BEAVERS ANNEX ONE WITH ANGELS

Danzig Does Hal Chase Stunt and Surprises Natives With Wallops.

(Special Dispatch to The Journal.)
Los Angeles, April 15.—Portland seems to have at last struck her proper stride, for after winning two games from the Seals, McCredie's crew came here today and walloped the Angels 7 to 0. Five double plays enlivened the game, the Beavers making four of them.

Big Danzig made his appearance before the Los Angeles fans one to be remembered by lining out a triple and a double with men on bases and handling the bases perfectly. He figured in all four of Portland's double plays and started one of them himself. His playing was the best seen here since the days of Hal Chase, scored four runs and pulled off a double steal. Danzig, the next man up, scored both of them with a fine triple.

The manager scored again in the seventh on his single, an out and Delmas' error. The score:

PORTLAND BOYS HELPING BROWN

Califf and Moore Make Good, While White Crowds Veterans Hard.

(Special Dispatch to The Journal.)
Lawston, Ida., April 15.—Bob Brown, the Auburn-haired manager of the Aberdeen baseball team, who took his men to Spokane today, is immensely pleased with the "Porters" of his aggregation. The Aberdeen have been here three weeks training and Brown is a happy man as the result of the form his men are showing. They have had a dry field all the time and they have been devoting two seasons daily to very strenuous work.

Brown is in the game again this year at shortstop and in the hard work that he appears to love, he has been a great influence in getting the big crowd of the men. Yesterday the team worked for two hours in sunshine that went higher than 80 degrees, and still when they shed off for the baths, they had the pace of quarter horses. They are now ready for the league series.

Brown got enthusiastic this morning before leaving when asked what he thought of his Portland players. He said:

"I am immensely pleased with the way Califf is showing up. He will, in my opinion, make one of the best men in the country. He has all the men pitcher needs and is working his head off."

Moore has made good for second, said Brown. "He is a well and playing fast at base. White is having a fight for a position on the catching staff. He has the earmarks of an All catcher and right now I don know as to the choice to be made in selecting two top catchers. It must be remembered White is up against Boettiger and Spencer, who were last year and who were top-notchers in their positions."

Brown may use Moore for a relief pitcher, but it is apparent he is delighted with his work at second base. Miller, a Hoquiam boy, who played in the Portland Tri-City league last season, has been trying out for a backstop position, but is one of the men who have been released. Brown says he is a fast young catcher, but requires more work before he can class with Boettiger, Spencer or White. Kringle, who played with Valouise in the tri-city league last season, tried out for second, but has been released. He is a clever, heady player, but is very light and light men do not suit Brown's notions.

Bob Takes Sixteen Men.

Brown told The Journal representative that he would take 16 men with him to Spokane where the league season opens April 20. The roster of the six games will be played with Spokane. The 16 he named are: Moore, second base; Van Buren, center field; Streib, first base; Bohrer, left field; White, left field; Fitzgerald, third base; Brown, shortstop; Boettiger, Spencer and White, catchers; Starkell, Thompson, Cliff, Brinkers, Sponberg and Boyce, pitchers.

"I look for an exceptionally good year in the league baseball," said Brown. "Last year was as good as the splendid season of 1902 and I will guess that 1908 will establish a new record as far as the amount of patronage are concerned. The teams this year will be more evenly balanced than they were last year."

And Bob Brown probably knows the game when he talks baseball. At any rate he is the best of the time in a straight cash offer of \$3,500 for an aging the Vancouver team this year. He preferred to stay with the Aberdeen with whom he won a hard man to year. Fans say he has a stronger aggregation this year.

AMERICAN CAR WINS RACE TECHNICALLY

(United Press Leased Wire.)
New York, April 15.—The American car, Thomas, in the New York-to-Paris race has already won the Mitsu cup, as it has gone further over the original route than any runner its own power in Alaska.

However, it is probable that the committee will take into account the circumstances and award the cup on the basis of equity rather than upon a mere technicality, especially as the "four" consisted of a trio over 200 yards. The route has not been changed, but the contestants themselves have decided to go by way of Vladivostok, apparently with the consent of the promoters of the race.

The Thomas car will unquestionably be allowed the advantage of time in crossing Siberia and Europe, which she gained in the crossing of the United States, when the award of the cup is made. The lead of the American is not affected by the departure of the Italian and French cars for Japan, enroute to Vladivostok.

RICH CARTER HANDICAP OPENS AQUEDUCT RACES

New York, April 15.—The metropolitan horse racing season opens today with the running of the \$10,000 Carter handicap at Aqueduct, an island, the home course of the Queens County Jockey club. From now until late in the fall interest of the lovers of sport will be divided between the baseball diamonds and the racetrack. The arrangements provide for continuous racing in the metropolitan district until November 15. April 15, the meeting which opens today will run until April 28, after which the racing will shift to the Jamaica track with the "Belts" and "Ants" as the opening feature. On May 13, Belmont park will open, with the Juvenile for 2-year-olds and the national stakes, Gravesend, Sheephead Bay, Brighton Beach, Saratoga and Yonkers will then complete the circuit.

This Day in Sport Annals.

1795—At Hornchurch, England, John Jackson defeated Daniel Mendoza in fight for 200 guineas and the pugilistic championship. Jackson gave up the title in 1803, and Jim Belcher succeeded to the championship.

1876—James J. Jeffries, world's champion heavyweight pugilist, born at Cassville, Ohio.

1882—At Newmarket, England, Newmarket handicap won by Pierre Lorillard's Perole, Jimmy seconds. Gravesend, Saratoga and Yonkers will then complete the circuit.

Multnomah's Football Games.

This is the provisional arrangement of the Multnomah club football schedule for next fall: November 1, Whitman college; November 14, Oregon Agricultural college; Thanksgiving day, University of Oregon; Christmas and New Year, Seattle Athletic club at Seattle and Portland. There will be several games preceding the Whitman contest, with Astoria, The Dalles and Albany.

DR. ROLLER MEETS M'LAGLEN TONIGHT

Wrestlers in Pink of Condition for Hard Grappling Match.

STATEMENT OF VICTOR M'LAGLEN.

"I do not underrate Dr. Roller in the least. I know that I have a hard contest tonight, and I am going in with the determination to do my best and I am confident I shall win.

"This is my first appearance in Portland. I am bound to make a good many friends, because I will keep after him all the time. I am going to rough it if in my opinion it will bring the results. I know Roller's style and I will profit by my last match with him.

"If I am successful tonight I will be glad to wrestle anyone the people would care to have me wrestle. I do not bar anyone. I will weigh close to 220 going on the mat."

WHAT DR. ROLLER HAS TO SAY.

"I am sure I will win from McLaughlin tonight. He is a strong fellow and I doubt that there is a man in America who can throw him at Graeco-Roman style, but I think I know too much for him.

"When I wrestled him before it took me 24 minutes and 17 minutes to throw him, and I am sure I will do the trick again in almost the same length of time. I have no fear that his practice at the catch-as-catch-can style will assist him in winning. His strength is the only thing I must watch out for.

"I will wrestle Gotch, Beel, or anyone else they can bring to me. I do not bar anyone, and will arrange a match with 'Strangler' Smith, too, if the proper inducements are offered."

If Victor McLaughlin can succeed in putting the shoulders of Dr. Roller on the mat twice tonight he will win a nice bunch of money for himself and at the same time kill forever what chance the Seattle physician has of ever attaining the heavyweight wrestling championship of the world.

The question resolves itself into a matter of whether the young giant is more of a thrower than a wrestler, or whether he is a better wrestler than a thrower. McLaughlin has the required strength, but in catch-as-catch-can wrestling he is not as good as the men who are good and it requires almost a champion to flop him.

"I have everything in my favor for this match," said he, "and I propose to take advantage of everything. I am confident I will win, but if defeat comes to me again I will wrestle only once. I have said I would wrestle, and then quit the business and devote my attention to the boxing game. If I beat Roller, and I am determined to do so, I will meet anyone the public wishes me to meet."

SECRETARY OF STATE WOULD RELEASE MAG

Benson Says Beavers Would Play Better Ball by Discharging Manager.

(Special Dispatch to The Journal.)
Salem, Or., April 15.—Frank W. Benson, secretary of state, who is spending several weeks in the south, and who is an enthusiastic fan, writes entertainingly to his chief clerk, S. A. Kozier, relative to the Beaver ball tossers.

Benson offers much advice to Manager McCredie and comments freely on the good and bad qualities of the players. He says he does not like the playing of Bloomfield or Whaley. Mr. Benson suggests that the team might be improved if Mac discharged himself. However, he thinks the team 100 per cent better than last year's aggregation.

The letter in part is as follows:

"I am not proud of that Portland bunch, although really it is a good club. But it does seem like fate is against them. If it were a horse race it would be a cinch they were 'choking it.' The bunch is 100 per cent better than last year, yet it don't win games. The weakest point is with the catchers and there is a general weakness of going to sleep after reaching first base. I think Bobby Roller and the Indian are probably the best pitchers.

"I wouldn't be surprised, although I would not put any money on it, to see Portland strike a winning gait at almost any old time. There is one thing sure, they are great batters, and probably before many more games they will find themselves. I would feel more confident, however, if McCredie would discharge himself at right field."

Mr. Benson is expected home at any time daily.

DEPOT WANTED AT LYONS ON C. & E.

(Special Dispatch to The Journal.)
Salem, Or., April 15.—The state railroad commission has received a complaint from F. E. Wall of Lyons, a small town on the Corvallis & Eastern railroad, regarding the lack of facilities at that place. Lyons is about 40 miles east of Albany and receives the freight for its own three stores and for the business houses of Mohama, a village back from the railroad a few miles. Mr. Wall says there are no buildings at Lyons where freight can be received or handled and that frequently goods are exposed to the weather until they are seriously damaged. He wishes to compel the Corvallis & Eastern railroad to build a suitable depot at Lyons.

JEFFRIES WILL FISH AGAIN IN M'KENZIE

(Special Dispatch to The Journal.)
Eugene, Or., April 15.—Alf Walker of this city has received a letter from E. W. Hopper, instead of Los Angeles, in which he states that he and a party of men from that city, including James J. Jeffries, champion of the prizefight, will come to Eugene in September and go on a hunting and fishing trip up the south fork of the McKenzie river.

Two years ago next fall the party made its initial trip up the south fork and so well pleased were they with the results of the trip that they planned to come back the next year. Jeffries was unable to come but the other members made the trip again and met with even better success than on their first trip.

Included in the party besides Jeffries and Hopperstead will be Mayor Harper, Chief of Detectives Bendish, Joe Ormelle, Cy Myrick, H. W. Lewis and W. Kolb. There will be no women in the party this time.

WALLA WALLA SCHOOL PRINCIPALS DROPPED

(Special Dispatch to The Journal.)
Walla Walla, Wash., April 15.—Failure of the board of education at last Friday's meeting to include among the city teachers to be employed next year, Principal Ryan of the Lincoln school, Professor Buckles of the Sharpstein school and Professor J. W. Shepherd of the High school gives promise of stirring up a good-sized row between friends of the three professors and the board. The resignations of Professor Ryan and Professor Buckles, it is said, have been requested by members of the board, but according to friends of the two professors, these have not been forthcoming nor are they likely to be. The story has gained currency that one reason for the determination of the board to dismiss the three professors is that they were active in the school election last fall.

Death of Mrs. John Logan.

(Special Dispatch to The Journal.)
Grand Rapids, Mich., April 15.—The funeral of Mrs. John Logan took place in this city yesterday. Judge Steven Lowell officiating. Mrs. Logan was the wife of John Logan, owner and manager of the Logan mines of Idaho, and a pioneer of the Idaho district. A large number of friends and relatives attended the ceremony and followed the remains to the Masonic cemetery.

EUGENE AT ROSE SHOW IN FORGE

Ample Fund Will Be Raised for a Worthy Representation.

(Special Dispatch to The Journal.)
Eugene, Or., April 15.—At a meeting of the Commercial club of Eugene last night it was decided to participate in the Rose Festival at Portland and between \$300 and \$1,000 will be expended on a float or something else that will be equally attractive. Some are in favor of a parade of Eugene girls on horseback and of members of the Commercial club dressed in a uniform while a committee is now arranging the matter and a definite conclusion will be reached in a day or so.

CLEARING UP OLD LAND OFFICE CASES

The Dalles, Or., April 15.—For the past few days the local landoffice has been busy hearing cases wherein the United States government has questioned entries, supposedly fraudulent, and which have been held up for several years. About 100 cases are to be tried in all. H. S. Jones, special agent of the government, appears in behalf of the government.
