She is here to explain and demonstrate the advantages of the Royal Worcester, Bon Ton and Sapphire Corsets over all others made. The only corsets we carry are those made by the Royal Worcester factory; there is a model to fit every figure, a grade to please every purse, whether your preference is for the modest price numbers selling at 50c, \$1.00 and \$1.50 to the very best to be had (the Sapphires), we can give you one perfectly suited to your figure and a good value for the price. Miss Milne will be here only a short time and we urge our friends to come early and have their fittings while she can give them personal attention.

Special attention is called to the Famous Adjusto Dowager (the Royal Worcester Model that has gained immense popularity with women of full figure.) It models the back into youthful lines and reduces the abdomen
