

# LURE VOTES BY A TRICK

### Hodson Machine Circulating Card Imitating Statement No. 1 List.

Alarmed at the use of Statement No. 1 sentiment in Multnomah county which is sweeping them to defeat, the manipulators of the Hodson-Beach-Balley-Reed machine legislative slate have resorted to trickery to secure the betterment of some members of their representative ticket.

In order to blind the voters who are favorable to the list of candidates pledged to Statement No. 1 and induced to run through the petition of prominent business and professional men and well known citizens of the county, a card, similar in every way to the one put out by the Statement No. 1 candidates, has been printed and circulated by the Hodson leaders. In this phony ticket the names of L. M. Davis and J. C. Bryant have been stricken from the list of representative candidates, and the names of L. E. Crouch and Harlow, two members of the Hod-

son slate, have been inserted in their places. The intent of the subterfuge is undoubtedly to trick voters into voting for members of the Hodson slate under the belief that the men were all candidates on the Statement No. 1 ticket.

In order to guard the voters against such tricks, the Journal will cause more print the list of Statement No. 1 candidates on the ballot. The names of those who have entered the campaign as a result of the petition of a large number of the citizens of the county will be printed in capital letters, together with the ballot number of each. Those who have entered the race independently will be printed in the usual type. The list is as follows:

# 20 YEARS OF MISSION WORK

### What North Pacific Board Has Accomplished Shown by Reports.

The 20th anniversary of the North Pacific Presbyterian board of missions which closed last night with a popular meeting is the greatest in interest and power that has ever been held. Mrs. W. S. Ladd, who has been president since the inception of the society, presided. Addresses were made by Miss Julia Fraser, field secretary for the Pacific coast, Rev. C. E. Bradt, representing the foreign board, Rev. William Hiram Foulkes and Rev. W. S. Holt.

Reports from the various secretaries and officers show the board to be in a most prosperous condition. Nearly \$3,000 more has been contributed this year than last and two additional homes have been built, one at Lakawh, Laos, known as the Kenneth Mackenzie Memorial school for boys, and the other at Fern, Utah, to accommodate the teachers working among the Mormons.

**Twenty Years' Work.**  
Mrs. J. V. Milligan gave the summary of the 20 years' work yesterday. She told of the organization of the society in 1887, formed from the two separate societies for foreign and for home missions. She said: "In 20 years we have done a great deal. The territory covered by this board extends from the Yukon on the north to the California line on the south, and from the Pacific to the eastern boundary of Idaho."

"Perhaps the most telling work undertaken was the opening of the Chinese home and the rescue of a number of Chinese girls and women from slavery."

"There have been a number of missionaries supported in the United States, China, Japan, Korea, India, Laos and Persia. There are now 11 missionaries."

"The Caroline A. Ladd hospital has been built and equipped in Pyeng Yang, Korea, the Umallia Mungo, the teachers' home at Fern, Utah, and the Kenneth Mackenzie Memorial home for boys, at Lakawh, Laos."

The report of Mrs. J. W. Gross, treasurer, showed the total receipts for the year to be \$16,151.50. On consideration of the treasurer's report it was decided to increase the amount given to foreign missions and to support an additional home. The report of Mrs. M. R. Andrews, of the traveling library, showed activity in the spread of literature concerning missions. Miss Helen Clarke presented the work done among the Indians in Neah bay. Ah Won (Mrs. Edward Kan), told of work accomplished among the Chinese women of the city. Miss Mabel Goss reviewed the work of study clubs, showing increased interest.

Mrs. H. C. Campbell, recording secretary, reviewed the work of the past year. Mrs. E. C. Freeman told of the sale of missionary literature. Reports were heard from the young people's societies, the juniors and bands, by Miss McGaw, and correspondence read from missionaries, by Miss Caroline Strong. Mrs. Walter Reed and Mrs. Fletcher Linn gave solos.

**Officers Re-elected.**  
The officers of the board were re-elected, with the substitution of Mrs. H. H. Pratt as secretary for the young people in place of Miss Macdonald, who resigned. A new organization, the Westminster Guild, was formed for work among young women, of which Mrs. Blandford for Oregon and Mrs. Southmayde of Seattle for Washington, were made secretaries.

The next meeting will be held at Third Presbyterian church. Not a little of the success of the meeting was due to the efforts of the hospitality committees under Miss Goss, who attended to the personal comfort of the guests. Many delegates were present from different parts of Oregon, Washington and Idaho.

# COHEN TARGET OF MACHINE

### Letter Signed by Hodson Says He Is Cousin of Ruef.

The vanguard of the flood of misleading literature to be floated by the Hodson-Beach-Balley-Reed machine combination made its appearance in precinct No. 8 last night, attacking Max G. Cohen, secretary of the Union Republican club, branding him as a disciple of Tom Platt and a pupil of the Tammany organization in New York.

The letter which has been sent to a large number of people in precinct No. 8 was written on the personal letterhead of C. W. Hodson, mailed in the firm envelope and had inclosed with it the campaign card of Senator Hodson. The letter was signed by Mr. Hodson.

In the letter Mr. Hodson said that Cohen believed in machines and boss rule, that he had a card index bearing the name of every voter, their pedigree, and how he could be influenced. He said that Cohen alleged to have supported Devlin and carried precinct No. 8 for him, and was now trying to control the vote of the precinct for Emmett Drake and E. Colwell for state senator.

The letter has caused a small sized sensation in precinct No. 8, and it is believed will do much to bring out many misleading statements contained in it. During the Devlin campaign Cohen was to all practical purposes the campaign manager of Louis Zimmerman, and was opposed to T. C. Devlin.

Cohen bubbled with wrath when he read the letter yesterday afternoon, but this morning said he was glad it had been written, as it had won votes from people and his crowd in precinct No. 8. He is particularly angry because it has been reported to him that Hodson has charged him with being a cousin of Abe Ruef of San Francisco, and contends that he will have Hodson's political scalp if it is in his power to take it today.

# PREPARING CASE OF COLUMBIA SOUTHERN

# CHURCH OFFERED HENEY, NOT HIRED

Portland, Or., April 17.—To the Editor of The Journal—Senator Charles W. Fulton last night, in the Burkhard meeting, said that "Francis J. Heney came to Portland and hired a church to speak against me last Monday." I will not designate this statement by Mr. Fulton's favorite expression, "that is a deliberate, willful and malicious lie," but prefer to state that Mr. Fulton is entirely misinformed. Mr. Heney did not hire a church or ask for it, but spoke in the Centenary Methodist Episcopal church last Monday evening upon the urgent invitation of the pastor, and while he continues the good work he is doing in California and Oregon he will never need to hire a hall to address the public while I have a free pupil to offer him.

# CLAIMED PATRICIDE NOT INSANE NOW

(Special Dispatch to The Journal.)  
Chehalis, Wash., April 17.—M. A. Langhorne of Tacoma, attorney for Tom Brown, has filed an application for Brown's release from the custody of Sheriff Deggeller. Brown was acquitted, by reason of insanity, of the charge of murdering his father, Charles Brown, at his ranch on Deep creek near Rice city about three years ago. Judge Rice ordered young Brown committed to the custody of the sheriff under the provisions of an old law. The case went to the United States supreme court and ultimately Judge Rice's position was upheld. County Attorney Harrison expects to fight the attempt to secure the release of Brown. It is set forth in the application that he has been cured of his insanity.

# DR. RUBENSTEIN ON PASSOVER SECOND DAY

Speaks on "Civilization and Our Redemption" Before Crowded Synagogue.

It was a large crowd that thronged the Nevah Zedeck Talmud Thora synagogue last evening. In spite of the rain storm which came down in torrents, long before 8 o'clock, every seat was filled, this being the second day of the passover holiday.

Dr. George Rubenstein of Portland delivered a masterly address on "Civilization and Our Redemption." Among other things he said, "That our success had thoroughly understood the close relationship which there exists between true civilization and our redemption is evidenced from this apical remark: '... same wind which had blown down the idol placed by Nebuchadnezzar at Jerusalem for the propagation of idolatry, of fanaticism and superstition, it was the self-same wind which had blown to life again the skeletons which the Prophet Ezekiel saw in a vision in that open valley.' Which goes to show that our sages had rightly judged, even at that early period of the world's progress, that only with the elimination from the earth of fanaticism, and of superstition, and of widening out of the true laws of humanity, there is closely allied and linked together our hope of redemption."
