LA FOLLETTE TO SUPPORT BILL

Senator Will Present Tariff in New Light in Speech Before Congress.

(United Press Leased Wire.)
Washington, May 5.—It is reported that Senator La Follette, if his health will permit, intends to deliver a tariff speech before the end of the congressional session, in which he will cover somewhat unusual ground, and will present the tariff in some new lights as to its relation to combinations, trusts, and the cost of living.
Some weeks ago, before he was taken down with the severe illness that has compelled his absence from the senate, much of the session, the senator introduced a tariff commission measure, providing for a large and strictly non-partisan commission, on which various business interests and specified sections of the country should be proportionately represented. He proposed that this commission should be paid large salaries, should have the whole question of tariff schedules turned over to it to be adjusted from time to time without fuss, feeholders, or political disturbances, as developing business conditions might demand. It was a proposal to take the tariff strictly out of politics.
In support of this measure, it is understood Senator La Follette is likely to make a speech which will hardly be read in the senate, and which was his recent money speech. He is expected to attack the present tariff system as responsible not only for much of the economic evil growing out of trusts and combinations, but also as responsible for a vast amount of political corruption.

POSTMASTER FISK'S ENEMY IS REMOVED

(United Press Leased Wire.)
San Francisco, May 5.—Postmaster Fisk of San Francisco has won his fight to have Superintendent of Mails Ford removed from office. Ford has been notified by wire that inasmuch as the charge of insubordination against him has been substantiated he can no longer retain his position in the San Francisco postoffice. In addition to this he will soon receive by mail a reprimand and a notification that he can either be superintendent of mails at Oakland or assistant superintendent of mails at Seattle.
In taking either one of these positions he would suffer a reduction in salary. In the San Francisco postoffice he received \$2,700 and in Oakland or Seattle he would draw \$1,700. Because of his long service Postmaster-General Meyer decided not to dismiss Ford altogether. It is said that the charges that led to his removal grew out of his actions during the time certain members of the California delegation tried to have Postmaster Fisk removed from office.

PAYMASTER BROWN REDUCED IN GRADE

Navy Yard, Puget Sound, May 5.—As a result of the general court martial held here a few days ago Post Assistant Paymaster A. S. Brown of the receiving ship Philadelphia loses 13 numbers in grade and is to be publicly reprimanded. Paymaster Brown was put on trial after a shortage of \$500 had been found in his accounts. The public reprimand will probably be given on the receiving ship Philadelphia.

HETTY GREEN TO BE SOCIAL LIGHT

Richest Woman in World Quits Simple Life for New Plaza Apartments.
(United Press Leased Wire.)
New York, May 5.—No more of the simple life for Hetty Green, the richest woman in the world.
From a \$19 a month flat she has moved into a \$30 a day apartment in the New Plaza hotel, recently completed at a cost of \$12,000,000, and henceforth she will be surrounded by all the luxuries that are enjoyed in New York's magnificent hosteleries. New York has it that she is ambitious to enter the "400" and shine with the elite.
It is further reported that Mrs. Green has bought her first silk dress and that she is contemplating the purchase of an automobile. Instead of continuing her custom of eating meals that cost a few cents a day she will now pay big prices for dishes with funny names, as guests of the New Plaza are wont to do.
Going East.
Those contemplating a trip to the east should try the new Soo-Spokane route. Up-to-date equipment, electric lighted, fast time, excellent service. Apply at local office, 143 Third street, for rates and full particulars.

A Bohn Syphon Refrigerator WILL LAST HALF A LIFE TIME

A home uses but few refrigerators in a life time. Say a Bohn lasts only twenty years. Don't you see how trifling is your ANNUAL price saving in selecting a cheap box instead of the slightly higher priced Bohn Refrigerator?
A Bohn, too, saves ITS COST almost every year in provisions that it keeps from spoiling, as well as in the strict economy in ice.
A cheap refrigerator generally "eats its head off" in foods wasted and in ice consumed, so that the first difference in favor of the ordinary refrigerator is a genuine extravagance instead of saving.
THINK OF THE SATISFACTION
the beautiful and wonderful Bohn gives its user. Milk and cream ever sweet, vegetables crisp; fruit firm and full flavored; meats choice and eatable; summer drinks delightfully cold; porcelain lining cleansed perfectly by wiping with a moist cloth; doors tightly closed and the box itself a thing of beauty.
FULLY WARRANTED
All American railroads use it after severest tests by refrigeration experts. Why shouldn't you own one? Price them and examine them in our refrigerator section, basement annex.
