City Streets Disgrace and Curse to Oregon's Metropolis - Commissioner Lang Compares Them With Those of Eastern Cities.

"I've learned one thing, and that is that the time has come for Portland to either go ahead and keep up with other cities in the matter of streets and parks or fall behind with the laggards." - Park Commissioner I. Lang.

But I was particularly interested in a comparison of Omaha and Kansas City. The man who goes to Omaha for the first time doesn't know it is sleepy and not progressive. He is impressed by the fact that it will probably not be a great city. It does not take him long to see an evidence of this fact in that Omaha has paid practically no attention to its parks and boulevard systems.

But to Kansas City. No one will think of a single minute that Kansas City is dead. He will go around the town and find a magnificent system of parks, boulevards, streets and drives. He will see the evidence of this fact in that Omaha has paid practically no attention to its parks and boulevard systems.

Portland Streets a Disgrace. One thing that should be impressed upon residents of Portland is that our streets are a disgrace. Mr. Lang says they are a disgrace. They are a disgrace. They are a disgrace.

Don't let your craft go one-sided. He urged. Think what would have happened at the recent foreign missionary movement had a home missionary worker and an educational worker and a minister each presented his plan immediately after. And yet they should be presented side by side.

Theodore A. Bell, grand worthy president of the Fraternal Order of Eagles, former member of congress and a candidate for governor of California in 1904, arrived at the Hotel Portland this morning.

My principal object in visiting Portland and other cities is to get our minds into the right groove. The value of public opinion cannot be discounted in any undertaking and least of all in the great fraternal order of Eagles, broad, liberal lines. The Eagles is a plain man's order. All distinctions of class or status are laid aside and no one is barred simply on account of his occupation.

In fact, it is wrong for us to place the temptation that we have placed in the path of Japan. It is perfectly natural for Japan to aspire to dominate the commerce of China, the commerce of Asia, and of the Pacific ocean. It is perfectly natural for Japan to seek to control the policies of China and to attain supremacy in the Pacific ocean, and to lose to Japan would toward a recognized supremacy in the world.

WHOLE STATE BACKING NOMINATION OF STATE SENATORS AND REPRESENTATIVES WHO STAND FLAT-FOOTED FOR PEOPLE'S RIGHT TO RULE.

Returns from the different counties and legislative districts throughout the state make it more and more apparent that the probability of a Statement No. 1 majority in the next legislature is now a practical certainty. It is true that there are many more candidates for the senate and house who have entered the race than those who have pledged to stand flat-footed for the people's right to rule.

REVEREND RECEIVER DEVLIN EXPLAINS CHARGES MADE BY ALLEGED DEPOSITORS. It is found that the great mass of the people in Multnomah county are unwilling to give back into the hands of the politician the right to designate their vote in June who the United States senator from the state shall be. The same sentiment is found in other counties, and in Multnomah county but through-out the state. Politicians, even those who support the statement, are not a common people generally the Statement 1 sentiment is found to be even stronger than the adherents of the principle estimate.

REVEREND RECEIVER DEVLIN EXPLAINS CHARGES MADE BY ALLEGED DEPOSITORS. In some sections of the state there is no opposition to Statement 1. In other sections of the state of eight candidates for the legislature, one candidate announced himself as opposed to Statement 1, and it is conceded on all sides by the politicians that they do not believe this candidate has any hope of election. In Coos and Curry counties, the one candidate for the senate, W. C. Chase, who in seeking reelection, and who if successful is conceded, is pledged to Statement 1.

REVEREND RECEIVER DEVLIN EXPLAINS CHARGES MADE BY ALLEGED DEPOSITORS. Judge Lawlor ordered Ford's case peremptorily set for Thursday morning at 10 o'clock after denying his motion for a change of venue on the ground of prejudice. Immediately following the ruling, Attorney A. Moore representing the accused, asked leave to interpose a plea of "once in jeopardy," and moved the court to order an acquittal. Moore was allowed to enter the supplemental plea, but Judge Lawlor did not think that the motion was in order. He declared that that was a question for the jury to determine. The talesmen were ordered to be in court on Thursday and on that day the work of impeaching a jury will be commenced. The witnesses in the Ford case were ordered to return to court Monday at 9 o'clock and it is thought from that that the actual taking of testimony will be commenced. This is the third trial of General Ford for bribery. In the first instance the jury disagreed and in the second trial the jury acquitted him. Moore based his motion of "once in jeopardy" upon this fact, although his client has never before been tried on the charge of bribing Coleman.
