VICTORY FOR PEOPLE IS ASSURED

STATEMENT No. 1 MEN WILL RULE NEXT LEGISLATURE

CANVASS OF SITUATION

Majority of at Least Nine Votes in Joint Assembly—About Twenty Members of Senate Pledge to Support.

Oregon's next legislature will have a Statement No. 1 majority in joint assembly of at least nine votes, according to conservative estimates which have been made of the result of the primary elections and consequent final vote in June.

It is calculated that counting the eight members of the senate who hold over and who are pledged to Statement 1, there will be at least 20 members of the senate pledged to the principle of Statement 1 when the legislature meets.

There are 15 hold-over senators who were elected two years ago and who will return for the next session. Out of this list there are eight pledged to Statement No. 1. The senators who took the statement in the election of 1906 were: E. H. Bingham of Lane, L. L. Miller, Jackson, Benton and Polk; E. H. Caldwell, Yamhill; Joseph E. Hodges, Clackamas; A. A. Baldwin, Multnomah, Clatsop and Columbia; W. T. Scholfield, Clatsop and C. J. Smith, Umatilla.

In addition to these eight, Senator Mitt Miller of Lane, who did not take the statement in 1906, is now pledged to it. Strong Showing.

With these nine men as a basis the list of candidates for nomination in the state of both the senate and house have been gone over, with the result that it is calculated that there will be at least 20 members of the senate pledged to Statement No. 1, and 35 members of the house pledged to it.

In some districts also, the candidates have all taken the same sort of pledge, as in Clatsop county where there are no candidates who have not signed Statement No. 1. In some eastern Oregon counties the same condition prevails, while in Washington county there is but one Statement No. 1 candidate opposed to a number of Republican choice and unpledged aspirants for the house and senate.

The estimate reduced to totals finds that in the senate there will probably be 20 members of the senate pledged to Republican choice and three unpledged. In the house it is expected that there will be 35 Statement No. 1 representatives, 19 Republican choice and six unpledged. This would give a total in joint assembly of 55 Statement No. 1 members of the legislature, 35 unpledged.

BURGLARS ENTER BANK AT CANBY

Loot Postoffice of \$6 in Stamps and Make Their Escape on Handcar.

Canby, Or., April 9.—Burglars entered the Canby bank and secured several legal documents and a number of promissory notes. They attempted to force the safe but were unable to do so. The bank officials report that they lost no money.

Vote for No Legislative Candidate Who Fails to Sign This Pledge:

Do you believe that the people of Oregon are intelligent enough to elect a United States senator? Do you wish to have a vote yourself in the election of the senator? If so, do not vote for any legislative candidate who has not subscribed to Statement No. 1.

"I further state to the people of Oregon, as well as to the people of my legislative district, that during my term of office I will always vote for that candidate for United States senator in congress who has received the highest number of the people's votes for that position at the general election next preceding the election of a senator in congress, without regard to my individual preference."

ADMIRAL EVANS IN ALARMINGLY SERIOUS PHYSICAL CONDITION

(United Press Leased Wire.) Paso Robles, Cal., April 9.—Despite the optimistic reports of Admiral Evans' condition, he is a very much sicker man today than the public has been led to believe. Last night was the worst night he has had since his arrival here, and when he was taken out for his airing this morning he looked extremely ill. He aggravated his condition by suffering a painful injury to his left ankle, which is most affected by the rheumatism, while being wheeled into the ship by his colored valet on Wednesday. The chair suddenly swerved and the admiral's ankle was caught between the wheel and wall, severely bruising it. The injury caused the patient much pain and loss of sleep.

COLLEGE FIRES STOCKHOLDERS 305 STUDENTS ROAST COREY

Cadets Who Were Suspended for April Fool Prank Are Sent Home.

(United Press Leased Wire.) Clemson College, S. C., April 9.—All because of an "April fool" prank, 305 cadets, which number represents more than half the total attendance at the Clemson college, have been formally dismissed from the institution. After being escorted to the armory, where they turned in their rifles, they were put out of the college grounds yesterday. Instead of reports of a drill on April 1, they paraded over the grounds, yelling "April fool." After this demonstration had continued for several minutes the students went to Pendleton, where they spent the remainder of the day skylarking. The faculty learned later that the students had taken an oath to quit in a body if any one of them was punished, so the order of dismissal followed.

TEUTONIC DEFEATS CARONIA IN RACE

(United Press Leased Wire.) New York, April 9.—The Teutonic of the White Star line has won the great trans-Atlantic race between that liner and the Caronia of the Cunard line, beating her five by one hour and 26 minutes. Not once during the speed contest was one boat out of the sight of the other. They could sight each other even at night. The Teutonic's time from Doute Rocks was six days, 21 hours and six minutes.

REPUBLICANS CARRY ABERDEEN ELECTION

(United Press Leased Wire.) Aberdeen, Wash., April 9.—In the city election held here Tuesday, the first under the new primary law, the Republicans swept the field in all wards but the sixth, where George Stalling, the independent candidate, was elected.

DETERMINED FIGHT AGAINST RAILROADS

(United Press Leased Wire.) Los Angeles, April 9.—Following closely in the tracks of the state authorities, who are making an investigation of charges of discrimination preferred against the railroads doing business in California, the federal officials are to begin the most comprehensive prosecution of railroads ever undertaken in the west.

WARSHIPS WILL VISIT PORTLAND

Admiral Pillsbury, Head of Bureau of Navigation, Tells The Journal That Part of Fleet Will Be at the Carnival.

Officers Don't Look for Special Entertainment—City Will Benefit by Advertising—Only Unlooked for Emergencies May Prevent.

(Special Dispatch to The Journal.) Washington, April 9.—Admiral Pillsbury, chief of the bureau of navigation of the navy department, told The Journal representative today that orders will be issued for several vessels of the fleet that is soon to assemble at San Francisco to proceed to Portland during the rose carnival.

In answer to an inquiry from The Journal one of the officials of the navigation bureau said that the ships that would be detailed to proceed to Portland will probably include one or more battleships. The department has been watching with some interest the controversy between the Oregon people, their representatives and Senator Perkins of California regarding the depth of water on the Columbia river bar and while it is not officially given out, it is known that the navy department is actually very anxious to set at rest for all time the question of whether the largest ships of the navy can enter the Port of Portland.

Admiral Pillsbury would give no expression as to the form of entertainment that the officers of the fleet would expect from Portland, saying that he preferred not to discuss the matter, but another official who is very close to him said that the fleet officers do not expect to be entertained publicly but will accept such courtesies as Portland persons individually may see fit to extend. A mistaken impression prevails that officers of the fleet expect any other than such entertainment as is extended in the ordinary course of events. This would seem to set at rest the problem of special entertainments of the men and officers of the ships.

Admiral Pillsbury added, "Emergencies may arise that will prevent any of the fleet going to ports that are not on the present itinerary, but so far as I know there is no reason why some of the ships cannot go to Portland."

Advertises City. Those interested in the fleet contrive the probable coming of part of the fleet to Portland to mean advertising for the city that is of a character much to be desired. The movements of the ships are extensively telegraphed to all cities of the world and Portland's port will be given the prominence it deserves and not overshadowed by volumes of matter about other ports of the coast.

THREATENS LIFE OF JOHN D. ROCKEFELLER'S DAUGHTER

New York, April 9.—Mrs. Harold McCormick, who was Miss Edith Rockefeller, daughter of John D. Rockefeller, is ill from nervous prostration as a result of anonymous letters in which the writer threatens her life and also says that he will make trouble in the family by exposing alleged scandals. Mrs. McCormick believes the man is crazy and while there is no reason for her to fear any "scandal" she is afraid that the fellow may take an insane idea into his head to attempt assassination. The police are keeping watch over Mrs. McCormick's residence and she has several well-known private detectives in her employ.

PRESIDENT WILL ASK CONGRESS TO ORDER FOUR NEW WARSHIPS

(United Press Leased Wire.) Washington, April 9.—A special message to congress urging provision for the construction of four new battleships is the present plan, of President Roosevelt. This information was developed incident to the report of the naval appropriation bill authorizing the construction of two new battleships only and not making appropriation therefor until the next session of congress.

UNITED STATES MUST SUPPORT ITS POLICY IN MANCHURIA ALONE

(United Press Leased Wire.) Berlin, April 9.—It looks to Berlin diplomats as if the United States will be alone in its attempt to uphold Chinese sovereignty in Manchuria, as indicated by American Consul Fisher's policy at Harbin. England being allied with Japan, is understood to be wholly friendly to the Russo-Japanese attitude in the disputed territory; France, being Russia's ally, will certainly cause no trouble, and Germany announced, when questions of Chinese integrity arose before the Russo-Japanese war that she did not consider Manchuria to be alone in its attempt to uphold Chinese sovereignty in Manchuria, as indicated by American Consul Fisher's policy at Harbin.

NEW YORK SENATORS SCOLDED BY HUGHES; SOLONS ARE ANGRY

(United Press Leased Wire.) Albany, N. Y., April 9.—Governor Hughes today stirred up a hornet's nest in the senate by sending to that body a special message urging again the necessity of the passage of the anti-race horse gambling bill, upon which a tie vote was taken yesterday.

ANARCHISTS ARE ENEMIES OF MANKIND

President Sends Special Message to Congress Recommending Suppression of Undesirables—Mails Cannot Be Used.

Urges Further Action in Matter of Laws to End Abuses of Freedom Given Reds—Bonaparte's Letter Reviews Law.

(United Press Leased Wire.) Washington, April 9.—Aroused by the reports made by secret service operatives who have been investigating anarchistic societies and publications, the president, in a special message to congress today recommended legislation looking to the suppression of anarchy, particularly in the dissemination of anarchistic literature. The message reads as follows:

"I herewith submit a letter from the department of justice which explains itself. Under this opinion I hold that existing statutes give the president the power to prohibit the postal service from being used as an instrument of murder, arson and treason, and I shall act upon such a construction. Unquestionably, however, there should be further legislation by the congress on this matter. When compared with the suppression of anarchy, every other question sinks into insignificance. An anarchist is an enemy to humanity, an enemy to all mankind and his is a deeper criminality than any other. No anarchist is allowed to come to our shores if he holds the congress has full power to make laws covering anarchists and anarchistic publications.

BANK AT ST. LOUIS FORCED TO CLOSE

(United Press Leased Wire.) St. Louis, Mo., April 9.—The Oliver Street bank, a state institution, was closed by order of the state bank examiner. The bank was quickly surrounded by a mob of angry depositors clamoring for their money. They became so insistent that a squad of police was rushed to the scene and order was soon restored. The capital stock of the bank is \$100,000, and the deposits amount to \$350,000. It is said that the failure was due to bad outstanding loans.

CHICAGO GETS COIN FOR CAB FRANCHISE

(United Press Leased Wire.) Chicago, April 9.—A check for \$272,369.44, representing the city's share of 6 per cent of the net receipts of the Chicago City Railway company for the year ending January 31, 1908, was received by Mayor Busse today and turned over to Comptroller Wilson.

NO TIGHTS FOR HENRIETTA LEE

Jury Decides Actress Is Right in Refusing to Appear Without Skirts. (United Press Leased Wire.) New York, April 9.—Henrietta Lee, the actress, has been upheld by a jury in her refusal to appear on the stage in tight-fitting dresses. She was awarded \$1,750 of the \$1,950 she sued for. During a session of the jury, the manager of the Grand Central Theatre, who was suing her, was told to pay her the amount she had demanded. The jury decided the amount she had agreed after she left the show and gave her \$1,750.
