MAC WILL APPLY BIG AX TO TEAM

Portland Manager to Release Bloomfield and Harmon, and Probably Whaling.

Hugh McCredie, who was with the Portland baseball team during the training season and the first series of games with San Francisco, arrived home from the south Tuesday full of glowing reports of the players and their work. Hugh immediately commenced getting the local grounds in shape for the opening home games next month and now has carpenters and levelers at work on the stand and field. The seats will be fixed over in the stand and the arrangements made more comfortable for the spectators.

Hugh says the boys had a bad start-off in San Francisco but were hopeful of winning the majority of games from the Angels. Their two victories justify this feeling. He says that Walter is already cutting his team down to the usual number of players this week. La-Koff, the pitcher, was the first to feel the managerial ax and Harmon and Bloomfield, two more twirlers, were left in San Francisco.

Lakoff has secured a berth with one of the state league teams and Harmon, it is understood, will probably get on with Fresno. Bloomfield is sure of a job with some outlaw magnate. Mac's pitching staff will be Groom, Kinsella, Pinnance, Garrett and Pernoll.

Mac is worrying about which of the two catchers, Whaling or Walsh, he will let go. Walsh seems to have a shade over Whaling, Hugh says, the young backstop doing some great pegging in the Seal games. Time and again he would catch Piper, Melchoir and other speedy baserunners 15 and 20 feet off the middle station. However, Mac will probably wait until the conclusion of the Los Angeles series before he does any pruning on the receiving end. Whalen is just now doing all the receiving, Walsh being a sufferer from injured fingers.

Madden is sure of his place, Hugh says, and his injured hand is responsible for his poor showing. It has not been known before but Madden was catching with three fingers of his sore hand bound tightly together. This necessitated throwing to second with his thumb and index finger. It is rapidly growing better, though and he will be able to participate in more games after this week.

SECRETARY REPORTS 750 AUTOS IN STATE

(Special Dispatch to The Journal.)

Salem, Or., April 16.—More than 150 applications for automobile licenses have been made at the secretary of state's office since January 1 and the number of licenses granted each day is growing. From eight to ten licenses are issued daily, which would indicate that the automobile business in Oregon is good. The total number of state licenses issued up to this time is 750. A great number of motor cycle licenses have also been issued from the secretary of state's office.

RED FRONT BASEBALL TEAM.

Speedy aggregation of youngsters which challenges any team of its size in Portland. Reading from left to right, the youngsters are: Top row—E. Baird, left field; Scholts, third base; Kerns, center field; Rosenthal, right field. Bottom row—Nelson, shortstop; Condit, first base; Christenson, catcher; W. Baird, pitcher; Hannon, second base.

INDIAN HANGS A SIGN ON ANGELS

Beavers Win Fast Baseball Game by the Score of Four to Three.

(Special Dispatch to The Journal.)

Los Angeles, Cal., April 16.—Indian Pinnance won another game for the Beavers yesterday when by beautiful pitching he held the Angels down in all but the sixth inning. Brasher's home run, a fly which bounced over the center field fence, scoring Oakes, together with Smith's hit, a steal, a sacrifice hit and Ellis' single made three runs for the Angels, but before and after this inning they were unable to touch him.

Portland got after Hosp in the third and fourth innings for three runs and won out in the ninth, when Danzig singled, went to second on Johnson's sacrifice, to third on Cooney's out, and scored on Bassey's double. The score by innings:

Los Angeles	0	0	0	0	0	3	0	0	0	— 3
Hits	0	1	0	0	0	4	1	0	0	— 6
Portland	0	0	2	1	0	0	0	0	1	— 4
Hits	1	1	2	2	0	1	0	1	2	—10

Seals Win Long Game.

San Francisco, Cal., April 16.—Seventeen innings were required to obtain a decision in the game today between Oakland and the Seals and the Seals won 4 to 3. Errors counted heavily against the Oaks. The score:

S. F.	0	0	2	1	0	0	0	0	0	0	0	0	0	0	0	0	1	— 4
Hits	2	1	2	0	0	1	1	1	0	0	1	1	0	0	0	1	1	—12

M'LAGLEN IS BARELY PRACTICE FOR "DOC"

Seattle Physician Dumps Tacoma Giant With the Greatest of Ease.

Seven grunts, four determined looks, two dull, sickening thuds and two hammerlocks were the features of the much-heralded wrestling bout between Dr. Roller and Vic McLaglen last night. Three and one half grunts were emitted by Vic in the first fall, "Doc" looked determined twice and one thud occurred. The rest of the features were saved for the second half.

It was Roller all the way and the Seattle physician-wrestler kept the Tacoma man guessing what move was to come next. What McLaglen doesn't know about wrestling would fill the biggest book ever written. The only bit of work he did that was worth while was to spin spectacularly out of a dangerous situation on his pate. Mac never took hold but once during the entire contest; he then exerted his strength and slid Doc along the canvas for several feet. But that was all.

On the other hand, Roller exhibited a variety of holds, but it seemed almost a joke to resurrect the old hammerlock to tip Victor. His first fall was by a combination of hammerlock and half Nelson and came after seven minutes and 49 seconds of struggling. The second fall was the result of the hammerlock, followed by a double body hold. It did the work before the bout had progressed two minutes.

Roller has a grand style and is superbly built. He reminds one a whole lot of Jim Corbett, as he approaches his opponent. His body is compact and his length is ideal for a wrestler. He has the quickness of a cat and Victor looked slow alongside of him.

It was hardly good practice for Roller—he was so much superior to McLaglen. Mac says it is the last time he will appear on the carpet in public, and will now devote his attention to the boxing game. He is not built on the right plans for a wrestler, but ought to make good in the squared circle.

Roller said before the match that he had been challenged by "Strangler" Smith and would accept for a $1,000 side bet or would appear against the local man if a $500 house was guaranteed. He is willing to concede Smith the strangle hold and offered to meet him for a $300 side bet after he had disposed of McLaglen.

Smith stated today that he would raise the money and give the Seattle man a chance to show what he could do against the Smith hold. Dr. Roller left for Seattle this afternoon.

SQUEEZE PLAYS.

Two straight games tucked away look mighty good.

• •

The Beavers have won four and lost eight games. Good chance of getting home with .500 yet.

• •

Gee! look at the way they stole on Whalen. Bernard Smith, Ellis and Hosp in succession yesterday. A few more exhibitions like that will mean the chasing of Whalen.

• •

It only goes to show that the Beavers, when they reach their stride, will bat the best of them out of the box. They sure have got the sticking eyes. Mac got a three-bagger and Casey, Johnson and Bassey secured doubles off Hosp.

• •

San Francisco and Oakland have the honor of playing the first real long game. They reeled off 17 innings in great style yesterday. The Seals have lost but two games out of 12.

• •

Danzig and Bassey divided honors with the willow yesterday, the big and the little fellow getting six of the ten swats made by the northerners. Bassey has shown decided improvement in his batting and if he keeps it up will become one of the most valuable members of the team.

• •

Pinnance is all the custard. By the way the little Indian has started out he bids fair to become a second Bender. He has won his second straight victory, he being the one that stopped the winning streak of the Seals. Except for one inning yesterday he had the Angels at his mercy.

Toronto Bench Show.

Toronto, Ont., April 16.—The third annual bench show of the Ontario Kennel club opened auspiciously today and will continue until the end of the week. A large number of prize-winning dogs representing noted kennels of the United States and Canada are on exhibition. From all indications the show will prove the most successful affair of its kind ever held in this city.

POLICE STOP BIG STUDENT BATTLE

Portland Academy Pennant Object of Concerted Attack by Rival Schools.

As an interesting little sidelight to a general scrap and slugging match, Columbia university yesterday defeated Portland academy 19 to 14. A. "P. A." pennant on the big flagpole in right field caused all the trouble and before the police ended the hostilities there were several bruised countenances and "Buz" Hughes, a prominent pupil of Hill Military academy, was in the hands of a big, burly cop.

The pennant, which caused all the trouble, was run up to the top of the pole before the game started. In the fifth inning 50 or more students of both West and East Side High schools and Hill Military academy sneaked around back of the right field bleachers and were at the bottom of the pole before the academy pupils knew what they were doing. The pennant was quickly hauled down and torn from the ropes and the invading army was half way around the field before some of the academy boys caught up with them.

Then came the fighting. The boys who had the pennant were, of course, the center of attraction and after five minutes of fierce fighting Chester Curry, an academy boy, got the bigger part of the rag and hung it up on the screen in front of the academy's section of the grandstand. There were no further hostilities until after the game.

Immediately after the game the two forces went after things again, but this time they reckoned without the policeman who looks after the ball grounds, and he, aided by Inspector Doty of the railway company, successfully broke up the fight by arresting Hughes, one of the ringleaders.

Hughes was marched up to the corner of Twenty-fourth and Thurman and then turned loose.

The game was a batting bee all the way through, with numerous errors fitted in, in a way best fitted to score runs. Columbia secured 17 hits off Myers, while the academy players secured 16 off Locke. Columbia's errors, however, were not as many or as costly as the academy misplays and consequently Columbia won out.

The feature of the game might be said to be Myers' hitting, for in the six times he came to bat he knocked out four bingles to left field, two of them good for two bases, while the other two times he came to bat he gave Weisgerber hard files, which only good fielding kept from being hits.

The score was as follows:

The Batter Is Out.

Sporting Editor The Journal—In case a ball was batted over the fence for a homerun on a ground 15 feet over regulation size, is such a batter entitled to a homerun without making the circuit of the bases and shall the scorekeeper record a run; or, shall the umpire declare such a baserunner out for refusing to touch the bases in their respective order? WOODBURN FAN.

The batter must run around the bases in order to be credited with a run. President Pulliam of the National league passed on this question two years ago. If the batter does not complete the circuit within one minute after the umpire orders him to do so he shall be declared out.

SOUTHWEST IDAHO HAS GOOD BASEBALL TEAMS

(Special Dispatch to The Journal.)

Boise, Ida., April 16.—The Southwest Idaho State Baseball league has been organized, including the following towns: Boise, Caldwell, Payette and Weiser. The following were chosen officers of the league: President, Robert Lansdon, Boise; secretary-treasurer, T. A. Williams, Payette. The schedule of games will cover a period from May 2 to July 26. The Boise team is now thoroughly organized and ready for business. The national game enthusiasts of this city have spared no pains to get things in shape for the season and the Boise players will have plenty of encouragement in the several contests before them.

TRI-CITY LEAGUE MAY DROP SATURDAY GAMES

A proposition to cut out Saturday baseball in the Tri-City league will come up before the directorate at the meeting tonight.

Three of the clubs, West Portland, Oregon City and St. Johns find that it is almost impossible to get all the players in the games on Saturday, owing to the fact that employers object to them losing so much time. On the other hand, East Portland, Salem and Woodburn are anxious to play the Saturday games.

The matter, however, will be fully discussed this evening and the most equitable arrangement effected.

TRIBUTE TO SPIRIT OF SAN FRANCISCANS

New York, April 16.—A glowing tribute to the American spirit displayed in the work of rebuilding San Francisco is contained in an editorial appearing in the New York Press, headed "Reborn San Francisco."

The most striking part of the article follows:

"Announcement is made to the world that San Francisco stands today in the position of being one of the cleanest and most healthful cities in the United States. In the short two years that have gone since flames laid their community in ruins and despair no less than $100,000,000 has been devoted to rebuilding alone. The disaster has been turned to profit.

"This is a record of quick and complete conquest over terrifying adversity, which, we believe, could not be matched anywhere in the world. A performance like San Francisco's gives us the right to claim something more for American character than the foreign observer is commonly willing to credit to it."
