WORLD'S BISHOPS IN CONFERENCE

London to Be Gathering Place of Churchmen of Anglican Communion.

The Lambeth conference, which meets this summer in Lambeth palace, London, the home of the archbishop of Canterbury, is an assemblage of all the bishops of the Anglican communion and has neither organization nor authority. It is simply a voluntary meeting of the bishops from all over the world once in 10 years to confer informally about matters of church interest and work. By the Anglican communion is meant the Church of England and all churches definitely in communion with it. That includes all the English colonial mission churches in Canada, the West Indies, Australia, Hindoostan, China and Japan; the Church of Ireland, the Episcopal church in Scotland, the church in the United States and all its missions. The bishops of all these are invited to meet in informal conference to consider subjects of vital importance to Christianity.

There are in all about 214 bishops of the Anglican communion; in England 79, in Ireland 14, in Scotland 9, in Canada and other British possessions including India 31, in China and Japan 11, in other missions 18, in the United States and its missions 105. Most of these will undoubtedly be present. Preceding this notable gathering in England eight of the Episcopal bishops of the Pacific northwest will meet in Portland May 20 to 22 to consider, with the clerical and lay delegates, the extension of the Episcopal church in this department, which is known in the Episcopal church as the eighth missionary department. At the close of the primary council to be held in Portland on these dates the bishops will go directly to the Lambeth conference.

The subjects designated for this coming session are:

1. The Christian Faith in Relation to Modern Thought.
2. The Moral Witness of the Church in Relation to (a) the Democratic Idea. (b) Social and Economic Questions.
3. Supply and Training of Clergy.
4. Foreign Missions: (a) The Growth of the Church on Racial and National Lines. (1) Asia (2) Africa (3). American. (b) Co-relation and Cooperation of Missionary Agencies.
5. Reunion and Intercommunion: (a) Episcopal Church. (b) Non-Episcopal Churches. Report of Committee on "United Fraitrum."
6. Organization within the Anglican Communion: (a) A Central Consultative Body. (b) A Tribunal of Reference. (c) The Relations of Primates and Metropolitans in the Colonies and Elsewhere to the See of Canterbury.
7. Interchange of Service at Home and Abroad: e. g.—Temporary Foreign Service. Cautionary Regulations. Colonial Clergy Act.
8. Prayer Book Adaptation and Enrichment: (a) Rubrics, Text, Lectionary. (b) Athanasian Creed.
9. The Conditions Requisite to the Due Administration of the Holy Communion.
10. Marriage Problems: (a) Divorce. (b) Prohibited Degrees. (c) Artificial Restriction on Population.
11. Religious Education in Schools.
12. Ministries of Healing. (a) The Unction of the Sick. (b) Faith Healing and Christian Science.
13. Communities and Deaconesses.

RAILROADS WILL TURN IN VALUATION

Oregon Commission to Make Use of Work in Other States.

(Special Dispatch to The Journal.)

Salem, April 28.—Estimates of the value of all railroad holdings in Oregon will be collected by the railroad commission during the summer. In other states the commissions have sent out their own engineers to take valuations, but in Oregon the railroads will make the inventories and submit them to the commission at hearings to be appointed.

The first of these hearings will take place June 15. Only the branch lines of the O. R. & N. will be investigated at that time. The engineers for the O. R. & N. will be required not only to submit a report in writing, but will also be cross-examined regarding their report.

After they are submitted the reports will be compared with those of other states, and it is thought a fair valuation may be obtained in the manner adopted. Washington has secured a valuation of the O. R. & N. brabches that run into that state by special investigation, so that a comparison with the figures obtained by the Washington railroad commission should be a fair check on figures submitted by the railroad company in this state.

Besides the regular branch lines of the O. R. & N. the Corvallis & Eastern will be included in the first investigation.

California Fruit Growers.

(United Press Leased Wire.)

Riverside, Cal., April 28.—There was a large and representative attendance of fruit growers, packers, commission men and others at the opening here today of the convention arranged by the state horticultural commission. A number of noted experts are to address the convention during the three days it will remain in session, speaking on the prevention and cure of diseases of citrus trees, fertilizing, the construction and operation of packing houses, soil analysis, date culture in southern California and Arizona and kindred subjects.

SOOTHES AND HEALS

Hyomei Medicates the Air You Breathe and Gives Quick Relief in Catarrhal Troubles.

Be wise in time and use Hyomei at the first warning of catarrhal troubles. Do not let the disease extend along the delicate mucous membrane, gradually going from the nose to the throat, thence into the bronchial tubes, and then downward until the lungs are reached and you are in danger of consumption.

Hyomei will cure all curable forms and stages of catarrh. It is so uniformly successful in curing this common yet dangerous disease that Woodard, Clarke & Co. take all the risk of a trial treatment and agree absolutely to refund the money if anyone uses Hyomei and does not get relief.

There is no other treatment for catarrh that is like Hyomei or just as good. None can take its place, none give such quick and sure relief and at so little cost. Its medication is breathed through a pocket inhaler that comes with every outfit, thus reaching the most remote cells of the air passages, killing the catarrhal germs and soothing and healing the irritated mucous membrane.

Begin the use of Hyomei today and you will soon find that the offensive breath, the droppings into the throat, the discharge from the nose and all other symptoms of catarrh are overcome and cured. The complete outfit costs but $1 and Woodard, Clarke & Co. stand ready to refund the money if it does not cure catarrh.

BEAUTY HINTS

Wonderfully Effective Recipe for Complexion Wash.

The accompanying recipe comes from a high authority on matters pertaining to the beautifying of the face. It is now in use by some of the leading beauty doctors and society ladies of our metropolitan cities.

Two ounces of Rose Water; one ounce Spirits of Cologne; four ounces Sartoin. Put the Sartoin into a pint of warm water (not boiling), then add the other two ingredients, and when dissolved and cooled strain through a fine cloth.

These ingredients can be purchased at any well stocked drug store and easily mixed at home.

The above formula will make sufficient for a long treatment, although the good results commence to be apparent after the first few applications.

It will produce the ruddy pink complexion so characteristic of the seashore maidens.

BARRETT SWINGS TO STATEMENT 1

Joint Senator Tells Why He Has Joined Ranks of People's Choice.

W. N. Barrett of Hillsboro has switched since his nomination as joint senator for the counties of Lincoln, Tillamook, Washington and Yamhill and has now come out strong on a Statement No. 1 platform. Since doing this he has been indorsed as the senatorial candidate by the mass meeting held in Washington county on Friday last.

In order to make his attitude the more plain to the people Mr. Barrett has written a letter to The Journal telling of his change from a Republican voter's pledge to that of Statement No. 1 and explaining the reason for the change. The letter is as follows:

"Hillsboro, Or., April 27.—To the Voters of the Twenty-fourth Senatorial District of Oregon—Having received the nomination of the Republican party for senator of this joint senatorial district, comprising Lincoln, Tillamook, Washington and Yamhill counties, and also having received the indorsement of the Statement No. 1 convention at McMinnville last Saturday, I deem it proper for me to make a statement of my position to the voters of this district.

"I am a personal friend of Senator Fulton's, and as such, felt that if he received the nomination at the primary election, that I should support him without regard to the election in June. Mr. Fulton lost out. Mr. Cake was nominated. Mr. Cake made the fight in favor of Statement No. 1, that is, in favor of the legislature electing the candidate who received the majority vote in June.

"I had said I would support the Republican voters' choice for United States senator. Mr. Cake has, in effect, said that he does not want the office unless he is the people's choice. As a Republican I submit to the will of the majority and will support Mr. Cake for United States senator and the principle upon which he was nominated. In other words, support the candidate who is the people's choice at the June election.

"In saying this I have no doubt but what Mr. Cake, with the large Republican majority in Oregon, will be nominated in June, in which event he will not only be the Republican choice, but also the people's choice for that position, and that when the legislature meets he will receive the unanimous vote. W. N. BARRETT."

GOODS AND EVIDENCE ALL LOST TOGETHER

Complainant in Interior Oregon Alleges O. R. & N. Has the Immortal Cinch on His Stuff.

(Special Dispatch to The Journal.)

Salem, April 28.—F. A. Kennard of Redmond, Oregon, reports that he has been unable to obtain any satisfaction from the O. R. & N. regarding two carloads of household goods lost in transit from St. Paul, Minnesota, to Oregon. Kennard has filed a complaint with the railroad commission, and alleges that he has filed bills and claims with the O. R. & N. agent at Shaniko, which have been withheld from him so that he has now no evidence of a claim against the company.

There were two shipments of household goods. They were wrecked somewhere between St. Paul and Shaniko and badly damaged.

Claims were duly filed with the agent at Shaniko. After considerable delay, Kennard says, he received a letter from the head of the department, stating that the bills and papers had been returned for correction, and nothing could be done until the papers were fixed up right. However, writes Kennard, the papers were never returned, and he is now without anything to show for his claim.

LOVING CUP WILL BE GIVEN TO ADMIRAL

(United Press Leased Wire.)

Seattle, April 28.—The fraternal military societies of Seattle will present a loving cup or punch bowl to the admiral of the Atlantic fleet while the battleships are in Seattle harbor. This was decided at a meeting of representatives majority of the organizations last night. Arrangements were made to have 20 military teams from Seattle lodges and three fraternal society bands take part in the fleet parade Monday, May 25.

Mississippi Club Women.

(United Press Leased Wire.)

West Point, Miss., April 28.—Many of the most brilliant women of Mississippi are assembled in West Point today for the meeting of the State Federation of Women's Clubs. Several score of delegates arrived on the trains last evening and this morning and all indications point to a large attendance.

The meeting is to continue three days. It will not be all work, for interspersed with the more serious addresses and reports there will be recreation in the form of receptions, luncheons and other social features arranged by the New Century club, the host of the occasion. Headquarters were opened for the delegates this morning at the Holt hotel. The welcome meeting takes place in the First Baptist church and the subsequent business sessions are to be held in Masonic hall.

New Jersey Democrats.

(United Press Leased Wire.)

Trenton, N. J., April 28.—The Democratic state convention assembled here today to select the delegates at large to the Denver convention. Nearly 1,000 delegates filled the State Street theatre when the convention was called to order. Among the delegates there appeared to be no pronounced sentiment in favor of any one of the presidential aspirants, more interest being taken in the makeup of the "big four" and in various questions relating more closely to home politics. All signs point to an uninstructed delegation.

Colonel McCord Dead.

Phoenix, Ariz., April 28.—Colonel McCord, former governor of Arizona and ex-congressman from Wisconsin and for the past two years collector of customs at Nogales, is dead here of Bright's disease. He was 57 years old.

JEFFREY WINS BY SKIN OF HIS TEETH

Official Election Returns Give Him Lead Over Derby of Five.

Official returns showing the result of the recent primaries on the state ticket for the Second district have been received. No change in result is made by the official count though the lead of John A. Jeffrey over Andrew Jackson Derby is cut down to five votes for the Democratic nomination for congressman from the Second district.

According to the official figures W. R. Ellis, for congress, received 11,813 votes, Shepherd 8,476 and Geer 8,275.

For railroad commissioner Aitchison received 7,620 votes, Gaston 2,540, Hamilton 3,393, Hurlburt 6,542, Loucks 4,998 and Whiting 1,367.

For the Democratic nomination for congress Derby received 2,524 and Jeffrey 2,529 votes.

The completion of the returns from the Second district supply the missing figures in the totals for the senatorial fight and show that Cake has a majority of 2,487 votes. R. S. Bean for justice of the supreme court polled 40,807 votes, while J. W. Bailey defeated Dr. Alexander Reid for the Republican nomination for state food and dairy commissioner by a majority of 14,989 votes.

TORPEDO FLOTILLA ARRIVES FROM RANGE

(United Press Leased Wire.)

San Diego, Cal., April 28.—Lieutenant-Commander Cones and the torpedo flotilla arrived here this morning, after an uneventful voyage from Magdalena bay, where target practice has been indulged in for some time. The little craft left Magdalena Saturday evening and steamed up the coast at a speed of 12 knots, being somewhat delayed by heavy fogs. Immediately after their arrival the torpedo boats began taking on coal from the supply ship Ajax.

CHIEF'S JOB LOOKS GOOD TO LARGE NUMBER

Every Able-Bodied Citizen in St. Johns Candidate for the Office.

Chief of Police Charles Bredeson of St. Johns says that town is the most law abiding little place in the northwest. Maybe that's why everybody wants the job of chief over there. It is said that every able bodied citizen of St. Johns is a candidate, and at tonight's meeting of the council a lively tilt is pressged.

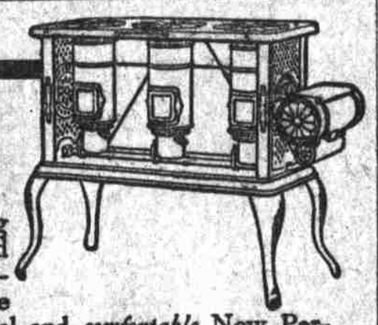
Mayor Brice has already been turned down once by the council, which refused to ratify his first appointment of a chief and who will be finally chosen is a matter of veriest conjecture, as there are at least a half dozen active candidates striving for the snug little sinecure.

Besides a new head for the police department a city engineer is to be appointed. Among other matters which will come up before the council is that of accepting or rejecting the Philadelphia street improvement work, there being some doubt as to whether there was any improvement.

Redistricting the assessment of Polk street, fixing the salaries of city officials for the coming year and the final settlement of contractors' claims for work done on the new city hall are other things for consideration.

MILWAUKIE SCHOOL VOTERS CALL MEETING

Owing to the remarkable growth in attendance in Milwaukie school district No. 2 a meeting of the voters of that district has been called for Saturday evening to discuss plans for meeting the increased demand for school room. At first it was the intention to build an addition to the present building, but a number of leading citizens protested against this, and it is now thought a new structure will be provided for the grammar school pupils, and that the present one will be used for a high school.



Kitchen Coolness

No hot and blistering air to sap vitality and make cooking intolerable when work is done on the safe, economical and *comfortable* New Perfection Wick Blue Flame Oil Cook-Stove. Using *it*, your kitchen is not a room to fly from, but a place where all the necessary household work is done in restful coolness—*it doesn't heat the kitchen.* The
