

Positively the Last!

The American Newspaper Association is compelled to make an announcement today of the highest importance to Journal readers. The greatest reference library ever offered to the American public—greatest in merit, popularity and cost—must be absolutely withdrawn from the market within the next thirty days. We mean precisely what we say. Our contracts have expired and we cannot renew them. We are merely allowed to supply the few remaining sets of the

NEW WERNER 20th CENTURY Encyclopaedia Britannica

For several months past we have been offering this great million-dollar library upon a Co-operative Club plan, which cut the publisher's price squarely in two and also allowed little at a time payments, amounting to only 10 cents a day. The success of this club has been enormous. We have distributed no less than 135,000 sets, or over—FOUR MILLION VOLUMES, at a total saving to our club members of a round FIVE MILLION DOLLARS! This is by far the most wonderful record in the whole history of bookselling, and we were enabled to achieve it only by our wide advertising and publication facilities, reaching every state in the union. But now the English and American publishers have "got together," with the result that this less expensive edition is to be withdrawn at once. As a matter of cold figures we have

Only 150 Sets Left

for Journal readers. These will soon be gone—then we must stop. We are powerless to supply any more books. This unrivaled work is a necessity in every home. Its 31 massive volumes, with their 25,000 large pages and wealth of maps and illustrations, are a library in themselves. They stand ready to help you—as they have helped thousands of others—to succeed in life.

YOUR LAST CHANCE

As a result of an agreement between the English and American publishers the Twentieth Century (American) edition of the Encyclopaedia Britannica is to be entirely withdrawn. Our Encyclopaedia Club must close at once. From the remarkable opportunity we have been able to offer you will be a thing of the past. Do not mistake what this means to you. A small first payment, and we at once deliver to you the set of 31 superb volumes. You pay for the books from month to month in sums so small as to amount to but a few cents a day. You cannot afford to neglect this opportunity to equip your home with this splendid library, which will bring you and your children pleasure and profit the rest of your days. This is your last chance. When the last set is shipped your opportunity will have passed. We have on hand a limited number of oak book cases, made especially for these sets. They will be given free of charge to all who order through the coupon below.

COMMITTEE PREPARES TO LAUNCH PARTY

(United Press Leased Wire.)
Cleveland, Ohio, April 15.—Active work looking to the formation of a new labor party was begun today by a committee of seven, which has been authorized by the United Trades and Labor Council to take charge of the movement. At a meeting of the latter body last night a vote of the locals on the proposition to organize a new party showed that 43 favored the project, while nine opposed it. The principal opposition to the movement came from the Socialists, who have been planning a new movement in their party. After it is organized the new party's first step of importance will be the opening of a campaign to work for the election of county and state candidates pledged to organized labor. Participation of the party in national politics will depend largely on the action taken by unions in San Francisco, Chicago, New York and other big cities. A name for the party has not been selected.

A DENIAL

Mr. Ladd Contradicts False Rumor

THE rumor circulating to the effect that lots in Ladd's Addition were being sold only under a ninety-nine-year lease is entirely untrue. There is not and never has been the slightest foundation for the report.

We have never in the past entertained such a scheme, nor will we consider any proposition to lease lots in Ladd's Addition.

A full Warranty Deed, as well as a complete abstract, is given to the purchaser of every lot.

Lots can be purchased on the installment plan, with easy payments and interest at six per cent.

Every deed will convey an absolute title, with no restrictions or reservations, excepting only those Building Restrictions required to insure the best class of buildings.

MISSOURI'S SAILORS MOUNT WOODEN GUN

(United Press Leased Wire.)
San Diego, Cal., April 15.—The battleship Missouri came here with a wooden gun in place of the six inch rifle, the muzzle of which was blown off during target practice at Magdalena Bay. The men on the big vessel, not wishing to come into port with a gun missing, got together and devised one of wood, making the battery complete. The work is so skillfully done that the deception cannot be noted except upon the closest inspection.

NO MORE MASQUERADE FOR SKIMMED MILK

(Special Dispatch to The Journal.)
Olympia, Wash., April 15.—Large quantities of condensed milk must be pulled off the Washington state markets or else relabeled, according to an opinion furnished the state dairy and food commissioner by the attorney-general. Condensed milk manufacturers, who formerly used labels describing their product as condensed cream, in attempting to comply with the pure food law, have simply pasted stickers over the word "cream" at the top of the label, the stickers bearing the word "milk." But in the body of the label the word
