

"NAT" CLARKE MOVES UP TO MANAGERSHIP

Most Widely Known and Popular Hotel Man in Portland to Manage Cornelius.

Nathaniel K. Clarke, for seven years clerk at the Hotel Portland, and who is to become manager of the new Cornelius, probably knows more people in all parts of the world than any other person in Portland. For 28 years he has been in the business, having started

Nathaniel K. Clarke.

as a bellboy in Vermont, his native state. Mr. Clarke will assume his new duties May 15, when the Cornelius will open for business. Dr. C. W. Cornelius is the owner and builder. The hotel is located at Park and Alder streets, and is one of the most modern in this part of the country.

Mr. Clarke has worked in some of the best known hotels in the country. To Portland he came from the Del Monte, at Monterey, California. Previous to that time he has spent several years at the West in Minneapolis, at the Ryan in St. Paul, the Saultsburgh at Sault Ste. Marie, and the Rutledge Grand in Seattle.

While all hotel clerks have a knack of remembering names and faces, Nathaniel K. Clarke is a way above the ordinary. Hotel clerks, like other geniuses, are not made—they are born. Mr. Clarke is a natural-born hotel clerk, and, besides, he has had 28 years' experience in the business.

Mr. Clarke's strong hold on his success is due to his pleasant, his constant good humor and his natural politeness. Mr. Clarke is one of the most popular men in the world. It is natural with him—a gift—and on this account he has taken up the business, until he has become a hotel manager, to which he was most adapted.

Mr. Clarke is not only polite and accommodating to the guests, but he is even polite to the bellboys and other employees of the house. He couldn't be otherwise if he desired.

"Nate" Clarke's ability to remember names and faces is wonderful. People whom he has not seen in 10 or 15 years frequently come to the Portland, and Mr. Clarke remembers them instantly. It is simply impossible for him to forget a face once he has watched on a person in a hotel.

"I am sometimes actually surprised when a bus load of people file in here to register if there is a person among them whom I do not know," Mr. Clarke says.

He has been in the business so long that at some time in his career he has visited on the greater part of the traveling public of this country. Among the traveling men he is known all over the country. Meet a traveling man in the east and speak of Portland and he will almost invariably ask you if you know "Nate" Clarke.

Mr. Clarke's success as a manager is assured—28 years in the business makes him capable of accomplishing anything he undertakes in the hotel line.

Opening of Balloon Season.

(Special Dispatch to The Journal.) Grants Pass, Or., May 1.—Ralph Berry, the young Grants Pass aviator, who made his own balloon and has made several ascensions in various states, made his first flight and parachute jump for the season in this city Wednesday. Young Berry's success has attracted the attention of amusement managers and he has engagements for the entire summer. He will leave here with his balloon and parachute this week.

CHAMBERLAIN DECLINES PINCHOT'S INVITATION

(Salem Bureau of The Journal, 367 State Street.) Salem, Or., May 1.—Governor Chamberlain has received an invitation from Gifford Pinchot to attend the meeting of the inland waterways convention to be held at Washington May 14, at the time of the visit of all the governors to the national capital. The governor will be unable to attend on account of the demands of his political campaign.

BOY ACCUSED OF MURDERING GIRL

Seventeen-Year-Old Youth on Trial for Death of Mary Stevens.

(United Press Leased Wire.) Kanab, Utah, May 1.—Accused of the murder of Mary Stevens, a school girl, Alvin Heath, 17 years old, was arraigned today and entered a plea of not guilty.

The body of the girl was found on April 29 under some rocks in the canyon near Orderville. Three bullets had been fired in the commission of the crime. The prosecution says the circumstantial evidence against Heath is strong. It is said that his shoes fit the footprints leading to and from the scene of the murder and that two days before Mary Stevens was killed Heath exchanged a pack of cards for a revolver, which he loaded with six bullets.

The empty weapon was found in his possession, according to the police, who have located witnesses who will testify that they saw Heath coming from the vicinity of the canyon on the day the girl was murdered.

Flowers mark fleet's path.

Old Town of Monterey Chooses Unique Manner of Honoring Battleships.

(Special Dispatch to The Journal.) Monterey, Cal., May 1.—Old Monterey welcomed the battleship fleet today and no prettier reception has been given the great armada since it arrived in American waters.

The city was up all night part of it because it wanted to be the best and the best because it could not help itself. At daybreak the reception committee went aboard their boats, and accompanied by various excursion craft and launches, with beautiful women and hundreds of thousands of poppies started down the bay to meet the fleet and escort it to its anchorage. A slight haze hung over the bay, but the sun soon forced its way through the mist and with its first rays discovered the monster sea fighters, gleaming piles of white and buff, lazily rolling on their perfect sea just south of Lovers' Point.

The sighting of the ships was the signal for the blowing of the whistles on the craft that went out to meet the fleet and the din was kept up until the reception committee, headed by Mayor Jack boarded the flagship Connecticut and extended the official welcome to Rear Admiral Thomas on behalf of Monterey and Pacific Grove. The greetings over the signal to hoist anchor was given and preceded by the excursion craft the fleet slowly steamed toward its anchorage in the bay, a patch blazed by thousands of poppies cast on the waters.

CHRONIC STOMACH TROUBLE

Another Case in Which the Tonic Treatment Was Successful After Other Methods Had Failed.

A very delicate stomach requires easily digested food but nature never intended that the food should be digested before it is eaten. The stomach must be strengthened to perform its own work and what it needs is not food already digested but a tonic. The processes of digestion are controlled by the blood and nerves and medical science has produced no better digestive tonic than Dr. Williams' Pink Pills. This is shown by the statement of Mrs. Anna Rogers, the wife of a prosperous farmer of Sycamore, DeKalb county, Ill. She says:

"I was suffering with stomach trouble for many years and was only able to eat liquid food. I tried all kinds of medicines and the most skillful doctors but they did not help me. One doctor said I had cancer of the stomach; another ulcers, and others said it was my heart."

"During a visit to relatives at Oxford, N. Y., I was surprised to find the great benefit they had received from the use of Dr. Williams' Pink Pills and began to take them myself. At the end of a few weeks I was eating solid food and continued to improve until cured. I had forgotten what refreshing sleep was until after using the pills, but now I sleep well every night. My general health has been good and I always keep Dr. Williams' Pink Pills in the house."

"The pills are guaranteed to be safe and harmless to the most delicate constitution. They contain no morphia, opiate, narcotic nor anything to cause a drug habit. They do not act on the bowels but they actually make new blood and strengthen the nerves. If you want good health you must have good blood."

"Every dyspeptic should have a copy of our free diet book, 'What to Eat and How to Eat.' It contains much useful information. Send today for a copy."

Dr. Williams' Pink Pills are sold by all druggists, and will be mailed on receipt of price, 50c per box; six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.

FLOWERS MARK FLEET'S PATH

Old Town of Monterey Chooses Unique Manner of Honoring Battleships.

(United Press Leased Wire.) Monterey, Cal., May 1.—Old Monterey welcomed the battleship fleet today and no prettier reception has been given the great armada since it arrived in American waters.

The city was up all night part of it because it wanted to be the best and the best because it could not help itself. At daybreak the reception committee went aboard their boats, and accompanied by various excursion craft and launches, with beautiful women and hundreds of thousands of poppies started down the bay to meet the fleet and escort it to its anchorage. The sighting of the ships was the signal for the blowing of the whistles on the craft that went out to meet the fleet and the din was kept up until the reception committee, headed by Mayor Jack boarded the flagship Connecticut and extended the official welcome to Rear Admiral Thomas on behalf of Monterey and Pacific Grove. The greetings over the signal to hoist anchor was given and preceded by the excursion craft the fleet slowly steamed toward its anchorage in the bay, a patch blazed by thousands of poppies cast on the waters.

Arrived at their anchorage, the ships dropped anchor in columns of four, abreast of the old Spanish customs house. Colonel M. P. Maus, in command of the Presidio of Monterey, paid his respects to Rear Admiral Thomas after the reception committee had come ashore, the fleet commander returning the visit shortly after, being received with full military honors.

AMERICANS MOVING TO CANADIAN LANDS

(United Press Leased Wire.) Chicago, May 1.—Passenger officials of the northwestern roads say the movement of people from the United States to the Canadian northwest this spring is breaking all records. It is so unexpected because it is exceeding arrangements made to take care of it. Saskatchewan and Alberta appear to be the favorite points for the settlement movement.

MILITARY WEDDING IN NEW YORK

(United Press Leased Wire.) New York, May 1.—St. Thomas church was the scene of a brilliant military wedding this afternoon, when Miss Mary E. Hardwick, daughter of Mrs. George W. Hardwick of Albany, became the bride of Lieutenant Robert E. Wood, United States army, who for the past three years has been identified with the building of the Panama canal. The ceremony was performed by the Rev. Ernest M. Stires, who is a brother-in-law of the bride.

FORTS WILL SALUTE BATTLESHIP FLEET

(United Press Leased Wire.) San Francisco, May 1.—Army regulations will be waived to give the Atlantic fleet a salute from the big 12 inch guns at the Presidio and Fort Baker when it files through Golden Gate.

The regulations provide that only one ship shall be saluted by these big guns, but General Frederick Funston has promised to strain a point in this case, and that the guns will boom. He said:

"In the salutes we will use the 12 inch reloading rifles, the finest guns our defense service has built. We will use black powder, because it makes the biggest noise and the most smoke." The committee expressed the wish that the battleships will reply to the salute.
