

DEMOGRAPHIC REACTION

(Continued from Page One.)

installed by the end of the year we would have it as well under way that the construction would be in a position to furnish us with light in the short time during the expiration of the present contract and the time when the city would be put in operation. The company will not turn us down because it knows that it would not be able to furnish us with light in a short time.

Portland is a shame and disgrace, thickly settled residence districts are without lights, and the time has come when we must have a show-down on this matter. This is not a local question with us. I have visited about the city and have learned that the action of the council in passing the ordinance is regarded as disgraceful. It is the talk of the town, and we might just as well have the show-down now as later."

J. M. Wolfe, who followed in his denunciations of the council and the company, said that he believed the time has passed when the city should allow itself to be owned by the company.

A. H. Finnish, who lived in Superior, Wisconsin, when that municipality had its fight with the light company, said that had been contracting for the city lights, told of the fight won by the people there. He said:

"No Corporation Handling. "We had a special council there at that time, just as we have here at the present time, but we had an old fellow for a mayor who would not allow himself to be handled by a corporation. For 40 days the city was without lights, but when the fight ended the city had secured a reduction in the rate from \$15 to \$10 a year and we can do the same thing here if we give this council to understand that we mean business."

Other members followed in expressing their opinions on the subject and then the following resolution was unanimously passed, and a copy sent to each councilman:

"Whereas, The attention of the North Albion Improvement club has been called to the action of the city council in authorizing the city executive board of said city to enter into a contract for city lighting for a period of either three or five years; and

"Whereas, There is but one possible bidder for such lighting contract, and it would not bid for a shorter term than five years; therefore be it

"Resolved, That the North Albion Improvement club do protest such action of the said city council for passing said ordinance and does approve the action of the city executive board in voting said measure; and be it further

"Resolved, That the members of the said city council be requested to vote to sustain Mayor Lane's veto."

(Signed) L. F. MILLHOLLEN, Secretary.

SHOW ASTOUNDING IGNORANCE

Officials of Light Know Nothing About Power They Furnish.

"The ignorance displayed by these officials upon the very subjects for which they are being paid by the ratepayers is so astounding that I feel it my duty to report them to President Joseph J. Mayne. Mayor Lane is commenting upon the testimony of E. G. Sykes and H. B. Sladen, chief officials of the Portland Railway, Light & Power company, who are being paid by the ratepayers for the lighting of the city. The officials were E. G. Sykes, general manager of the light and power department, and H. B. Sladen, transmission engineer.

Ignorance or Incompetence? From the statements made by Sykes and Sladen under oath, it appears that they were not only ignorant upon subjects they should be well informed upon, but they were also ignorant upon the very subjects for which they are being paid. Neither Sykes nor Sladen knew the voltage of the lamps used by the company in lighting the city streets; neither knew the amount of watts consumed by the lamps. Likewise neither knew the cost of the lamps, nor the cost of the current used in lighting the city. Sykes is the general manager of the light and power department of the corporation.

That both men know these things and purposely evade answering directly, giving evasive answers to the questions asked by Mayor Lane, to answer the questions put by Mayor Lane would have shown the company in a bad light more than it is entitled to from the city.

Both men were agreed upon one subject. They both said that the new incandescent lamp installed by the company about a year ago to replace those for which the city contracts for is superior to the old style lamp. In reply to the question asked by Mayor Lane as to whether the ash pan at the base of the lamps did not obstruct the light from shining on the pavement below they said that the shadow covered a space of about 15 feet in diameter, but it was immaterial.

Neither man knew the candlepower of the lamp, although they were both asked that it gave a brighter light than the old lamp. They said the new lamp takes about four amperes, but that they did not know the voltage and were thus unable to approximate the cost of the current used by each lamp.

Mayor Will Stand Pat.

Mayor Lane commented upon the testimony of the officials and said the lack of information they possessed upon the very subjects for which they are being paid, and the evasive answers Mayor Lane made the same remark.

CHARGES BINGER FERCE CONTEST AT TACOMA TODAY

Government Opening Hyde-Benson Case Alleges Hermann Direct Party.

(Washington Bureau of The Journal.)

Washington, April 7.—The administration of the general land office under Binger Hermann is again severely under fire in the Hyde, Diamond, Benson and Schneider land fraud case. Assistant Attorney-General Pugh in his opening statement today said the government would prove that advance information was developed in the government by the land office. The methods alleged by Pugh were identical with those which were developed in the government case in the trial of Binger Hermann as to the Blue Mountain forest reserve, when prominent Oregonians engaged in conspiracy to procure profits to themselves from advance information improperly given out here by Binger Hermann.

Pugh today charged conspiracy, perjury, bribery and subornation of perjury in defrauding the government out of over 100,000 acres involved, 40,000 being in Oregon.

CANOEING CLUB AT STATE UNIVERSITY

(Special Dispatch to The Journal.)

University of Oregon, Eugene, April 7.—Two meetings were held yesterday to discuss plans for safeguarding canoeing on the mill race. The first was held in the afternoon at the university and the second in the morning at the club of university students interested in that sport. Town people will not be allowed to use the mill race for canoeing, and the club of university students will remain in the hands of the students. Only those who show themselves able to take care of themselves can be allowed to join, and they must pass tests in swimming and the handling of canoes.

At the evening meeting, at the Commercial club, this plan was adopted, and it is hoped that all canoeists will join the club and live up to its rules. An association of canoeists, a canoe house will be built on the race near the university.

SALEM'S BOOSTING BODIES IN MERGER

(Special Dispatch to The Journal.)

Salem, Or., April 7.—An enthusiastic banquet in the Armory hall in this city last night, presided over by Mayor Lane, saw the formal merging of the Boosters' club with the Salem board of trade. Many prominent speakers took part, among them being William Gates, Governor Chamberlain's secretary and Hal D. Patton, State No. 1 candidate for governor, both of whom were loudly applauded. Other speakers were: President Hickenstein of the board of trade, Dr. O. H. Oling, George Rodgers, Paul Wallace, Dr. Frank Griffith, D. A. Dinanor, William Walton, Joseph Baumgardner, Dr. Carl Smith, H. W. Prescott, Theodore Roth, A. F. Hoyer, John Wilson, Tom Kay and Mayor Rodgers.

The city council attended in a body.

LA GRANDE ELKS MAKE PAYMENT ON A HALL

(Special Dispatch to The Journal.)

La Grande, Or., April 7.—The La Grande lodge of Elks has made a deposit on the purchase price of the La Grande commercial club building, unless something unforeseen occurs will become owner of the structure in the near future. They will receive and maintain it. The commercial club will have some money left after all obligations are paid, and the organization will be maintained. It is probable that in the future the club will be conducted purely as a business organization and that an athletic club will be formed, also as a separate and exclusive institution.

RUEF ON TRIAL FOR PARKSIDE BRIBERY

(Special Dispatch to The Journal.)

San Francisco, April 7.—After interminable delay, due to the interposition of technical objections by the defense that would fill a volume, the actual trial of Abraham Ruef on the charge of accepting and paying out bribes money to secure the granting of a street railway franchise to the Parkside Realty company, began this morning with the work of selecting a jury. Only two gentlemen were examined at the morning session and both were excused for cause.

DOAN'S KIDNEY PILLS

Twice-Told Testimony

Portland People Are Doing All They Can For Fellow Sufferers

Portland testimony has been published to prove the merit of Doan's Kidney Pills to others in Portland who suffer from bad backs and kidney ills. Last day sufferers doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Portland people saying that the cures they told of years ago were permanent. Here's a Portland case:

Mrs. E. J. O'Brien of 60 East Ninth street, North Portland, Oregon, says: "Time has not changed my opinion of Doan's Kidney Pills. I gave this remedy to my husband in 1903 and am glad to repeat my recommendation of it. A member of my family found great relief through using Doan's Kidney Pills and since then several of my neighbors have tried them with equally good results. We are always glad to tell about the merits of the remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—DOAN'S—and take no other.

Jasper Goode, Who Says Minister Kicked Him.

"Alex McLaren, you are charged with being drunk. Are you guilty or not guilty?" inquired Judge Cameron, as a well-dressed young man arose in the prisoner's dock in the municipal court in response to the calling of his name this morning.

"I should say I was guilty, though I do not remember very much about my condition at the time I was taken in charge by a gentlemanly policeman last night," replied the prisoner, with a smile and a well-bred inclination of his head toward the arresting officer.

"Your fine will be \$5," said the judge. "Have you the money with which to pay your fine?"

"Very well, your honor. Yes, I have plenty of money here with a party of 'em."

"How much money have you?" inquired the prosecuting attorney, prying up his ears at mention of the word "party."

"Oh, I should say between \$300,000 and \$400,000. I am unable to name the exact amount of my holdings, but I am as secure as the prosecuting attorney recovered from the shock he made in inquiring that seemed to establish the truth of the prisoner's assertion. McLaren said his home is in Duluth, Minnesota, and that he is the owner of a considerable fortune, including factories and a large estate in California and in several days ago on his way home. He declared that he had been with a party of more wine than was good for him. On his way to his hotel he fell in with a friendly policeman, who locked him up for accepting."

The prosecuting attorney is now wondering whether or not the story is all true.

LAWYERS FORCED TO RETURN FEES

The Supreme Court Rules Against Holmes' Claim Against Estate.

(Special Dispatch to The Journal.)

Salem, Or., April 7.—W. H. Holmes and Webster Holmes, two prominent attorneys of this city, will have to refund \$1,000 to Oscar Coal, administrator of the estate of Levi Bartmess, which amount was appropriated from some of the funds of the estate for attorney's fees secured by their claim. A decision rendered this morning.

Other decisions rendered today were: Dillard and Malin, Malin vs. Douglas county, affirmed; Smith vs. Musgrove, Umatilla county, remanded; Whigham vs. supreme court, Order of Foresters, Multnomah county, reversed and remanded.

TRUNKS DESTROYED IN BAGGAGE CAR FIRE

(United Press Leased Wire.)

Tacoma, Wash., April 7.—Fire was discovered in combination mail and baggage car number 181 on the Northern Pacific line as it was en route to this morning, and before the flames could be extinguished 15 pieces of baggage, mostly trunks and two trunks of second class mail were destroyed.

The train was backed into Prescott, where the burning car was detached from the rest of the train. An engine then rushed the car to the round house and there the fire was put out. The car was not seriously damaged. The origin of the fire is unknown.

Knight's at Third and Washington streets are showing more swell low shoes at \$3.50 per pair than ever before.

DES MOINES ADOPTS NEW CITY GOVERNMENT

(Special Dispatch to The Journal.)

Des Moines, Ia., April 7.—The capital city of Iowa today formally discarded the old state of municipal government in favor of the new Oklahoma plan. In other words Des Moines has abolished the offices of mayor and city council and has placed the city government in the hands of a non-partisan commission of five men. The five commissioners are: Charles H. Johnson, president; one of their number being designated as mayor.

The great crowd filled the council chamber to witness the ceremony of transferring the city government to the newly-elected commissioners.

PLANS FOR EUGENE'S NEW POSTOFFICE

(Special Dispatch to The Journal.)

Eugene, Or., April 7.—Postmaster J. L. Page of Eugene has received from Washington, D. C., the plans and specifications for the new postoffice building to be erected here this summer at a cost of \$50,000. The building will be of pressed brick with stone trimmings and will be 48 by 80 feet in dimensions and 44 feet in height, with a full basement. The building will be divided into a large workroom, a postmaster's room, registry, and money order rooms, a large lobby, vestibule, cloakrooms, clerks' and two vaults. It will be modern in every respect. Several local contractors will figure on the structure. The bids are to be in by May 9, 1905.

ROSEBURG MOURNS FLEETING ACTOR

(Special Dispatch to The Journal.)

Roseburg, Or., April 7.—The Daily, alias Fred Brooker, who came to this city and established the Star theatre about two months ago, is sought by the police in Dallas, Texas, where he had two months ago, in search of talent and means for the support of his theatre. It was learned that he had had many debts behind. He came here as a stranded actor from the Murray & Mack company, he said, and after a few days in the city opened a show of his own, backed by local people. He is alleged to have handled all the receipts and left the expenses of the house to his partners. This method of doing business was not altogether satisfactory and when he was called upon to account for the money received he departed for parts unknown.

CROOKS AT FRISCO TO MEET BIG FLEET

(United Press Leased Wire.)

San Francisco, April 7.—The first robbery committed by what is believed to be an advance party of crooks invading the city to greet the fleet was reported to the police today by E. L. Smith of 847 Market street. White Smith was absent from his residence last night; a thief entered the house and secured \$1,500 in money and about \$2,000 worth of jewelry.

WETS VIGOROUS AT COTTAGE GROVE

(Special Dispatch to The Journal.)

Cottage Grove, Or., April 7.—The city election held here yesterday, the hardest contest ever known at this place, resulted in victory for the Taxpayers over the Citizens' ticket. The following were elected: Dr. B. E. Job, mayor; J. E. Young, recorder; Herbert Baldwin, treasurer; Henry Fischer, George Atkinson and Al Ellidge, councilmen.

The hardest fight was made in support of H. C. Thompson, candidate for mayor, against Dr. Job. Scathing denunciations of Dr. Job were printed and circulated all over town and almost resulted in several fights.

The saloonmen made the effort of their lives toward the election of Dr. Job, believing that if Lane county goes with the Citizens' ticket they will be in a position to reestablish their saloons. While they have gained their first victory since the local option law has been in force here, there is an evident determination on the part of the Law and Order league to wage a much harder fight at the June election.

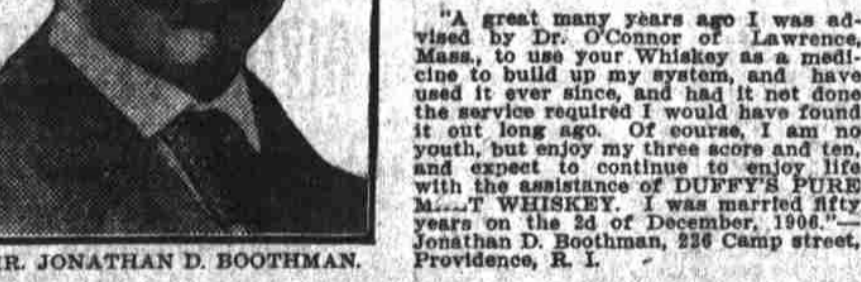

ELLIS VAUGHN SENT TO REFORM SCHOOL

(Special Dispatch to The Journal.)

Eugene, Or., April 7.—Ellis Vaughn, the McKenzie valley youth who was arrested in Eugene Saturday afternoon charged with forging a check on the First National bank of this city, signed with the assistance of DUFFY'S PURE MALT WHISKEY, was committed to the state reform school at Salem yesterday afternoon by Judge Christian. He was taken down by Deputy Sheriff C. C. Hammond today.

ON HIS DOCTOR'S ADVICE

Mr. Jonathan D. Boothman of Providence, R. I., who is past 70 years of age, was advised by Dr. O'Connor of Lawrence, Mass., several years ago to use DUFFY'S PURE MALT WHISKEY to prevent sickness and keep him vigorous and healthful.

MR. JONATHAN D. BOOTHMAN.
