FIVE KILLED AT FUNERAL

Electric Car Runs Into Procession in Suburb of Chicago.

(United Press Leased Wire.)

Chicago, April 9.—Four women and one man are dead today as the result of an electric car running down a carriage returning from a funeral in Maywold, a western suburb of Chicago.

The vehicle was cut in two and parts of it were carried several feet before the car could be stopped. Mrs. F. Rohloff, 65 years old, her daughter-in-law, and two other mourners who occupied it were almost instantly killed, while Frank Newman, the driver, was so terribly mangled that he died at a hospital a few minutes later. When undertakers arrived the occupants of other carriages were trying to extricate the torn bodies of the five victims from the wreckage. The crew of the train proceeded to Wheaton without waiting to learn how badly the four women and man had been injured.

MONSTER WHALES SURROUND VESSEL

Captain of German Ship Nomia Reports Novel Experience Along Coast.

SAILS BLOW AWAY IN HEAVY SQUALL

Disengaged Windjammer Loses Sailors by Desertion While at Anchor in Bay Off Astoria — Captain Here Looking Up Conditions.

Whales 100 feet in length or more closed in on the German bark Nomia on her way from Tocopilla to the Columbia river in such numbers that for a while Captain Himme feared the worst would happen. He says he had never seen so large a herd of leviathans before, especially of such monster size.

It was off the California coast that the whales became so familiar with the windjammer, while the weather was quite calm. Two or three times older members of the herd brushed up against the ship's side to scrape barnacles off their backs, and in doing so nearly tipped over the light vessel. Captain Himme feared they would "put their shoulders to the wheel" simultaneously and send the Nomia on her beams. He says it could easily have happened had the whales began to scrap for the most favorable position under the hull.

To frighten them off, Captain Himme brought out a big-bored rifle that he has carried on his travels for years and fired a few two-inch projectiles into their thick blubber. He thought they wouldn't feel it, but evidently they did, because with every shot the target would go into a rage and lash the sea into foam covering a circle of perhaps 100 feet in diameter.

It took the vessel 48 days to make the run to the river and part of the voyage was about as rough as could well be expected. Off the Oregon coast the weather was most disagreeable, dense fogs with big seas and occasionally fearful squalls. Several sails were blown away. No one was seriously injured, however. One sailor bruised a leg.

The Nomia came disengaged and is still on the free list. She is at anchor in the bay off Astoria and will remain there until chartered or ordered away in ballast. Captain Himme came to Portland this morning to see what prospects are for business, and to confer w... the German consulate.

Ten sailors have deserted since the vessel arrived, three having gone ashore one night in the ship's boat. They lowered the boat during the dark hours of night, rowed away silently with muffled oars and got to shore all right. The boat was found tied to one of the docks the next morning.

BIDS FOR SEINING.

Sand Island Grounds Will Bring Government Good Revenue.

Bids for the lease of seining grounds on Sand island, at the mouth of the Columbia river, for three years beginning this season, were opened yesterday at the office of Colonel S. W. Roessler, United States corps engineers.

Eight bids were received and some of them ran pretty close. They are as follows, with the amount of annual rental: Site 1, Chris Hansen, Chinook, $150, and John Service, Astoria, $100; site 2, Columbia River Packers' association, Astoria, $3,500, John Service, Astoria, $3,026; Alex Muller, Astoria, $2,260; H. S. McGowan, McGowan, $2,030; Charles A. Davis, Chinook, $2,010; G. H. Reed, Portland, $1,201; site 3, Columbia Rivers Packing association, $1,675; John Service, $1,300; G. H. Reed, $901; site 4, John Service, $1,250; G. H. Reed, 301, and Chris Olsen, $205; site 5, John Service, $200; Chris Olson, $50, and G. H. Reed, $10.

Colonel Roessler has recommended the acceptance of the highest bids.

COURT FINES CAPTAIN.

Boatswain Proves Charges Against Celticburn's Master.

Captain P. Daniels, master of the British ship Celticburn, was found guilty this morning in the police court of having beaten the ship's boatswain, E. Williamson. He was fined $15, and it was deducted from the $50 bail money he had put up to insure his appearance this morning before the court.

Williamson will be paid off through the British consulate, Consul Laidlaw having announced his intention to do so providing the sailor could prove his charge against the captain. The trial developed the evidence that it was the boatswain who had come aboard slightly intoxicated before the assault, and not Captain Daniels.

In rendering his decision the court made a statement to the effect that while at sea a ship's master might rule supreme, he has no greater privileges ashore than any other person, and hence cannot expect to be allowed to beat up sailors indiscriminately.

MIGHT SAVE STEAMER.

Diver Says Wreck of Queen Christina Can Be Floated.

L. H. Darling, a submarine driver from San Francisco, has made an examination of the wreck of the British tramp steamer Queen Christina at the instance of Lloyds, and reports a great possibility of the vessel being saved. The vessel went on the rocks near Crescent City about six months ago. She rests upon an even keel, with her stack and other deck apparatus in place. Her engines and boilers are in first-class shape.

The steamer was bound to this port under charter to A. Berg to carry a cargo of wheat to Europe, when she went on the rocks. It was understood that the steamer was a total loss until the report of Diver Darling was received.

Fishermen Get Licenses.

(Special Dispatch to The Journal.)

Astoria, Or., April 9.—Up to the present time licenses as follows have been issued at the fish warden's office: 301 gillnets, 68 set nets, 96 dealers and 11 trap licenses in the Columbia river district. None of the canneries or cold storage plants have taken out their licenses and probably will not until the beginning of the season.

EXPERIENCE INVALUABLE.

Why W. H. Hurlburt Is the Popular Choice for Railroad Commissioner.

It is generally conceded by intelligent voters that if there is one office in the state in which expert knowledge is an invaluable equipment, if the best interests of the public are to be subserved, that office is that of state railroad commissioner. Upon the experience and practical knowledge of various matters and problems with which the commission has to deal depends its usefulness and efficiency. It can be either a helpless, harmless mutual admiration society, principally occupied with drawing salary, or an active working force with the energy, vitality and ability to perform the duties for which it was created and exercise the powers with which by law it is endowed. There should be no room for a dummy upon the board.

It is this view of the situation that has centered the attention of thinking voters, who desire to see the commission accomplish the greatest possible good, upon W. H. Hurlburt as the most fit candidate for the important office of railroad commissioner in this district. Mr. Hurlburt is familiar with every detail of transportation problems, during his 35 years of experience in every department—construction, operating and traffic—having acquired a fund of expert knowledge that must be of inestimable value to the board. He is not now in any way, either directly or indirectly, interested in or connected with any transportation company and therefore in the best possible position to deal justly between all interests involved, within the jurisdiction of the commission.

LEOPOLD UNPOPULAR WITH OTHER RULERS

(United Press Leased Wire.)

Brussels, April 9.—Although Leopold II, king of the Belgians, is today celebrating his seventy-third birthday, the absence of a popular demonstration in honor of the occasion, seems to be general. The congratulatory messages from other rulers were even formal in wording. This lack of interest is said to be due to the impression that Leopold is the most unpopular of all European monarchs, not only with his own people, but with the rulers of other nations. He was born April 9, 1835, being the son of Leopold I, Prince of Saxe-Coburg-Gotha, and an uncle of Queen Victoria. He has occupied the throne since 1865.

LIVES OF MANY MEN RUINED BY Contracted Diseases

MY FEE IS ONLY
$10
In Any Uncomplicated Case

DR. TAYLOR,
The Leading Specialist.

Progress in the study of contracted disorders in the past few years has resulted in my advanced methods of securing permanent results. In my practice I use special methods of irrigation and a method of my own devising for installations that cure gonorrhoea PERMANENTLY in from 3 to 10 days. I make frequent inspections of the canal by means of a small electric light, which enables me to see and to treat each inflamed part separately; and I am also enabled to show the patient himself the conditions that actually exist. Following my treatment there are no evil after-results. There is no stricture to fear nor the slightest chance of a chronic condition (sometimes called gleet), but there is COMPLETE healing of the inflamed and poisoned tissue. Never use harsh injections or drastic internal remedies to stop the discharge, for if you do it is certain that in the future you will find your state worse than ever. I guarantee you a PERFECT AND PROMPT CURE, and as well as that,

You Can Pay When Cured

If this announcement does not have particular reference to YOUR trouble, drop in and tell me what bothers you. I shall be glad to give you advice as to your condition that is sure to be of benefit to you. That will cost you nothing. It will save you an amount of nervous suffering and MAY greatly PROLONG YOUR LIFE. Be wise; don't delay. As I have stated frequently, to delay and neglect all the very serious and so-called "incurable" diseases are due.

Our institution is Strictly Reliable.

Of all the diseases peculiar to men, contracted disorders are most abused by cut-and-try-hit-and-miss treatment administered by good friends, druggists, doctors in general practice and most of the would-be specialists. It is certainly interesting to hear the story of the average patient telling us his experience with the different kinds of so-called treatments he has been "up against." A large majority of our patients come to us with all the original diseases and part or all of the complications resulting from delay and mistreatment. We generally have to cure them after some or all of the following conditions have developed: Chronic discharge, stricture, or all of the chronic bladder troubles, diseased prostate, sores swellings, etc., besides a patient whose confidence and mind are also diseased through failure and disappointment. Don't trifle with these disorders; go to a doctor who knows how to cure you; it's the cheapest, surest and shortest way out.
WE CURE Nervous Debility, Prostatic Diseases, Piles, Weakness, Varicocele, Hydrocele and Stricture.
