THE SINGER SERVES

Carries Out Announced Intention of Resigning as Noon Estate Trustee.

Carrying out his announced intention to resign if other trustees of the trust estate of W. C. Noon were appointed to serve with him, W. J. Armstrong, who has been managing the business of the W. C. Noon Bag company since the trust was created, yesterday died in the city...

Armstrong's report includes a copy of the Noon will and the codicil creating the trust, and also a list of the facts of the suit to establish the rights of the heirs, which was recently decided by Judge O'Day. The court, against the earnest protest of Armstrong, named the widow, Mrs. Emily J. Noon, and R. W. Wilbur to act as trustees in place of Mr. Cake and W. C. Noon, who resigned, leaving Armstrong as sole trustee.

Armstrong's report also shows the disbursements of the trust since the court of the \$29,091.72 in dividends declared by the bag company. A payment of \$500 was made to Viola M. Noon in November, and in December and January another payment of \$1,939.17 was made to her executor, R. W. Wilbur. Mrs. Emily J. Noon received her one half share in January, amounting to \$14,545.86. In the same month \$2,899.17 was paid to Armstrong as the balance of interest of W. C. Noon Jr. in the trust estate.

April 28 the final payments were made of \$2,999.17 each to Alma Noon and Mrs. Emily J. Noon, the latter as guardian for Ralph A. Noon. The payment to Miss Alma E. Noon was delayed because she did not become of legal age until a few weeks ago.

THE BEST THING WE EVER DID

WE HAVE RECEIVED AND NOW HAVE ON OUR FLOOR IN OUR BASEMENT ANNEX THE NEW MODELS OF BOHN SYPHON REFRIGERATORS—AND THEY ARE BEAUTIES.

WE HAVE received and now have on our floor in our basement annex the new models of Bohn Syphon Refrigerators—and they are beauties. This peerless Refrigerator first gained fame a few years ago when all the leading railroads adopted it for dining and refrigerator cars, after the most thorough tests. These tests proved the following:

That the Bohn keeps milk, the most perishable food, sweet and wholesome 72 hours, proving absence of germ life. That vegetables and fruits will not taint milk, butter and puddings in open vessels, when in the same food compartment, proving absence of dead air.

That matches kept in the food compartment 24 hours light freely—the supreme test of dryness. That the Bohn maintains a temperature 6 to 15 degrees cooler than any other, with an equal amount of ice, in a refrigerator of like size.

NOTE—Cold and dryness combined prevent germ life. No other refrigerator is as dry or cold. That the active circulation of air is proved by a lighted match held at the bottom of the food compartment, where the current from the ice chamber will almost extinguish it.

That the food compartment is as large or larger than any other similar priced refrigerator, size for size.

113 DEMOCRATS FOR STATE CONVENTION

State Central Committee Apportions Delegates to Meeting in June.

At a meeting of the Democratic state central committee held yesterday afternoon the apportionment of the delegates to the state convention of June 9 was fixed. By this apportionment there will be 113 delegates to the state convention.

The apportionment was determined upon the basis of the vote given Governor Chamberlain at the election of 1906. One delegate was allowed for every 1500 voters or major fraction cast for the governor.

Headquarters have been opened by the Democratic state and county central committees in the Merchants Trust building at the corner of Sixth and Washington streets, rooms 303, 304 and 305 having been reserved for the use of the committee. In this headquarters State Chairman Sweek and County Chairman George H. Thomas have taken up their offices and will be found there until after the June elections. The apportionment as figured out by the state central committee for the different counties is as follows:

Baker 10, Benton 4, Clackamas 11, Clatsop 6, Columbia 5, Crook 5, Curry 2, Douglas 9, Gilliam 3, Grant 4, Harney 3, Jackson 7, Josephine 4, Klamath 3, Lane 13, Lincoln 3, Linn 11, Malheur 4, Marion 13, Lincoln 3, Multnomah 38, Polk 6, Sherman 2, Tillamook 3, Umatilla 3, Union 7, Wasco 7, Washington 7, Wheeler 2, Yamhill 7.

HOBSON TO SPEAK AT WHITE TEMPLE

One of the most prominent characters in the public eye since the Spanish war is the late Captain Hobson of Merrimack fame. His one great act brought him quickly before the public and he has been making good ever since. Even his own district had but one solitary opposing vote when he was elected to congress.

The men of Portland will have an opportunity to hear Captain Hobson this afternoon on the subject "An Instrument of Peace." The address will be in the White Temple, Twelfth and Taylor streets, at 8:30 p. m. Under the auspices of the Y. M. C. A. Mrs. Olga Bartsch Lang will sing a special song.

OFFICER REMEMBERED FACE MORE THAN YEAR

Gus Sigler, alias G. W. Reitter, was nabbed by Patrolman Hyde last evening because of the officer's knowledge of vision and faculty for remembering faces. Hyde followed Sigler for seven blocks and when sure he was the man wanted against in a warrant sworn out 18 months ago the arrest quickly followed.

Reitter, who is a waiter, was finally identified by the officer, who identified the man by the name of Sigler. He was wanted for passing a worthless check. In default of the \$750 bail demanded he spent the night in the city jail.

STRONG TESTIMONIAL.

John Riddenhose Says He Is Permanently Cured of Rheumatism. A few days ago the pedestrians on Washington street were startled to see a man practically lifted from a carriage and carried into the Merchants Trust building, 618 1/2 Third street. It was told in his own language that he was crippled up for some time with rheumatism, and could scarcely travel with two canes, prior to the treatment of the Impedero Therapy company.

By chance I learned of the Impedero Therapy company's treatment, because it had worked some marvelous cures in troubles such as rheumatism, gout, kidney and blood diseases. I lost hope in coming to Portland and consulting the eminent physicians. I know more about the great concern now than I did when I was carried into their reception-room. Men and women are being cured every day of long-standing ailments, and they are taken to their homes and sending their friends.

DEFEATED ONES TO PLAY AS HOSTS

At the Commercial club tomorrow night all the defeated candidates will play host to those who were successful in the republican primaries by entertaining them and their friends at a banquet to be given at the Commercial club. Invitations have been sent out to all of the successful candidates and to a large number of their friends. The banquet is intended as a sort of salute for wounded feelings, at which both those who won and those who lost will meet on common ground and talk the matter over. It is expected that after the dinner has been finished and the coffee brought on that there will be nothing but harmony in the ranks of the Republican party in Multnomah county.

SOCIAL CLUB'S PLAY AMUSES LARGE CROWD

PIANO OPPORTUNITY UNUSUAL

See special display in window, corner Washington and Park sts., Monday morning. Some bargains—all big values—the opportunity comes to us through the railroads paying the damage—and now we pass it on—to you—if you come before they are taken.

Monday morning at 9:30 and until all are sold we will offer the most tempting money saving opportunity in a piano used and praised by the world's greatest musicians—pianos that have stood the most exacting tests in music schools, conservatories, etc., and one to be found in thousands of American homes. Savings of a third on all—nearly a half on some—choice to first callers, after 9:30 Monday morning.

\$295 to \$310 for the \$500 styles \$330 for the latest \$550 models \$295 for very artistic \$600 Designs

A blemish, a scratch or varnish bruised spot, on a highly finished piano will cause quite a depreciation in selling price when sold by a house that tells its customers of any and all imperfections before they buy, and the higher quality and more expensive the piano the more cause the instrument should be perfect if sold at the regular price.

It is, and always has been, and always will be the "Eilers way" to tell its customers and show them all these little imperfections, blemishes, etc., hence pianos that are not absolutely perfect in every detail will be sold for less—even if worth full price musically and now—Monday morning—we have something of the ordinary—nearly a carload of the world's famous pianos, reached us some time ago slightly damaged. Most of them on the top cover, scratches, small bruises, etc., but where they will not show, especially when covered with a scarf. A few have a little more serious blemishes—mostly on or around the fall board and will suffer more in the market down. At any rate the loss at a fair estimate was settled by the railroads, and we don't lose a dollar by passing it on to our customers. Better arrange to come down and examine the pianos—special display Monday morning in our Washington and Park streets windows where there is plenty of light that customers may see any and all imperfections, scratches, etc. We predict it will not take much advertising to close out this small lot and especially just at this time of the year when after moving or house cleaning, and the children will soon need a piano during vacation—the first best make can be bought at about the ordinary price of a cheap one.

BRACE UP, MR. VOTER, DON'T BE SO BASHFUL

Only a few stragglers are going to the courthouse to register for the June election these days, although it is known that the unregistered can be numbered by the hundreds and the primaries evidently brought out nearly all of those who take enough interest and civic pride to enroll. Or it may be that many are not aware that the time for closing the books is so near. After May 15 it will be too late, leaving just 11 more days to register.

About 800 new names have been added to the rolls since the books were reopened on April 22. On the last count the Republicans had 24,773, the Democrats 5,285 and all others 1,612. This makes a total of 31,675, with additions yesterday that run the figures to about 31,700. This showing can be mightily improved in the time that remains if the voters wake up and those who are registered will remind their tardy neighbors of their duty.

TESTIMONIAL

W. J. Van Damme. Kidney Cure (a Tea, Not Medicine). Mr. S. B. Colvin of Florence, Oregon, writes to Portland with the intention of having an operation performed to relieve himself of kidney trouble. The steward of the hotel at which he was stopping told him to try Van Damme's Kidney Tea, which he did. After taking two bottles he felt so much relieved that he returned to his home without having the operation, but with a supply of Van Damme's Kidney Tea. He had intended to stay a month, but stayed only three days.
