### SIERRA MOUNTAINS WATER FOR FRISCO

(United Press Special Wire) Washington, May 1.—According to an agreement by Representatives Kahr and Hayes, with the aid of Secretary of the Interior James Garfield, the city of San Francisco is to be allowed to draw water from Lake Eleanor until the supply from that source is exhausted. After that the city has authority to draw from the Hetch-Hetchy valley sufficient water, regardless of the rights of the irrigation company, to meet all its requirements.

Representative Needham opposed the plan and stood up for the irrigation company that takes water from the Hetch-Hetchy valley. President Roosevelt has promised that necessary action will be taken to insure San Francisco an adequate supply of pure water for city use for many years to come. The irrigation concern will use the water as heretofore, but they will not have the exclusive right to do so.

### ANTI-SALOON FIGHT AT CALDWELL, IDAHO

(Special Dispatch to The Journal.) Caldwell, Idaho, May 1.—Women of southern Idaho are preparing to make a final stand in the anti-saloon cause. The question as to whether the saloons shall go is being submitted to a number of the larger towns in the form of petitions and in almost every case there is a decided tendency to oust the saloon. Pocatello, Twin Falls, Gooding, Wendell and a few others have already declared against the liquor traffic and this week the question was put to the residents of Caldwell, resulting in the showing of an immense opposing sentiment.

Kay-Jones Program Meant Jones for Chairman, Who Utterly Fultonizes Marion's G. O. P. Committee—It Spells Chamberlain.

(Salem Bureau of The Journal, 367 State street.)

Salem, Or., May 1.—Dissension has been sown in the ranks of the Republican party in Marion county as the result of the unexpected seizure of the county organization by the Fulton crowd. The new executive committee of the county organization has been announced by Chairman W. L. Jones and every member is a staunch supporter of Fulton, and opposed to Statement No. 1. The Statement No. 1 men are therefore shut out entirely and are left to play the game alone.

At the recent meeting and organization of the county central committee at Salem the Statement No. 1 men and the anti-fell on each other's necks and gushed about the wonderful unity and harmony that had prevailed since the primaries. Many speakers took the floor and pledged their support to the ticket and promised on their word that they would support Cake for the United States senate and that there would be nothing more said about the division over Statement No. 1, called the "late unpleasantness." All was serene and calm—on the surface.

The Smith-Kay Alliance. But, it has been learned, Dr. J. N. Smith dictated at that meeting who should be elected chairman, with the consent of Senator T. B. Kay. The Smith forces were effected recently, during the last visit of Senator Fulton to Marion county, and he explained very plausibly by the rumor of an existing pact between Kay and Smith by which Smith will be allowed the presidency of the senate next winter, he will support Kay for governor two years hence. At any rate, Smith was allowed to say who would be chairman of the county committee, and Smith is the close advisor and henchman of Fulton in Marion county. Jones, the new chairman, was satisfactory to the Statement No. 1 men at that time, for they knew not who had elected him and had been more or less neutral during the primaries.

Mr. Jones' Committee. But Mr. Jones appointed his executive committee the other day. It is said the appointing was done by Smith. Anyhow, Jones sent to Smith a list of names, with the result that no man not a strong Fulton man, and no Statement No. 1 man, was put on the committee, though there were a number of Statement No. 1 men and Cake supporters among the precinct committeemen that formed the central committee. Following is the Fulton committee that will direct the affairs of the Marion county Republicans during the next two years and who will also attempt to say to the people of Oregon who shall be the next president of the senate and the next governor of Oregon. E. P. West, James Murphy, Robert Halley, all of Salem; M. J. Van Valkenberg, Silverton; H. D. Brown, Waldburn; H. C. Porter, Aumsville; J. L. Cook, Paul.

The Slaughter Program. Incidentally these men will not be required to do much, simply follow directions from the Fulton organization that has already a firm grasp on the state and will attempt to put Fulton back in the senate in four years.

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system; is a promoter of health and longevity; makes the old young and keeps the young strong.

pledge for the support of Cake, have openly boasted they will boost for George Chamberlain for United States senator yesterday by Deputy Sheriff's back to the tail timber of the Oregon woods, with Fulton in his seat when Jonathan's remedy, four years shall have been completed.

But meanwhile the other wing of the Republican party was not idle and work along their line, had caused a search warrant to be issued for the inspection of the trunk and household belongings which Hendricks had brought into the city en route from Clatsop to the home of his parents on South Deer creek. In the trunk they found a small tobacco pouch that contained 1-cent pieces of the total weight of about two pounds. This was the clue that prompted the arrest of Hendricks, who was attending to some small business matters about town during the noon hour. In the trunk were three revolvers, all loaded. No other property of any suspicious nature pertaining to the Brockway postoffice or store was found either in the trunk or on Hendricks' person.

Claims Pennies His Child's. Hendricks had been absent from this county since his acquittal of the charge of having taken a watch from the Deer creek school teacher, and he did not make his appearance known upon his return until the Saturday following the robbery, but circumstantial evidence obtained by the officers made them suspect Hendricks, and they had been constantly watching him ever since his appearance in this section was made known. He was accompanied by his wife and little child.

Hendricks refused to give any explanation as to his possession of the pennies further than that he had been saving them for the little child. As to the artillery, he had no reason, he said, for carrying the guns, only that they belonged to him. He will be held in custody pending the arrival of District Attorney Brown from Clatsop county before an examination is held.

Claude Hendricks Held at Roseburg Suspected of Postoffice Job. (Special Dispatch to The Journal.) Roseburg, Or., May 1.—Claude Hendricks, the would-be notorious had man who shot up the Deer creek road and was acquitted of a charge of larceny about two months ago, was arrested by Sheriff's Slocum and Stewart on a charge of having robbed the postoffice and store at Brockway, Thursday night, April 23. Clement and Riches, United States postal inspectors, who have been in the city investigating some of the postal work along their line, had caused a search warrant to be issued for the inspection of the trunk and household belongings which Hendricks had brought into the city en route from Clatsop to the home of his parents on South Deer creek. In the trunk they found a small tobacco pouch that contained 1-cent pieces of the total weight of about two pounds. This was the clue that prompted the arrest of Hendricks, who was attending to some small business matters about town during the noon hour. In the trunk were three revolvers, all loaded. No other property of any suspicious nature pertaining to the Brockway postoffice or store was found either in the trunk or on Hendricks' person.
