

**Corvallis Commercial Club Gives Housewarming**

Billiard and Card Rooms of the Corvallis Commercial Club's New and Elegant Six-Room Suite. The Portrait is of the Club's President, B. W. Johnson.

(Special Dispatch to The Journal.)  
Corvallis, Or., April 24.—The elegant new apartments of the Corvallis Commercial club were thrown open to the public Wednesday night, when the officers and members held a housewarming. The rooms are six in number, consisting of a general parlor and reading room, a billiard, pool and card room, a buffet or refreshment room and two reception halls. There is in addition a neatly furnished steward's room. The parlor is beautifully furnished in old mission style with woodwork in Oregon fir with oak finish. There is a

plano and there are easy chairs, davenports, reading tables, desks, etc., and the room is separated from the others by stately pillars with caps of bronze in artistic design. An art glass skylight furnishes a softened light for this apartment and handsome pictures of Oregon scenery adorn the walls. The color scheme here is brown and green of subdued tints.  
Red and buff are the colors in the billiard and pool room, where card tables are placed here and there affording a variety of entertainment for the guests.  
The refreshment room is in brown and buff, the walls being done in

class those who have visited both clubs.  
The beauty of the Corvallis club rooms lies chiefly in the harmonious effect and the artistic combination of tones. J. V. Benness of the firm of Benness, Hendricks & Toby of Portland was the architect.  
The club president is B. W. Johnson, postmaster of Corvallis; vice-president, Dr. James Withycombe; secretary, Robert Johnson; treasurer, Walter T. Wiles. A large number of guests attended the opening of the club Wednesday evening.  
President Johnson presided and welcomed the guests in an appropriate speech. He read letters of regret from Tom Richardson, William McMurray and A. L. Tetu of Portland, and Hon. W. J. Kerr of the Oregon Agricultural Experiment Station.  
Addresses were made by Hon. W. S. McFadden, Dr. James Withycombe, C. T. Hurd of the Y. M. C. A., Professor H. Kent and State Superintendent J. H. Ackerman.  
Music was furnished by a male quartette, composed of B. W. Johnson, Professor John Fulton, Professor C. E. Brady and John F. Allen. Punch, lemonade and cigars were the refreshments.

**NOTED CONTRACTOR SUES ANTHONY BRADY**

(United Press Leased Wire.)  
Jasper, Tenn., April 24.—W. J. Oliver of Knoxville, the noted contractor, politician and manufacturer, today in chancery court sued Anthony N. Brady of New York, financier of the lock and dam project at Hale's Bar for \$900,000, charging breach of contract on the part of Brady, and the unreasonable ejection of Colonel Oliver as a contractor from the lock and dam works.  
For the past six months Oliver has been the most talked of man in the south. A little over a year ago he came into fame by bidding on and making a stiff fight for the Panama canal contract, and only recently has been the defendant in a \$50,000 breach of promise suit.

**Wasco Republican Delegates**

(Special Dispatch to The Journal.)  
The Dalles, Or., April 24.—The Wasco county Republican committee has selected the following delegates to attend the convention, to be held at Portland, May 14, to elect delegates to the national convention: E. L. Smith, Hood River; G. W. Johnson, Duferin; N. Wheelton, The Dalles; J. F. Hendricks, Cascade Locks; H. C. Rooper, Antelope; M. A. Moody, The Dalles; L. Phillips, The Dalles; G. R. Wood, Mosier.

**Court at Grants Pass**

(Special Dispatch to The Journal.)  
Grants Pass, Or., April 24.—Judge Hanna is holding the regular April term of Josephine circuit court in Grants Pass this week. A feature of the present docket is the almost entire absence

**DRUNKENNESS A Curable Disease**

Eminent Physicians and Scientific Men Agree That It Should Be Treated as Such.

Drunkenness is a progressive disease; the moderate drinker is not satisfied with two or three drinks a day, the craving for more and more becomes irresistible as the disease advances; the result is Chronic Alcoholism.

The treatment used successfully by thousands right in their own homes is Orrine. It is a scientific cure for Drunkenness and has given such universal satisfaction that it is sold under a positive guarantee to effect a cure or your money will be refunded. This guarantee is given in good faith and is carried out to the letter. Orrine is not a new remedy; it has been sold by the leading druggists in every city for years. It has lifted tens of thousands from the depths to worthy manhood and has the hearty endorsement of grateful men and women in every state in the Union.

Orrine No. 1 is the secret remedy; Orrine No. 2 is for those willing to take the treatment. Either form costs \$1.00. The guarantee is the same in either case. Write to The Orrine Co., Washington, D. C., for free treatise on Drunkenness, mailed in plain sealed envelope. Orrine will be mailed, sealed, on receipt of price. Sold by the leading druggists in every town and city, and in this city by Clarke-Woodward Drug Co., and nearly all druggists in Portland.

of criminal cases, and the large number of divorce cases. Sixteen couples wish the matrimonial knots untied. Several have already been granted divorces by Judge Hanna, and several others are still to be heard. The court will probably complete its work this week, as the jury has already been discharged, the remainder of the cases being miscellaneous.

**New Notaries**

(Special Dispatch to The Journal.)  
Salem, Or., April 24.—Commissions as notaries public have been issued to the following: E. May, Claude M. Johns and J. B. Greenfield, Portland; M. E. Kandle, Highland.

**AN ANNIVERSARY**

**What Will It Be Like?**

IT'S UP TO THE BUSINESS—REAL ESTATE, PROFESSIONAL and INDUSTRIAL MEN of PORTLAND, whether this establishment will have to STOP, FAIL or CONTINUE in BUSINESS in Portland, and will be decided by these people between now and Monday, May 3—JUST ONE YEAR from the day this elegant store was first opened.

The manager of this firm is willing to admit that he has with this appeal exhausted all the resources at his command. Ever since the November panic, when this concern was so near to being swept from its foundation, it has been one constant liquidation through hard and trying times, until the enormous sum of over \$75,000 has been paid 100 cents on the dollar. Much advice and some urgent appeals were made to the management during those days to let the establishment go on the rocks, but to the present management, necessity, not choice, will be the only master to cause such an occurrence.

The usual course pursued by houses needing financial help has not been taken by this one. We have not attempted to conceal matters. We have been open and above board with the people—ask any bank in Portland, they know us well. They know of the hard, strenuous times and conditions we have had to deal with, when hundreds and some times thousands of dollars we had to have in a few hours and some times minutes. BUT WE ARE NOT GOING TO ASK YOU FOR SOMETHING FOR NOTHING—it's not our way.

**If You Help Us We Will Help You by Giving You \$2.00 for One**

Call and pay or mail to us \$10 and we will give you a receipt for \$20 payment on a gentleman's tailor-made-to-order suit. You can have the suit made whenever you like—now, next fall or any time—that's all there is to it—except notice, to assure you beyond question of loss—the manager, J. M. Acheson, will (in case of failure of this company to make them for you) make the clothes for you for the remaining amount on the \$10. For if this company "spells failure" on May 3, it goes back to the tailors and cutting bench. So you won't lose in any event—it is surely square. Ten dollars won't break you, nor will it make you rich, but if paid us will save you ten more and help save our institution that is today employing over one hundred people.

**If You Can't Call in Cut This Out and Mail It to Us Together With \$10 Cash or Checks**

THE J. M. ACHESON CO.  
Herewith I enclose ten dollars as a payment on a suit of tailor-made clothes. Mail me receipt for \$20.00 credit as per your special \$2.00 for \$1.00 sale.

ADDRESS .....

If our solicitors call on you please consider that they are responsible men and come direct from and represent us—and solely according to this offer—and

**DON'T TURN THEM DOWN**

Deposits on LADIES' TAILOR-MADE SUITS will be accepted on same terms and conditions as men's—for immediate or fall make.

**LADIES' READY-TO-WEAR GARMENTS**

Ladies, the sale is now on—May 3 will tell what is to be the outcome of this fine store. Our stock is large. You know from reading the above what we will do for you in your line of goods. We have very large stocks of Suits, Skirts, Waists, Petticoats, etc. It is not necessary to holler low prices—you know our extremity from reading—you know it's "the truth." Nothing was ever accomplished that amounted to anything without the aid of women. Speak to your husband about our matter and then you come, too. Don't feel disappointed if you don't see the writer or manager on the sales floor. He can tell at 6 p. m. by the cash till if you have been in. He will feel better or worse after May 3, according to the number of times you visit the store, so rest assured he will appreciate your visits. Special prices on all goods.

**Three Feet of Ore and \$240.80 to the Ton**  
**SOMEONE IS GOING TO WAIT JUST A LITTLE WHILE TOO LONG—and REGRET IT**

We have received a box of ore from Rawhide, sent us by our Superintendent, Mr. R. G. Virtue, and the Montana Assay Office, 186 Morrison street, assayed a sample for us, showing the splendid returns of

**\$240.80 to the Ton**

How's that for you? And in a mine less than a month old! And what do you suppose this means? What do you think will be the result of a three-foot vein of that kind of rock and two other properties behind it? It means colossal dividends on every share of stock! It means riches almost unthinkable to those who are our heaviest stockholders, and immense returns to even the smallest of our party!

**BUT READ ALONG--THIS IS NOT ALL!**

Under date of April 15 Mr. Fred H. Virtue (not R. G. Virtue, now at Rawhide), Superintendent at our Goldfield property, writes:

"Our work is progressing favorably, although we are not making as many feet per day as we were, because we have broke into hard black rock which is one of the sure conditions indicating an approach to one of the high-grade ore shoots around the Little Florence hill. I am certain that we will have something real good to tell you soon."

**MORE YET!**

The following is from Mr. James H. Meikle, our Consulting Engineer, Superintendent of the Rogers lease, 400 feet distant from ours, and the wonder of the world today. It was written on April 19:

"The drawing you sent regarding the course of the drift received. Our ideas were the same, as I had already made the change. We have passed through the block porphyry and cut the dacite dyke mentioned in my last letter as showing in the Little Florence workings. The face of the drift is in a highly mineralized porphyry carrying quartz seams showing values. I took samples from it yesterday but Fred had not got returns when I saw him this morning. I propose to follow the present course until we intersect the big vein cut on the 150-foot level. Since cutting this mineralized dacite dyke, the outlook is much brighter and we are likely to strike one of the rich ore shoots at any time now. Several new strikes have been made on the Florence lately, and the general outlook at the camp is very bright."

**"ANY DAY NOW," MEIKLE SAYS**

That means that "any day" we may close the gates and shut up our books, so far as stock selling is concerned. It may be any HOUR! Mr. Meikle pays two visits a day to our shaft and descends to the bottom to inspect the work. Fred Virtue is always in the mine, and is watching things closely. He is an experienced miner and faithful man, but for our own satisfaction we have the man at the head of the richest mine in the world pay two daily visits to our work and direct matters there. He is a man who never talks merely to hear his own voice. He never says things he does not mean. He cannot afford to, and we just wish to mention this so that those who may have been thinking of "getting in" with us may not procrastinate too long.

**A WINNER AT RAWHIDE**

Here is a letter from Mr. R. G. Virtue, our Superintendent at Rawhide. He mailed it on April 16, and says "WE HAVE A WINNER IF THERE IS ONE IN THE CAMP!" That sounds good to us. Read it:

"There was a big strike 18 miles southeast of here yesterday. Miners are bringing in rock showing lots of free gold. Work is progressing in good shape on the lease and we are making good headway in sinking the shaft. Values continue to hold up and everyone who visits our lease is very favorably impressed with it and think WE HAVE A WINNER IF THERE IS ONE IN THE CAMP! The Bluff claim is attracting considerable attention on account of our strike, and the Bluff-Hoodlum lease adjoining us which has 10 feet of \$100 ore. Mr. Kidd, our neighbor, has sold his lease for a big price to outside parties. There are over 300 leasers at work here and new strikes are becoming so common that little interest is being taken in them. I expressed a box of ore today."

**NO MORE 10-CENT STOCK AFTER MAY 2---20 CENTS THEREAFTER**

And we reserve the right to reject all orders received after this present block of 50,000 shares are sold. All shares are spot cash now, too. There is no more installment business. Persons residing out of the city will do well to telegraph, telephone or write their orders at ONCE! Tomorrow may be too late. Until May 2, at 7 p. m., unless entirely disposed of before, we will sell at 10 cents per share, cash, but after that hour if we sell at all it will be at 20 cents per share.

**WE FEEL SURE THESE SHARES WILL SELL AT \$2 IN JANUARY**

We believe they will sell at \$1 in August or September. We look for them to go to \$5 before a year from July. That's going some, but WE MEAN IT! Remember, we have two leases, one in Goldfield and one in Rawhide, and 100 acres ALL OUR OWN in Goldfield. This 100 acres is surrounded by PRODUCING mines, and we are in the thick of it in every other place.
