SALEM CAPTURES TWO FROM EAST SIDE TEAM

Cherry-pickers Aided by Errors, at Critical Times—Portland Pitchers Good.

Salem yesterday won two games from the East Side T. T.'s, capturing the first game 6 to 4, and the second 7 to 6. Salem fought hard for both games, the first going 11 innings before the winning run was scored, while in the second game a five-inning contest, they won out in the fifth.

Both Gardner and Hurlburt pitched good games and should have won, but errors at critical times lost the game for them. Barrett, the East Side second baseman, was the worst offender in the critical periods in both games. Salem won the first game with a score by Porterville. He got to first on a base on balls, and came all the way around when Manion hit to right for two bases. Porter and Barrett have been caught at the plate by several yards, but Barrett made a weird toss in relaying the ball home and he was safe.

Frank A. Munsey on the Business and Political Situation

IN the May Number of Munsey's Magazine, Mr. Munsey has an article on the panic and the causes that brought it about. He says some things and says them straight from the shoulder. He hands it out good and hard to Wall Street and to the Grand Dukes who have been running things in this country with a high hand—running them as the Grand Dukes of Russia have run things over there. The title of the article is—

There isn't money enough in the world today to do the world's work

Mr. Munsey takes emphatic issue with Wall Street and the followers of Wall Street who hold the President responsible for the panic. It is not his purpose in the discussion to acquit Mr. Roosevelt of blame, but rather to get at the facts, as the facts are necessary to intelligent progress in the recovery of our business activities.

"If these facts," Mr. Munsey says, "acquit the President, he is, as a matter of common honesty, entitled to the acquittal." What we want to know, and should know, is the truth. And
