CHARGE

Council Committee Apparently Intent Upon Transferring Fritz' License.

When the members of the liquor license committee meet this afternoon they will have for consideration the transfer of the license of the Erickson saloon, Third and Burnside, from Hugo Fritz to Eugene Froessner. Fritz died yesterday morning at a local sanitarium, but inasmuch as Emil Glutsch holds the power of attorney over the license the council committee is concerned. Another point, however, in regard to the legality of the transfer has been raised in that Fritz' widow claims that the license does not exist in law because it was obtained through fraud, according to her contention. She claims that Fritz never owned the saloon and only acted as an agent for a corporation. She claims that Fritz swore when taking out the license that he was the owner, inasmuch as the dead man never owned the place and obtained the

### BRONAUH CAMPAIGNS IN HIS OWN INTEREST

To the Editor of The Journal.—In your issue of April 4, in reporting a political meeting of April 3 at Fairview, you recite that I made the principal address of the evening and that I commended the candidacy of James Cole for district attorney. In both of these particulars you are mistaken. I did not make an address, but merely spoke a few words in behalf of my own candidacy. I did not mention Mr. Cole or any other candidate for the office of district attorney. Being a candidate myself, I find quite enough to do to take care of my own campaign, and inasmuch as each of the candidates for the office of district attorney is my friend, I have not at any time or place advocated the cause of any one of them above that of the other. Yours truly, EARL C. BRONAUH.

There are no other active candidates for the nomination except Alfred L. Manierre of New York City.

### MUKDEN JAPANESE INSULT AMERICANS

(United Press Leased Wire.)  
Mukden, April 6.—International complications are expected to follow an attack made today on members of the native staff at the American consulate by four Japanese, who were quickly overpowered and delivered to the Japanese consulate. The Japanese consul has so far declined to make an apology, and diplomatic action will be resorted to in the hope of avoiding further trouble. It is believed that the incident was the result of a personal quarrel growing out of the ill feeling between Japanese, Russians and Americans.
