

CANNON'S MEN DELAY REPORT

"No Time Lost in Paper Investigation," Says Special; But—

(United Press Leased Wire.)
Washington, May 4.—No time has been lost by the Cannon investigating committee of pulp paper in getting down to business, although no report will be made until next session. None is desired by the speaker until after the election, it is said.

James R. Mann, second Illinois district, is not only chairman but the guiding spirit of the committee. He has been tried out by the speaker in other capacities, such as chairman of the committee of the house on Kansas real ticklish bill was under consideration by the house.

The other three Republican members of the committee are also regarded as standpatters. All come from the middle west, where there has been less tariff agitation than anywhere else. Stafford is said to be the only standpatter in the Wisconsin delegation, while Cannon of Ohio, a manufacturer and tariff expert, and Mill of Kansas point to the tariff as the only real cause of the great prosperity the country has been enjoying.

Ryan, the Buffalo, New York, minority member of the committee, has the reputation of being one of the severest Democrats in the house. He came very near being elected chairman of the Democratic congressional committee. Sims of Tennessee, the other Democratic member, has the habit of talking right out in meeting.

Upon the report of this committee will be thrust out in the house the question of whether the tariff on the paper trust is responsible for the increased price of print paper.

ENORMOUS CEMENT CONTRACT IN IDAHO

(Special Dispatch to The Journal.)
Boise, Idaho, May 4.—What is perhaps the largest cement contract ever let in this part of the country has been signed up with C. R. Shaw of this city by D. C. MacWaters, general manager of the Twin Falls Salmon River Land & Water company. The contract calls for 85,000 barrels of cement to be used in the construction of the big dam to be built 30 miles south of Twin Falls. The price will approximate \$260,000. It will require 16 trains of 20 cars each to haul the material and the total weight of the cement will be about 2,700,000 pounds.

Rhode Island Has a Celebration.

Providence, R. I., May 4.—Public exercises and observances were held throughout the state today in celebration of the anniversary of the declaration of independence of Rhode Island, the first of the 13 American colonies to renounce allegiance to the government of Great Britain. The colony of Rhode Island and Providence Plantations declared itself an independent sovereign government, owing its allegiance to Great Britain, on May 4, 1776, and was the first of the original 13 colonies to do so. The declaration was the act of the general assembly of the colony and was in principle the same as those which followed from other states.

Michigan Odd Fellows.

(United Press Leased Wire.)
Battle Creek, Mich., May 4.—Emblems of the three-link fraternity are much in evidence in the business section of Battle Creek in honor of the delegates and visitors to the Michigan grand lodge meeting of Odd Fellows and the grand encampment of Patrons of the Order. The program opens tonight with a conferring of the royal purple degree.

Tomorrow morning public reception to visiting notables will be held at the Auditorium, followed by addresses of welcome and responses. Mayor Green will extend official greeting and a response will be made by Grand Patron John Gearhart. The afternoon will be occupied with the business sessions.

Spectacles \$1.00 at Metzger's.

Wilmington Peace Congress.

(United Press Leased Wire.)
Wilmington, N. C., May 4.—All arrangements have been completed for the holding of the arbitration and peace conference here in celebration of the anniversary of the North Carolina Peace society.

The purpose of the congress is to spread among the people accurate knowledge of the progressive proposals approved by the second Hague conference, and to popularize the ideas which the American branch of the Inter-Parliamentary union desires to propose at the approaching inter-parliamentary conference to be held at Berlin next August.

HENRY MORRISON TAKES TWO LIVES

Heppner Brakeman Kills His Sweetheart and Turns Weapon on Himself.

(Special Dispatch to The Journal.)
Heppner, Or., May 4.—Henry Morrison, a brakeman on the O. R. & N., shot and instantly killed his sweetheart, Nora Wright, and wounded his rival, Barney Ahalt, near Morgan, and later, at Morgan, shot himself in the head, inflicting a fatal wound.

Morrison had long brooded over his falling favor and was finally driven to jealous insanity. He borrowed Express Messenger Smith's gun, saying he wanted to kill a dog that annoyed him. He started yesterday afternoon from Heppner on a railway velocipede, bound for Miss Wright's home at Ceelis, a station on the Heppner branch of the O. R. & N., 35 miles northwest of Heppner. Two miles north of Morgan and four or five miles south of Ceelis, at a point where the wagon road runs alongside the railroad under a scarp of rock, Morrison met Miss Wright and Ahalt, driving toward Morgan. He leaped from his velocipede to the road in front of them, drew his revolver and bade them say their prayers, at the same time opening fire.

Kills Girl Instantly.

The first shot struck Miss Wright in the head and killed her instantly; the second shot struck Ahalt in the shoulder and made an inconsiderable flesh wound. Ahalt whipped his team past Morrison and drove madly to Morgan with the dead girl at his side.

Morrison turned back to Morgan and on arriving found he had killed his sweetheart. He walked into the wheat warehouse of Balfour, Guthrie & Co., placed the muzzle of his revolver at his head and fired, inflicting a wound that the physician who arrived several hours later pronounced necessarily fatal.

Morrison was known as steady, sober and industrious. He was reared at Arlington, Oregon. His parents now live at Portland. Miss Wright's home was with her parents at their ranch just outside the village of Ceelis.

The coroner, sheriff and county prosecuting attorney are making inquiry upon the tragedy.

BAILEY APPEARS TO BE IN LEAD

Small Majority for Delegate to Democratic Convention Disappointing.

(United Press Leased Wire.)
Austin, Texas, May 4.—Whether or not Senator Bailey has suffered defeat at the primaries held to elect a delegate-at-large to the Democratic national convention is still in doubt today, although there are indications that he has won by a slight majority that is a great disappointment to himself and friends.

The senator's opponents are claiming, however, that he has been defeated. They say his fate rests in the 25,000 votes that are still lacking. These will be counted today.

Judging from the best information obtainable some of Bailey's friends say his majority will be 10,000. It is said that not more than 225,000 votes were cast in the state. The great interest taken in the contest is evidenced by the many bets made. In one instance a pool of \$50,000 was wagered by five bankers, that the senator would have a majority of not less than 25,000.

TIMBER CLAIMS IN THE BLY COUNTRY

(Special Dispatch to The Journal.)
Klamath Falls, Or., May 4.—Several good timber claims have been secured recently in the Bly country and others are said to be obtainable on account of the recent ruling in land cases against homesteaders on timber land. In many instances the homesteaders have either relinquished or placed their relinquishments for the mere locating fee.

Travelers returning from Bly state that claims having been secured on land last fall at the time of the rush appear to be deserted at this time.

Cheap Rates East.

May 4, 17 and on authorized dates during the summer the Canadian Pacific will sell round trip excursion tickets to eastern points at very low rates. Tickets good for stopovers, long time limit, diverse routes. Apply at local office, 142 Third street, for full particulars.

Grave Charges Against Rich Lawyer

(United Press Leased Wire.)
New York, May 4.—The case of Carl Fischer-Hansen, millionaire lawyer and philanthropist, was called for trial today in the court of general sessions. Hansen is charged with extortion and it is said there are likely to be sensational revelations at the trial.

It is alleged Hansen compelled a Philadelphia business man to pay him \$15,000 to prevent the latter being brought to trial on an infamous allegation in which a boy figured. Hansen declares that he took the retainer from this man and later abandoned the case as he discovered that there were wide ramifications to it involving New York and Philadelphia men of prominence in the social and business world.

College President Installed.

(United Press Leased Wire.)
New York, May 4.—Associate City Superintendent George S. Davis was today formally inaugurated as president of the New York Normal college. The event was attended by interested ceremonies that took place in the presence of a large and notable gathering. Among those who participated were Governor Hughes, State Commissioner of Education Andrew S. Draper, President Nicholas Murray Butler of Columbia university, and President John H. Finley of the College of the City of New York.

To Form Labor Federation.

(United Press Leased Wire.)
Baton Rouge, La., May 4.—As the result of a movement started early in the present year steps were taken at a conference held in the Piedmont Hotel to complete the formation of the State Federation of Labor of Louisiana. The new organization proposes to take in all of the existing labor bodies in the state, among them the farmers' union, the various railway brotherhoods, and the different local trade unions.

Georgia Sociologists.

(United Press Leased Wire.)
Atlanta, Ga., May 4.—The annual meeting of the Georgia State Sociological society began in the Piedmont Hotel today. Professor M. M. Parks, of Mill-Edgeville, presiding. A two days' program has been prepared for the meeting. Included among the speakers will be a number of distinguished educators and the heads of the state's benevolent and charitable institutions.

Idaho University Regent.
(Special Dispatch to The Journal.)
Boise, Idaho, May 4.—Governor Gooding has appointed E. H. Moffitt of Wallace, a member of the board of regents of the state university, to fill the vacancy caused by the resignation of James F. McCarty, who has been prominently connected with that institution for some time.
