ENGLAND WANTS CASTRO PUNISHED

INTERFERES WITH TWO VALUABLE CONCESSIONS

UNITED STATES MUST ACT SOON

No Desire to Override Monroe Doctrine but Something Must Be Done.

(United Press Leased Wire.) London, April 11.—The troubles of President Castro are multiplying. Now it is John Bull who is threatening to chastise the insolent South American ruler and his "brigand republic."

Diplomatic relations with Venezuela may be broken off by Great Britain, its minister to Caracas recalled and reprisals, instituted as a result of Castro's high-handed methods in dealing with the British salt and match concessions in the turbulent republic. The Daily Graphic in an editorial this morning demands that the action above outlined be taken at once.

England feels that the United States will deal with Castro, and it is believed that negotiations may be opened with the state department at Washington to ascertain whether any immediate action will be taken against Venezuela in the asphalt cases.

England will observe the Monroe doctrine but will undoubtedly request the United States to act promptly and aggressively against Castro and include in her demands those of England and Germany.

HYDE'S CLERKS AS WITNESSES

Girls Who Worked in Office of Defendant Tell of Agreements.

(United Press Leased Wire.) Washington, D. C., April 11.—Miss Isabelle Kincaid and Miss Marion L. Doyle, who were clerks in Hyde's office, testified today in the Benson-Hyde land fraud cases brought by the government, as to the relations between the two men.

J. E. VANDERCOOK DIES IN CHICAGO

President of United Press Associations Succumbs to Operation.

(United Press Leased Wire.) Chicago, April 11.—John E. Vandercook, president of the United Press associations, died in a local hospital early this afternoon following two operations for appendicitis.

Pastor Brown Out of Church

Above are pictures of Miss Clara Raymond and Rev. Frank C. Brown, whose love letters to Miss Raymond caused the Fairfield county, Connecticut, Baptist conference to unrook him and burn his ordination papers. The pastor will be turned out of the parsonage of the Rowayton, Connecticut, church as soon as he has recovered from the serious nervous shock which followed a confession to the conference. The story was recently told in telegraph dispatches.

MONTENEGRO PUTS BAN ON MERRY WIDOW

(United Press Leased Wire.) Belgrade, Montenegro, April 11.—A few days ago the Montenegrins of Sarajevo begged the management of the opera house there to discontinue the performance of "The Merry Widow," claiming that it wounded their national feelings. The request being disregarded, a mob broke into the theatre and a free fight ensued between the audience and the raiders. There were many arrests.

PERMANENT RECEIVERS FOR MUTUAL RESERVE

(United Press Leased Wire.) New York, April 11.—Pending the outcome of the suit started by the attorney-general to dissolve the Mutual Reserve Life Insurance company, Supreme Court Justice Downing today appointed Joseph J. O'Donoghue Jr. and Joseph Day as permanent receivers.

Vote for No Legislative Candidate, Who Fails to Sign This Pledge:

Do you believe that the people of Oregon are intelligent enough to elect a United States senator? Do you wish to have a vote yourself in the election of the senator? If so, do not vote for any legislative candidate who has not subscribed to Statement No. 1. This is the pledge which ensures to the people the right to elect the senator: "I further state to the people of Oregon, as well as to the people of my legislative district, that during my term of office I will always vote for that candidate for United States senator in congress who has received the highest number of the people's votes for that position at the general election next preceding the election of a senator in congress, without regard to my individual preference."

PRINCE DE SAGAN AN EX-CONVICT SUSPECTS ARE SEEN AT RENTON

Maitre Bonnet, Who Acted as Counsel for Count Boni de Castellane in Recent Assault Case, Makes Serious Charge.

Lawyer Says Suitor for Hand of American Heiress Served Time for Swindling Max Lebaudy Out of Thousands of Francs.

(United Press Leased Wire.) Paris, April 11.—That Prince de Sagan, suitor for the hand of Mme. Anna Gould, is an ex-convict, was declared to be a fact today by Maitre Bonnet, who acted as counsel for Count Boni de Castellane in the trial of the recent assault case.

According to the lawyer, Prince Helle served time in prison from April 23 to May 12, 1894, and he displayed clippings from the Temps and the Matin, which published accounts of the case.

The prince was charged with swindling Max Lebaudy by obtaining signatures in blank which he afterward, it is alleged, utilized to obtain thousands of francs.

CHILD GUARDED BY DETECTIVES

John D. Rockefeller Fears His Granddaughter Will Be Kidnaped.

(United Press Leased Wire.) New York, April 11.—Detectives were on guard last night at the Rockefeller home to see that threatened attempt to kidnap the oil king's granddaughter, the child of Mrs. Harold McCormick of Chicago, was not carried out. The guards remained on watch today and every precaution will be taken to insure the safety of the child until the members of the Rockefeller and McCormick families are assured that there is no further danger at the hands of the anonymous writers of the threatening letter.

THREE MEN BELIEVED TO BE MEMBERS OF GANG WHICH MURDERED MARSHAL HARRY MILLER AT KENT LOCATED NEAR SEATTLE.

Seattle, April 11.—Three men suspected of being members of the gang of five which on Thursday night fatally wounded Marshal Harry Miller of Kent, panned through Renton at an early hour this morning, evidently headed for Seattle.

The night marshal at Renton accused the strangers in the railroad yards at that town said, becoming suspicious at their appearance, he asked them who they were and what they were doing.

"Just keep your mouth shut and don't try to make any trouble or you are apt to get what the other fellow got," gruffly retorted one of the men, and they dashed off hurriedly down the track toward Black River Junction. The officer immediately hastened to the telephone and notified Sheriff Smith of Auburn.

Poses and armed men were sent post haste to intercept the men near the junction if possible. The Georgetown officers were notified and the police department of the city sent men to guard all approaches into town from the south. Two deputy sheriffs were sent out from the county jail to make the trip through the valley south from Georgetown.

BURGLARS MAKE JEWELRY HAUL

Diamonds Valued at \$50,000 Stolen by Cracksmen in San Francisco.

(United Press Leased Wire.) San Francisco, April 11.—Diamonds valued at \$50,000 were stolen from the jewelry store of T. Lundy, 744 Market street, last night as the result of probably the most daring robbery ever committed on the Pacific coast.

After boring a hole through the wall from an adjoining candy store the robbers crawled through to the jewelry store, drilled a hole through the combination of the safe and a few minutes later had escaped with trays containing the valuables.

PROHIB MAKING FIGHT TO WIN OUT IN BEAVER STATE

Illinois Has Made a Run for the "Water Wagon," Will Oregon Be Next?

Oregon is about to face an anti-saloon campaign of a scope and thoroughness never before experienced in her history, according to anti-saloon leaders. Quietly but persistently since the last election the forces of the Anti-Saloon league have been gathering for the battle, until now the opponents of liquor are entrenched in 17 new counties and have hopes of adding 12 of that number to the dry column when the votes are counted on the first of June.

In every section of the state for months past, and particularly since the first of the year, shrewd and trained agents of the Anti-Saloon league have been working quietly, earnestly, faithfully until now on the eve of election they are making their reports to the head office in the Commercial building in Portland, and the reports that they are bringing in are most hopeful of victory.

H. H. Knodell, who is in charge of the work in the state, has been in the field since the first of the year and during that time has spent most of his time on the road, visiting each district in which a fight is to be made. As a result of this incessant effort on his part and the work of the lieutenants who he has worked through, the state is now expected that a large block of counties will be added to the dry list.

Portland, and Multnomah county, are to be included in the battle-ground and plans are now being considered for the attack to be made on the pro-liquor lines here. Calls have been sent out to the workers in the city and county by Dr. Knodell and in a few days definite plans will be mapped out for the opening of the campaign here.

During the past few months workers have gone throughout some 17 new counties and have organized them in such a manner so the anti-saloon forces claim, that 12 out of the number are practically certain to close up their saloons and join the dry column. It is calculated that the counties which will join the pioneer dry counties of the state after the coming election are Klamath, Jackson, Josephine, Coos, Douglas, Morrow, Polk, Washington, Wasco, Marion, Grant and Crook. Columbia county is under the care and missionary effort of B. Lee Paget of Portland, and is expected to be one of the counties which will make a close effort for dryness whether it puts the lid on its entirety or not.

In Linn, Lane and Willamette counties the "wets" are planning to reopen the contest and try to change the decision by which the saloons were banished two years ago. It is not believed by the leaders of the Anti-Saloon league, however, that the efforts of the saloon men will be able to lift the looks from the long-closed doors of the saloons.

Counties May Go Dry. According to the estimates of the anti-saloon leaders the counties of Klamath, Josephine, Jackson, Coos and Douglas are certain to go dry. Marion, Polk and Washington are also in the almost certain list.

Wasco county is one of the strongholds of the league and it is regarded as certain that the islands of the sea will abolish the saloons. In the event that Wasco county is not divided by the referendum bill, now pending for a vote in June, it is considered practically certain that the overwhelmingly dry vote

BUREAU HAS NOT HEARD REQUESTS

Strange Conflict of Reports on Coming of Cruiser Fleet to Portland—Admiral Pillsbury Talks to The Journal.

Bourne Says President and Navy Secretary Have Promised War Vessels for Rose Festival—Wires to Newspapers.

(Washington Bureau of The Journal.) Reports concerning the coming of part of the cruiser squadron to Portland are conflicting and while it is known that application for ships have been made to the secretary of the navy by Oregon representatives the bureau of navigation does not seem to be aware of them. This morning The Journal received from its Washington correspondent, John E. Lathrop, the following dispatch:

Washington, April 11.—Rear Admiral Pillsbury, chief of the bureau of navigation, said to The Journal correspondent today: "No invitation has come to us asking that any ships be sent to Portland during the Rose Festival, or at any other time. Our information relating to Portland's desire for the visit of the ships came through you as the representative of your papers. The ordinary course would be to send such a formal invitation, not alone as a matter of customary etiquette, but to advise us precisely when the ships are wanted. It is true this bureau has no official knowledge even of when the Rose Festival is to be held. The date when the movement of the fleet is to be finally determined is now so close that Portland would better formally advise us at the earliest date possible, but when advice come we may find it too late to comply."

Senator Bourne wired the local newspaper last night that he had settled the matter of having a detachment of the navy visit Portland during the Rose Festival. Senator Bourne said: "I have the president's and secretary of the navy's assurance that a torpedo flotilla and some cruisers shall visit Portland. The date has not yet been arranged, but I hope it will be during the Rose Festival."

The Portland commercial bodies will all be pleased to have the ships, and will extend courtesies such as are always shown visitors to the city. The new quarters of the Commercial club will be thrown open to the officers, and it is a foregone conclusion that the sailors and marines will have a good time while here.

PROF. TRIGGS WEDS SCHOLAR

Notorious Educator Secretly Married to Miss Ada Beall Cox.

(United Press Leased Wire.) Canton, Ohio, April 11.—Professor Oscar Lovell Triggs, of free-love fame, who was expelled from the University of Chicago because of the authority that was his after his declaration that John D. Rockefeller is as great a man as Shakespeare, has taken unto himself a bride, Miss Ada Beall Cox, 28 years old, whose mother lives in Canton.

Although the couple married in Turlock, California, where Triggs is writing and farming on Tuesday, no announcement of it was made until today when the mother of the bride broke the news. Miss Cox is a former student of the University of Chicago, where she was one of Professor Triggs' pupils. She has been interested in matrimony ever in Philadelphia and New York, and is a graduate of the Canton high school. Triggs was divorced from his first wife on August 21, 1907, after a trial that was reported with sensational features being in the respective issues of the professor's school. He gained his first notoriety by declaring the famous men in Harvard and comparing them unfavorably with such men as Rockefeller. Because of these statements he was dismissed from the University of Chicago. Triggs and his bride will live on the ranch at Turlock.
