

SPORTING NEWS OF THE WORLD

PACKY FAVORITE OVER JIM BRITT

Undeclared Chicagoan Confidence of Trimming Native Son in 15 Rounds.

(United Press Leased Wire.) San Francisco, April 11.—In Jim Coffey's Colma arena this afternoon Jimmy Britt and Packy McFarland will try to decide who is the best lightweight boxer in the world...

Britt is not picking the round or number of rounds in which he expects to dispose of the Chicagoan, but he is betting his own money that he will be the victor.

McFarland is expected to be a heavy favorite, but he is expected to turn out.

WITH THE EASTERNERS.

Charlie Comiskey says that the White Sox cleared \$1,000 on the trip to the coast.

The St. Louis brewery workers deny that their strike was brought about by the Browns signing "Rube" Waddell.

Manager Stallings of the Newark Eagles is expected to be replaced by John Anderson, who is now with the Chicago Americans.

While Charlie Starr is not a Hans Wagner, still he is doing pretty good work for the Pirates and will doubtless improve.

New York fans are banking on Christy Mathewson becoming the king of pitchers once more. Matty looks to be all right.

The Brooklyn and Boston teams are preparing to make a hard fight to break into the first division of the National league this year.

Freddy Parent of the White Sox has discarded his head protector. As a result the pitchers are now throwing at his nose, which causes much dodging on the part of Parent.

It's a good thing "Ty" Cobb finally signed with Detroit. If he hadn't all the other sporting scribbles would have become anarchists and bomb throwers.

Arthur Irwin, manager of the Washington team in the new Union league, says there isn't a Tri-State player strong enough for the union league. He didn't say whether the league is strong enough in talk or ball-playing.

The umpires for the New England league this season are M. J. Stockdale, E. J. Murphy, Mike O'Brien, Francis Connolly and Joe O'Brien.

The Chicago Cubs generally get away with their exhibition games, but this season the minors have made them furnish the muscle while the little brothers danced the "Merry Widow" waltz.

Jack Hayden, formerly with Boston and now with Indianapolis, says his scrap with Babe Ferris last season put him in the minor league. Hayden doesn't play better ball this season than he did last. Hayden will have company in the minor league.

Thing and Washington, Walkover and Boronia, \$5.50 values lead all others.

Amateur Wrestlers to Compete.

(United Press Leased Wire.) New York, April 11.—The Amateur Athletic union reports the largest entry list on record for this year's wrestling championships. The preliminaries are to be contested in Madison Square Garden concert hall tonight and the finals will be brought off in the same place next Monday night.

The following weights are to be contested: Bantam, 105 pounds and under; Feather, 115 pounds and under; Light, 135 pounds and under; Middle, 153 pounds and under; Heavyweight, A. A. U. championship medals will be given to champion and second at each weight.

TWICE-TOLD TESTIMONY

Portland People Are Doing All They Can For Fellow Sufferers

Portland testimony has been published to prove the merit of Doan's Kidney Pills to others in Portland who suffer from bad backs and kidney ills.

Last any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Portland people saying that the cures they told of years ago were permanent. Here's a Portland case:

Mrs. T. J. O'Brien of 60 East Ninth street, North Portland, Oregon, says: "Time has not changed my opinion of Doan's Kidney Pills. I gave this remedy my endorsement in 1923 and am glad to repeat my recommendation of it. A member of my family found great relief through using Doan's Kidney Pills and since then several of my neighbors have tried them with equally good results. We are always glad to tell about the merits of the remedy."

Perkins, right field; Gleason, catcher and outfielder; Locke, pitcher; McDonald, outfielder, and Welsgarber, left fielder.

SEVENTH GAME LOST BY PORTLAND SQUAD

Seals Score All Runs During Pitcher Garrett's Two Fierce Innings.

San Francisco, April 10.—Friday proved too much for the Seals and the Seals won their seventh straight game. "Tex" Garrett started the game for Portland but after the Seals scored six runs off him in the second inning he was withdrawn and Harmon held the locals down for the rest of the game. Theobald pitched a good game. The score: Seals 4, Portland 0.

Hopkins Baffles Angels.

Los Angeles, Cal., April 11.—Although touched in almost every inning Hopkins kept the hits so widely scattered that the Angels were able to score but one run. Catcher Slatery joined the team and caught good ball besides securing three hits.

Table with columns: Player, AB, R, H, P, O, A, E. Lists stats for Bernard, Oakes, etc.

OAKLAND.

Results of Games Yesterday.

San Francisco, 7; Portland, 1. Oakland, 2; Los Angeles, 1.

SQUEEZE PLAYS.

Three goose eggs are getting monotonous. Cooney went through the game without a chance.

Bassey made the only error of the game out of 13 chances accepted by the two teams.

Why doesn't Mac send Pinnace in to pitch the first all-over? The Indian might scalp the Seals.

Garrett certainly got his yesterday. All the runs were made in the two innings he pitched. Harmon, who succeeded the spitball artist, held Long's men to three hits during the remaining innings.

Three Portlanders, McCredie, Bassey and Johnson rapped out doubles. McCredie and Piper of the Seals like annexed three hits in four times up. Both teams made the same number of swats, nine.

Catcher Slatery celebrated his first game with Oakland by connecting for three singles and making two scores, besides figuring in a double play. Slatery was sold to Oakland by Long when Berry and La Long made good.

It will take a pretty lot of wins for Portland to make a decent showing in the percentage column. The Beavers have to take four out of every six games for the next three or four months to get into respectability.

Manager Bob Brown of the Vancouver Black Cats thinks very highly of the three Portland boys who are trying out with his team at Lewiston. Brown says Moore, Slatery and Slatery and his work around the second bag has about clinched that place for him. Calif is down to weight and will be ready to stand on the mound in the opening game. White is showing up well behind the bat.

Chehalis Gets Ball Park.

(Special Dispatch to The Journal.) Chehalis, Wash., April 11.—Millett park is the name given to a ball park by the city council. The property was donated to the city by the Chehalis Land & Timber company and by D. C. Millett. Citizens of Chehalis which is close in, includes a fraction over six acres. About \$1,000 has been already expended in erecting a grandstand, building a grandstand and making other improvements. High school students will have the privileges of the park for their sporting events.

Hospital at Ball Park.

Cedar Rapids, Iowa, April 11.—Spring training under the care of quarantine officials is under way in prospect for the members of the local "Three I" baseball team.

Harry McKoen, a member of the team, is a victim of mumps. It is probable that a detention hospital will be established at the ball park to allow the men who have been quarantined to enjoy in their regular practice work, preliminary to the opening of the season.

Indoor Track Meet.

The big indoor track meet held under the auspices of Columbia university, is being pulled off at the Columbia gymnasium this afternoon. Owing to the number of entries the meet promises to be interesting.

Doctors and Lawyers Play.

The annual baseball game for the benefit of the fruit and flower mission will be played on June 30 at Multnomah field. Keen interest is shown in the game, which is an annual affair between the doctors and lawyers.

Tri-City League Opens Today.

The opening game of the Tri-City league will take place this afternoon with championship contests at the Vaughn street grounds in Portland, St. Johns, Oregon, City and Woodburn. There will also be Sunday games at each of these places.

PORTLAND LIDS TO FIT TACOMA NOODLE

George Williams Cops Four Best Hats on Beavers' Bum Playing.

"If this Portland bunch of ballplayers keeps on losing I'll have enough hats to start a store when I get back to Tacoma," piped George Williams, the wrestling impresario, this morning. Ever since Williams, who is an ardent supporter of the Northwestern league, blew into town to make arrangements for the Dr. Roller-Victor McLaglen grappling show in the Healy theatre next Wednesday night, he has been winning six-pieces.

Now George in his enthusiasm for the league that circulates around the city that grows doesn't forget that the Coast league can play as good ball as any circuit in the country, but he just couldn't resist the chance to kid Billy Fangle. Fangle grew red around the collar and offered to bet the best hat in town that Portland would win the next game. This little episode happened last Tuesday and Williams had to make good on his line of joak talk.

The games began with Joe Stutz, a chronic fan. Stutz fell for the same line of talk. Result: One more hat. Things were coming easy for the mad promoter and when he caught up with Harry Beck, who sells stockings, the first words he said were about the bum playing of the Beavers. Beck, who is one of the most faithful, rushed in to defend his favorites. Well, it ended with another Stetson being wagered, Harry Beck's route of travel was cut.

Tony Franto was the fourth straight victim. Then Williams ran across Joe Stutz, a chronic fan. Stutz fell for the same line of talk. Result: One more hat. Things were coming easy for the mad promoter and when he caught up with Harry Beck, who sells stockings, the first words he said were about the bum playing of the Beavers.

AMERICANS RETURN AUTO TO SEATTLE

(United Press Leased Wire.) Valdez, Alaska, April 11.—The American automobile and crew left here on the steamer Bertha last night for Seattle for the next three or four months to get into respectability.

He will return to Seattle and ship for Vladivostok to make up the time lost on the steamer trip. He will attempt to charter the sailing ship, the Alaska, to take the car and crew across to Siberia.

CITY OF WESTON SUSTAINS U. OF O.

(Special Dispatch to The Journal.) Weston, Or., April 11.—At the last meeting of the Commercial association of the city of Weston the following resolutions were unanimously adopted:

"Resolved, That the Commercial association of the city of Weston, taxpayers and citizens of Umatilla county, Oregon, are in full accord and sympathy with the policy of a larger financial support by the state of Oregon for the state university at Eugene, Oregon; and be it further,

"Resolved, That we deplore the unfortunate condition of a system whereby so few signatures to a petition may hinder the wheels of progress from advancing."

The people of this city and the surrounding country will sustain the university by an almost unanimous vote.

SAN JOSE MAY GO DRY AT ELECTION

(United Press Leased Wire.) San Jose, Cal., April 11.—Prohibitionists of San Jose are in a happy frame of mind over the fact that it appears to them as an approaching victory in their fight against the saloon element for a "dry" city.

The anti-saloonists have already won the first skirmish by compelling the mayor and common council to agree to placing the question of prohibition on the May ballot. The street vote thus obtained, say the prohibitionists, will show that a majority of the residents will vote against the issuance of saloon licenses, and then consequently San Jose will go "dry." Six towns in this county are already without saloons.

DOUKHOBOVS WILL BE SENTENCED TO PRISON

(United Press Leased Wire.) Fort William, Ont., April 11.—Despite the sentencing to six months imprisonment of 18 Doukhorobors for pacifist activities, the Doukhorobors, members of the fanatical sect, declare their intention of disobeying the authorities, in which event they will be similarly punished. About 60 Doukhorobors, the majority women, remain here.

TRAPPER SAYS INDIANS STARVE

Redmen Suffering Because Furry Animals Are Scarce This Year.

(Special Dispatch to The Journal.) New Westminster, B. C., April 11.—That this year marks the first of a series of seven lean years in the fur-trapping industry is the belief of Colin Fraser and a number of other trappers who have recently returned from a protracted hunting trip in the northern wilds.

Fraser has been trapping for more than 20 years and declares that during all that time he has never known so poor a season as the one just passed. Judging from experience, he expects to see the next six seasons very poor from a fur-trapper's and trader's point of view.

His catch this year amounted to 150 martens and three silver fox skins, while last year he secured 350 martens and 12 silver foxes, and realized nearly \$2,000 on the furs brought down this trip.

The Indians around Fort Chippewan are said by Fraser to be starving, owing to the scarcity of furry animals, which mean both food and clothing to the aborigines. Muskies are the only creatures plentiful in the district and as their skins have no longer any commercial value, their presence in no way helps the Indians.

East of Lake Athabasca and at Fond du Lac deer are plentiful, and the natives are said to have been hunting a long time to none. The same conditions prevail at Fort Smith.

GENERAL FUNSTON TO GO TO LEAVENWORTH

(United Press Leased Wire.) Washington, April 11.—Confirmation was made today of the president's intention of detaching General Frederick Funston, now in command of the department of California, with headquarters at San Francisco, as president of the general service school at Fort Leavenworth, Kansas.

It is likely that General Funston will be retained in California a few days after April 19, the date of the retirement of the present incumbent, General Charles Hall, in order that he may head the military forces at the reception to the fleet at San Francisco on May 5.

TRAVELERS MAY ASK FOR STEEL COACHES

(United Press Leased Wire.) Oshkosh, Wis., April 11.—The Traveler's Protective association, which is holding a convention here today, is expected to present to the legislature a bill which would require all railroads to use only steel fire-proof cars.

It is the contention of the travelers that this class of equipment will decrease the number of fatalities that follow collisions between passenger cars of this kind in far more important than the reduction in passenger rates. Resolutions calling upon congress to compel the use of steel coaches are being introduced.
